Jessie M. Coe—Operator Murphy so ably presented our case, I feel there is little we can say. We simply ask to be left alone. We asked for \$150 extra for the vacation period, which was refused by your committee, and also to retain our present schedule of one day off in five. We have double the capacity board; they have increased it. As they extend the service it increases our labor. We have three operators only in the budget, though we always had four. That \$150 asked for is simply asked for the vacation period. In other words, \$37.50 for each operator, that would give a period of fifteen days apiece. I could not give you any definite statement in regard to the total sum paid out during one year for sickness—how much money we pay out for such relief, but I could easily refer to the records.

Sunset Improvement Club—Engine-Houses, Etc.

George J. Steiger—I have been asked by the Sunset Improvement Club to come here to call your attention to a number of urgent matters that need attention. We think we have been a little neglected. We feel there is something should be done more important than the beautification of the city and the cleaning of streets. One need is, the Sunset District is not adequately supplied as far as fire protection is concerned—the district west of Stanyan and south of the Park. There is a fire engine house on Tenth between I and J. Some time ago the engine was brought up from the

engine house at Tenth and I to Ninth and O and it took fifteen minutes to get up there. We submit the Sunset District should have a chemical engine—a fire house constructed something similar to the one in the Richmond District—on the lot at Ninth and O belonging to the School Department. We ask that the sum of \$37,000 be set down for the building of a fire house and chemical engine. I believe that is the cost. Another thing, which was brought to the attention of the Board of Education—that is the placing of fire escapes on the Laguna Honda School. I wish to say to you, if there is anything the people of San Francisco need, and one thing the people of Sunset need, it is fire escapes on that school—it is a veritable death trap. Tomorrow night the people of the Sunset District are going to hold a protest meeting in this regard. I don't know what the fire escapes would cost. We figure we need ten on the building. I think the cost is practically nominal. I should say from three to five thousand dollars—I am not posted on that. That is something comes before beautification. Another matter—the Carnegie Library is to be placed in the Sunset District, but I don't know that any provision has been made for the maintenance of the library. We believe it would be ridiculous to place a building there and have nothing to equip it with, and have nothing to maintain it with. The Sunset District otherwise is pleased with the work of the Board, but we feel these three things—two at least, the protection of children should come before the beautification and such other matters; and the matter of the engine house on the hill should be taken care of.

Linemen—Department of Electricity.

Mr. Coey—I appear in behalf of the linemen, of the Department of Electricity. We feel under the condition of the hazardous work of the Department of Electricity, which linemen have to perform, to maintain the outside overhead line for the Department of Electricity—in close contact with the high voltage lines and various other communicating and distributing systems of the electric, telephone and telegraph system it might be within reasonable conditions—we feel it is nothing more than justified for the men to have a small increase for that department. Twelve linemen ask for an increase from \$112.50 to \$125 each.

Elevator Operators—Public Buildings.

John A. O'Connell, Secretary San Francisco Labor Council—Gentlemen and members, I am here by instructions from the San Francisco Labor

Council to speak in the interest of the men employed in the public building of San Francisco starting and operating elevators. You have specified in your budget \$80 a month. We are respectfully requesting at this time that the men shall receive a \$10 increase, namely \$90, and merely ask the city to meet the condition that exists all over San Francisco. From my own investigation I find these men are on call, you might say, the same as members of the Fire Department—they are on tap all the time and under orders of those who employ them—like sessions of the Grand Jury, running into the small hours of the morning. He receives no remuneration for this at all.

Streets.

M. W. Bergin, Glen Park Improvement Club—I am here about the most deplorable portion of San Francisco today. We have been trying to get something done for us, and we cannot get anything done at all. We are on one side of the creek, and on that side of the creek we can't get across from Chenery to Bosworth—we have to go around about ten blocks to go across one block because we can't cross, and likewise the school is on the opposite side from Chenery street; there is a little gangway alongside the railway track and they are liable to get killed. We want to fill the street up—two streets that ought to be filled in. We fixed them up as well as we could, but the rain washes it out again. You can build a culvert across Diamond street which will prevent the water coming in; and Lippard street and Hamilton street; we would like you to build across there so the people can go to their schools.

Playground.

James E. Dunn, San Bruno Avenue Improvement Club—I am here in behalf of the San Bruno Avenue Improvement Club, in regard to the playground. A year ago there was a playground started to be fixed up in University Mound, and it was taken away from us. There are 7000 families out there, and 1200 to 1400 children going to the only school we have out there, and certainly they need a playground. There are about 1600 voters out there, and they asked me to come in here and ask for this. The Playground Commission has asked for \$19,000, and I would like to see you take it into consideration. A piece of property is asked for the playground. I think, 400 by 300 in size. In regard to streets and sewers—we have got very good satisfaction from the Board of Supervisors in regard to lights. The sewers the property owners are putting in pretty fast out there and spend-

ing quite a lot of money on street work. We are asking nothing at the present time only a playground—we don't see that we can get anything else for the benefit of the district there. The Playground Commission's estimate of cost is something like \$20,000.

Streets—City Beautiful.

Charles Francis Adams, representing Civic League of Improvement Clubs—The principal item the Civic League of Improvement Clubs desires to have provided in the budget is the matter of street repairs and street cleaning. We wish to call your attention to the fact that the facilities of the Board of Public Works for increasing the efficiency of the department should be increased. They earnestly request that you provide for proper implements to increase the efficiency of the street cleaning department. They also strongly recommend an appropriation for improving California street, which Mr. Kepner spoke of.

In representing the City Beautiful, I realize the necessities come before the beauties or artistic improvements. We recommend, so far as appropriations may be made in that direction, the appropriation made for Dolores street—let's improve the islands according to the recommendation of the budget. It was estimated to improve the entire length of the street, the cost would be about \$10,000—I believe the cost of a single island is about \$600—that is the cost of curbing; and if the Board will provide the curbing, the parks will provide the other portions of the improvements.

Inspectors, Board of Public Works.

Mr. Lawton—I come before you to respectfully protest against a cut in our salaries of \$25 a month—three sidewalk inspectors in the Board of Public Works. I have been in the Board of Public Works eleven years. I claim I do my work intelligently and honestly, and worked faithfully for the city all these years, and I think it is a poor return after faithful service to get your salary cut; there is nothing in the condition that justifies it. I was seven years at \$125 and raised then to \$150 and two years ago raised to \$175. So far as I know we are the only three men that have been reduced.

Daniel Webster School.

W. P. Johnson, representing Southern Heights Improvement Club—We asked a couple of weeks ago to put an allowance in the budget for the Daniel Webster School for getting some more ground; we have not got ground enough for the school, and we can't get no school. We had a hun-

dred thousand dollars, and it was taken away because we did not have enough ground. We recommend \$35,000 for the necessary land. I don't see anything in the budget about it. We have 1225 children at that school and have not accommodation for 453. We have only shacks now.

A. C. Campbell, representing Ocean-side Improvement Club—I want to thank the Finance Committee for the good judgment in setting aside \$23,000 for the completion of Lincoln way. As far as I can see you have omitted the Boulevard. I venture to say, that upon a Sunday and upon a holiday there are congregated as many people there as in all of the rest of the park surface of San Francisco. We should have convenience stations out there. A board walk is also necessary. Automobiles are coming along at a great rate, and there is no place for people to walk. It should go on the west side, in my judgment; say a walk 5 or 6 feet for the entire length. It should be a show place, the same as the board walk of Atlantic City.

Board of Health.

President Arthur H. Barendt, Board of Health—I want to say the Board of Health is almost completely satisfied with the budget you have given us this year. * * * There are two little matters—I think one of them is an oversight, on the bottom of the second column of figures you find two food inspectors, \$1200. The fact is, we have been paying these identical men during the past year, and they have been getting ever since 1910 \$125 apiece instead of \$100, which you allowed. I ask that be increased to \$1380. There is one other item—director of laboratories—\$3,000. There is a man whose reputation is wider than the United States—Dr. Kellogg. We ask for \$3600, and we certainly think he is well worth that salary. You allowed him \$250 a month, and we asked \$300 a month. He took the place of the chief chemist and bacteriologist. We used to pay the chemist \$200 and the bacteriologist \$175—we used to pay \$375 for less service than we are getting for \$250, and we simply ask to have it raised to \$300 a month, or \$3600 a year. They did not give all their time, and he gives all his time.

Fire Department.

President William H. Hammer, Fire Department—Looking over this budget item I noticed one thing which startled me very much—the reduction of our 11 battalion chiefs down to 9. San Francisco is getting to be a pretty big city, and we don't like to

have anyone think we are a village. We are going to be called upon shortly to put a battalion chief or two in the fair grounds. We must have 11 battalion chiefs.

I take a strong stand against the reduction from 11 to 9 battalion chiefs. All the outside districts are growing; if there are two or three fires at the same time, we have to have two or three chiefs to cover all these districts. Very shortly we will have to put in the fair grounds two or three chiefs sure. It may be true that the exposition will pay for their own fire department, but they are going to take our skilled men. You see this accident of the other day—you have practically left us without any laborers at all for repair work for that system (high pressure). You realize that system is going to be turned over to our department, 71½ miles of that great system, and we think we ought not to be jeopardized in any way, especially by firemen with that system. To be candid with you, I don't see how we can operate Pumping Station No. 2 on that allowance. We have no laborers for the repair of the system. We figure that we need three at least of laborers, and we ought to have a calker. We feel every opportunity should be given us to take care of that system in the proper shape. Pumping Station No. 2—we want 3 junior engineers—we call them junior engineers. We have a number of machinists in the department in the Corporation Yard. One of those men acts in the capacity of general foreman and should receive half a dollar a day more. We have a man working down there twelve hours as watchman. There should be an extra watchman.

Road Guards.

Fred Eggers, Sheriff—I would not be here today had it not been that the item in the budget for the next year, the amount \$5400 being eliminated for the purpose of doing away with the 6 road guards that have been in my department; they have been there ever since my induction into office, and I feel that those guards have performed honest work, and constant work. When they were not employed as road guards they were performing duty in departments of my office, to which the Charter gives me the right; it was either emergency work, for which we are called upon very often, or it was to relieve men in other departments that had not had one day's rest out of 7, and as it is many times it is not one day's rest out of 7, but it is 14 days or 3 weeks that they do

not receive a day's rest. In the winter months, when it rains, these men could not go out to perform their duty as road guards because it would not be safe to take the men out. Again, these men were not sent out when it was foggy, and out in that district it is very foggy at times, and it is not clear about 11 o'clock—towards noon time. Those are the reasons during times the road guards were not performing strictly the work of road guards. As Sheriff of San Francisco I ask of you, members of the Board of Supervisors, including the Finance Committee, to make again the necessary appropriation to continue the road guards in my department so they can continue to work as in the past. We have not asked any more than for this year, and we have one hundred more than there was two years ago. Twenty-four working days in the month of April—we started to build a road—the work was started some months ago, but that month in particular we continued the work of building a street from Ocean avenue to lane, which is commonly known as Jail lane—it is alongside the jail, and will be a great convenience to the general public, so they may make a short haul to the ocean district, to Holloway street; we took 239 men for the 24 days; hauled 392 loads that made, figuring to a load 88½ cubic yards, or at least to the entire haul 88½ yards, cubic yards; according to the figures the Board of Public Works is now paying, or anyone else constructing a road, or constructing a house, it would cost \$693.94—that is what it would cost the city if it had to pay outsiders for doing this kind of work. That is for that portion of the work we did in the month of April for the 24 days, and then we worked 19 days on San Jose avenue from Ocean avenue to lane—a total cost to the city of \$1182.60 if it had to pay for that work. Six road guards, \$5400—\$900 each.

When these men were not engaged in roadwork they were engaged in something else; inside the walls, relieving the other men in order that they might get a day of rest that was coming to them. In order that these men get the rest they are entitled to we take men from the other departments and have them to do the relief work. I many times send men from my office. Last Sunday three men were sent from the office to relieve three men. Sometimes they don't get any day for two or three weeks for the reason emergency work compels us to need them, notwithstanding the day of rest. There are people from the

improvement clubs here to testify as to the work we are doing. I will file statistics with your clerk. After the 1st of July, for the first three months if the work don't show I will be the first one to come to you and say you don't need them.

M. Alfred, representing Sunnyside Improvement Club—There is nothing that the Sheriff does but what we know it. I must state there is quite a difference around the jail from what it was before—we find they are actually doing street work. I believe the Sunnyside Improvement Club would urge, and the surrounding territory, the Supervisors to appropriate this money for the Sheriff for road work, only we don't like to see the prisoners working in the park. If this money is appropriated I would like to see it appropriated for road work only. I am quite sure they can do more than \$5400 work a year in there.

W. F. Worthington—The Sheriff comes to you and asks you to continue the appropriation he has heretofore, and I hope the Board of Supervisors will grant the Sheriff what he asks for, because he has done a great deal of work out there; and this report here that the committee has been out there on three different occasions to investigate this matter—I must say if the committee has been out there on three different occasions, that they must have been out there after dark and the moon was not shining, because no man could go out there and look over the ground around the park without seeing the work that has been done by the Sheriff and the guards—the road guards, as they are called. This Sheriff has done more work than all the Sheriffs put together since I have been living there, which is 20 years.

M. J. Walsh, Ocean View Improvement Club—When you were out in our country and you wanted to go out to the beach or to the Sunset, you had to go clean back to Onondaga avenue to go out. We asked for only the opening of a thoroughfare to get out there, to go to the west. All the people from Onondaga avenue have to go back into the Mission to go to the Park or else go into Colma, down to Coakleys, and down by the boulevard to get in there. We have asked an appropriation of \$25,000 to open streets, but, if necessary, we could get along with one street, which would reduce it to \$15,000. There is nothing in the budget for the benefit of our district at all. Absolutely nothing at all. This obstruction is keeping the entire town back. That little portion, the triangle, to purchase it, it is up to you to make the combinations of purchase—the man that owns it has a

saloon on it, and he has the corner right opposite, where he could move to. All the cars must embark and disembark in front of that saloon, and if it is out of the way we will proceed to beautify it, and you will find Ocean View in pretty good shape in the next six or seven months.

Communications referring to budget appropriations were then read by the Clerk.

Further consideration of the budget postponed to Tuesday, May 20th, 2 p. m.

Motion.

Supervisor Andrew J. Gallagher moved that the Clerk prepare a summary of the requests made today for distribution to members.

Validating Employment of Bion J. Arnold and Authorizing and Directing Auditor to Approve His Warrant.

On motion of Supervisor Vogelsang:
Resolution No. 10174 (New Series), as follows:

Whereas, By Resolution No. 8725 (New Series) Bion J. Arnold was engaged to perform certain services for the City and County of San Francisco, and

Whereas, By Resolution No. 9782 (New Series) the term of Mr. Arnold's employment was to have expired on or before December 31, 1912, and

Whereas, By Resolution No. 9951 (New Series) Mr. Arnold was retained to complete his investigations, which Resolution was adopted January 27, 1913, but contained no reference to his employment in the interim between December 31, 1912, and the adoption of said Resolution, now therefore

Resolved, That said Resolution No. 9951 (New Series) be so amended as to state that said employment of Mr. Arnold as aforesaid be declared to be continuous from said December 31, 1912, to the completion of his investigations; that it is hereby declared that such service and employment was and has been continuous from the 31st day of December, 1912, and until May 7, 1913, at which last said time such service terminated and his employment ceased; also

Resolved, That the Auditor be and he is hereby authorized and directed to approve and draw his warrant for the sum of \$2,622.04 allowed by this Board for services rendered by Bion J. Arnold during the month of January, 1913, and the further sum of

Extension of Underground Electrical Conduit District.

On motion of Supervisor Vogelsang:
Resolution No. — (New Series), as follows:

Resolved, That the City Electric Company, a corporation, is hereby granted permission to open streets and lay electrical underground conduits for the purpose of extending its distribution system in the City and County of San Francisco, in the places and in the manner as follows, to-wit:

1. Along the west side of Tenth street from a manhole in the north side of Market street opposite Tenth street to the southwest corner of Tenth and Mission streets for the purpose of installing two 6x6 manholes; one 7x7 manhole and one four-way tile duct and along the south side of Mission street to a point 225 feet west of Tenth street for the purpose of installing one 6x6 manhole and one four-hole tile duct.

2. Along the east side of Drumm street between Sacramento and California streets to install one 6x6 manhole and one four-way tile duct and along the south side of Sacramento street from a point between East and Drumm streets to a point between Drumm and Davis streets to install two 6x6 manholes, one 7x7 manhole and one four-hole tile duct—distance 435 feet.

It is further provided, that the City Electric Company shall strictly comply with all the provisions of Ordinance No. 2201 (New Series) in the installation of these conduits.

Also further provided, that the City and County may at any time take over the conduits constructed under this permit at the appraised value at the time of taking over.

Also further provided, that these underground conduit extensions shall be subject to any provisions or ordinances, constitutional amendments or City Charter franchise provisions which may be hereafter adopted.

Also provided, that the City Electric Company shall, on the completion of the work permitted under this permit, file with the Board of Public Works a verified statement of the actual cost of construction of these extensions.

Also provided, that the service and equipment for these extensions be maintained at the highest practicable standard of efficiency.

Also provided, that in determining

the value no allowances be made for going concern, franchise value or good will.

City Attorney to Bring Mandamus Proceedings for Extension of Water Service.

On motion of Supervisor Koshland:

J. R. No. 754.

Whereas, the City Engineer, August 14, 1912, reported that there is an insufficient supply of water for domestic purposes in the City and County of San Francisco, said report specifying in detail the districts requiring water and describing a distributing system that must be constructed to adequately supply such districts; and

Whereas, the City Attorney in an opinion dated February 27, 1911, has advised the Board of Supervisors that

the right of said Board to compel the public service corporations furnishing water to the inhabitants of the City and County of San Francisco, to increase their supply of water in such districts and to extend their mains and lines of distribution, be tested by mandamus proceedings; and

Whereas, in a subsequent opinion dated June 4, 1912, the City Attorney stated that owing to the enactment of the Public Utilities Act of the Legislature, it is uncertain whether the power to compel extensions rests in the Board of Supervisors or in the State Railroad Commission, and he therefore advised that after a decision by the Supreme Court of California in the case of *Ex parte Russell*, he would be pleased to advise the Board of Supervisors further as to a course of procedure to be adopted in attempting to compel extensions of the present water supply system; now, therefore, be it

Resolved, That the City Attorney be requested to render an opinion as promptly as possible and within the next thirty days, as to which body (the Board of Supervisors or the Railroad Commission) has the power to compel extensions and service of an adequate and wholesome supply of water; and be it

Further Resolved, That, if in his opinion such power rests in the Board of Supervisors, the City Attorney be and is hereby directed to forthwith bring mandamus proceedings to compel the Spring Valley Water Company to extend and construct such mains and pipes, and to render such service of an adequate and wholesome supply of water in such streets and districts in the City and County of San Francisco in the manner described in the report of the City Engineer hereinabove referred to.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murphy, Nolan, Payot, Vogelsang—17.

Proposed Water Waste Ordinance.

The following matters were presented and *ordered spread at length in the Journal and referred to Water Rates Committee.*

San Francisco, Cal., May 22, 1913.

Hon. Board of Supervisors, City Hall, San Francisco.

Gentlemen—I am forwarding you herewith communication received this morning from the Spring Valley Water Company, together with proposed ordinance suggested by that company, relative to wasteful use of water.

Kindly give this matter your careful attention.

Yours truly,

EDWARD RAINEY,

Secretary to the Mayor.

Read and referred to Water Rates Committee.

Executive Department,
SPRING VALLEY WATER COMPANY
375 Sutter Street.

San Francisco, Cal., May 21, 1913.

Honorable James Rolph, Jr., Mayor, and the Board of Supervisors, in and for the City and County of San Francisco.

Gentlemen—Under date of May 5th, the President of this company addressed a communication to you requesting your co-operation in preventing the wasteful use of water, with a view of assisting the company in its endeavor to maintain the water supply of San Francisco.

On April 28th the Board adopted a resolution requesting the Chief of Police to enforce Ordinance No. 247, prohibiting the waste of water. The Board, through their Clerk, called to the attention of the Chief of Police Ordinance No. 247, requesting that members of his department be instructed to enforce the provisions of the ordinance.

Representatives of this company have since taken up the matter with the Chief of Police, and it was found that Ordinance No. 247 was originally framed in the year 1907 to meet the then existing conditions, which, in many ways, were quite different from the conditions existing at the present time. The Chief of Police believed that he would be greatly assisted in obtaining effective results if the ordinance were reframed in such a manner as to apply to present conditions, so that his department could enforce its specific provisions. With a view of enabling the Police Department to effectively meet the specific matters in which they may assist in the prevention of the wasteful use of water, we have framed a proposed ordinance, copies of which I attach hereto. As the passage of this proposed ordinance will better enable the Police Department to render its co-operation, we beg to request that it be passed by the Board of Supervisors, and that the Police Department be instructed to have its provisions enforced.

Yours very truly,

S. P. EASTMAN.

Bill No. —, Ordinance No. —, as follows:

Restricting and limiting the use of fresh water supplied by the Spring Valley Water Company to the City and County of San Francisco and to the inhabitants thereof; prohibiting the use thereof for unnecessary flushing of sewers, washing of steps, housefronts,

sidewalks and streets, and the excessive use thereof in gardens and lawns; and prohibiting the use of fire hydrants by persons other than those authorized by the Fire Department of the City and County.

Be it ordained by the people of the City and County of San Francisco as follows:

Section 1. The use of fresh water supplied by the Spring Valley Water Company to the City and County of San Francisco and the inhabitants thereof is hereby restricted and limited.

Section 2. It shall be unlawful to waste or use such water excessively and all unnecessary flushing of sewers, hosing or washing of steps, house-fronts, sidewalks and streets, and the excessive use in gardens and lawns by private individuals of fresh water supplied from mains of the Spring Valley Water Company is hereby prohibited.

Any person, company or corporation, or the agent of any person, company or corporation who causes or permits such water to run to waste in or about any building, or on any roadway under construction or repair; or who uses water for irrigating between the hours of 7:30 p. m. and 7:30 a. m., or who uses more than six gallons of water per square yard of irrigable space per week; or who uses or permits the use of a standing irrigator, shall be deemed guilty of waste or excessive use.

Section 3. No person other than one permitted by the Fire Department of the City and County of San Francisco shall use or draw water from fire hydrants connected with the mains of the Spring Valley Water Company.

Section 4. The Chief of Police is hereby directed to enforce forthwith the provisions of this ordinance.

Section 5. Any person, company or corporation, or the agent of any person, company or corporation, violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine not exceeding fifty (\$50) dollars, or by imprisonment in the County Jail for a period not exceeding five (5) days, or by both such fine and imprisonment.

Section 6. Ordinance No. 247 (New Series), approved August 28, 1907, is hereby repealed.

Section 7. This ordinance shall take effect and be in force immediately.

What Spring Valley Is Doing to Furnish Adequate Supply of Water.

San Francisco, Cal., May 23, 1913.

Honorable James Rolph, Jr., Mayor, and the Honorable The Board of Supervisors, of the City and County of San Francisco:

Gentlemen:

At a meeting of the Board of Directors of the Spring Valley Water Company, held this day, after giving the subject of your resolution careful consideration, the Board, by unanimous resolution, directed the Secretary of the company to make reply as herein-after set forth:

We beg to acknowledge receipt of resolution of the Board of Supervisors, dated May 6, 1913, and to answer herewith the question of the Chairman of the Water Rates Committee to the same purport, i. e., "What action is the Spring Valley Water Company taking toward bringing an adequate supply into San Francisco?"

We beg to refer you to a letter signed by A. H. Payson, then President of the Spring Valley Water Company, dated April 13, 1908, addressed to the Special Committee of the Board of Supervisors on Water Supply.

Notwithstanding that the hope expressed in that letter failed of realization the company has made capital expenditures of approximately \$3,500,000 since its date, every dollar of which was necessary to maintain, increase and extend the water supply. The water division of this company is now developed to supply a safe dependable yield of at least 40 M. G. D. The consumption of water in the city now exceeds that amount. It is the intention of the company to utilize the Lobos Creek supply, which will furnish approximately 1,250,000 gallons of water per day additional. This source of supply is under option to the U. S. Government. We expect to perfect arrangements with the Government through which they will filter and pump the supply owned by the company so that it can be used in the company's system. If these negotiations do not reach a satisfactory conclusion we expect to install a filter plant and utilize the water unless the property is sold to the Government. We recognize that the bringing into use of this supply will be but a slight aid to the existing condition.

Since 1902 every rate made by the Board of Supervisors has been enjoined as confiscatory by the courts. We have pleaded in vain for a rate that could be accepted. Our relationship with the city at this time is not a simple one. We are in conference with one committee which is considering the acquisition of the company's property. We have reached an agreement through which we expect condemnation proceedings to be instituted, and now we appear before a committee on rates whose members inform us, as we understand, that their interest is only one pertaining to rates. When a condemnation suit is commenced the

water question will become more involved, but this communication is addressed to you with the hope that any further complications may be met and adjusted in the spirit that has characterized our recent meetings with the committee on rates.

At the last meeting of this committee a letter was read from the City Engineer. Referring to this letter: The Company will allow the city to install meters throughout its system; the meters to be installed at the expense of the city and maintained at the expense of the company. The installation of meters will undoubtedly effect a saving of water and prevent waste. We doubt if the saving expected by the city engineer will materialize, as more than one-half of the supply now used is already metered, but, nevertheless, the saving will be material. These meters may be removed by the city at any time.

We will be glad to have the city extend, at the city's expense, the distributing system, in such a way as the city may desire, provided, that such installation and the supply of water therefor do not affect the distribution of water to those who are already connected with our system and that the extension is practical from a physical viewpoint.

The plan of development of the Spring Valley system does not coincide with the plan of development of the Hetch Hetchy system as proposed by Mr. Freeman, but the Company will cooperate in any reasonable way in order that the City may install an aqueduct to convey the water of this Company to the westerly side of the bay. This aqueduct to belong to the city and to be used by the Company only so long as the City directs. This aqueduct can be so designed and constructed as to ultimately become part of the Hetch Hetchy system.

At a recent meeting of the Rates Committee, to which we have referred, the Chairman stated, in substance, that all propositions or suggestions that had ever been made by the Company were conditional, and that it was his opinion that if we would show a spirit of upbuilding our system, with a view of increasing the water supply to San Francisco, that, in his opinion, the Board of Supervisors would be more than fair, even generous in the matter of rates, although they might not allow us a \$5 hydrant rate.

The expenditure of approximately \$3,500,000 since the letter of April, 1908, to which we have referred, should, in some degree, be an evidence of the desire of the management to upbuild and develop the property on which the City of San Francisco relies for its water supply. To meet the

spirit of the recent meetings with the Board of Supervisors the President of the Spring Valley Water Company recommended to the Executive Committee that the company proceed vigorously with the erection of the most important element pertaining to the Spring Valley system—the Calaveras Dam.

At a meeting of the Board of Directors of the Spring Valley Water Company, held this day, the plan and reports, pertaining to the erection of the Calaveras dam, were further considered, and on the recommendation of the Executive Committee the recommendation of the President to the Executive Committee, to immediately proceed with the erection of the dam was approved.

Yours very truly,

SPRING VALLEY WATER COMPANY,

By JOHN E. BEHAN, Secretary.

Spring Valley's Valuation of Its Plant for Rate Fixing Purposes.

Executive Department, Spring Valley Water Company, 375 Sutter street. San Francisco, Cal., May 23, 1913.

The Water Rates Committee of the Honorable, The Board of Supervisors of the City and County of San Francisco—

Gentlemen:

In our letter of May 23 to the Water Rates Committee an omission occurred on page 2, therefore I enclose an original, duly executed, which we beg to ask be substituted in place of the letter of May 23, which was delivered to you last Saturday. The omission has been supplied on page 2, under Article 5, headed:

"5. Value to be added in accordance with City's offer of August 9, 1912:

This item of \$3,103,826 was intended by your Board to cover 'whatever permissible increase in value of real estate that may have been over and above obsolescence and depreciation in value of physical plant from 1904 to this date'. Therefore there should be added the amount which was deducted for depreciation and obsolescence for the period 1904 to date by the City Engineer in his appraisal of April 19, 1913, namely.....\$2,313,959.22

\$34,218,697.57"

In all other respects the substituted letter is the same as the letter delivered to you Saturday.

Very truly yours,

S. P. EASTMAN.

Executive Department, Spring Valley Water Company, 375 Sutter street. San Francisco, Cal., May 23, 1913.

The Water Rates Committee of the Honorable, The Board of Supervisors of the City and County of San Francisco, Cal., May 23, 1913.

Gentlemen:

We beg to ask your earnest consideration of the following matters which we deem have an important bearing upon the question of fixing water rates for the fiscal year 1913-14:

From the report on valuation, in connection with the fixing of water rates, by the City Engineer, dated April 19, 1913, and filed with your Committee, we beg to quote the following:

"Attention is directed to the fact that this appraisal contains no allowance for appreciation in the value of properties appraised by Judge Farrington, no allowance for the value of reservoir properties in the Alameda system, which the Spring Valley Water Company claims are at the present time being used as reservoirs, nor any allowance, over their original cost, for properties purchased since 1903-04."

Inasmuch as the basis upon which the City Engineer built his valuation was that found by Judge Farrington of conditions as they existed in 1903, we deem it important to emphasize certain fundamentals which Judge Farrington adopted as settled rules constituting value. We quote the following from his decision:

"The following rules, will, in this opinion, be regarded as settled:"

"What the company is entitled to demand in order that it may have just compensation, is a fair return upon the reasonable value of the property at the time it is being used for the public."

"If it has increased in value since its acquisition, the company is entitled to the benefit of such increase, if such increased valuation does not require a return so large as to be unreasonable and unjust to the public."

In establishing value as of conditions existing in 1913, and using Judge Farrington's decision as its basis, we believe that you will agree with us, that in all fairness and justice such established rules and principles as were used by Judge Farrington in constituting value as of 1903 should apply with at least equal appropriateness and forcefulness to additions since that date, in the determination of value as of 1913.

Therefore commencing with the valuation found by the City Engineer and adding to it items of established value and omissions of admitted value by members of your Board, we submit the following:

1. Valuation by City Engineer of April 19, 1913, based upon Judge Farrington's decision to the Water Rates Committee\$28,119,052.14
2. Value due to Replace-

ment (during 1906-7, \$571,751.21 were expended on replacement, of which the City Engineer included the sum of \$335,343, but omitted to include the balance of \$236,408.21), add...

236,408.21

3. Value of Water Rights for added 7 M. G. D. at same date as allowed in Judge Farrington's decision, page 48, on a basis of 33 M. G. D., now increased to at least 40 M. G. D., add.

445,452.00

4. Value due to increases in value of real estate and value of going concern in accordance with the city's offer of August 9, 1912, signed by the members of your Board, for the purchase of the properties of the company as follows:

"If we add for going concern value and for whatever permissible increase in value of real estate that may have been over and above the obsolescence and depreciation in value of physical plant from 1904 to this date the sum of.....

3,103,826.00"

5. †Value to be added in accordance with City's offer of August 9, 1912: This item of \$3,103,826 was intended by your Board to cover "whatever permissible increase in value of real estate that may have been over and above obsolescence and depreciation in value of physical plant from 1904 to this date." Therefore there should be added the amount which was deducted for depreciation and obsolescence for the period 1904 to date by the City Engineer in his appraisal of April 19, 1913, namely

2,313,959.22

Total\$34,218,697.57
(†Insertion of this item corrects omission of previous draft of May 23d.)

To this total there should be added other elements of unquestioned value. Members of your Board have openly stated that the Merced lands were worth from \$3,000 to \$5,000 per acre.

It must be within the knowledge of all members that the Merced properties are worth at least \$10,000,000.

The City Engineer stated in his report that his valuation did not include any "valuation for the value of reservoir properties in the Alameda system, which the Spring Valley Water Company claims are at the present time being used as reservoirs." Inasmuch as approximately one-half of the water supply of the city has for years been derived from the underground reservoirs at Pleasanton and Sunol we ask that you give due consideration to these factors.

With reference to the rate of return: The Supreme Court of the United States decided 6% as a reasonable rate in the Consolidated Gas case; the United States Circuit Court decided 8% to be reasonable in the Des Moines Water case. No decision as to a reasonable rate return was made in the 1903 rate case of this company. During the past year savings banks interest rates on mortgage loans have advanced 1%. The interest rates on six months time loans on stock exchange collateral in New York City during the past years have advanced from $\frac{3}{4}$ to 1%. Your experience with bonds of the City and County of San Francisco demonstrates the growth of interest rates since 1911 by 7-10 of 1%. We believe that the determination of a reasonable rate of return, especially under the changed conditions as they exist today, is one which should receive your serious consideration.

With reference to the reasonableness of water rates, we beg to call your attention to the following: The water rates fixed by the Board of Supervisors of San Francisco, so far as they relate to private consumers, are lower than the average charge prevailing in 375 cities of the United States. The transactions of the American Water Works Association—Proceedings 1908, pp. 216-222—compiles the reports received from 162 cities (having an average population of 25,437) with private plants, and 213 cities (having an average population of 85,382) with publicly owned plants so as to give the rates covering domestic use for six rooms, or five persons or first faucet; bath, wash basin, water closet; and sprinkling 50 ft. by 150 ft. lot and street. The average annual rates of all these cities were \$14.92. Of the private plants, all but twenty had higher rates than prevail in San Francisco, the average being \$16.34 per year. The average annual rates of municipal plants were \$13.70; but no less than 108 cities exceeded the San Francisco rate of \$14.46. There is attached hereto an appendix showing rates fixed in

other cities as compared with those in San Francisco pertaining to private consumers.

The fiscal year of 1913-14 will commence in mid-summer, following a succession of two of the driest years in our history. In order to meet the demands for furnishing water to San Francisco very extensive additional pumping at our existing stations will be necessary, as well as the operation of five pumping plants which it has not been necessary to operate heretofore. The result will inevitably be largely increased operating expenditures. If the city should be metered it would add an expense for operation and maintenance of at least \$20,000.

The gross revenue received by the company during the calendar year 1912 was \$3,191,526, against which, charges were made of \$1,688,742. We beg to request that in fixing water rates you provide a fair rate of return upon the reasonable value of the property and for disbursements of at least \$1,685,750. This estimate of disbursements is made up of operating expenses \$939,296, taxes \$446,454, depreciation and obsolescence \$260,000, insurance and contingent funds \$40,000. A revenue of \$3,249,360, less charges of \$1,685,750 will give a net revenue of \$1,563,618 which represents 5% on \$31,272,360, 6% on \$26,060,300, or 7% on \$22,337,400.

We have endeavored to confine the figures on valuation in this communication to your own statements on valuation, but in all fairness may we not request you to learn for yourselves, through outside sources, of the enormous increase in valuation since 1903 of the lands pertaining to our Peninsula system, and to lands pertaining to our Trans-Bay system. We believe this fact must be within the knowledge of members of your own Board, who are familiar with the enormous raise in value of property on the Peninsula, and of the great increase in value of all lands in the State of California in the last few years. If this increase in value is given due consideration it would require a water rate in excess of that which we would be willing to accept.

Any increase in business for the next fiscal year is problematical, as we do not know if we can or if we should, considering the conditions of the supply, take on additional consumers, and with your consent we would be willing to decline to take on new consumers as the best policy looking to the maintenance of the supply to those already connected to our system.

We cannot too strongly impress upon you our earnest hope that you will fix rates that will assist us in performing our duty to the community, and thus

lead to conditions that will help harmonize all differences.

Yours very truly,
SPRING VALLEY WATER COMPANY,

W. B. BOURN, President.

APPENDIX.

Request for Adequate Appropriation for Public Buildings and Twin Peaks Reservoir.

San Francisco, Cal., May 22, 1913.

To the Finance Committee of the Honorable Board of Supervisors of the City and County of San Francisco, Cal.

Gentlemen: We beg to call your attention to two matters in connection with the budget for municipal expenditures covering the fiscal year 1913-14, namely:

A. The allowance to compensate for water which may be furnished by this company to the Twin Peaks reservoir.

B. The allowance to compensate for water which may be used by public buildings.

A.

Water for Twin Peaks Reservoir.

1. The Fire Department included in its estimate to your Board, for maintenance during the fiscal year 1913-14 an item in the amount of \$13,840 to pay for water to be used through the Twin Peaks reservoir.

2. An examination of the records upon which the Finance Committee finally based its budget shows that the committee considered an item in the

amount of \$11,000 to pay for the water to be used by the Fire Department through the Twin Peaks reservoir. The item, however, is not specifically described, but is included within the item of \$160,000 under "Fire Department Maintenance," which appears in the budget.

3. Furthermore, the press of May 20th reported that, at a meeting of Supervisors and the Finance Committee called to discuss the necessity of an increased appropriation for maintaining and operating the auxiliary fire system, testimony was given to show that, owing to the necessity of maintaining high pressure throughout the system, leaks are liable to occur, and it was further stated that the leakages from the pipes have increased from 140,000 gallons daily to 190,000 gallons per day.

4. If the water for use in the auxiliary fire system is to be furnished by this company, we will have to deliver it from the Clarendon Heights district and should be fully compensated for it. Owing to the extensive pumping necessary to deliver water into this district, it is more costly than any other water in our entire system. There exists an urgent demand for more water from consumers tributary to this district, which cannot be supplied if the company is called upon to furnish water to Twin Peaks reservoir.

5. We therefore respectfully request that, in fixing the budget of municipal expenditures for the fiscal year 1913-14; first, adequate funds be appropriated to compensate for all water which may be used by the auxiliary fire system during the coming fiscal year; and second, that there be no question hereafter as to the payment for water actually used; that the item "Fire Department Maintenance—\$160,000" be changed to read "Fire Department Maintenance for water for Twin Peaks Reservoir," and a sufficient sum specified to fully compensate for water used.

B.

Water for Public Buildings.

1. It appears that the budget provides only \$23,000 for water to be used by public buildings for the fiscal year 1913-14. It is our belief that this allowance is insufficient by at least \$3,000; and in this connection we beg to call your attention to the following:

The City and County Hospital is expected to be ready for occupancy by November 1st. A conservative estimate of the charge for water which will be required by the hospital is at least \$250 per month. If it is ready for occupancy November 1st, there will, during the fiscal year 1913-14, be

eight months' service of water chargeable on this account, or a total of at least \$3,000.

Three additional fire houses are now about ready for occupancy. Fire houses use about \$10 worth of water per month. Therefore it appears that at least \$300 should be provided for the water to be used by the new fire houses.

2. Furthermore, we believe that \$23,000 will not cover the cost of water service to public buildings now in use, in evidence of which the following is submitted:

There are now over 100 buildings included in the list receiving water chargeable against this appropriation. The amounts of the actual bills issued during the past nine months for water used by public buildings aggregate \$17,598.82. Assuming that bills for April, May and June, the last three months of the current fiscal year, average \$1,955.42, which is the average over the preceding nine months, the total charge for the fiscal year 1912-13 will aggregate \$23,465.08, which is \$465.08 greater than \$23,000, the amount proposed to be allowed for the coming fiscal year 1913-14. And it may be again said that the charges upon which this shortage of \$465.08 is based does not include water for the City and County Hospital, for additional fire houses, for increased consumption in public buildings now occupied, or other additional public buildings.

3. We therefore beg to respectfully request that an adequate appropriation be provided for water which is to be used by public buildings. It is our belief that at least \$26,000 worth of water will be required during the coming fiscal year.

Kindly acknowledge receipt of this letter.

Yours very truly,
 SPRING VALLEY WATER CO.
 S. P. EASTMAN,
 Vice-President and Manager.

San Francisco, Cal., May 22, 1913.
 The Water Rates Committee of the Honorable Board of Supervisors of the City and County of San Francisco.

Gentlemen: We have filed requests with the Finance Committee of your Board, urging that sufficient allowances be made in the budget for municipal expenditures, covering the fiscal year 1913-14, to compensate for water required from this company to supply public buildings and the Twin Peaks reservoir.

There is enclosed herewith a copy of our letter of May 22d addressed to the Finance Committee.

In event the Finance Committee

does not increase the budget allowances for these items we beg to ask that your committee, in fixing water rates for the coming fiscal year, make such increase or allowance in rates as may compensate this company for losses which may be sustained by insufficient allowances for water which may be used by public buildings and by the Twin Peaks reservoir.

Kindly acknowledge the receipt of this communication.

Yours very truly,
 SPRING VALLEY WATER CO.
 S. P. EASTMAN,
 Vice-President and Manager.

Water Main, Newcomb Avenue.

Supervisor Hilder presented:

Petition—Of Southern Promotion Association, for the installation of a water main in Newcomb avenue, between Lane and Keith streets.

Ordered referred to Public Utilities and Water Rates Committee.

REPORTS OF COMMITTEES.

The following committees by their respective chairmen presented reports on various matters referred, which reports were received, read and ordered filed:

Efficiency Committee, by Supervisor Murdock, Chairman.

Buildings Committee, by Supervisor Bancroft, Chairman.

Lands and Tunnels Committee, by Supervisor Mauzy, Chairman.

Fire Committee, by Supervisor Giannini, Chairman.

Publicity Committee, by Supervisor Hayden, Chairman.

Supplies Committee, by Supervisor Koshland, Chairman.

Streets Committee, by Supervisor Geo. E. Gallagher, Chairman.

Public Health Committee, by Supervisor Caglieri, Chairman.

Public Utilities Committee, by Supervisor Vogelsang, Chairman.

NEW BUSINESS (Out of Order).

City Engineer to File Report on Construction of Fillmore Street Tunnel.

The following matter was introduced by Supervisor Mauzy and considered under suspension of the rules:

J. R. No. 755.

Resolved, That the City Engineer be requested to file a report on the construction of the Fillmore Street Tunnel, with this Board of Supervisors, on or before Friday, June 6, 1913, showing a full detail map of the properties in the district with amounts of benefit assessment, damages and estimated cost of construction of the said tunnel, in accordance with provisions of the "Tunnel Procedure Ordinance"; and be it

Further Resolved, That action on the resolution of Supervisor McCarthy, asking that all resolutions and Ordinances relating to the Fillmore Street Tunnel construction be rescinded, be deferred until the said report is filed.

Privilege of the Floor.

M. Rothchild was granted the privilege of the floor. He opposed any further proceedings in the matter of the construction of the Fillmore street tunnel under the assessment plan as laid out, even if present district was re-arranged. If that were done previous proceedings would be vitiated. The resolution of intention was in the nature of a summons calling property owners into court. New assessment district will contain some property owners who under previous proceedings had no opportunity to protest. Many of those retained will have to pay more and might have protested increased amount if given the opportunity. Over \$3,000,000 in claims will have to be considered.

Chester Williamson, Secretary San Francisco Tunnel League, declared that claims for damages amounting to \$2,900,000 would have to be considered. He stated that of the 4340 property owners affected his organization is in touch with 3460. He also stated that property owners in the affected district are losing sales by reason of proposed assessment which has the effect of clouding title to property.

Theo. Savage, attorney, also addressed the Board. He stated that it was a mistake to think that all proceedings would be vitiated by a change in the assessment district. The proceedings were only tentative. He declared that the method employed by the San Francisco Tunnel League was a very ingenuous way of preventing public improvements, and that the protests had been obtained by misrepresentation.

Wm. Mooser declared that property owners will support bond issue for railway extensions if the tunnel in Fillmore street is abandoned, but that if it was not they felt that they were subject to a double tax and would surely vote adversely. He believed the tunnel should be put where it will cost the least.

M. Hansen also addressed the Board and favored the project of continuing the work on the Fillmore street tunnel as laid out.

Otto tum Suden, property owner, addressed the Board, opposing the proposed tunnel and requesting that all further proceedings be terminated.

Adopted.

Whereupon, the question being

taken, the above resolution was adopted by the following vote:

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, Hayden, Hilmer, Hocks, Koshland, Mauzy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—14.

Noes—Supervisors George E. Gallagher, Jennings, McCarthy—3.

Absent—Supervisor Giannini—1.

Stable Permit.

The following resolution was taken up out of order on motion of Supervisor Caglieri:

Resolution No. — (New Series), as follows:

Resolved, That permission revocable at the will of the Board of Supervisors and in accordance with sections 197 and 198 of Ordinance No. 1008 (New Series), be and is hereby granted the New French Baking Company to maintain a stable for twenty-two horses on the north side of Tehama street, between Eighth and Ninth streets, at a point about 100 feet west of Eighth street.

Privilege of the Floor.

J. Lucy, attorney, representing property owners, protested that there were enough stables in that neighborhood now. That proposed stable permit if granted would be in violation of ordinance. He declared that there was plenty of law to sustain his contention that "dwelling" extended to the boundaries of the land on which it was located.

Ray Hudson, attorney for New French Baking Company, differed with the view of the law in the matter as presented and urged that the permit be granted.

Passed for Printing.

Whereupon, the question being taken the above resolution was passed for printing by the following vote:

Ayes—Supervisors Caglieri, George E. Gallagher, Giannini, Hayden, Jennings, Koshland, McCarthy, McLeran, Murdock, Murphy, Payot, Vogelsang—12.

Noes—Supervisors Bancroft, Andrew J. Gallagher, Hocks, Mauzy, Nolan—5.

Absent—Supervisor Hilmer—1.

Auction Sale of Lease of City Property.

City Cemetery Lands, San Mateo.

Consideration of bids for lease of certain real property of the City and County, situated in San Mateo County, to be offered for sale at public auction at 3 p. m. this day:

Descriptions of Property.

City cemetery lands in San Mateo County. Commencing on the dividing lands of P. Brooks Estate and J. A. Christey, being the west corner of the Ning Young Benevolent Associa-

tion Cemetery; thence northwest 19.11 chains; southwest 9.16 chains; northeast 1.41 chains; northeast 8.03 chains; southeast 4.07 chains; southeast 7.50 chains; northeast 4.58 chains; northeast 3.32 chains; northeast 6.22 chains; northwest 6.03 chains; northwest 3.97 chains; southeast 8.14 chains; northwest 6.43 chains, containing 25 acres.

Bid.

P. Arata bid \$25 per month, which was referred to the *Lands and Tunnels Committee* for its consideration.

Certified check on Bank of Italy in sum of \$500 filed with Clerk.

Sale of Portion of Library Site.

Supervisor Bancroft presented the following resolution under suspension of the rules:

J. R. No. 756.

Whereas, Various property owners and improvement clubs have petitioned this Board to sell and dispose of excess land not to be used for school purposes, situate in the Library site bounded by Van Ness avenue, Fell, Hayes and Franklin streets, being a frontage on Van Ness avenue and of a depth to be hereafter determined, for business purposes, which land was recently exchanged for a portion of the old City Hall site for the erection of a main Library building in the Civic Center; therefore, be it

Resolved, That it is the sense of this Board to authorize the sale of said excess land, provided the sale of said excess land will warrant a good and sufficient price commensurate with the market value of said land and lands in this vicinity; and that the proceeds from the sale of said land be deposited in the Treasury to the credit of the City Hall and Civic Center Bond Fund, thereafter to be expended for the acquisition by the city of additional lands within the Civic Center for City Hall and Civic Center purposes.

Privilege of the Floor.

John G. Howard, Consulting Architect, declared that the Library Block was no advantage to Civic Center and recommended its sale. He declared that Fulton street was natural line of Civic Center development.

Dr. Maguire, representing Hayes Valley property owners, stated that library site was originally purchased in 1905 as part of another Civic Center plan and was not now in line of development. He declared that if property was left vacant it would depreciate other property and he recommended its sale.

Adopted.

Whereupon, the above resolution was adopted by the following vote:

Ayes—Supervisors Bancroft, Cagli-

eri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, McCarthy, McLeran, Murphy, Vogelsang—12.

Noes—Supervisors Jennings, Koshland, Mauzy, Murdock, Nolan, Payot—6.

UNFINISHED BUSINESS.

Final Passage.

The following matters heretofore passed for printing, were taken up, finally passed by the following vote and numbered as follows, to-wit:

Ordering Construction of Harbor Police Station.

Bill No. 2523, Ordinance No. 2285 (New Series), entitled, "Ordering the construction of the Harbor Police Station building on lands belonging to the City and County, and situate at the northeast corner of Commercial and Drumm streets; authorizing the Board of Public Works to enter into contract for said construction, approving plans therefor, and permitting progressive payments to be made during the progress of said work as provided by Section 21, Article VI, Chapter I of the Charter."

Award of Contract for Lighting Streets and Buildings.

On motion of Supervisor Nolan:
Resolution No. 10184 (New Series), as follows:

Resolved, That the contract to light the streets and the outlying districts and all public buildings (except school buildings) of the City and County of San Francisco with gas and electricity, and for supplying power for all purposes for the term of one year, commencing July 1, 1913, and ending June 30, 1914, in strict accordance with the specifications and advertisements inviting proposals thereon, be and is hereby awarded to the Pacific Gas and Electric Company, a corporation, at the hereinafter designated prices, said company being the lowest responsible bidder, to-wit:

For each single burner gas lamp, lighted all night, six (6) cents per lamp per night.

For each double inverted gas lamp, lighted all night, eight (8) cents per lamp per night.

For each gas triple lamp cluster, lighted until 12 o'clock or all night, five (5) cents for each lamp of the cluster per night.

For a single lamp of a triple lamp cluster used all night where two lamps of the cluster are extinguished

at midnight, six (6) cents per night.

For each electric arc lamp, lighted all night, eighteen and one-half (18½) cents per lamp per night.

For each electric arc lamp, lighted until midnight, thirteen and one-half (13½) cents per lamp per night.

For each electrolier of the type now in use in the downtown retail shopping district, lighted all night, seventeen (17) cents per electrolier per night.

For furnishing gas to public buildings, offices, yards and public places, the sum of sixty (60) cents per 1000 cubic feet.

For electric current for lighting purposes, the sum of three (3) cents per kilowatt hour.

For electric current for power purposes for use in the corporation yard, Francisco and Stockton streets, the Board of Public Works, Sixteenth and Harrison streets, the Hall of Justice, 780 Kearny street, and the City Hall, Market street, near Eighth street, the sum of two and one-half (2½) cents per kilowatt hour.

For electric current for power purposes for all other public buildings, offices, yards or places where not otherwise specifically mentioned, the sum of three (3) cents per kilowatt hour.

For each arc lamp inside public buildings or grounds adjacent thereto, when not connected with the metered service, the sum of two and one-half (2½) cents per lamp hour.

Provided that the sureties on the bond of the Pacific Gas and Electric Company, which bond is hereby fixed at \$45,000.00, shall be satisfactory to his Honor the Mayor, who is hereby authorized to enter into said contract subject to the following conditions, to-wit:

That said Pacific Gas and Electric Company shall, during said term of one year from July 1, 1913, to June 30, 1914, light the public streets and outlying districts of the City and County with not less than five thousand gas lamps and not less than twenty-five hundred electric arc lamps during the said term.

The time of lighting and extinguishing shall be as follows:

Arm lamps shall be lighted three-quarters of an hour after sunset and shall be extinguished not earlier than three-quarters of an hour before sunrise. In the case of gas lamps the last lamp shall be lighted not later than one hour after sunset and the first gas lamp shall not be extinguished not earlier than an hour and a quarter before sunrise, provided, that the last lamp shall not be extinguished earlier than fifteen minutes before sunrise.

Deductions for lights not burning shall be computed at the rate of six (6) cents per night for single burner gas lamps; eight (8) cents per night for each double inverted gas lamp; five (5) cents per night for each lamp of an all night or 12 o'clock triple lamp cluster, except where one of the lamps of a triple lamp cluster should continue to burn all night, then the deduction charge of that lamp shall be six (6) cents per night; eighteen and one-half (18½) cents per night for each all night electric arc lamp, and thirteen and one-half (13½) cents per night for each 12 o'clock arc lamp, and seventeen (17) cents per night for each electrolier.

It is understood that in order to facilitate extinguishing, all 12 o'clock triple lamp clusters shall be grouped and contiguous.

J. R. No. 759.

Resolved, That the Pacific Gas and Electric Company is hereby directed to supply electric current for forty-nine 210-watt 12 o'clock electroliers, and seventeen 250-watt all-night lamps to be located on Polk street, from Sutter street to Pacific avenue, at the locations to be selected by the Lighting and Rates Committee, provided that the all-night lamps shall be placed upon the corners of the streets in such a position as to make uniform lighting for the cross streets running east and west; and provided further, that the City and County of San Francisco shall be at no expense for the installation, replacement, or repairs of said electroliers and lamps, or apparatus connected therewith, and that the said electroliers and lamps located on the corners of streets shall have placed thereon, without expense to the City, suitable signs showing the street name.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—18.

Motion.

Supervisor Payot moved to change the word "Sutter" to "Geary."

Privilege of the Floor.

W. S. Maxson, representing the Polk Street Improvement Association, opposed the proposed amendment. He stated that the property owners had

already signed up for the lighting of Polk street north of Sutter and if the two blocks from Geary to Sutter were added it would mean a readjustment of the assessment. This, he said, was almost impossible at the present time as many of the property owners are scattered throughout the United States and some in Europe.

Adopted.

Employment of R. Woodland Gates as City's Representative at Washington in Matter of Hetch Hetchy Water Supply Project.

On motion of Supervisor Vogelsang: Resolution No. 10,185 (New Series), as follows:

Whereas, It has been necessary for the successful consummation of the Hetch Hetchy municipal water supply project for the City and County of San Francisco to have a representative in Washington, D. C., to appear for the Department of the Interior and the Department of Agriculture of the United States Government in the matter of complying with the different rules and regulations of said department with reference to the filing of maps and applications upon the part of the City and County of San Francisco and with reference to the filing of protests upon the part of said City and County of San Francisco in the case of any applications made by other parties which might conflict with the plans of said City and County of San Francisco; and

Whereas, The City Attorney of San Francisco has on behalf of the City and County of San Francisco employed for the performance of the above services R. Woodland Gates, attorney at law, Washington, D. C., said services having extended over a period commencing on the 30th day of November, 1912, and continuously thereafter up to the present date; and

Whereas, There has been filed by

said R. Woodland Gates with this Board of Supervisors a demand under date of May 14, 1913, in the amount of twelve hundred and fifty (\$1,250) dollars, the said demand being at the rate of two hundred and fifty (\$250) dollars per month from November 30, 1912, to May 1, 1913; and

Whereas, It will be necessary for the City and County of San Francisco to continue the services of said R. Woodland Gates in Washington, D. C., upon the same basis as above described; and further for the purpose of advising the City and County concerning the law and rules applying to the several branches of the United States Government service; now therefore be it

Resolved, That the employment of the aforesaid R. Woodland Gates, as above set forth, as from the 30th day of November, 1912, be and the same hereby is approved, ratified and confirmed and that the aforesaid demand in the amount of twelve hundred and fifty (\$1,250) dollars be and the same hereby is approved; and further be it

Amending House Moving Ordinance. Bill No. 2544, Ordinance No. — (New Series), as follows:

Amending Section 4 of Ordinance No. 1026, entitled, "Regulating the business of house raising and house moving, and imposing a license thereon," approved October 27, 1903.

Be it ordained by the people of the City and County of San Francisco, as follows:

Section 1. Section 4 of Ordinance No. 1026, approved October 27, 1903, is hereby amended so as to read as follows:

Section 4. Whenever the owner of any building intended for human occupation shall desire to move the same along any public street, he must make a written application to the Board of Public Works for permission to do so.

The Board of Public Works is empowered to grant such permission, and to fix the amount of money that the applicant shall deposit with the said Board as security for the proper restoration of any portion of a street that may be disturbed or torn up in consequence of the moving of any building.

A further sum not exceeding twenty-five (\$25) dollars shall be deposited with the chief of the Department of Electricity to defray all expenses of said chief of the Department of Electricity in taking charge of, taking down, removing, fixing and repairing the wires or system, or any portion thereof, or any damage thereto, connected with said Department of Electricity, in consequence of the moving of any building.

The permittee shall be required to properly restore any portion of a street that may be disturbed or torn up, and to remove all timbers, appliances or debris placed, or accumulated thereon, and leave such portion of a street broom-clean within twenty-four hours after a building has been moved over the same.

Should the permittee fail to properly restore such portion of a street within the time set forth herein, to the satisfaction of the Board of Public Works, said Board is empowered, without notice, to contract with any suitable person to restore and clean such street, and to pay to such person out of the deposit money the reasonable cost of such work. The determination of the Board of Public Works as to the amount of money that shall be deemed a reasonable cost shall be final and conclusive.

The Board of Public Works is further empowered, if in its opinion conditions should so justify, to require the permittee to execute to the City and County of San Francisco a good and sufficient bond with at least two sureties, or a lawfully authorized surety company, approved by the Mayor, in a sum to be fixed by said Board of Public Works. Said bond shall be conditioned that the permittee, together with the sureties on said bond, their heirs, executors, administrators and assigns, shall be severally bound to pay any judgment which may be awarded against said permittee by reason of any injury to person or property sustained in consequence of the moving of any building.

Section 2. This ordinance shall take effect immediately.

erly boundary line of the Relief Home Tract (formerly Alms House Tract), which point is on the center line of Eighth avenue (the bearing of said avenue being south three degrees and twenty-three minutes ($3^{\circ} 23'$) east) one hundred and sixty-three and seventy-two hundredths ($163.72'$) feet southerly from the southerly line of Ortega street; thence running south eighteen degrees, twenty-four minutes, fifteen seconds ($18^{\circ} 24' 15''$) west along the westerly boundary of the Relief Home Tract (formerly Alms House Tract) one thousand, one hundred sixty and one hundred and eighty-three thousandths ($1,160.183'$) feet; thence north eighty-nine degrees, ten minutes and forty-seven and six-tenths seconds ($89^{\circ} 10' 47.6''$) east along the southerly boundary line of the Relief Home Tract (formerly Alms House Tract) one thousand, five hundred seventy-three and two hundred and twenty-one thousandths feet ($1,573.221'$); thence north thirty-nine degrees, thirty-four minutes and eighteen and four-tenths seconds ($39^{\circ} 34' 18.4''$) west one hundred and thirty-eight and ninety-nine thousandths ($138.099'$) feet distant; thence south seventy-five degrees, six minutes and fifty-six and six-tenths seconds ($75^{\circ} 6' 56.6''$) west one hundred and eighty-eight ($188'$) feet distant; thence north twelve degrees, forty-three minutes and three and four-tenths seconds ($12^{\circ} 43' 3.4''$) west, six hundred and seventeen and seventy-six hundredths ($617.76'$) feet distant to the northerly boundary line of the Relief Home Tract (formerly Alms House Tract); thence south seventy-five degrees, one minute and fifty-six and six-tenths seconds ($75^{\circ} 1' 56.6''$) west along the northerly boundary line of said Relief Home Tract (formerly Alms House Tract) one hundred twenty-eight and thirty-four hundredths ($128.34'$) feet distant; thence north forty-five degrees, thirty-one minutes and twenty-one and four-tenths seconds ($45^{\circ} 31' 21.4''$) west along said northerly boundary line of the Relief Home Tract (formerly Alms House Tract) eight hundred seventy-three and three hundred ninety-four thousandths ($873.394'$) feet to the westerly boundary line of said Relief Home Tract (formerly Alms House Tract); thence south eighteen degrees, twenty-four minutes and fifteen seconds ($18^{\circ} 24' 15''$) west along the westerly boundary line of said Relief Home Tract (formerly Alms House Tract) one hundred sixty-nine and nine hundredths ($169.09'$) feet distant to the intersection of the center line of Eighth avenue and point of commencement, in the City and County of San Francisco.

Being a portion of Rancho San

Miguel and that portion of the Relief Home Tract not adapted to public use referred to in section 10 of article II, chapter II of the Charter of said City and County and determined not adapted to public use by Ordinance No. 2265 (New Series), passed by the Board of Supervisors and approved by the Mayor of said City and County on the 5th day of May, 1913.

Terms and Conditions of Sale.

The above described tract of land will be sold by the Mayor at public auction to the highest bidder for cash in United States gold coin at the time and place above mentioned.

The Mayor shall require from the person to whom the property is sold a deposit amounting to ten per cent of the sum bid.

The Mayor shall report the fact of such sale to the Board of Supervisors at its next meeting with a statement of the sum bid and the name of the bidder, with a request that the Board of Supervisors confirm such sale. The Clerk of the Board of Supervisors shall immediately thereupon give notice by publication in the official newspaper and one other newspaper published in the City and County, that at a meeting of the Supervisors to be held not less than twenty nor more than thirty days from the first publication of such notice the Board of Supervisors will consider the confirmation of such sale, that such sale has been made, the amount for which the property has been sold and the name of the purchaser. At such meeting, if an offer of ten per cent more in amount than that named in said notice shall be made to the Supervisors in writing, by a responsible person, the Supervisors will confirm such sale to such person or order a new sale.

In the event of the refusal of the Board of Supervisors to confirm the sale all proceedings taken as hereinbefore provided for the sale of such tract of land shall be void and of no effect.

If the sale is confirmed by the Board of Supervisors, conveyance will thereupon be made by the Mayor, to the person to whom the sale shall have been so confirmed and shall be delivered to him upon payment of the balance of the purchase price.

Bid.

W. S. Leimert bid \$120,000, same being highest bid offered.

Certified checks in respective sums of \$10,000 and \$2,500, covering the bid, were filed with the Clerk.

UNFINISHED BUSINESS.

PRESENTATION OF BILLS AND ACCOUNTS.

Demands on the Treasury amounting to \$18,206.35, numbered consecutively 41387 to 41738, inclusive, were presented, read and ordered *referred to Finance Committee*.

REPORT OF FINANCE COMMITTEE.

The Finance Committee, by Supervisor Jennings, Chairman, reported in favor of allowing the demands heretofore read and referred, said Committee having duly examined and approved the same, and on his motion, said demands were so allowed and ordered *paid* by the following vote:

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—18.

NEW BUSINESS.

Referred.

The following Resolution was introduced by Supervisor Bancroft, and *referred to the Public Utilities*:

City Attorney to Commence Condemnation Proceedings Against Hotaling Estate Company for Certain Land Required for Municipal Railway Purposes.

Resolution No. — (New Series), as follows:

Whereas, an offer was solicited from the Hotaling Estate Company for the sale to the City and County of San Francisco of the certain parcels of land hereinafter described, which land is required by the City and County of San Francisco for Geary Street Municipal Railway purposes; and

Whereas, the offer received from the above named owner to sell said

land to the City and County of San Francisco is deemed unreasonable and in excess of the appraised valuation of said land and property in this vicinity; now, therefore, be it

Resolved, That the City Attorney is hereby authorized and instructed to institute condemnation proceedings against said Hotaling Estate Company or others for acquisition of the following described land by the City and County of San Francisco, to-wit:

Commencing at a point formed by the intersection of the easterly line of the Great Highway with the southerly line of Cabrillo street, running thence easterly along said southerly line of Cabrillo street 197 and 2¼ inches, more or less, to the westerly line of La Playa; thence at a right angle southerly along said westerly line of La Playa 80 feet; thence at a right angle westerly 197 feet 2¼ inches, more or less, to the easterly line of the Great Highway; thence northerly along said easterly line of the Great Highway 80 feet to the southerly line of Cabrillo street and point of commencement.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—18.

Adopted.

The following Resolutions were *adopted*:

Relative to Purchase of Marye Property in Civic Center.

On motion of Supervisor Bancroft:
J. R. No. 766.

Whereas, in the purchase by the City of the Marye properties, situate at the southeasterly line of City Hall avenue and southwesterly line of

Marshall Square, the certain irregular piece included, and lying at the southwesterly corner of the subdivision situate at the southeasterly line of City Hall avenue, distant 75 feet southwesterly from Marshall Square, and of dimensions 20.439 by 25.189 by 14.722 feet, was in excess and not required for City Hall and Civic Center purposes; and

Whereas, the Schweitzer Estate Company agreed to purchase the said excess piece from Geo. T. Marye for the sum of \$2500, and cause the said sum to be refunded to the City and County; and

Whereas, a certified check in the sum of \$2500 has been deposited with the Clerk of this Board as a refund and release of the said irregular strip of land by the City and County; therefore, be it

Resolved, That the Treasurer is hereby authorized and requested to accept the said check, and to collect and deposit the said amount of \$2500 in the Treasury to the credit of the City Hall and Civic Center Bond Fund.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—18.

Statues in Civic Center.

Specifications for Steel for City Hall.

Supervisor Andrew J. Gallagher presented the following Resolution and moved its adoption under suspension of the rules:

J. R. No. —.

Resolved, That in view of the defects in specifications for steel for the proposed New City Hall, to-wit: the omission of those Charter provisions

as to hours of labor, wages, citizenship, etc., as well as justifiable criticism of the specifications in their operation against local firms, that the Board of Public Works is requested to rescind said specifications, and to redraft same with due regard to the above noted faults.

Privilege of the Floor.

A. C. Rulofson, representing Home Industry League, stated that he spoke as the representative of 600 or 700 local concerns. He asked that the steel specifications for the City Hall be changed by inserting the Charter requirements as to eight-hour day, citizenship and \$3 minimum wage. He said that in voting for the bonds it was understood that materials would be of home manufacture whenever possible, and if faith was not kept proposed bonds for street railways will not carry.

F. McDonald, representing the Building Trades Council, also addressed the Board, requesting that the specifications be changed to conform with the Charter.

Substitute.

Whereupon, Supervisor Murdock presented the following substitute and moved its adoption:

Resolved, That the Board of Works be requested to mail by registered letter to each person or firm who has been furnished copies of the specifications for steel for the City Hall a statement of the provisions of law not embraced in the specifications which will be stipulated in the contract.

Substitute *refused passage* by the following vote:

Supervisor George E. Gallagher introduced:

Whereas, The City and County of San Francisco has appropriated five million dollars to be expended for the purposes of the Panama-Pacific International Exposition, and the people of San Francisco have subscribed the additional sum of seven million five hundred thousand dollars to be used for the same purposes; and

Whereas, The moneys so appropriated and subscribed are to be expended exclusively by the corporation known as the Panama-Pacific International Exposition Company, the directors of which are presumed to act for the best interests of the Exposition and of the City and County of San Francisco; and

Whereas, Said corporation, recognizing the inadequacy of existing transportation facilities, heretofore importuned this Board to take the necessary steps to insure the construction and extension of street railways to the Exposition grounds to accommodate the vast crowds expected to attend the Exposition; and

Whereas, The United Railroads of San Francisco has repeatedly announced through its officials that it will not, by reason of the provisions of our Charter, accept any further franchises for the construction of street railways and will not extend any of its lines to the Exposition grounds; and

Whereas, It is evident that unless the City proceeds without delay to construct and equip a system of street railways to the Exposition grounds there will be an utter lack of street railway facilities during the year 1915 to the great loss and damage of the Exposition, and to the lasting discredit of San Francisco; and

Whereas, Our City Engineer in his report on "Extensions of Municipal Railways to Provide Transportation

for the Panama-Pacific International Exposition" has proposed a comprehensive plan of street railways to be constructed, equipped and operated by the municipality, which plan has been approved by this Board, and if carried into effect will conveniently provide transportation for the average daily attendance at the Exposition, and will be a permanent addition to our municipal street railway system; and

Whereas, This Board, by a unanimous vote of its members has declared that public interests and necessity demand the acquisition, construction and completion of a municipally owned railway in accordance with said proposed plan, and is about to submit to the electors a proposition to incur a bonded indebtedness in the sum of three million five hundred thousand dollars to raise the necessary funds to construct and equip such railway; and

Whereas, In the opinion of experts, the construction, equipment and operation of said railway will not add one dollar to our municipal taxation, but on the contrary, its operation, by reason of the great profit arising therefrom, will result in lightening the burden of taxpayers; and

Whereas, The Board of Directors of the Panama-Pacific International Exposition Company, on the 28th inst., formally adopted a resolution relating to the proposed issue of said bonds, declaring it to be the sense of said Board "that the Exposition Company shall remain neutral in the matter of said proposal, and that it refrain from participating in an attempt to influence public opinion for or against said proposal"; and

Whereas, While included in the personnel of said Board of Directors there are certain gentlemen who represent the highest and best type of manhood and citizenship to be found in this community, there are others upon the Board who, by reason of connection with the United Railroads, or business relation with certain of its officials, or interest in the securities of said corporation, or for other selfish reasons are believed to be disposed to place personal considerations and pecuniary gain above the interests of the Exposition, and the permanent welfare of the Exposition, and of our City; and

Whereas, Said Board of Directors of the Panama-Pacific International Exposition Company, prior to the adoption of said resolution, and during the last session of our State Legislature, at a hearing before the Board of Supervisors, appeared, and on the ground that additional street railways and extensions were imperatively neces-

sary to insure the success of the Exposition, urged the municipal administration to support certain proposed constitutional amendments, which, if adopted, would facilitate the acquirement by the United Railroads on its own terms of new franchises and resettlement of existing franchises; and

Whereas, C. C. Moore, President of said Board of Directors, at said hearing appeared and demanded that the Board take immediate steps to provide transportation to the Exposition grounds, stating that he did not care by whom the transportation was provided, whether by the City or the United Railroads, or over what particular streets the roads would be constructed or extended so long as the needed transportation would be provided by the year 1915; and

Whereas, At said meeting said C. C. Moore further stated that "with no street car facilities to the Exposition grounds our one hundred million dollar structure built by our pride and our patriotism, so far from fruition will be a sad thing to contemplate"; and

Whereas, The resolution of said Board of Directors to remain neutral and to refrain from participation in an attempt to influence public opinion in the matter of the proposed bond issue is tantamount to a declaration that it has no interest in securing adequate passenger transportation facilities for the Exposition, and has no interest in relieving San Francisco for all time from the intolerable street railway conditions now existing; therefore be it resolved as follows:

1. That the City and County of San Francisco by its representatives, the Board of Supervisors, deprecates the action of the Directors of the Panama-Pacific International Exposition Company in taking a neutral stand on a question of such vital importance to the Exposition and the City and County of San Francisco;

2. That notwithstanding the hostility of a majority of the Directors of said Panama-Pacific International Exposition Company to the municipal ownership and operation of street railways, and notwithstanding the personal and financial interest of certain of its Directors in the United Railroads of San Francisco, and its securities, said Directors, for the success of the Exposition, and for the welfare of San Francisco, be, and they are hereby requested to rescind their resolution of neutrality adopted as aforesaid, and to declare unequivocally in favor of the proposed bond issue.

3. That a copy of these resolutions be sent to the Secretary of the

Panama-Pacific International Exposition Company, and to each member of the Board of Directors of said corporation.

Adopted by the following vote:

Adopted.

The following resolution was adopted:

Efficiency Committee to Investigate Street Cleaning Department.

On motion of Supervisor Murdock:

J. R. No. 780.

Whereas, the principle of selection of Civil Service employees through competitive examination has been accepted by the municipality, giving protection to those who are employed against political abuse in the matter of appointment, and against removal excepting for established cause, and

Whereas, the city should also be entitled to protection in the matter

of actual and continual efficiency of service rendered, in which the standing and value of the merit system is vitally concerned, and

Whereas, it has been asserted that the efficiency of service in the Department of Street Sweeping and elsewhere is seriously impaired by the advanced age and corresponding physical disability of civil service employees, therefore, be it

Resolved, That the Committee on Efficiency and Civil Service be requested to consider the matter referred to, and after conference with

the Civil Service Commission to recommend to the Board what steps can be taken to insure justice to the city and to its employees.

ROLL CALL FOR PETITIONS FROM MEMBERS.

Board Walk on Ocean Boulevard.

The Clerk presented and read:

Communication—From Park Commissioners, acknowledging receipt of J. R. 762, relative to board walk on Ocean Boulevard and stating that subject matter has been referred to Supt. McLeran for an estimate of cost.

Read and ordered *filed*.

Tunnel Reports.

Also, *communication*—From City Engineer, advising that reports on Twin Peaks and Fillmore street tunnels will be ready shortly, also advising that gross misstatements as to cost of latter have been lately made public.

Police Protection, Treasurer's Office.

The following communication was presented and read:

Office of the Treasurer.

June 7, 1913.

To the Honorable James Rolph Jr., Mayor, and the Board of Supervisors, City and County of San Francisco.

Gentlemen:

I desire to call your attention to the following notice:

"John E. McDougald, Esq., Treasurer, City and County of San Francisco, City Hall, Hyde and McAllister streets, San Francisco, Cal.

"Dear Sir:

"Please take notice that on July 1st, 1913, the members of this Department will be withdrawn from the work in your branch of the municipality and assigned to regular police duty.

"The purpose in advising you at this early date is to give you ample time to appear before the Board of Supervisors, while fixing the budget for 1913-1914, in case you should conclude to ask for special officers or watchmen to take the place of the regulars now with you.

"Very respectfully,

"(Signed) D. A. WHITE,
"Chief of Police."

Beg to advise you that the Treasurer's office is at present located in the remaining ruins of the Old City Hall on McAllister street, opposite Hyde street, and the conditions of said ruins are such that, in justice to myself and the position of responsibility which I hold in our municipal government, I now call your immediate attention to the necessary police protection of the Treasurer's office.

For your further information, I beg to advise that the vaults contain nearly everything in the shape of money and personal property, viz.: millions of bonds, securities and registered records, besides millions in "coin of the realm."

I am aware of the fact that it is within the province of your Honorable Board to make such changes as are necessary for the necessary protection of the public funds. I therefore feel, under the present surroundings of the Treasurer's office and the notice received from the Chief of Police, that it is my official duty to notify your Honorable Board of the conditions now existing, and respectfully request that you make immediate provision for the safety of the City's belongings now in my possession and provide such that will afford the utmost protection, that all may be held blameless before the law and public criticism.

I have the honor to remain, gentlemen,

Respectfully yours,
JOHN E. McDOUGALD,
Treasurer.

Referred to Mayor with recommendation that proper protection be afforded.

Engine and Boiler Protest.

Also, *communication* from South Central Improvement Club, protesting against engine and boiler permit to South Park Dairy Co. at 1667 Folsom street.

Referred to Fire Committee.

Vacation for Street Repair Men.

Also, *communication* from International Union of Pavers and Rammermen, requesting that employees of the Street Repair Department be granted an annual vacation of fifteen days with pay.

Referred to Efficiency Committee.

Counties Building, Exposition.

Also, *communication* from Panama-Pacific International Exposition, advising as to plan agreed upon for construction of counties building and the rate to be charged for exhibit space.

Referred to Exposition Committee

Also, *communication* from Southern California Panama Expositions Commissions, transmitting resolutions of said organization demanding that counties exhibit building be constructed out of state appropriation of \$5,000,000 and that counties be given exhibit space free of charge.

Referred to Exposition Committee.

Bond Issue for Railway Extensions.

San Francisco, Cal., June 9, 1913.
Mr. John W. Rogers, Acting Clerk,
Board of Supervisors, San Francisco, Cal.

Dear Mr. Rogers—I am in receipt of your communication of the 3d instant, enclosing me therewith a copy of J. R. No. 777 relative to the action of the Board of Directors of the Panama-Pacific International Exposition in the matter of the bond issue for municipal railway extensions.

I agree with your comment that the resolution is self-explanatory. Suffice it to say I am in favor of the bond issue for extensions to the municipal railroad and shall do everything I can to see that it is carried by the people at the election to be held for that purpose.

Very truly yours,

JAMES ROLPH, JR.,

Vice President and Director P. P. I. E.
Read and ordered filed.

Progress Report of Advisory Water Committee to Board of Supervisors.

The following report was presented,

read by the Clerk, referred to the Public Utilities Committee and ordered *spread at length in the Journal*:
San Francisco, Cal., June 9, 1913.

To the Honorable Board of Supervisors of the City and County of San Francisco.

Gentlemen—Your Advisory Water Committee and the representatives of the Spring Valley Water Company have finally agreed upon the judges to be selected to try the condemnation suit to be brought by the city against the company to acquire its properties. Although the action will be tried by three judges, a fourth judge has been agreed upon to take the place of one of the three in the event of his sickness, death or disability during the pendency of the action. The judges have not yet been notified of their selection. As a matter of complicity to the judges it is deemed unwise to give their names until they receive such notice.

The last Legislature amended Section 1243 of the Code of Civil Procedure of this State, to enable the city to prosecute one action only in condemnation, instead of several actions, where the land sought to be condemned is situated in two or more counties. The amendment will not go into effect until ninety days after the final adjournment of the Legislature. As the Legislature adjourned on the 12th ult., the action will not be commenced until after the 10th of August next.

The City Engineer has selected that portion of the Lake Merced tract deemed necessary for the city's water supply. He will, before the commencement of the action, ascertain and determine what other properties belonging to the water company must be acquired. The engineer has been instructed to proceed at once to thoroughly test the distributing system of the company and to appraise its value, and to make an appraisal of the value of all other properties to be acquired by the city.

Your committee recommends that you employ, or authorize the City Engineer to employ at once, such experts and assistants as in his judgment may be necessary to examine the properties to be condemned and appraise their value. The testimony of such experts and assistants will be required in the presentation of the city's case in the condemnation suit.

During negotiations with the representatives of the water company, your committee was informed that the company is about to commence the construction of a dam at the Calaveras reservoir site, and that the dam would be completed within one year. The construction of the dam

will result in practically doubling the company's water supply. To bring the increased supply to the city, however, a pipe line must be constructed from the dam site to the peninsula reservoirs. The company refused to commit itself to the proposition to construct this additional pipe line, the cost of which will approximate two million dollars.

During our negotiations various propositions regarding the acquisition of the company's properties were discussed, among them the purchase of the company's distributing system and an option to purchase the remainder of its properties in fifteen years. Your committee concluded not to make or entertain any proposition whatever to purchase the properties of the company, or any portion thereof, until after the city shall have ascertained definitely, through its engineer and experts acting on its behalf, the value of the entire system of the company and the different parts thereof.

Respectfully submitted,

Advisory Water Committee, by Matt I. Sullivan, Chairman.

June 9th, 1913.

Amending House Moving Ordinance.

Bill No. 2544, Ordinance No. — (New Series), as follows:

Amending Section 4 of Ordinance No. 1026, entitled, "Regulating the business of house raising and house moving, and imposing a license thereon," approved October 27, 1903.

Be it ordained by the people of the City and County of San Francisco, as follows:

Section 1. Section 4 of Ordinance No. 1026, approved October 27, 1903, is hereby amended so as to read as follows:

Section 4. Whenever the owner of any building intended for human occupation shall desire to move the same along any public street, he must make a written application to the Board of Public Works for permission to do so.

The Board of Public Works is empowered to grant such permission, and to fix the amount of money that the applicant shall deposit with the said Board as security for the proper restoration of any portion of a street that may be disturbed or torn up in consequence of the moving of any building.

A further sum not exceeding twenty-five (\$25) dollars shall be deposited with the chief of the Department of Electricity to defray all expenses of said chief of the Department of Electricity in taking charge of, taking down, removing, fixing and repairing the wires or system, or any portion thereof, or any damage thereto, connected with said Department of Electricity, in consequence of the moving of any building.

The permittee shall be required to properly restore any portion of a street that may be disturbed or torn up, and to remove all timbers, appliances or debris placed, or accumulated thereon, and leave such portion of a street broom-clean within twenty-four hours after a building has been moved over the same.

Should the permittee fail to properly restore such portion of a street within the time set forth herein, to the satisfaction of the Board of Public Works, said Board is empowered, without notice, to contract with any suitable person to restore and clean such street, and to pay to such person out of the deposit money the reasonable cost of such work. The determination of the Board of Public Works as to the amount of money that shall be deemed a reasonable cost shall be final and conclusive.

The Board of Public Works is further empowered, if in its opinion conditions should so justify, to require the permittee to execute to the City and County of San Francisco a good and sufficient bond with at least two sureties, or a lawfully authorized surety company, approved by the Mayor, in a sum to be fixed by said Board of Public Works. Said bond shall be conditioned that the permittee, together with the sureties on said bond, their heirs, executors, administrators and assigns, shall be severally bound to pay any judgment which may be

awarded against said permittee by reason of any injury to person or property sustained in consequence of the moving of any building.

Section 2. This ordinance shall take effect immediately.

*Amendment to Hackney Carriage Ordi-
nance.*

Bill No. —. Ordinance No. —
(New Series), as follows:

Amending Sections 2, 3, 7, 8, 9, 10
and 20, and adding a new section to
be known as Section 5, to Ordinance
No. 1898 (New Series), entitled,
"Regulating the use of hackney car-
riages, automobiles, taxicabs, and
other public passenger vehicles, fixing
the rates to be charged for the trans-
portation of persons and personal bag-
gage, regulating the use of boats in
the waters of the bay, providing a
punishment for any violation thereof
and repealing Order No. 1611, Ord-
inances Nos. 446, 1033 and 514 (New
Series)."

Be it ordained by the People of the
City and County of San Francisco as
follows:

Section 1. That Section 2 of Ordi-
nance No. 1898 (New Series) be
amended to read as follows:

Section 2. Public Vehicle Stands:

The following are hereby designated
as stands for licensed hacks, taxicabs,
automobiles and sight-seeing automo-
biles:

A. Around Portsmouth, Union and Washington Squares, United States Postoffice and United States Mint, and other public squares or grounds as may be designated by the Mayor of the City and County of San Francisco from time to time, but not in front of the gates thereof during the time such gates are open, or on the street crosswalks, or in double lines.

B. At the Ferries.

C. Steamboat landings.

D. Railway depots.

E. Managers of each hotel may designate a passenger coach or automobile with the name of the hotel conspicuously placed thereon, and of capacity of six or more passengers inside, to stand at all times in front of such hotel, and may also designate carriages, not more than two of which at any time may stand at the main entrance of such hotel.

All the above public vehicle stands, except those under paragraph "E," shall be open to all public vehicles, the first occupant holding the place until he vacates it, and the next in line succeeding him; provided that not more than three vehicles belonging to one person, firm or corporation or association, shall occupy space at any public stand.

Section 2. That Section 3 of Ordinance No. 1898 (New Series) be amended to read as follows:

Section 3. No person having charge of a hack, automobile, taxicab or other vehicle used for hire shall allow the same to stand on any public street, except in front of a public square, within twenty feet of any street crossing, or at a greater distance than one foot from the outer edge of the sidewalk, or on any public street without first obtaining the written permission of the Mayor, revocable without notice at the pleasure of the Mayor, and the written consent of the owner, tenant or occupant of the store or ground floor, or portion of the ground floor of any building to use that portion of the street in front of said building or any part thereof for such purpose, provided that the Mayor shall not grant permits to allow more than eight public vehicles to stand waiting for employment in any one block; provided, that no permit shall be granted for any public vehicle to stand upon any street less than thirty-five feet in width from curb to curb, on which a double line of railroad track is allowed; nor upon Market and Geary streets from Third and Kearny streets to The Embarcadero.

Section 3. That a new section be added to Ordinance No. 1898 (New Se-

ries), to be known as Section 5, and to read as follows:

Section 5. Charges for taxicabs, automobiles or hacks to or from railway depots, ferries, steamboat landings or docks and hotels or other points in the downtown hotel district.

The district within the City and County of San Francisco hereinafter described shall, for the purpose of this ordinance, be known as the Downtown Hotel District. Such district is bounded and more particularly described as follows, to wit:

Commencing at a point on the northerly line of Sacramento street where the same intersects with the northwesterly line of Market street; running thence westerly along the northerly line of Sacramento street to its intersection with the westerly line of Taylor street; thence southerly along the westerly line of Taylor street to its intersection with the northwesterly line of Market street; thence southeasterly across Market street to the intersection of the southeast line of Market street and the southwesterly line of Sixth street; thence southeasterly along the southwesterly line of Sixth street to its intersection with the southeasterly line of Howard street; thence northeasterly along said southeasterly line of Howard street to its intersection with the southwesterly line of The Embarcadero; thence northwesterly along said southwesterly line of The Embarcadero to its intersection with the northwesterly line of Market street; thence southwesterly along said northwesterly line of Market street to its intersection with the north line of Sacramento street and point of commencement.

The maximum fare for service by taxicabs, automobiles or hacks to or from any ferry or railroad depot, steamboat landing or steamship dock and any hotel or other point located within the aforesaid Downtown Hotel District, or any other ferry, steamboat landing or steamship dock, shall be the following flat rate and it shall be unlawful to charge any rate in excess thereof:

Each subsequent hour.	3.50

When charges for trip or trips exceed hour rates, charges shall be made at hour rates as above, but the passenger when engaging the taxicab shall elect whether he will employ it by taximeter or hour rates.

Section 7. That Section 10 of Ordinance No. 1898 (New Series) be amended to read as follows:

Section 10. Taximeters.

The use of any inaccurate taximeter or other measuring instrument for the purpose of gauging or indicating distance traveled, or waiting time, or for the purpose of fixing fares to be collected from the public is hereby prohibited, and it shall be the duty of the owner or lessee in possession, including any corporation or officer or agent thereof responsible therefor of any vehicle mentioned in this Ordinance, using any taximeter or other measuring instrument, to at all times keep said taximeter or other measuring instrument accurate.

No taximeter or other measuring instrument shall be used on any such vehicle mentioned in this Ordinance until the same shall have been inspected, sealed and approved by the Hack Inspector, or his authorized assistants, as to accuracy, whose certificate or seal of such accuracy shall be plainly posted on the face of said taximeter for the information of the public. Every instrument in use or intended for use on any vehicle shall be subject to inspection at all times by the Hack Inspector or his assistants. Any police officer of the San Francisco Police Department is further authorized and directed upon the complaint of any persons to investigate such complaint or upon discovery by him that a taximeter or other measuring instrument is inaccurate to at once notify the Hack Inspector, whose duty

it shall be to cause said taximeter to be at once inspected, and it shall be unlawful for any company, person or corporation to use such taximeter, after notification through him by the said Hack Inspector, until said taximeter has been reinspected, approved and sealed by the Hack Inspector.

For the inspection of taximeters on taxicabs a fee of one dollar a year shall be charged for each taxicab, which shall be inspected at least once a year.

Each taxicab while in use in the City and County of San Francisco, for the transportation of passengers for hire, shall be equipped with an efficient illuminating device, either flexible or fixed, so arranged as to enable the passenger or passengers to conveniently observe the state of the meter and schedule of rates therein.

It shall be unlawful for any driver or operator of any automobile, in soliciting trade from the public, to represent his vehicle as a taxicab unless it is equipped with a taximeter in working order.

Section 8. That Section 20 of Ordinance No. 1898 (New Series) be amended to read as follows:

Section 20. Every hack, vehicle, motor vehicle, automobile, taximeter vehicle and sight-seeing automobile shall have permanently affixed to the interior thereof in a place readily to be seen by passengers a frame covered with glass, enclosing a card not less than six inches square, upon which shall be printed in plain, legible letters the schedule of rates prescribed in this Ordinance, applicable to every such vehicle.

The said frame and enclosed card must be approved by the Chief of Police.

Section 9. This Ordinance shall take effect immediately.

Providing for Bond Issue for Street Railway Extensions.

On motion of Supervisor Vogel-sang:

Bill No. 2559, Ordinance No. — (New Series), as follows:

Reciting that plans and estimates of cost have been filed by the Board of Public Works for the construction of a public utility, to-wit: A system of municipal street railways over and along the public streets or rights of way from The Embarcadero to terminals at the Panama-Pacific International Exposition grounds, and the Presidio Military Reservation; from various points in Market street, and in and through Stockton street to the same ter-

minals; from Market street to a terminal in the Potrero district; on Van Ness avenue, and from such avenue along connecting streets to Church street, and along Church street to convenient terminals; along California street from Thirty-third avenue to First avenue, and over connecting streets to Geary street, and for such extensions and additions to the system as may be deemed necessary; and declaring that such estimated cost cannot be paid from the annual revenue, or from funds derived from taxes levied for that purpose, and will require the incurring of a bonded debt for the purpose of such construction and completion.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. It is hereby recited that the Board of Public Works, on the 29th day of May, 1913, placed on file with the Board of Supervisors plans and estimates of the cost of original construction and completion by the City and County of San Francisco of a public utility, to-wit: A system of municipal street railways over and along the public streets or rights of way from The Embarcadero to terminals at the Panama-Pacific International Exposition grounds and the Presidio Military Reservation; from various points in Market street and in and through Stockton street to the same terminals; from Market street to a terminal in the Potrero district; on Van Ness avenue, and from such avenue along connecting streets to Church street, and along Church street to convenient terminals; along California street from Thirty-third avenue to First avenue and over connecting streets to Geary street, and for such extensions and additions to the system as may be deemed necessary, and to include equipment thereof, appurtenances thereto, and purchase of necessary lands; that said estimated cost for such public utility is the sum of \$3,500,000.00.

Section 2. That said estimate of \$3,500,000.00 is too great to be and cannot be paid out of the annual income of the City and County of San Francisco in addition to the other necessary expenses thereof, or from funds derived from taxes levied for that purpose, and will require the incurring of a bonded debt to the amount of three million five hundred thousand dollars for the purpose of constructing the system of street railways herein described; that said plans and estimates contain sufficient information

to enable the Board of Supervisors to take further proceedings to secure the construction and completion of said described public utility, and to make the declarations herein contained.

Section 3. This ordinance shall take effect immediately.

Extension of Underground Electrical District.

Also, Resolution No. — (New Series), as follows:

Resolved, That the City Electric Company, a corporation, is hereby granted permission to open streets and lay electrical underground conduits for the purpose of extending its distribution system in the City and County of San Francisco, in the places and in the manner as follows, to-wit:

Along the east side of Montgomery street, commencing at a present manhole 185 feet north of California street, to the north line of Clay street, total distance 455 feet, for the purpose of installing three 6 x 6-foot manholes and one 4-hole tile duct.

It is further provided, That the City Electric Company shall strictly comply with all the provisions of Ordinance No. 2201 (New Series) in the installation of these conduits.

Also further resolved, That the City and County may at any time take over the conduits and extensions and service connections there-to constructed under this permit at the appraised value at the time of taking over.

Also further provided, That these underground conduit extensions shall be subject to provisions or ordinances, constitutional amendments or City Charter franchise provisions which may be hereafter adopted.

Also provided, That the City Electric Company shall, on completion of the work permitted under this permit, file with the Board of Public Works a verified statement of the actual cost of construction of the extension.

Also provided, That the service and equipment for these extensions be maintained at the highest practicable standard of efficiency.

Also provided, That in determining the value no allowances be made for going concern, franchise value or good will.

Southern Pacific Franchise.

Supervisor George E. Gallagher presented:

Bill No. —, Ordinance No. — (New Series), as follows:

Providing for a grant and granting to Southern Pacific Company, a railroad corporation, its successors and assigns, the right to construct, maintain and operate certain standard-gauge railroad tracks under, over and across certain streets, avenues, alleys, places and properties in the City and County of San Francisco, State of California, for the term of fifty years from the passage of this ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. That the right of way be and is hereby granted unto the Southern Pacific Company, a railroad corporation incorporated under laws of the State of Kentucky, and having its principal office and place of business in the City and County of San Francisco, State of California, and to its successors and assigns, for the term of fifty years from the date of the passage of this ordinance—said corporation having more than fifty miles of railroad actually constructed and in operation—to use the portions of streets, avenues, alleys, places and properties hereinafter mentioned and described, for railroad purposes as hereinafter set forth; and to that end said Southern Pacific Company, its successors and assigns, is hereby granted the right to construct, maintain and operate, by means of steam, electricity or other motive power authorized by law, the following described standard-gauge railroad tracks upon, along, across and over the portions of said streets, avenues, alleys, places and properties hereinafter described, upon the route of and traversed by said railroad, and the right to construct, maintain and operate all necessary side-tracks, turnouts, switches, crossings, spur-tracks, yard tracks, depot tracks and terminal tracks and facilities, and to connect any or all of the tracks hereinbefore or hereinafter described with the main line or lines of railroad operated by said Company, all as hereinafter set forth:

First: Beginning at four points in the existing passenger train double tracks and freight tracks of said Southern Pacific Company at or near the intersection of Seventh and Berry streets; thence in a northerly direction, on a curve to the right, crossing Berry street with five tracks, into and across yards and property of the Southern Pacific

Company, crossing King street in a northerly direction on a curve to the right with five tracks; crossing Sixth street between Townsend and King streets with twenty-one tracks; crossing Fifth street, between Townsend and King streets, with twenty-two tracks; and crossing Fourth street, between Townsend and King streets, with fourteen tracks.

Second: Beginning at two points in the existing freight train double tracks in the southeasterly line of Berry street near Seventh street; thence in a northerly direction, on a curve to the right, crossing Berry street with two tracks, across the yards and property of the Southern Pacific to the southeasterly line of King street between Sixth and Seventh streets; thence northeasterly along King street, crossing Sixth and Fifth streets with two tracks; thence continuing along King street in a northeasterly direction, crossing Fourth street with three tracks, to the southwesterly line of Third street; also a cross-over track connecting the said tracks on King street with tracks on the property of the Southern Pacific Company in the block bounded by Berry, King, Third and Fourth streets, said cross-over extending in a southwesterly direction across King street from a point near Third street to a point in the southeasterly line of said King street approximately 300 feet southwesterly thereon from the southwesterly line of Third street; also a single or double track cross-over connecting the said tracks on King street with tracks on the property of the Southern Pacific Company in the block bounded by King, Berry, Sixth and Seventh streets, extending in a southerly direction across King street and Sixth street from a point approximately one hundred and seventy feet northeasterly from the northeasterly line of Sixth street to a point near the south corner of King street and Sixth street.

Third: Also tracks beginning at two points in the existing freight train double tracks in Channel street near Seventh street; thence in a northerly direction on a curve to the right into and across the yards and property of the Southern Pacific Company, crossing Berry street between Sixth and Seventh streets with five tracks; crossing Sixth street between Berry and King streets with eight tracks; crossing Fifth street between Berry and King streets with nine tracks; crossing Fourth street between Berry and King streets with eleven tracks; also a single or double track cross-over

extending in a westerly direction across King street from a point in the southeasterly line thereof distant thereon approximately 190 feet southwesterly from the southwesterly line of Fourth street, to a point in the northwesterly line of King street approximately four hundred feet southwesterly from the southwesterly line of Fourth street.

Fourth: Also tracks beginning at three points in the existing tracks in private property at their intersection with the southerly line of Division street between Kansas street and Vermont street; thence northeasterly on a curve to the left crossing Division street with three tracks into and along Townsend street; thence northeasterly along Townsend street, crossing Eighth street with three tracks, Seventh street with four tracks, Sixth street with two tracks, Fifth street with two tracks and Fourth street with one track into and upon the property of the Southern Pacific Company near the northerly corner of Fourth and Townsend streets.

Fifth: Also a single or double track beginning at a point in the last above mentioned tracks, at or near the intersection of Division and Townsend streets; thence easterly on a curve to the right crossing Division street with one track; crossing Eighth street with two tracks, into and across the yards and property of the Southern Pacific Company, crossing King street between Seventh and Division streets in an easterly direction with two tracks, crossing Berry street between Seventh and DeHaro streets with two tracks; thence continuing in an easterly direction and connecting with the existing passenger train double tracks on Seventh street near its intersection with Channel street.

Sixth: Also tracks beginning at two points in the existing freight train tracks near the intersection of Seventh and Channel streets; thence in a northerly direction on a curve to the right crossing Channel street with two tracks into and across the yards and property of the Southern Pacific Company; thence continuing in a northeasterly direction, crossing Sixth street, between Berry street and Channel streets, with seven tracks, Fifth street, between Berry and Channel streets, with seven tracks, Fourth street, between Berry and Channel streets, with seven tracks; thence into private property of said Southern Pacific Company.

Seventh: Also upon and across any and all intervening streets,

lanes, avenues, alleys, places and properties along the route of the tracks described in the foregoing paragraphs.

Section 2. The tracks constructed under this ordinance shall be laid flush with present surface of said streets as the same now exist.

Section 3. The rights hereby granted are upon the express conditions prescribed in and by the Charter of the City and County of San Francisco, and especially in and by Subdivision 28 of Section 1, Chapter II, Article II, thereof. The character and general arrangement of all structures herein referred to, the materials of which they are to be built and all work of whatsoever kind or character done under this franchise upon public streets or highways, shall be subject to the approval of the Board of Public Works of said City and County of San Francisco.

Section 4. This ordinance shall go into effect upon the expiration of sixty days from the date it becomes final either (a) by approval of the Mayor, (b) without his approval by the expiration of the time prescribed by the Charter of the City and County of San Francisco within which the Mayor may disapprove it, or (c) by its passage by the Board of Supervisors over the objections of the Mayor in the event of such disapproval.

Privilege of the Floor.

T. Ahern, Superintendent of Coast Division, Southern Pacific, was granted the privilege of the floor and addressed the Board. He stated that the proposed franchise which he had submitted had been so altered by the Public Utilities and Streets Committees that the company is unable to accept it; that by so doing they would reduce their facilities instead of increasing them. He, thereupon, presented the following amended franchise and requested its adoption in lieu of the foregoing.

Bill No. —, Ordinance No. — (New Series), Providing for a grant and granting to Southern Pacific Company, a railroad corporation, its successors and assigns, the right to construct, maintain and operate certain standard-gauge railroad tracks, under, over, along and across certain streets, avenues, alleys, places and properties in the City and County of San Francisco, State of California, for the term of fifty years from the passage of this Ordinance.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That the right of way

be and is hereby granted unto the Southern Pacific Company, a railroad corporation incorporated under the laws of the State of Kentucky, and having its principal office and place of business in the City and County of San Francisco, State of California, and to its successors and assigns, for the term of fifty years from the date of the passage of this Ordinance—said corporation having more than fifty miles of railroad actually constructed and in operation—to use the portions of streets, avenues, alleys, places and properties hereinafter mentioned and described, for railroad purposes as hereinafter set forth; and to that end said Southern Pacific Company, its successors and assigns, is hereby granted the right to construct, maintain and operate, by means of steam, electricity, or other motive power authorized by law, the following described standard-gauge railroad tracks upon, along, across and over the portions of said streets, avenues, alleys, places and properties hereinafter described, upon the route of and traversed by said railroad, and the right to construct, maintain and operate all necessary side tracks, turnouts, switches, crossings, spur-tracks, yard tracks, depot tracks and terminal tracks and facilities, and to connect any or all of the tracks hereinbefore or hereinafter described with the main line or lines of railroad operated by said company, all as hereinafter set forth:

First: Beginning at four points in the existing passenger train double tracks and freight train double tracks of said Southern Pacific Company at or near the intersection of Seventh and Berry streets; thence in a northerly direction on a curve to the right, crossing Berry street with five tracks into and across yards and property of the Southern Pacific Company, crossing King street in a northerly direction on a curve to the right with five tracks; crossing Sixth street, between Townsend and King streets, with twenty-one tracks; crossing Fifth street, between Townsend and King streets, with twenty-two tracks; and crossing Fourth street, between Townsend and King streets, with fourteen tracks.

Second: Beginning at two points in the existing freight train double tracks in the southeasterly line of Berry street near Seventh street; thence in a northerly direction on a curve to the right, crossing Berry street with two tracks, across the yards and property of the Southern Pacific Company to the southeasterly line of King street, between Sixth and Seventh streets; thence northeasterly along King street, crossing Sixth and

Fifth streets with two tracks; thence continuing along King street in a northeasterly direction, crossing Fourth street with three tracks to the southwesterly line of Third street; also a cross-over track connecting the said tracks on King street with tracks on the property of the Southern Pacific Company in the block bounded by Berry, King, Third and Fourth streets, said cross-over extending in a southwesterly direction across King street from a point near Third street to a point in the southeasterly line of said King street approximately 300 feet southwesterly thereon from the southwesterly line of Third street; also a single or double track cross-over connecting the said tracks on King street with tracks on the property of the Southern Pacific Company in the block bounded by King, Berry, Sixth and Seventh streets, extending in a southerly direction across King street and Sixth street from a point approximately one hundred and seventy feet northeasterly from the northeasterly line of Sixth street to a point near the south corner of King and Sixth streets.

Third: Also tracks beginning at two points in the existing freight train double tracks in Channel street near Seventh street; thence in a northerly direction on a curve to the right into and across the yards and property of the Southern Pacific Company, crossing Berry street between Sixth and Seventh streets with five tracks; crossing Sixth street, between Berry and King streets, with eight tracks; crossing Fifth street, between Berry and King streets, with nine tracks; crossing Fourth street, between Berry and King streets, with eleven tracks. Also a single or double track cross-over extending in a westerly direction across King street from a point in the southeasterly line thereof distant thereon approximately 190 feet southwesterly from the southwesterly line of Fourth street to a point in the northwesterly line of King street approximately four hundred feet southwesterly from the southwesterly line of Fourth street.

Fourth: Also tracks beginning at two points in the existing freight train tracks near the intersection of Seventh and Channel streets; thence in a northerly direction on a curve to the right crossing Channel street with two tracks into and across the yards and property of the Southern Pacific Company; thence continuing in a northeasterly direction crossing Sixth street, between Berry and Channel streets, with seven tracks; Fifth street, between Berry and Channel streets, with seven tracks; Fourth street, between Berry and Channel

streets, with seven tracks; thence into private property of said Southern Pacific Company.

Fifth: Also tracks beginning at three points in the existing tracks in private property at their intersection with the southerly line of Division street, between Kansas street and Vermont street; thence northeasterly on a curve to the left crossing Division street with three tracks into and along Townsend street; thence northeasterly along Townsend street, crossing Eighth street with three tracks, Seventh street with four tracks, Sixth street with two tracks, Fifth street with two tracks and Fourth street with one track into and upon the property of the Southern Pacific Company near the northerly corner of Fourth and Townsend streets.

Sixth: Also a single or double track beginning at a point in the last above mentioned tracks at or near the intersection of Division and Townsend streets; thence easterly on a curve to the right crossing Division street with one track; crossing Eighth street with two tracks, into and across the yards and property of the Southern Pacific company crossing King street, between Seventh and Division streets, in an easterly direction with two tracks; crossing Berry street, between Seventh and De Haro streets, with two tracks; thence continuing in an easterly direction and connecting with the existing passenger train double tracks on Seventh street near its intersection with Channel street.

Seventh: Also upon, along and across any and all intervening streets, lanes, avenues, alleys, places and properties along the route of the tracks described in the foregoing paragraphs.

Section 2. The foregoing rights, privileges and easements are hereby granted upon the following terms, conditions and obligations which shall be accepted by said grantee for itself and its successors and assigns as herein-after set forth in Section Five hereof:

a. Fourth street and all other public streets mentioned herein shall remain open public streets subject to public use, except that Fourth street may be temporarily closed to permit the arrival and departure of trains at the depot at Third and Townsend streets when trains are too long to be accommodated in the space between such depot and Fourth street. A flagman shall always be stationed at Fourth and King streets and at Fourth and Townsend streets.

b. The Southern Pacific Company shall have the right to erect umbrella sheds across Fourth street paralleling its main line tracks the same to be constructed so as to offer the least

possible obstruction to traffic and to be so constructed and maintained to the satisfaction of the Board of Public Works or such other department of the government of the City and County as may have control of its public streets.

c. The said Southern Pacific Company shall within one year from the date of taking effect of this Ordinance construct a steel frame passageway or viaduct sufficient to accommodate pedestrian traffic over the roadway of Fourth street from Townsend street to King street, elevated a distance to permit the passage of trains thereunder, such location and construction to be according to plans and specifications approved by the Board of Public Works and shall be maintained by said Southern Pacific Company to the satisfaction of said Board or other department of the government of the City and County having control of its public streets.

Section 3. No right, privilege or easement herein granted shall be construed as an abrogation of the police powers of the City and County or as a relinquishment of such control over its streets and thoroughfares as may be necessary to be exercised at any time to promote the public safety and convenience, and all Ordinances now in effect or that may be hereafter enacted relating to the public streets shall be given full force and effect.

Section 4. The rights hereby granted are upon the express conditions prescribed in and by the Charter of the City and County of San Francisco, and especially in and by Subdivision 28 of Section 1, Chapter II, Article II thereof.

Section 5. This Ordinance shall go into effect upon the expiration of sixty days from the date it becomes final either (a) by approval of the Mayor, (b) without his approval by the expiration of the time prescribed by the Charter of the City and County of San Francisco within which the Mayor may disapprove it, or (c) by its passage by the Board of Supervisors over the objections of the Mayor in the event of such disapproval. This Ordinance shall be void unless the grantee hereof shall within sixty days from the date when this Ordinance becomes final as aforesaid, file with the Clerk of the Board of Supervisors of said City and County, a written acceptance of this Ordinance and the terms and conditions thereof.

Motion.

Supervisor Murphy moved that the foregoing matter be made a Special Order of Business for 3 p. m. next Monday, and that the Clerk be directed to notify the public through the press.

Amendment.

Supervisor George E. Gallagher moved as an amendment recommitment to the Joint Committees.

Amendment to the Amendment.

Supervisor Vogelsang moved as an amendment to the amendment that matter be recommitted to the Public Utilities and Streets Committees for consideration in the Committee of the Whole and pending such consideration that it be referred to the City Attorney for his opinion as to the powers of the Boards to insert conditions in a franchise other than those outlined in the Charter.

Referred to City Attorney and to Public Utilities and Streets Committees.

Whereupon, the question being taken on Supervisor Vogelsang's motion, the same was *carried* by the following vote:

eri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock Murphy, Nolan Pavot. Vogelsang—18.

Passed for Printing.

The following matters were *passed for printing*:

Fixing Sidewalk Widths on Ocean Avenue.

On motion of Supervisor George E. Gallagher:

Bill No. 2560, Ordinance No.— (New Series), entitled, "Amending Ordinance No: 1061, entitled 'Regulating the width of sidewalks,' approved December 18, 1903, by amending Section Two Hundred and Eighteen thereof," the provisions of which fix the width of sidewalks on Ocean avenue, between Mission street and its westerly termination at ten (10) feet."

Any expense caused by the above change of walk widths shall be borne by the property owners. Ordinance No. 2051, approved October 22, 1912, is hereby repealed.

Approving and Accepting Deed for Sewer Right of Way in Bush Street.

Also, Bill No. 2561, Ordinance No. — (New Series), entitled, "Approving and accepting a deed of easement from the Sierra & San Francisco Power Company (a corporation) to the City and County of San Francisco (a municipal corporation), of a sewer right of way along what is known as Beach street between Laguna and Buchanan streets."

Full Acceptance, Valley Street and Ninth Avenue.

Also, Bill No. 2562, Ordinance No.— (New Series), entitled, "Providing for full acceptance of the roadway of Valley street, between Church and

Sanchez streets; and Ninth avenue, between Kirkham and Lawton streets.

Conditional Acceptance, Lawton and Balboa Streets.

Also, Bill No. 2563, Ordinance No.— (New Series), entitled, "Providing for conditional acceptance of the roadway of Lawton street, between Ninth and Tenth avenues; Balboa street, between Twelfth and Thirteenth avenues."

Establishing Grades, Certain Streets.

Also, Bill No. 2564, Ordinance No.— (New Series), entitled, "Establishing grades on Olney, Nelson, Meade, Le Conte, Key and Salinas avenues, between Railroad and San Bruno avenues; on Jamestown avenue, between Railroad and Salinas avenues; on Keith and Lane streets, between San Bruno and Salinas avenues; and on Carr, Exeter, Crane and Wheat streets, between Salinas and Paul avenues; on Ware street, between Paul and San Bruno avenues; and on Paul avenue, between Gould street and San Bruno avenue."

Amendment to Traffic Ordinance.

Also, Bill No. 2565, Ordinance No. — (New Series), entitled, "Amending Section 18 of Ordinance No. 1857 (New Series), entitled, 'Regulating Moving Travel and Traffic upon the streets and other places,' etc., approved March 26, 1912," the provisions of which provide that every person riding, driving, propelling or in charge of any vehicle upon any street, shall keep such vehicle at least four feet on the right hand side from the running board or lowest step of any street car which is stopping for the purpose of taking on or discharging passengers; and if, by reason of the presence of vehicles at the place where such car is stopping, or by reason of narrowness of the street, or for any other reason, it is not possible to preserve such distance of four feet on the right hand side from such running board or lowest step, as herein prescribed, then such person shall stop such vehicle until such car shall have taken on or discharged its passengers and again started.

Intention to Close Portion of Thirty-seventh Avenue, Between Geary and Clement Streets.

Resolution No. 10,220. (New Series), as follows:

Whereas, a petition has been filed with the Board of Supervisors of the City and County of San Francisco, State of California, by the property owner owning all of the frontage upon the portion of Thirty-seventh

avenue, between Geary and Clement streets, hereinafter more particularly described, and owning all of the property affected by the closing of said portion of said street, for the closing and abandonment of said portion of said street; and

Whereas, Public interest and convenience requires and would be conserved by said closing and abandonment;

Therefore, Be it Resolved, That it is the intention of said Board of Supervisors to close and abandon said portions of said street, more particularly hereinafter described as follows, to wit:

Commencing at a point on the easterly line of Thirty-seventh avenue distant thereon 325 feet northerly from the point of intersection of the northerly line of Geary street (formerly Point Lobos avenue) with the easterly line of Thirty-seventh avenue; running thence northerly along said line of Thirty-seventh avenue 275 feet to the southerly line of Clement street; thence at a right angle westerly 70 feet to the point of intersection of the said westerly line of Thirty-seventh avenue with the southerly line of Clement street; thence southerly along the said westerly line of Thirty-seventh avenue 275 feet, and thence at a right angle easterly 70 feet to the point of commencement.

Be it further Resolved, That the exterior boundaries of the district of lands to be affected or benefited by said closing and abandonment of said portion of said street, and to be assessed to pay the damages, costs and expenses thereof, are as follows, to wit:

Commencing at a point on the southerly line of Clement street, distant thereon 120 feet westerly from the intersection of the westerly line of 36th avenue with the said southerly line of Clement street and running thence westerly along said southerly line of Clement street 120 feet to the easterly line of 37th avenue; thence at a right angle southerly along said easterly line of 37th avenue 600 feet to the northerly line of Geary street; thence at a right angle easterly along said northerly line of Geary street 120 feet; thence at a right angle northerly 600 feet to the southerly line of Clement street and the point of commencement.

Being a portion of Outside Lands Block No. 217.

Commencing at a point on the southerly line of Clement street distant thereon 120 feet easterly from the intersection of the easterly line of 38th avenue with the southerly

line of Clement street; running thence easterly along said southerly line of Clement street 120 feet to the westerly line of 37th avenue; thence at a right angle 600 feet to the northerly line of Geary street; thence at a right angle westerly 120 feet and thence at a right angle northerly 600 feet to the point of commencement.

Being a portion of Outside Lands Block No. 218.

And the Board of Public Works is hereby directed to give notice of said contemplated closing and abandonment of said portion of Thirty-seventh avenue, in the manner provided by law, and the Clerk is hereby directed to advertise this resolution in the "Daily Journal of Commerce," as required by law.

Board of Public Works to Recommend Improvement of Columbus Avenue, Between Bay and North Point Streets.

Resolution No. 10,221 (New Series), as follows:

Resolved, That the Board of Public Works is hereby directed to recommend the improvement of the roadway of Columbus avenue, between Bay and North Point streets.

Ayes—Supervisors Bancroft, Cagliari, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—18.

Extension of Time.

Also, Resolution No. 10,222 (New Series), as follows:

Resolved, That J. F. Makowski is hereby granted an extension of forty-five days' time from and after May 26, 1913, within which to complete contract for grading and sewerage of Twenty-seventh avenue, between Lincoln way and Irving street, under public contract.

This extension of time is granted upon recommendation of the Board of Public Works for the reason that contractor was obliged to remove 25,000 cubic yards of material adjoining this street before he could proceed with the work.

Ayes—Supervisors Bancroft, Cagliari, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—18.

Extension of Time.

Resolution No. 10,223 (New Series), as follows:

Resolved, That Williams & Finnigan are hereby granted an extension of thirty days' time from and after May 14, 1913, within which to complete contract for the construction of a

sewer in the crossing of Twenty-seventh avenue and Irving street.

This extension of time is granted upon recommendation of the Board of Public Works for the reason that contractors assigned this work to A. D. Buckman, and the assignee assures this Board that he will proceed with the work immediately.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—18.

JAMES ROLPH, JR., Mayor.

San Francisco, Cal., June 9th, 1913.
To the Honorable the Board of Supervisors, City and County of San Francisco, City Hall, San Francisco, Cal.

Gentlemen:

Mr. Percy V. Long, City Attorney, has applied to me for leave of absence from the City, on official business, for a period not to exceed sixty days, commencing Sunday, June 8th, 1913, in accordance with Section 3, Article

XVI of the Charter of the City and County of San Francisco.

I recommend and respectfully request that said permission be granted.

Very respectfully yours,
JAMES ROLPH, JR., Mayor.

Dr. Somers, Leave of Absence.

J. R. No. 788.

Resolved, That in accordance with the recommendation of his Honor the Mayor, filed June 9, 1913, Dr. George B. Somers, member of the Board of Health, be and he is hereby granted leave of absence from the State for a period of six weeks commencing June 12, 1913.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—18.

Leaves of Absence, M. M. O'Shaughnessy, Percy V. Long.

J. R. No. 789.

Resolved, That in accordance with the recommendation of his Honor the Mayor, filed June —, 1913, Percy V. Long, City Attorney, and M. M. O'Shaughnessy, City Engineer, be and they are hereby granted leaves of absence with permission to leave the State for a period of sixty days from June 7, 1913.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—17.

Absent—Supervisor Giannini—1.

Municipal Clinic.

Supervisor Bancroft presented:

J. R. No. 790.

Whereas, the Board of Supervisors on February 3, 1913, adopted J. R. No. 604, as follows:

"Whereas, the use of the word 'Municipal' in connection with the clinic conducted by individuals at 682 Commercial street is misleading, implying that the agency is conducted by or controlled by the City Government; therefore, be it

"Resolved, That the use by any organization or individuals of the name 'Municipal Clinic' is hereby forbidden;" and

Whereas, in consequence of the adoption by the Board of Supervisors of the above resolution the impression has erroneously gone forth that said Board of Supervisors disapproves of the institution commonly known as the "Municipal Clinic," and

Whereas, on the contrary said Board of Supervisors does approve of the manner in which said institution has been conducted and considers that the work performed by Dr. Julius

Rosenstirn and the advisory board has resulted in a benefit to the health of the community; therefore, be it

Resolved, That the Board of Supervisors hereby indorses the manner in which the so-called "Municipal Clinic" has been conducted in the past; and be it

Further Resolved, That in order to better safeguard the health of this community the Board of Supervisors hereby expresses itself as favoring the continuation of the assistance that has been rendered until recently to said institution by the Police Department.

Ayes—Supervisors Bancroft, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, McCarthy, McLeran, Murdock, Nolan, Payot, Vogelsang—15.

Noes—Supervisors Caglieri, Mauzy, Murphy—3.

Privilege of the Floor.

Dr. Rosenstirn was granted the privilege of the floor and addressed the Board, stating that the clinic was doing commendable work in checking the spread of venereal disease. He declared that in Europe this work was very common and accomplished good results and that it should be kept up and supported in this city.

Motion.

Supervisor Mauzy moved the *reference of the above resolution to the Health Committee*

Motion lost by the following vote:

Ayes—Supervisors Mauzy, Murdock—2.

Adopted.

The following resolutions were *adopted*:

John Galen Howard, Consulting Architect, Released from Residence Requirement of Charter.

On motion of Supervisor Bancroft: Resolution No. 10224 (New Series), as follows:

Whereas, the position of Consulting Architect, either to this Board or to the Board of Public Works, in the matter of the planning, designing, execution and completion of the Civic Center and the buildings to be erected therein, including the City Hall, requires expert and technical training and high technical skill;

Now, therefore, be it Resolved, That the position of Consulting Architect, either to this Board or to the Board of Public Works, be and hereby is exempted from the condition prescribed by the provisions of Section 2, Article 16, of the Charter, which require all persons appointed to office, position or employment under the City and County to actually reside, during their respective terms of office or employment, in said City and County of San Francisco, and to have so resided for a period of one year next preceding their appointment; and

Whereas, John Galen Howard has had expert and technical training as an architect at the Massachusetts Institute of Technology and the Ecole des Beaux Arts of Paris, and is now and for more than ten years past has been Supervising Architect of the University of California, and is now the Director of the School of Architecture of said University, is a Fellow of the American Institute of Architects, has had twenty years' experience as a practicing architect including service as a member of the Board of Architects of the Pan-American Exposition at Buffalo, and as supervising architect of the Alaska-Yukon-Pacific Exposition at Seattle; and

Whereas, said John Galen Howard does not reside in the City and County of San Francisco;

Now, therefore, be it further Resolved, That said John Galen Howard be and he is hereby exempted from the provisions of Section 2 of Article 16 of the Charter, which require all persons appointed to office, position or employment under the City and County to actually reside, during their respective terms of office, in the City and County, and to

have so resided for a period of one year next preceding their appointment;

Resolved Further, That in lieu of such residence there shall be and is hereby imposed a certification of the training and experience of said John Galen Howard as aforesaid;

Resolved Further, That the affidavit and certificate of said John Galen Howard, this day filed with the Clerk of this Board, be and the same is hereby determined to be sufficient certification of his training and experience.

Referred.

The following resolution was introduced by Supervisor McLeran and referred to Public Buildings Committee:

City Attorney to Solicit Offers for Sale of Land Required for Playground for the Polytechnic High School.

Whereas, the Academic Building of the Polytechnic High School, situate in the southerly line of Frederick street, near First avenue, is being constructed and a finished portion of said school is now being operated with a large attendance of pupils; and

Whereas, the said school will be a credit to the City as a modern and fully equipped center of education in all branches for which such a school is intended; and

Whereas, one of the most necessary adjuncts to our school buildings is sufficient grounds to afford a playground and place of physical recreation for the attendants; therefore, be it

Resolved, That the City Attorney be authorized and requested to solicit offers for sale to the City of the following described land for the purpose of a playground and recreation park for said Polytechnic School, to-wit:

Commencing at a point formed by the intersection of the easterly line of Arguello boulevard with the north-

erly line of Frederick street, running thence northerly along said northerly line of Frederick street in an easterly direction 832 feet $3\frac{3}{4}$ inches, more or less; thence at a right angle northerly 105 feet $7\frac{1}{2}$ inches to the boundary line of Golden Gate Park; thence westerly following said boundary line of Golden Gate Park 588 feet $11\frac{3}{4}$ inches, more or less, to the easterly line of Arguello boulevard; thence at a right angle southerly along said easterly line of Arguello boulevard 105 feet $7\frac{1}{4}$ inches to the said northerly line of Frederick street and point of commencement.

Action Deferred.

The following resolution was introduced by Supervisor Nolan and *laid over one week*:

Board of Public Works to Cause Removal of Poles Unlawfully Maintained on Scott and Sutter Streets by City Electric Company.

J. R. No. —.

Whereas, there have been placed four poles on Sutter street, between Pierce and Divisadero streets, and three poles on Scott street, between Sutter and Post streets by the City Electric Company without a franchise from this Board; therefore, be it

Resolved, That the Board of Public Works is hereby instructed to remove said poles without delay, and the City Attorney is hereby requested to take the necessary proceedings to secure damages from said company for the unlawful use of the public streets.

Referred.

The following matter was introduced by Supervisor Nolan and *referred to the Public Utilities and Streets Committees*:

Amendment to Ordinance Granting Franchise to Southern Pacific Company.

Section 2, Subdivision i—The Southern Pacific Company, shall, immediately after the taking effect of this ordinance, install, maintain and keep lighted every night during the term of the franchise hereby granted, electric arc lamps at each of the corners of the following named streets:

Fourth and Townsend, King, Berry and Channel; Fifth and Townsend, King, Berry and Channel; Sixth and Townsend, King, Berry and Channel; Seventh and Townsend, King and Berry streets.

Also, said company shall install,

maintain and keep lighted by a system satisfactory to the Board of Public Works, the viaduct provided to be built by Sudvision "d" of this section, and shall continue such lighting during the term of the franchise hereby granted.

Sale of Relief Home Lands.

The following communication was presented by the Mayor and read by the Clerk:

San Francisco, Cal., June 9, 1913.

Hon. Board of Supervisors, City Hall, San Francisco:

Gentlemen—In accordance with the provisions of the Charter, Section 9, Article 2, Chapter 2, and the notice of sale of real property by the City and County of San Francisco, namely, approximately 23 acres, being a portion of the Relief Home Tract, which property is more specifically described in the notice of sale that was published in accordance with said provisions of the Charter, I beg to advise you that an auction of the said property was held on June 2, in the Chambers of the Board of Supervisors and before your Honorable Board, and in accordance with the said notice of auction sale.

The highest bid offered at that sale was the sum of \$120,000 by Walter H. Leimert. In accordance with the provisions of the Charter, I have required the deposit of a check in the sum of \$12,500, being 10 per cent of the sum bid in accordance with the Charter, and same is being held by the Clerk of the Board of Supervisors.

I do, therefore, as required by the Charter, hereby request that the said sale of property to Walter H. Leimert for the sum of \$120,000, be confirmed by your Honorable Board, subject to the provisions of the Charter, whereby an increased bid may be received and accepted.

Yours respectfully,

JAMES ROLPH, JR.,
Mayor.

Motion.

Supervisor George E. Gallagher moved that Wednesday, July 2, 1913, be fixed as the time for the consideration of the above matter.

Motion *carried*.

ADJOURNMENT.

There being no further business the Board at the hour of 5:50 p. m. adjourned.

Argument of Pacific Gas and Electric Company.

The Committee enlisted the services of Mr. Paul J. Ost, an electrical engineer in the office of the City Engineer, and as a result of his faithful and untiring work it attaches hereto his report and the result of his investigation into the figures submitted by the Pacific Gas and Electric Company. This company is the only concern selling gas in San Francisco, and with its electric service, consisting of both oil generated as well as hydro-electric current, and covering the greatest area it is, as it was in 1912, still taken to be a typical company for the investigation of its business as a basis for rates.

The Committee instructed Mr. Ost to analyze the figures submitted by the company, upon the principle adopted by this Committee, and adopted by your Board a year ago, namely, to look for the cost basis of the service as to manufacture, distribution and administration, and as to proper and fair present value of property in use and actually needed. It directed that the rate of return on the investment remain at 7 per cent, and that depreciation be calculated on the ap-

proved method of 1912, namely, the compound interest sinking fund method, with the basis of 7 per cent. This is fair to the company, as the company reinvests this depreciation amount in the properties of the company instead of letting the sum lie in an idle fund. The method here followed is approved and now advocated by one of the highest authorities on the subject, namely, Robert H. Whitten, Ph. D.

Gas.

The testimony and investigation show that since the early winter of 1912-13 the company has recruited the use of the once discarded works of the Metropolitan Company, which it acquired. They are now in full use, and the Committee therefore recommends a return upon the fair value of this investment, as based upon the report of J. G. White & Co.

There are in the streets of the city at the present time a considerable mileage of gas mains not in use, and which never will be used. The plant as it stands today is the result of actual growth on the part of the parent plant, to which have been added from time to time various other plants. The added plants were complete in themselves, but the location of the generating stations made the main radiating from them such as not to be conducive to the most efficient distribution when connected into the system of the parent company. Also, in a great many localities, the parent company had one gas main in a block which had been paralleled by a main of the company acquired, thus making two mains in a block where one would be sufficient. There are places where there are not only two mains, but three and four. The adding of a complete system to the larger plant from time to time has also imposed some increase in the cost of operation which may be well shown by the case of the Metropolitan plant. The Metropolitan was the last plant added, and the officers of the company testified before your Committee that after they shut the plant down complaints became so numerous, due to low pressure, that it was necessary to start it again in order to force the gas through the mains in the same direction as they were constructed to carry it. Thus, during parts of the year, when there is sufficient capacity at the Potrero plant to supply the whole city, good service demands that the Metropolitan plant be operated. Naturally, operating and maintaining two plants increases the cost of production over what it would be were the gas all generated at one point.

Fair Present Value.

The Committee approves of Mr. Ost's analysis of the value of the property. In assuming the fair present value of the properties to be 90 per cent of the reproduction cost, new, the Committee acts with great liberality to the company. It might be argued that a large proportion of the system is proportionately old enough to force the present value of the properties down to—say 75 per cent of the reproduction cost, new, of the properties. The Committee is, however, much impressed by the statement of Mr. T. C. Gillespie, the appraisal engineer of J. G. White & Co., who testified that in his view the properties were up to a point of efficiency indicating a fair present value of 85 to 90 per cent of reproduction cost, new. The Committee is willing to reward this exercise of vigilant efficiency in its valuation of the plant for rate purposes, but does so without any desire to establish this as a principle.

Were the fair present value taken at 75 per cent of reproduction cost, new, the sum on which an income of 7 per cent is allowed would be reduced by about \$1,800,000, and the difference would amount to over \$125,000, which would reduce the cost of gas by about 3 cents per 1,000 cubic feet.

Depreciable Value and Depreciation.

Equally great liberality is shown in the assumption that the scrap value of the gas properties is only 10 per cent. According to all authorities, 25 per cent could be assumed as such scrap value, and if this were done it would reduce the capital on which depreciation should be allowed by about \$2,200,000.

In the cost analysis as made by Mr. Ost, and as approved by this Committee, \$80,145.34 is allowed for depreciation on the gas properties; this sum annually compounded at 7 per cent would accumulate to the reproduction value, new, less scrap value of the depreciable portion of the system, namely, to \$11,079,063.33.

Liberal treatment is again accorded to the company in the valuation of the real estate as made by J. G. White & Co. We are allowing 7 per cent, clear of taxes, etc., on a valuation of land which could possibly be valued at a much smaller sum. The question of return on land is occupying much attention. It may well be held that if an allowance for depreciation is granted the company the appreciation accruing on land values should be credited to the community as an income from the company's business.

Rate-making bodies should not become confused by the statement of the company that its expenditures for renewal or replacements were greater

in a given year than the allowance made for this year to the depreciation sinking fund. In the case of this company the committee last year pointed out that in about four years and up to December 31, 1911, the company had accumulated a fund of almost \$4,000,000 for depreciation of its gas and electric properties. In this fund it would be fair to add a certain share of the income from previous years, which the company could or should have set aside for the depreciation fund. But, even the \$3,976,574.43 in the fund on December 31, 1911, plus the allowance for 1912-13 of \$155,008 on the gas properties, and \$332,673 on the electric properties, would total up to \$4,464,255.43, and with even simple interest for eighteen months at 7 per cent on \$3,976,574 (\$417,540.27), would on July 1, 1913, show a depreciation sinking fund of at least \$4,881,795.70. This fund would yield for the year 1913-14, at 7 per cent, the sum of \$341,725.70 with which to take care of obsolescence, inadequacy, replacements and deterioration, etc., all comprised under depreciation. The company may say that it is employing this huge sum in the service of the public as part of its investment in the business, and all the income from it should therefore go to the company. But this huge fund was furnished by the public for a specific purpose, and while there can be no objection to the employment in the upbuilding of the system, it is nevertheless the public's contribution to the capitalization, facilitating the financing to this extent, making private investment unnecessary to this amount, and practically establishing this sum as the partnership interest which the public holds with the company in the plant value.

Mr. Ost has taken the company's own figures and the White report as the basis of his analysis.

Leakage.

By direction of the Committee an allowable percentage for leakage of gas is taken at 7 per cent of the gas generated. The wisdom and justice of the Board's action in the year previous is borne out by the developments as shown.

"Going Concern."

As to going concern value, the Committee finds that in the White valuation the elements practically constituting going concern are most liberally taken care of. The testimony of the representatives of J. G. White & Co. furthermore show that pavements over mains are valued in all instances, although in the determination of actual habilitation cost a very vast sum could no doubt be deducted for this item alone. Again, the intangible

value of the going business, if it is said to include such items as getting customers and thus enlarging the substance and the increasing sustenance of the business, is fully taken care of by the full reimbursement for administrative and overhead charges—clerk hire, solicitors' salaries, connecting costs, etc., which are often all the expenses involved in building up the business, and for which full operating expenses are allowed the company in each year. So that the community itself has constantly paid for the upbuilding and going of the concern.

Franchise Value.

The theory of regulating rates and service is based upon the right of the public to share in the business, and upon its contribution to the business by such factors as rights in, over and under the streets, by assuming certain inconveniences resulting therefrom, by the public's guarantee of adequate return, of protection in the full value of the investment, by the increase to the business from the growth of the community and otherwise. This being so, it would be unreasonable to assume that the public should further tax itself upon the capitalization of any rights and privileges which the public itself has contributed to the business, and in which it should, on the contrary, share as a partner. If it is said that franchise value might be computed by capitalizing the excess income over a fair return on the investment, it is surely clear that it would be punishing the community for allowing a company at any time more than the mere fair and reasonable return figured down to the bone. The community would not only be justified in figuring right down to the necessary minimum, but in self-protection it would have to do so. Evidently, a capitalization of a franchise value is not permissible for rate-making purposes in this case.

Summary.

The figures based on these conclusions lead to the price necessary to yield the company 7 per cent on its fair present investment value, to reimburse it for all its operating costs, and to give it a further contribution to the depreciation sinking fund. This price is 71.538 cents per 1,000 cubic feet of gas. As above stated, a more rigid or unyielding view of values, which might nevertheless be sustained if insisted upon, would further reduce this price by about 3 cents per 1,000 cubic feet, or down to about 68½ cents per 1,000 cubic feet. The Committee feels that the company gives an excellent service. Its managers and operating staff are men "who know the business." The quality of service deserves recognition in the form of encouragement

toward its continuance. The company worked for a year under a 75-cent rate, which has proved itself as a very fair rate to all concerned, and the Committee recommends a continuance of the 75-cent rate for another year, at the end of which, however, a 70-cent rate should appear fully justifiable.

The quality of gas now served should be continued.

The suggestion of Mr. Ost as to accounts and investment sheets should be embodied in an ordinance including all public utility corporations.

Compliance with this suggestion will not only facilitate the annual work of establishing the rates, but it will provide that continual supervision of expenditures which becomes advisable as the value and extent of the properties increase.

ELECTRICITY.

The same procedure was followed in the calculation of the average cost per K. W. H. of electric current. The properties used for this utility were also valued at 90 per cent of reproduction, new, value, although a smaller value might be justifiable. A different percentage, however, namely, 30 per cent, was in this case assumed for scrap value. Mr. Gillespie, and he must be our highest authority, testified that no portion had a smaller scrap value than 25 per cent, and that some of it, namely, the copper, as high as 85 per cent. There being such a vast quantity and value of copper and other re-usable metal, etc., in the electric system, a 30 per cent scrap valuation is surely very moderate to deduct from new value, so as to get the basis value for depreciation figures. In the discussion of the gas rate the company's condition and the city's relation thereto with regard to depreciation sinking fund has been fully covered. Everything which is there said applies equally to the electric division, and justifies our figures. The assumed life of twenty-five years for the electric properties is Mr. Gillespie's estimate of the life of this system.

What has been previously said of going concern value, of going business value, and of franchise value need not be repeated. It is meant for this division of the business with equal force.

On the basis of the business done in 1912, the company earns 7 per cent on investment, plus operating costs, including maintenance, repairs, depreciation, etc., when it averages a receipt of 3.2992 cents per K. W. H. sold. The consumption, however, is steadily showing a marked increase, and the load factor of the business is growing, thus forecasting a still better condition. But even on this basis Mr. Ost shows that the excess income, over a required rate in 1912, was \$579,594.25.

If we consider that in the first half of 1912 a higher rate was in effect than in the fiscal year 1912-13, and if we deduct about \$35,000 from the excess as due to the previous rates, we find that with the now existing rate on the basis of 1912 consumption of electric energy an excess income of about \$545,000 is available and might properly be distributed over the new rates in the form of a reduction.

The Committee is impressed with the argument that the peak load forms the basis of the investment cost, and that new business at non-peak periods (at the valley periods of the graphical description of the load curve) is a most profitable addition, and can be well afforded at reduced rates, or far below the peak load costs. This policy stimulates industrial and commercial enterprise, helps the company materially to earn income during otherwise non-income producing hours, and in turn enables the company to charge the very small consumer (principally residence consumer) much less than if the latter alone were the company's customer. But, while the company contends that the small consumer should have a quite high rate, it is also evident to this Committee that the small consumer does his share in cheapening the cost, by increasing load factor, by producing revenue, by upbuilding the community and his neighborhood—creating smaller, but gradually developing new commercial or industrial centers—and he should share in the possible reduction in rates quite materially. About 57 per cent of the company's customers are now paying the top rate, namely, 8 cents, and about 10 per cent of the customers pay the 7-cent flat rate. The total bills of these 67 per cent of the customers, however, yield but 22.8 per cent of the total revenue. The Committee recommends a reduction in the two highest rates from 8 cents and 7 cents so as to make them 6 cents; it recommends, furthermore, a quicker step-down to the next lower rates, and in addition thereto, recommends that the present minimum meter charge be reduced from \$1 to 75 cents per month, and that this rate shall include the use of 12 K. W. H. per month, which is equivalent to about 400 W. H. per day, or to the use of four 50-Watt incandescent lamps for over two hours each day, or of three lamps for three hours daily.

The rate schedule should further provide that no consumer paying under one rate shall incur a greater bill for a smaller quantity of current than a rate payer in the next reduced class with greater quantity allowance.

The Committee advises a departure from the previously followed method

of applying the measure of service to the individual lamp in use for lighting. It is not quite reasonable to differentiate too greatly between the homes wherein all of the lights installed might be in use simultaneously and the home where the economies of the household require that while the lights are turned on in the dining room they are out in the kitchen, bathroom and in the bedrooms, and where economy must be practiced at all times. The fact is that a meter is installed and the current is available whether or not it is called upon. It cannot make a radical difference to the company if this current is used in one room or in four rooms or if its use is divided over a period of hours or if it is used simultaneously. Of course, if all the use were simultaneous and if it were at the hours of peak load only, the argument herein made could not be maintained. But the household under modern conditions calls on the service not only during peak hours, but for many domestic purposes, such as cooking, heating irons, vacuum cleaners, etc., and an attractive rate to the householder will stimulate the use of such appliances and in turn react favorably upon the income of the company.

The Committee proposes the following schedule for metered service:

Up to 40 K. W. H. in one month, 6c per K. W. H.

From 40-100 K. W. H., 5c per K. W. H.

From 100-200 K. W. H., 4c per K. W. H.

From 200 and over, 3½c per K. W. H.

During March, 1913, 39,883 consumers, or 82% of the total number, paid \$102,289. Under the proposed schedule these consumers would have paid but \$83,208. Figured on the same basis for 12 months the saving would be \$228,972.

If this total of say \$230,000 is thus saved the consumers during the coming fiscal year, the company still enjoys not only a fair average income rate yielding 7 per cent, but in addition thereto approximately \$315,000 as an incentive to extend their lines to the small outlying consumer, and as an encouragement for good service and for readiness, to develop the business economically and intelligently, and this sum will probably be further increased through the additional consumption, the company having testified to the fact that the reduced rates encourage a greater consumption, which naturally increases the profits of an all-ready profitable business. The company should be directed to place \$100,000 of this sum as an addition to the depreciation sinking fund.

As to the investment return of 7 per cent, while money is temporarily dear, this condition cannot be expected to last. But, even if it should, the company is amply protected by the remainder of the excess revenue.

Here, as in the gas rate, the Committee is willing to give a liberal rate, which in view of all the circumstances is fair to company and to consumer.

The Committee repeats its previous declaration as to the relationship existing between the company and the community. It must, until public ownership materializes, be a partnership with its resultant mutual co-operation.

At this point the Committee extends its thanks and commendation to Mr. Paul Ost, who rendered most valuable service, and it acknowledges the loyal help of the Committee Clerk, Mr. Chas. H. Forbes. Respectfully submitted,

E. L. NOLAN, Chairman.

HENRY PAYOT,

ADOLF KOSHLAND.

Report of Paul J. Ost, Electrical Engineer.

San Francisco, June 12th, 1913.
To the Honorable, the Lighting and Rates Committee of the Board of Supervisors, San Francisco, California:

Gentlemen—

At your direction has been prepared the enclosed reports of the properties of the Pacific Gas and Electric Company used in the manufacture and distribution of gas and electricity to the people of this City.

These reports have been based on the reports of the reproduction cost of the properties made by the firm of J. G. White & Co. as of December 31, 1911, which were made at the request of the Pacific Company, partially, at least, for purposes other than rate fixing. The reports have therefore been examined and checked as well as the limited time and the help available would permit.

As the reports were made almost a year and a half ago, there has of necessity been some change in the property. Some equipment then in use has been discarded, removed, disconnected or essential parts removed, making it inoperative. Such a case is instanced at the North Beach Plant, where there is a complete steam generating equipment, but nothing in the shape of an engine or pump to be driven by the steam. At the same plant there is a blower and two exhausters set ready to run, but without any motive power.

In the tabulated statements the properties have been divided into landed capital or real estate and non-landed capital or improvements and

equipment on the real estate and in the streets.

In the first column under the word "White" has been set down the reproduction cost of the various items as of December 31, 1911. These figures were taken from the report of J. G. White Company.

In the second column under the head of "Deductions" are shown such deductions as have been made from the figures of the White Company. This column deducted from the first column gives the reproduction cost of the parts of the plants included in the White report and now in actual use.

In the third column are figures representing the additions and betterments made during the calendar year of 1912. These figures are taken from the statements filed with your Board by the Pacific Company and represent the cost to the Company of such additions and betterments.

In the fourth column is the sum of the first and third column less the second column, or the reproduction cost of the plant in use December 31st, 1912.

To the total thus obtained has been added working capital, consisting of material and cash on hand. From the statement of working capital, as submitted by the Pacific Company, has been deducted the sum of \$399,754.36, representing accounts receivable. This deduction was made to offset the item of accounts payable, which the Pacific Company said it could not readily furnish, due to their being included with similar accounts for the districts outside of San Francisco.

The item of "Additions" covers the construction work contemplated between December 31st, 1912, and July 1st, 1913, and is made up of two items: first, actual expenditures for additions and betterments, as reflected by the books of the Pacific Company during the months of January, February, March and April, 1913; second, the estimated additions, to be made during the months of May and June.

The total of all these items is indicated as total capital investment or reproduction cost and is intended to represent the cost of reproducing the property as it will stand on July 1st, 1913. For depreciation, from this has been deducted 10 per cent of the reproduction cost of the plant as of December 31, 1912. This leaves the present value of the plant based on the assumption that the property has been maintained at 90 per cent of its efficiency.

From total capital investment have been subtracted such items as will

not depreciate, namely, real estate and working capital; this leaves the reproduction cost of such parts of the plant as are subject to wear, tear and damage through usage.

From this reproduction cost of the depreciable portion of the plant has been deducted an item of "Scrap Value", which represents the estimated junk value of the plant at the end of its useful life. The remainder is the net capital on which depreciation has been figured.

Gas.

The Pacific Gas and Electric Company is furnishing gas from its San Francisco generating plants to San Mateo, Palo Alto, Redwood and other towns on the Peninsula. In order to arrive at a proper basis for figuring the cost per thousand cubic feet of gas, the property has been divided into two parts, that in joint service and that in San Francisco service only. The depreciable capital in joint service is made up of the capital in the Potrero Plant and all departments. This, deducted from the net depreciable capital, leaves the depreciable capital in San Francisco service.

The reproduction cost of total capital investment is likewise divided into joint capital and capital in San Francisco service. The capital in joint service represents the same items with the addition of working capital and the real estate on which the Potrero Plant stands, together with the real estate used by all departments. This sum, deducted from the total capital investment, leaves the capital in San Francisco service.

In making up the cost of distribution apparatus, the cost of street lights and commercial arc lamps has been eliminated. The street lights are paid for under a special contract by the City, and the commercial arc lamps are also paid for under contracts separate from those for gas. These two items, therefore, should not enter into the cost per 1000 feet for gas. Likewise, in the statement of expense and maintenance, the operation of the street lights and the commercial arc lamps has been omitted.

Under the heading "Amount of Gas Sold" is shown the gas generated in the year 1912, amounting to 4,441,856,000 cubic feet. From this has been deducted 7 per cent for allowable leakage.

Considering the efficiency shown in reducing the leakage during the past year, it seems fair to consider that the loss during the coming year will not exceed the 7 per cent. This leaves the amount of gas properly accounted for. From this has been

deducted the amount of gas used by the Company at its office and works, leaving 4,126,426,680 cubic feet as the amount of gas generated, transmitted and sold. This is the figure which has been used in determining the cost per thousand cubic feet for generation, transmission and all general expenses. From the amount of gas generated, transmitted and sold has been deducted the amount sold to the Peninsula Line, leaving 4,022,098,351 cubic feet as the amount distributed and sold in San Francisco. This figure is used as the basis of computing the cost per thousand cubic feet of distribution.

The Gas Company in their statement includes an item of intangible capital for going concern value. This has not been included for the reason that the White Company has included in its reproduction cost such items as have been legally determined to be legitimate items of going concern value, namely, engineering, general expenses, insurance, bond interest during construction and taxes. The percentage thus added amounts in a great many cases to 26 per cent. This same item in the construction of a great many corporations has not exceeded 10 per cent; which would indicate that this item has been amply provided for in the White report.

No item has been included for franchise value, which was included in the Gas Company's statement; this for the reason that the distribution of gas is a monopoly in this community, and legal decisions have declared the franchise in such cases as of no value for rate fixing purposes.

The cost per thousand cubic feet of gas as obtained by the method herein outlined is shown under the heading "Summary of Cost of Gas" and amounts to 71.538 cents.

The quality of gas as delivered at the present time and as provided for in last year's ordinance, together with the pressure of its delivery, is entirely satisfactory, and it is recommended that the same conditions as to quality and pressure be continued.

Electricity.

The Pacific Gas and Electric Company's system in San Francisco is joined with the system outside of the City and their hydro-electric generating plants through connections made at Martin Station. They are thus able to secure electricity generated by water power, and are also able at times when the water is low to supply current to points outside of San Francisco. Therefore, in order to arrive at the cost per kilowatt hour, the property has been divided

into that in joint service and that in San Francisco service only.

As in the gas report, all arc lights and arc light equipment, together with the cost of operating and maintaining the arcs, has been eliminated from the figures used.

Under the heading "Amount of Electricity Sold" has been shown the total quantity generated plus the net amount received from the hydro-electric department, thus showing the amount of electricity available at the switchboard for distribution in San Francisco.

There are losses in the transmission and transformation of electricity which in the case of San Francisco has been estimated at 31 per cent. This, deducted from the current at the switchboard, leaves the amount available for use. From this has been deducted that used by the Company at its stations and offices. The remainder is the amount sold, and has been used as the basis for the cost per kilowatt hour of San Francisco service only. To this is added the amount which was delivered to the hydro-electric department for distribution outside of San Francisco. This figure is the basis of calculating the cost per kilowatt hour for joint expenses. As indicated under the heading "Gas" no allowance has been made for the items included by the Pacific Company as intangible capital.

The cost per kilowatt hour of electricity, as arrived at by the outlined computations, is \$0.032992. The details are shown under the heading "Summary of the Cost of Electricity".

Due to the complication of rates employed in the Electric Department, the income from ten items of revenue as shown on the statement furnished by the Pacific Company have been totaled in order to reach a conclusion. These items do not take into account any arc lighting and only \$5,000.00 has been considered on street incandescent lamps, making a total of \$2,464,895.20. It has been further estimated that these same items were in payment for 57,144,185 kilowatt hours. Figured at what would be the average cost as determined in the report, namely, \$0.032992, this would amount to \$1,885,300.95, leaving an excess of \$579,594.25 over and above an average minimum rate. Some of this is due to the higher rate allowed during the first half of 1912. On the basis of 63,000,000 kilowatt hours consumed during 1912 and estimating the reduction due to the change in rates made July 1st, 1912, as amounting to \$35,000.00 for the six months'

period, the excess becomes about \$545,000.00.

Appended to the report is a statement showing the number of meters with current consumed and revenue for March, 1913. These figures have been also indicated in the form of percentages, and the amount received on each schedule has been reduced to average price per kilowatt hour.

Conclusion.

The Pacific Company has a most comprehensive system of accounting of its own. They are also required to keep their accounts in such a manner as to meet the requirements of the State Railroad Commission, furnishing reports at stated intervals. It is therefore recommended that copies of these periodic reports be filed with the City, showing the ac-

counts of the San Francisco district. This manner of accounting will permit of direct comparison between costs of operation of the different companies in San Francisco and the other towns of the State.

It is further recommended that the Pacific Company furnish sheets similar to those on which the report of the J. G. White Company is made, these sheets to show deductions and additions to the plant in such a manner as to make the operation of determining capital investment for rate making purposes in future years one of compiling data already on hand and in workable condition.

Respectfully,

PAUL J. OST,
Electrical Engineer.

REPORT OF WATER RATES COMMITTEE.

San Francisco, May 31, 1913.

To the Honorable Board of Supervisors of the City and County of San Francisco.

In accordance with the request of the chairman of your committee, we have made an investigation of the statements filed with the Board of Supervisors by the Spring Valley Water Company in the pending annual water rates inquiry.

We have thought it advisable to determine at the outset the return the

company has received since Judge Farrington's decision was rendered in 1911.

Receipts of Spring Valley Water Company Under Present Ordinance.

The following schedule prepared from statements of the company shows the gross receipts, disbursements and net return on the valuations fixed by the City Engineer for the fiscal years 1910-11, 1911-12, 1912-13 and the estimates for the year 1913-14, to wit:

Fiscal Year	Valuation	Gross Receipts	Disbursements	Net Return	Rate
1910-1911.....	\$25,640,910.45	\$2,632,729.63	\$1,109,385.67	\$1,523,343.96	.059
1910-1911.....	27,920,613.92	2,632,729.63	1,109,385.67	1,523,343.96	.054
1911-1912.....	25,640,910.45	2,735,132.78	1,115,781.99	1,619,350.79	.063
1911-1912.....	27,920,613.92	2,735,132.78	1,115,781.99	1,619,350.79	.058
1912-1913.....	27,920,613.92	2,887,703.42	1,239,664.90	1,648,038.52	.0575
1913-1914.....	28,119,052.14	3,118,719.69	1,685,750.00	1,432,969.69	.0509

From the above it appears that for the fiscal year 1910-11, a normal year, the company received a return of almost 6 per cent on the \$25,640,910.45 valuation of its plant found for the year 1911-12 by the City Engineer. It received a return of .054 per cent on the \$27,920,613.92 valuation of the fiscal year 1912-1913, a valuation which was based on the Farrington decision.

For the fiscal year 1911-12 receipts amounted to \$2,735,132.78, disbursements for operating expenses and taxes, \$1,115,781.99, or a net return of \$1,619,350.79. This amounts to a return of 5 per cent on a valuation of \$32,387,065.80, or 6.1-3 per cent on \$25,640,910.45, the valuation for rate fixing purposes arrived at by the then City Engineer. It is .058 per cent on \$27,920,613.92, the City Engineer's valuation based on Farrington's decision.

For the year 1912-13 the receipts of the company to date and the estimated receipts for the balance of said fiscal year will amount to \$2,887,703.42, and the disbursements to date and the estimated disbursements for the balance of the fiscal year will amount to \$1,239,664.90, giving a net return of \$1,648,038.52. This amounts to over 5½ per cent on \$27,920,613.92, the City Engineer's valuation of the plant. It is 5 per cent on a valuation of \$32,960,770. Upon the City Engineer's valuation the company's return over 5 per cent gave a surplus of \$252,007.82. The increase in business for 1912-13 over 1911-12 amounted to 5½ per cent.

In estimating the probable receipts for the ensuing fiscal year, 1913-14, it is believed that the growth of the city will increase the receipts of the Spring Valley Water Company at

least 8 per cent over receipts of 1912-13. Considering the near completion of the Panama Canal, the attractions to tourists and others by reason of the Exposition, we believe that 8 per cent is a low estimate of the increase in receipts from water consumers for the ensuing fiscal year. Hence, for the 1913-14 receipts are estimated at \$3,118,719.69, disbursements \$1,685,750, or a net return of \$1,432,969.69. This amounts to 5.09 per cent on City Engineer's valuation of \$28,119,052.14 and gives the company a surplus over the 5 per cent rate of \$27,017.

The diminution in the estimated rate of return for the coming fiscal year is due to the abnormal increase in operating expenses claimed by the company. The rate for the ensuing year, therefore, is no criterion of what the company would receive in an average or a normal year. The disbursements allowed, viz.: \$1,685,750 are those requested by Mr. Bourn in his letter of the 23rd ult., and are made up of the company's estimate of disbursements for operating expenses, taxes, depreciation and obsolescence and insurance and contingent funds.

Eliminate Merced Land.

If, however, a great portion of the Merced Lands is not essential to San Francisco's water supply, and it is stated in the offer of the Spring Valley Water Company to sell its properties to the city, that 550 acres immediately surrounding the lakes were ample to protect them from contamination, they should be eliminated from the values arrived at for rate fixing purposes. As to what lands are to be retained, and what released, is a matter for investigation by the City Engineer.

Reductions might be made in rates for shipping and building and in the

minimum meter rate if Merced lands are eliminated, and if it could be determined what lands of the Crystal Springs water sheds were not absolutely necessary or useful to San Francisco for water supply purposes. Mr. Bourn, in his statement before the committee of the whole on the 19th of May, declared that probably some of these lands might also be eliminated.

In view of such a statement from the president of the company it would seem proper that a detailed investigation be made by the City Engineer's office, for the purpose of determining, for the use of the committee in future rate fixing, just what lands are absolutely necessary and economically useful for the water supply of San Francisco. This should be done as soon as possible, for all Spring Valley lands are close-in lands, increasing in value year by year.

By reason of the fact that a large portion of the investment of the company is placed in such real estate, the appreciation of which over the original purchase price is enormous at this time, and is destined to an even still greater increase, no hardship will be worked on the company by releasing these lands inasmuch as the investment is amply protected by its intrinsic value.

Effect of Eliminating Unnecessary Lands.

The effect of this policy of eliminating unnecessary lands will be to greatly increase the assessment roll and correspondingly to lower the tax rate. In the case of the Merced land, that property will become assessable for its share in the construction of the Twin Peaks tunnel. This will benefit the property owners whose assessments will be correspondingly decreased.

Greater and almost inestimable benefits will accrue to San Francisco by the release of this large tract of land at Lake Merced. The burden of taxes and assessments and the prospects of a good market for residence property will impel the company to open up this reservation to settlement. This means the construction of streets and sewers and homes, and consequently an enormous increase in the assessment roll which in turn will provide an incentive for capital to make expenditures for better transportation facilities.

Similar action by way of eliminating portions of the Crystal Springs watershed which Mr. Bourn in his testimony before the Committee of the Whole on the 19th ult. says might be eliminated, would have an awakening effect all down the peninsula, stimulating business and accel-

erating the development of that section which has so long lain dormant. Incidentally it would relieve the water consumers of San Francisco from the burden of paying taxes on this property.

Present Condition of Supply.

The company, in its letter of the 23d inst., makes the following statement: "Any increase in business for the next fiscal year is problematical as we do not know if we can or if we should, considering the conditions of the supply, take on additional consumers, the best policy looking to the maintenance of the supply to those already connected to our system."

This would practically mean the suspension of all building operations in the city. It means that the city's growth in population and new construction must cease forthwith—an assumption that cannot be granted. The city will continue to grow in population and wealth and the company is bound to do all in its power to meet its requirements. At the present time there are a number of large buildings being erected in the downtown district, which will not be finished until well on in the first half of the fiscal year 1913-14, and when completed application will be made for water connection and service. The company cannot legally deprive any consumer or owner of property where its mains are laid from their share of the available supply. This is true of every part of the city where the company's mains are laid. It will therefore be seen that the company cannot refuse to give such service as it may be able and to charge therefor at the regular rates. It would not be wise for the Board of Supervisors to comply with the request of the company "that consent be given to decline to take on new consumers," for the company would be thereby relieved of its duty in the matter and the applicant for water service probably deprived of his right to redress in the courts in case of refusal of the company to afford service.

The following excerpt from the opinion of U. S. Circuit Judge W. W. Morrow in *The San Joaquin and Kings River Canal and Irrigation Company v. The County of Stanislaus et al.*, touches on this point:

"The right of an individual to a public use of water is in the nature of a public right possessed by reason of his status as a person of the class for whose benefit the water is appropriated or dedicated. All who enter the class may demand the use of the water regardless of whether they have previously enjoyed it or not."

City Pipe System.

Moreover, if the company proposes to refuse to take on new consumers consideration should be given to a proposition to strike out from the valuation of the city distributing system an amount corresponding to the value of that portion of the city pipe system that is rendered useless by such refusal. A large portion of the capacity of the pipe system is unused in the burned district. This, in fact, might be considered in the present investigation on the company's own statement as to the conditions.

The following excerpt from Farrington's decision will elucidate the point:

Mr. Justice Holmes says in *San Diego L. and T. Co. v. Jasper*, 189 U. S. 439, 446:

"If a plant is built, as probably this was, for a larger area than it finds itself able to supply, or, apart from that, if it does not yet have the customers contemplated, neither justice nor the Constitution requires that, say, two-thirds of the contemplated number should pay a full return."

In *Water District v. Water Co.*, 99 Me. 371, 376, Mr. Justice Savage uses the following illustration:

"Suppose that a five-hundred horse power engine was used for pumping when a one-hundred horse power engine would do as well. As property to be fairly valued, the larger engine might be more valuable than the smaller one, yet it could not be said that it would be reasonable to compel the public to pay rates based upon the value of the unnecessarily expensive engine."

In *Southern Pacific Co. v. Bartine*, 170 Fed. 725, 767, the court declared:

"If a railroad is built into a new and sparsely settled territory, with a view of serving a large future population and developing business, the Constitution does not require the few people and the small business of the present time to pay rates which will yield an income equal to the full return to be gathered when the country is populated and business developed to the full capacity of the road."

Result of Shortage of Water.

The flat rate payers in the elevated sections of the city will probably be the first to suffer should the supply given to them fail. If their water is shut off for a portion of the day, there is no way of determining what rebate should be made, and inasmuch as flat rates are collected in advance, it is likely that there will be no such rebate. This can probably be justified on the ground that they are not purchasing water by the quantity, and are getting as much as it is possible to furnish. The service

is what is paid for, not the quantity of water.

The following excerpt from an opinion of United States Circuit Judge Morrow states the law in the case:

"The theory that the carrier or distributor of water, the use of which is declared by law to be a public use, is but the purveyor of this public use, the agent in the execution of this public trust, has been adopted in the State of Colorado, where the Supreme Court of that state in *Wheeler v. Northern Irr. Co.*, 10 Colo. 582, 17 Pac. 487, under a constitutional provision substantially the same as that of California, held that the carrier of water dedicated to the public use was 'at least a quasi-public servant or agent,' that it was 'not in the attitude of a private individual contracting for the sale or use of his private property,' and that it 'exists largely for the benefit of others, being engaged in the business of transporting for hire water owned by the public to the people owning a right to its use,' that 'the carrier must be regarded as an intermediate agency existing for the purpose of aiding consumers in the exercise of their constitutional right, as well as a private enterprise prosecuted for the benefit of its owners.'"

It is also to be observed that if the company collects anything less than it is entitled to under the ordinance, it cannot go into court and complain that its return is inadequate. Effort must be first made to collect all that the company is entitled to.

Much of the increased population attracted by the Exposition and the opening of the Canal will live in the downtown district, in hotels and apartment houses; water to these consumers will be furnished through meters and as the elevations are generally low in this section, it is the last portion of the city that will suffer by reason of the failure of the supply. It is probable that the shortage will not affect those consumers until some steps have been taken to improve the conditions.

The above is advanced in justification of the Committee's estimate of an increase in business of 8 per cent over last year's receipts.

Shipping Rates.

There is no justification for a double rate for shipping, notwithstanding the company's explanation that it is owing to the extra expenses required to maintain the pipe system on the wharves, and to handle the business.

The maintenance of the pipe system on the wharves and the cost of handling of the business is allowed under operating expenses when fix-

ing the general rate, and should not be charged up again against this class of consumers as a special rate. If the company were justified in receiving an increased revenue from shippers by reason of the extraordinary expenses required to furnish them water, a similar principle would operate to place a special rate on consumers, who by reason of the fact that their property was located in the elevated sections of the city made necessary the installation and maintenance of an expensive pumping plant to give them service.

Minimum Meter Rates.

The same thing is true of the minimum meter rate. It has been stated by representatives of the company in justification of the minimum rate of \$1.80, that owing to cost and maintenance of meters, their upkeep, inspection and repair, that the metered consumers should pay for such additional expense. Inasmuch as these charges are allowed in operating expenses it would be a double charge to again place them on the consumer in the minimum rate. This does not mean that there should be no minimum rate, but that a basis similar to that of the flat rate should be found. These matters (shipping rate and minimum meter rate) and the elimination of certain items in new investment should receive the attention of future rate fixing bodies.

All consumers should pay a rate based upon the cost of their service, and an ordinance scientifically and logically drawn would accomplish this.

Conclusion.

Inasmuch as the succession of dry years have enormously increased the estimated operating expenses of the company for the ensuing year, and the estimated surplus over the 5 per cent allowed on the City Engineer's valuation is but \$27,000 in round numbers, there is nothing to do but retain the rates laid down in the present ordinance and your Committee so recommends. It also recommends that the Merced lands be not eliminated this year, but that the City Engineer investigate this matter of unnecessary lands in detail and that said elimination be made in the next report on the value of the properties for rate fixing purposes.

We have aimed to be fair and liberal to the company in arriving at these conclusions and have based our calculations on the company's own statements and the information disclosed by the testimony given at the investigation by its officials, believing that only by doing so we could be fair to the rate payers.

We regret that the present ordi-

nance, defective as it is, in permitting practically a double charge on shippers and meter payers, must be retained until more adequate information is at hand to make an equitable readjustment. We believe that under normal conditions of rainfall proper reductions can be made in these rates and in the building rates.

We believe, moreover, that a solution of the difficulty in the way of determining a fair rate to the consumer and a proper return to the company for the use of its property actually needed and economically useful for furnishing water to the City and County of San Francisco has been pointed out in the recommendation that the Merced properties and other properties not actually necessary be eliminated from the valuation for rate fixing purposes. The effect of this elimination will be evident when conditions as regards the water supply have resumed a normal basis. At that time the increase in rate payers, and reduction in operating expenses will permit of proper reductions and the placing of all consumers on an equitable rate.

We think that under the circumstances that the company will see its duty in the matter and proceed to make the necessary improvements so urgently needed.

Respectfully submitted.

Providing for Bond Issue for Street Railway Extensions.

Bill No. 2559, Ordinance No. 2319 (New Series), as follows:

Reciting that plans and estimates of cost have been filed by the Board of Public Works for the construction of a public utility, to-wit: A system of municipal street railways over and along the public streets or rights of way from The Embarcadero to terminals at the Panama-Pacific International Exposition grounds, and the Presidio Military Reservation; from various points in Market street, and in and through Stockton street to the same terminals; from Market street to a terminal in the Potrero district; on Van Ness avenue, and from such avenue along connecting streets to Church street, and along Church street to convenient terminals; along California street from Thirty-third avenue to First avenue, and over connecting streets to Geary street, and for such extensions and additions to the system as may be deemed necessary; and declaring that such estimated cost cannot be paid from the annual revenue, or from funds derived from taxes levied for that purpose, and will require the incurring of a bonded debt for the purpose of such construction and completion.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. It is hereby recited that the Board of Public Works, on the 29th day of May, 1913, placed on file with the Board of Supervisors plans and estimates of the cost of original construction and completion by the City and County of San Francisco of a public utility, to-wit: A system of municipal street railways over and along the public streets or rights of way from The Embarcadero to terminals at the Panama-Pacific International Exposition grounds and the Presidio Military Reservation; from various points in Market street and in and through Stockton street to the same terminals; from Market street to a terminal in the Potrero district; on Van Ness avenue, and from such avenue along connecting streets to Church street, and along Church

street to convenient terminals; along California street from Thirty-third avenue to First avenue and over connecting streets to Geary street, and for such extensions and additions to the system as may be deemed necessary, and to include equipment thereof, appurtenances thereto, and purchase of necessary lands; that said estimated cost for such public utility is the sum of \$3,500,000.00.

Section 2. That said estimate of \$3,500,000.00 is too great to be and cannot be paid out of the annual income of the City and County of San Francisco in addition to the other necessary expenses thereof, or from funds derived from taxes levied for that purpose, and will require the incurring of a bonded debt to the amount of three million five hundred thousand dollars for the purpose of constructing the system of street railways herein described; that said plans and estimates contain sufficient information to enable the Board of Supervisors to take further proceedings to secure the construction and completion of said described public utility, and to make the declarations herein contained.

Section 3. This ordinance shall take effect immediately.

Extension of Underground Electrical District.

Resolution No. 10,231 (New Series), as follows:

Resolved, That the City Electric Company, a corporation, is hereby granted permission to open streets and lay electrical underground conduits for the purpose of extending its distribution system in the City and County of San Francisco, in the places and in the manner as follows, to-wit:

Along the east side of Montgomery street, commencing at a present manhole 185 feet north of California street, to the north line of Clay street, total distance 455 feet, for the purpose of installing three 6 x 6-foot manholes and one 4-hole tile duct.

It is further provided, That the City Electric Company shall strictly comply with all the provisions of Ordinance No. 2201 (New Series) in the installation of these conduits.

Also further resolved, That the City and County may at any time take over the conduits and exten-

sions and service connections thereto constructed under this permit at the appraised value at the time of taking over.

Also further provided, That these underground conduit extensions shall be subject to provisions or ordinances, constitutional amendments or City Charter franchise provisions which may be hereafter adopted.

Also provided, That the City Electric Company shall, on completion of the work permitted under this permit, file with the Board of Public Works a verified statement of the actual cost of construction of the extension.

Also provided, That the service and equipment for these extensions be maintained at the highest practicable standard of efficiency.

Also provided, That in determining the value no allowances be made for going concern, franchise value or good will.

Licensing Master Electricians and Contractors.

On motion of Supervisor Bancroft: Bill No. 2566, Ordinance No. — (New Series), as follows: Imposing municipal license on master electricians and contractors engaged in the business of installing or constructing electrical wires, appliances or apparatus in, on or about buildings or other structures, in the City and County of San Francisco.

Section 1. Every person, firm or corporation engaged in the business of master electrician, or of contracting to install or construct electrical wires, appliances or apparatus in, on or about buildings or structures in the City and County of San Francisco shall pay a license of fifty (50) dollars per annum.

Section 2. All licenses provided for under this Ordinance shall be due and payable in advance on or before the first Monday in July of each fiscal year.

Section 3. Any person, firm or corporation violating any of the provisions of this Ordinance shall be guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not to exceed five hundred (500) dollars or by imprisonment in the County Jail for not to exceed six (6) months, or by both such fine and imprisonment.

Section 4. This Ordinance shall take effect and be in force from and after the first day of July, 1913.

Amending Building Laws in Regard to Patent Chimneys.

Also, Bill No. 2567, Ordinance No. — (New Series), as follows: Amending Sections 244 and 245 of Ordinance Number 1008, known as the Building Law, approved December 22, 1909, relating to the regulation of the installation of patent chimneys.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Section 244 of Ordinance Number 1008 (New Series), approved December 22, 1909, is hereby amended to read as follows:

Section 244. In lieu of the brick or stone chimney, as hereinbefore provided, there may be erected a chimney known as a patent chimney, for which a United States patent has been issued, and which has been approved by the Board of Public Works.

Every corporation, copartnership or individual engaged in conducting the business of constructing, erecting, installing or repairing brick, stone or patent chimneys in the City and County of San Francisco, shall appear in person or by duly authorized representative at the office of the Board of Public Works, and shall register with the said Board of Public Works, the name and place of business in said City and County of said corporation, copartnership or individual, and the person so appearing shall make and file with said Board of Public Works, his affidavit that such name and place of business, as thus registered are correctly stated. Upon filing of said affidavit said Board of Public Works shall forthwith issue to said corporation, copartnership or individual a certificate of such registration, provided, that said certificate shall not be granted for more than the period of one fiscal year, or a portion thereof, in any case unexpired at the time of the granting of the certificate. And no corporation, copartnership or individual shall construct, install, erect or repair any patent chimney or fire-place

connected with a patent chimney, unless such certificate or registration shall have first been issued to such corporation, copartnership or individual.

No heater, stove or range wherein coal, gas or coal oil or other fuel is consumed shall be used unless the same be connected with a brick, stone or patent chimney, except as provided for in Section 247 of the Building Ordinance.

Upon the completion or the erection or repair of any brick, stone or patent chimney or fire-place connected with a patent chimney, it shall be the duty of the corporation, copartnership or individual who performed said work to notify the Board of Public Works of such completion, who shall at once cause the same to be inspected, and if found in compliance with this Ordinance shall make and deliver a certificate or report of such inspection to the corporation, copartnership or individual that performed said work, which certificate or report shall specify whether or not said work has been performed in compliance with the provisions of this Ordinance, and if not in compliance therewith shall state wherein said work does not comply with the provisions of this Ordinance. It shall be the duty of the Board of Public Works to keep on file in its office a duplicate of said certificate or report which shall at all times be subject and readily accessible to the inspection of the public.

No patent chimney or fire-place connected with a patent chimney hereafter constructed or repaired shall be used until a certificate or report has been made and filed by said Board of Public Works, as aforesaid, certifying that said work has been done in compliance with the provisions of this Ordinance, nor shall any building hereafter constructed, wherein patent chimneys or fireplaces connected with patent chimneys shall have been installed be plastered until such certificate or report shall have been made and filed.

All patent chimneys shall be built up from the floor on which they are used, and when erected on the inside of a building they shall rest on an iron plate not less than one-quarter of an inch in thickness covered by not less than eight inches of brick-work, and shall contain a smoke proof opening near the bottom for cleaning purposes.

All patent chimneys shall be braced every four feet of their height by substantial iron bands securely fastened to the frame or studding or crosspieces of the building. All joints must be cemented and the bands covering the joints shall be made of the best number 24 iron and filled with

cement to make them smoke and spark proof.

All galvanized iron used in the outside covering of patent chimneys shall be of the best number 24 iron, riveted together with rivets not more than three inches apart and may be seamed, and top and bottom of seams secured by rivets, and shall be ventilated by eight holes not less than one inch in diameter, said holes to be made close to the top of the chimney above the roof; there shall be a space of not less than one inch between the clay chimney pipe and the iron covering. No patent chimney shall be erected so that it will be less than one and one-half inches from all wood-work, and the openings in the roof and through each floor and ceiling through which it passes shall be closed around said chimney with an iron plate or other fireproof material.

All pipe used for patent chimneys shall be composed of pure calveid clay, not less than one inch in thickness.

No patent chimney shall have more than one inlet except that in apartment houses of not less than three stories in height, patent chimneys used or designed as vents, for gas stoves, ranges or heaters may have one inlet for each floor, provided that the sizes of patent chimneys with which such inlets are connected shall be as follows:

In apartment houses three stories in height such patent chimneys shall be not less than six inches in diameter;

In apartment houses four stories in height, such patent chimneys shall be not less than seven inches in diameter;

In apartment houses five stories in height, such patent chimneys shall be not less than eight inches in diameter;

In apartment houses six stories in height, such patent chimneys shall be not less than ten inches in diameter;

In apartment houses seven stories or over in height, such patent chimneys shall be not less than twelve inches in diameter, and no such inlet shall be greater than four (4) inches in diameter.

Section 2. Section 245 of Ordinance Number 1008 (New Series), approved December 22, 1909, is hereby amended to read as follows:

Section 245. The inside dimensions of patent chimneys shall be as follows:

For fireplace of 18-inch opening, 6 inches.

For fireplace of 21-inch opening, 7 inches.

For fireplace of 24-inch opening, 8 inches.

For fireplace of 30-inch opening, 10 inches.

For fireplace of 36-inch opening, 12 inches.

For fireplace of 48-inch opening, 14 inches.

For ordinary stove flues, 6 inches.

For French range flues, 8 inches.

For steel range flues, 8 inches.

For furnace flues, 8, 10 or 12 inches.

No furnace flue shall be smaller in diameter than the opening of the furnace with which it is connected.

Licensing Patent Chimney Contractors.

Also, Bill No. 2568, Ordinance No. — (New Series), as follows: Imposing a municipal license on patent chimney contractors and all persons engaged in the business of erecting or installing patent chimneys in, on or about buildings or other structures in the City and County of San Francisco.

Section 1. Every person, firm or corporation engaged in the business of erecting or installing patent chimneys in, on or about buildings or other structures in the City and County of San Francisco shall pay a municipal license of one hundred and twenty-five (125) dollars per annum.

Section 2. All licenses provided for under the Ordinance shall be due and payable in advance on or before the first Monday in July of each fiscal year.

Section 3. Any person, firm or corporation violating any of the provisions of this Ordinance shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not to exceed five hundred (500) dollars or by imprisonment in the County Jail for not to exceed six months, or by both such fine and imprisonment.

Section 4. This Ordinance shall take effect and be in full force from and after the first day of July, 1913.

Action Deferred.

The following matters were presented by Supervisor Bancroft and on motion *laid over one week*:

Increasing Height of Frame Structures to be Erected on Sloping Ground.

Bill No. —, Ordinance No. — (New Series), as follows: Amending Section 78 of Ordinance No. 1008 (New Series), approved December 22, 1909.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Section 78 of Ordinance No. 1008 (New Series), approved December 22, 1909, is hereby amended to read as follows:

Section 78. Frame or wooden buildings may be constructed to a height not exceeding forty (40) feet and may

be built anywhere in the City and County except within the fire limits, and shall contain not more than three (3) stories and basement.

ON SLOPING GROUND: In the case of a frame or wooden building on a lot with the ground sloping downward from the facade at which the measurement is taken, the height of the building shall not at any point exceed forty (40) feet above the curb line measured on the facade facing the street, nor shall the height of the building at any point of the grade exceed fifty (50) feet above the adjoining curb in case of corner lots, or above the level of the ground in case of inside lots, provided, however, in the case of a frame or wooden building to be used only for the residence of a single family on a lot with the grade sloping downward from the facade at which the measurement is taken the height, except at the front facade, may exceed fifty (50) feet, but there shall not be at any point more than fifty (50) feet of frame construction above the foundation. Said foundation shall be of masonry, steel frame construction or reinforced concrete construction, and no part of the area within said foundation shall be in any way occupied. And provided further that in no event shall the total height of construction at any point on the lot built upon exceed seventy (70) feet above the footings.

In no case provided for in this section shall the building at any point extend to a greater height than that of a horizontal plane forty (40) feet above the curb line on the facade fronting the street.

Section 2. This Ordinance shall be in force and take effect from and after its passage.

Storage of Combustibles.

Also, Bill No. —, Ordinance No. — (New Series), as follows: Storage of combustibles.

Section 1. No tenement house, apartment house, hotel or rooming house, nor any part thereof, nor of the lot upon which it is situated, shall be used as a place of storage, keeping or handling of any explosives, inflammable oils, feed, straw, excelsior, cotton, paper stock, feathers or rags.

Section 2. Any firm handling nitric, muriatic, or sulphuric acids, shall store the same in the basement in a fire-proof room with standard fire doors. Every doorway shall have a masonry sill rising not less than nine (9) inches from floor. Floor to be constructed of concrete with drain in center connected to sewer, and such place to be plainly lettered, "acid storage."

Referred.

The following resolution was introduced by Supervisor Payot and on motion *recommitted to the Public Welfare Committee*:

Remodeling of Donahue Fountain.

J. R. No. —

Resolved, That it is the sense of this Board of Supervisors that the plan of the City Engineer for the

remodeling of the Donahue fountain at the gore of Market, Bush and Battery streets should be revised so as to provide for the construction of drinking fountains instead of watering troughs.

Further Resolved, That in the opinion of the Board of Supervisors the present wooden watering trough should be removed, after consultation with teaming and draying interests, to some more appropriate and suitable location.

Action Deferred.

The following bill was taken up and on motion *laid over one week*:
 Relating to Untrue Statements in regard to Merchandise Offered for Sale.

Bill No. —, Ordinance No. — (New Series), entitled, "Prohibiting the making of any untrue statement in relation to merchandise offered for sale, or services offered, by means of advertisement, proclamation or conversation, which statement is intended to commend such merchandise or service to the public."

Adopted.

The following Resolution was adopted:

Bill Board Permit.

On motion of Supervisor Payot:

J. R. No. 799.

Resolved, That the firm of J. Charles Green Company be and it is hereby granted a permit, revocable at the will of the Board of Supervisors, to erect and maintain a twenty-foot billboard on premises situate south side of Market street, 75 feet west of Seventh street, subject to the securing of the necessary building permit from the Board of Public Works.

Fire Pipes.

Section 9. Meters shall be applied to all pipes used specially for fire protection, and monthly bills shall be charged for the same at regular meter rates, provided, however, that the monthly bill shall not be less than fifty (50) cents for each one-half ($\frac{1}{2}$) inch of diameter of pipe used.

Meter Rates.

Section 10. Water furnished for any and all purposes not embraced in the above shall be supplied by meter at the following rates:

The first 2,000 cubic feet used (between 0 and 2,000 cubic feet) shall be charged for at the rate of twenty-five (25) cents per 100 cubic feet.

The next 2,000 cubic feet used (between 2,000 and 4,000 cubic feet) shall

be charged for at the rate of twenty-four (24) cents per 100 cubic feet.

The next 2,000 cubic feet used (between 4,000 and 6,000 cubic feet) shall be charged for at the rate of twenty-two (22) cents per 100 cubic feet.

The next 2,000 cubic feet used (between 6,000 and 8,000 cubic feet) shall be charged for at the rate of twenty-one (21) cents per 100 cubic feet.

The next 2,000 cubic feet used (between 8,000 and 10,000 cubic feet) shall be charged for at the rate of twenty (20) cents per 100 cubic feet.

The next 5,000 cubic feet used (between 10,000 and 15,000 cubic feet) shall be charged for at the rate of nineteen (19) cents per 100 cubic feet.

The next 5,000 cubic feet used (between 20,000 and 25,000 cubic feet) shall be charged for at the rate of seventeen (17) cents per 100 cubic feet.

The next 5,000 cubic feet used (between 25,000 and 30,000 cubic feet) shall be charged for at the rate of sixteen (16) cents per 100 cubic feet.

The next 10,000 cubic feet used (between 30,000 and 40,000 cubic feet) shall be charged for at the rate of fifteen (15) cents per 100 cubic feet.

The first 10,000 cubic feet used (between 40,000 and 50,000 cubic feet) shall be charged for at the rate of fifteen (15) cents per 100 cubic feet.

The next 10,000 cubic feet used (between 50,000 and 60,000 cubic feet) shall be charged for at the rate of fourteen (14) cents per 100 cubic feet.

The next 10,000 cubic feet used (between 60,000 and 70,000 cubic feet) shall be charged for at the rate of thirteen (13) cents per 100 cubic feet.

All water used in excess of 70,000 cubic feet per month to be charged for at the rate of twelve (12) cents per 100 cubic feet.

No monthly meter bill to be less than one and 80/100 dollars (\$.80), except as hereinafter provided.

Upon application of any ratepayer the Board of Supervisors shall reserve the right, upon a proper showing of cause, to require the company to put in a meter and charge meter rates for any consumer of water, on such conditions as the Board may impose as to the rental when meter is not actually used.

Meter Rates for Shipping.

Water shall be furnished and delivered by meter measurement to shipping lying alongside of the bulkhead or any of the wharves on the water front where water pipes or mains are laid, between the hours of 6 o'clock a. m. and 6 o'clock p. m., daily, upon application being made therefor, at the

following rates: When supplied by reel and hose cast, \$1.50 per 1000 gallons. When supplied by connection with water pipes, at rates that shall not exceed double the regular meter rates established by Section 10. The minimum charge for each separate delivery to be fifty (50) cents.

No water boat furnishing and supplying water to shipping lying at anchor within the limits of the wharves of the City and County of San Francisco shall charge a rate to exceed three dollars (\$3.00) per 1000 gallons.

Hydrant Rates.

Section 11. The rates of compensation to be collected for water supplied by and through hydrants to the City and County of San Francisco shall be two dollars and fifty cents (\$2.50) per month for each hydrant for fire purposes and flushing of sewers.

Prevention of Waste.

Section 12. Prevention of waste or excessive use:

In no case where the fixed rates above provided other than meter rates, are applicable, shall any charge for water be made by meter rates, it being the purpose of this ordinance to provide for all dwelling houses a fixed monthly rate which shall not be increased by the person, company or corporation supplying water.

Provided, however, that for the purpose of discovering and repressing waste or excessive use, all persons, companies or corporations shall have the right in all cases to apply and maintain meters to measure the water used or consumed, and to charge and collect for waste or excessive use under the condition and to the extent hereafter provided in this section, and not otherwise.

No consumer shall be deemed guilty of waste or excessive use unless the water used or consumed upon his premises in any month shall exceed by fifty (50) per cent the number of cubic feet which at regular meter rates amount to his rated bill, in which case such excess shall be deemed waste or excessive use.

Immediately after the discovery of any waste or excessive use, the consumer shall be notified thereof by the person, company or corporation supplying water by notice mailed to his address or to the agent or person to whom his water bills are presented for collection.

After such notice the consumer may be charged and there may be collected from him for any waste or excessive use thereafter occurring upon his premises at regular meter rates, but such charge or collection shall not exceed for the first month the sum of two dollars (\$2.00), for the second

month the sum of four dollars (\$4.00), or for any following month the sum of five dollars (\$5.00).

Board of Public Works to Examine Complaints, Etc.

It shall be the duty of the Board of Public Works, by its Gas, Water and Electrical Inspector of this City and County, to inquire into all cases of complaints by water consumers as to charges made against them for waste or excessive use under the foregoing provisions of this section, and to adjudge such charge as follows:—

Any water consumer against whom a water bill is presented containing a charge for waste or excessive use of water may within five days after such bill is presented to him (provided that he first pay the fixed rate charged on such bill, exclusive of the charge made for said alleged waste or excessive use) make complaint to said inspector that such charge is incorrect, whereupon the said inspector shall promptly inspect the premises of the consumer so complaining and cause a test to be made of the water meter upon said premises, and from such inspection and test and subsequent inspection and test as said inspector may see fit and proper to make, shall determine as near as can be the amount of water used, consumed or wasted upon said premises during the period covered by said bill. As soon as such determination is made and within twenty (20) days after the said complaint is made said inspector shall make a certificate stating the amount of water so determined to have been used, consumed or wasted, and showing the true and correct amount, if anything, which may be charged against and collected from said consumer under the foregoing provisions of this section for waste or excessive use, and shall immediately transmit such certificate to the person, company or corporation supplying water, and also a copy thereof by mail to the water consumer.

The said certificate shall be conclusive between the water consumer and said person, company or corporation as to the amount, if anything, which said person, company or corporation shall be entitled to collect from the consumer for waste or excessive use of water during the period covered by the bill of which complaint is made, provided, however, that if either the consumer or the water company is dissatisfied with the certificate of the water inspector appeal may be taken within five (5) days to the Committee on Water Rates of the Board of Supervisors, which shall, within five (5) days after such appeal, hear and finally determine the matter in dispute.

The said inspector shall keep in his

office a proper record or records, showing the date of each complaint made to him, the name of the consumer complaining, the location of his premises, and stating briefly the inspection made by him of the premises and the tests applied to the meter, the time or times of such inspection and tests and the results thereof, with the reading of the meter at each test or inspection and all other material facts connected therewith. Such records so kept to be open for public examination in his office.

Rates—When Payable.

Section 13. All water rates, except meter rates and City and County rates, are due and payable monthly in advance.

Meter and City and County rates are due and payable at the end of each month, and upon meter rates a deposit not exceeding three-fourths ($\frac{3}{4}$) of the value of the estimated quantity of water to be consumed may be required.

Notice of Discontinuance.

Section 14. Any consumer may at any time, upon payment of accrued rates, notify the company in writing to cut off or discontinue the water supply upon his premises, after which no charge shall be made for water for said premises until the use of water is resumed.

Maximum Rates Fixed.

Section 15. This ordinance fixes the maximum beyond which no person, company or corporation shall be permitted to charge for water supplied.

Section 16. This ordinance shall take effect and be in force on and from July 1, 1913, to June 30, 1914.

Amendment.

Supervisor Andrew J. Gallagher moved to amend Section 10 (meter rates for shipping), thirteenth line thereof, by striking out the "double" and inserting in lieu thereof the words "50 per cent above."

Amendment carried.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Adopted.

The following Resolutions were introduced under suspension of the rules and adopted:

Municipal Opera House.

On motion of Supervisor Bancroft: Resolution No. 10,235 (New Series), as follows:

Whereas, The Supreme Court of the State of California has decided that the agreement entered into on February 3, 1913, between the "Musical Association of San Francisco" and the City and County of San Francisco, providing for the erection of an opera house in the Civic Center is in contradiction of our Charter and the general laws of the State of California, and for that reason cannot be upheld; and

Whereas, The Board of Supervisors has purchased sufficient property in the Civic Center to provide an entire block of land as a site for the proposed opera house; and

Whereas, Said Board of Supervisors is of the opinion that San Francisco's Civic Center will not be complete without the opera house—a proposed million dollar building offered as a gift to the City by generous citizens of San Francisco; therefore be it

Resolved, That the Board of Supervisors requests the City Attorney to confer with the attorneys of the "Musical Association of San Francisco," in order that an agreement may be drawn up that will meet with the approval of the directors, members and subscribers of the Musical Association of San Francisco; and also an agreement that, in the opinion of said attorneys, can be sustained by the courts of this state.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—17.

Statements of Taxicab Companies.

On motion of Supervisor Caglieri: J. R. No. 800.

Whereas, The Police Committee of this body is in need of accurate data in establishing a just and equitable taxicab rate, be it

Resolved, That all taxicab companies of this City furnish to this Committee a sworn statement of their business for one year past, showing income, operating expense, depreciation and all other data required in the establishment of this rate.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—17.

Passed for Printing.

The following Bill was *passed for printing*:

Ordering Street Work.

On motion of Supervisor George E. Gallagher:

Also, Bill No. 2593, Ordinance No. — (New Series), Ordering the performance of the following street work to be done in the City and County of San Francisco, approving and adopting specifications therefor and authorizing the Board of Public Works to enter into contract for doing the same, to wit:

That Geary street, between Eleventh and Twelfth avenues, be improved by constructing granite curbs, where not already constructed, and by constructing an asphalt pavement, consisting of a six (6) inch concrete foundation and a two (2) inch asphaltic wearing surface, up to the header blocks along the outer rails of the Geary Street Municipal Railway, where not already constructed.

That Geary street, between Twentieth and Twenty-first avenues, be improved by the construction of granite curbs, where not already constructed, and by the construction of an asphalt pavement, consisting of a six (6) inch concrete foundation and a two (2) inch asphaltic wearing surface up to the header blocks along the outer rails of the Geary Street Municipal Railway, where not already constructed.

That Geary street, between Twenty-fourth and Twenty-fifth avenues, be improved by the construction of granite curbs, where not already constructed, and by the construction of an asphalt pavement, consisting of a six (6) inch concrete foundation and a two (2) inch asphaltic wearing surface up to the header blocks along the outer rails of the Geary street Municipal Railway, where not already constructed.

That the crossing of Geary street and Twenty-fifth avenue be improved by constructing granite curbs, where not already constructed, by constructing artificial stone sidewalks on the angular corners thereof; by paving the roadway thereof with an asphalt pavement, consisting of a six inch concrete foundation and a two inch asphaltic wearing surface up to the header blocks along the outer rails of the Geary Street Municipal Railway; and by resetting to official line and grade the granite curbs already constructed that are not at official line and grade.

That the following vitrified, salt-glazed, iron-stone pipe sewers and appurtenances be constructed: An eight-inch along the center line of Twenty-first avenue, between the northerly and southerly lines of Cabrillo street; a twelve-inch along the center line of Cabrillo street, between the easterly and center lines of Twenty-first ave-

nue; an eighteen-inch with one (1) brick manhole with cast-iron frame and cover and galvanized wrought-iron steps along the center line of Cabrillo street, between the center and westerly lines of Twenty-first avenue; an eighteen-inch with eighteen Y branches along the center line of Cabrillo street, between Twenty-first and Twenty-second avenues; an eighteen-inch along the center line of Cabrillo street, between the easterly and center lines of Twenty-second avenue; a twenty-one inch with one (1) brick manhole with cast-iron frame and cover and galvanized wrought-iron steps along the center line of Cabrillo street, between the center and westerly lines of Twenty-second avenue, and an eight-inch along the center line of Twenty-second avenue, between the northerly and southerly lines of Cabrillo street.

Board of Public Works Authorized to Accept Damages in Sum of \$1769.18 From American Surety Company to Cover Failure of James F. Van Loben Sels on His Contract to Construct Portion of North Point Main Sewer.

On motion of Supervisor Jennings: Resolution No. 10236 (New Series), as follows:

Whereas, James F. Van Loben Sels, on the 20th day of September, 1911, entered into contract No. 17 with the Board of Public Works, acting for and on behalf of the City and County of San Francisco, for the construction of Section "C-2" of the North Point Main Sewer, and

Whereas, on said 20th day of September, 1911, the American Surety Company, as surety, made, executed and delivered to the City and County of San Francisco a bond for \$20,000 for the faithful performance of said contract, and

Whereas, on the 29th day of May,

1912, the said James F. Van Loben Sels abandoned said contract and wholly failed to execute the same, and

Whereas, by reason of the said failure of the said James Van Loben Sels to execute said contract, the City and County of San Francisco has actually suffered damage to the amount of one thousand seven hundred sixty-nine and eighteen hundredths (1,769.18) dollars, and

Whereas, demand has been made upon the said American Surety Company, as such surety, that said American Surety Company pay to the City and County of San Francisco the amount of said damage, viz.: One thousand seven hundred and sixty-nine and eighteen hundredths (1,769.18) dollars, and

Whereas, said American Surety Company does now offer to pay to said City and County of San Francisco said amount of said damage,

Now, therefore, be it Resolved, That said Board of Public Works be and said Board of Public Works is hereby authorized and directed to accept from said American Surety Company said amount of said damage, viz.: One thousand seven hundred sixty-nine and eighteen hundredths (1,769.18) dollars in full settlement and satisfaction of all claims and demands against said American Surety Company arising out of or by virtue of said failure of said James F. Van Loben Sels to execute and complete said contract entered into by said James F. Van Loben Sels for the construction of Section "C-2" of the North Point Main Sewer, or arising out of or by virtue of said bond of twenty thousand (20,000) dollars.

Be it further Resolved, That upon the payment to the City and County of San Francisco of said amount of said damage, viz.: One thousand seven hundred sixty-nine and eighteen hundredths (1,769.18) dollars, that the Board of Public Works be and said Board of Public Works is hereby directed to execute and deliver to the said American Surety Company a properly executed release of all claims and demands arising out of the failure of said James F. Van Loben Sels to execute or complete said Contract No. 17, or arising out of or by virtue of said bond of twenty thousand (20,000) dollars.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—17.

Referred to Board of Public Works.

The following resolution was introduced by Supervisor Murdock and on

motion ordered *referred* to Board of Public Works:

Specifications for Installation of Automatic Appliances at Third and Fourth Street Bridges.

J. R. No. —.

Resolved, By the Board of Supervisors that it is hereby recommended that the Board of Public Works draft specifications for the installation of automatic appliances at the Third and Fourth street bridges which will enable their operation with one operative and call for bids for installing the same.

Referred.

The following resolution was introduced by Supervisor Murdock and *referred to the Supplies Committee*:

Wagons for Board of Public Works—Pay for Teamsters.

J. R. No. —.

Resolved, By the Board of Supervisors that it is hereby recommended that the Board of Public Works draft specifications for one hundred wagons as follows: Fifteen asphalt wagons of two and one-half cubic yards capacity each, and forty-six patent dump wagons of two and one-half cubic yards capacity each, and thirty-two patent dump wagons of three cubic yards capacity each, and seven patent dump wagons of four cubic yards capacity each, and call for bids for supplying the same, payment to be made in monthly installments not exceeding fifty cents per work day for each of the one hundred wagons purchased; and it is furthermore recommended that all teamsters using wagons, sprinklers, or other

equipment furnished by the city be paid fifty cents less per day than is paid to those who furnish their own wagons.

Adopted.

The following resolution was introduced under suspension of the rules and *adopted*:

Fifty Cents Charge for Municipal Record.

On motion of Supervisor Payot:

J. R. No. 802.

Resolved, That the Publicity Committee be requested to consider the advisability of making a charge of 50 cents per annum for the Municipal Record to those who wish the paper mailed to them, as the establishing of a subscription list will entitle the publication to second-class postage rates, reducing the weekly postage bill from \$100 to \$6.70, which will go far toward covering the entire cost. If those at present receiving the paper pay for its delivery the amount that the City now pays for it the total receipts will meet the total expense, and the City will be relieved of its expenditure of \$19,000 per annum.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—17.

ADJOURNMENT.

There being no further business the Board at the hour of 5:40 o'clock p. m. adjourned.

Additional Deputy and Assistant for Coroner.

The following communication was presented by Mayor and *read by the Clerk*:

San Francisco, Cal.,

June 23rd, 1913.

To the Honorable, the Board of Supervisors, City Hall, San Francisco, Cal.

Gentlemen: The Coroner of the City and County of San Francisco has made written application to me that I recommend to your Honorable Board that you authorize the appointment of one additional deputy, namely, one assistant deputy, in his office.

I have investigated the necessity therefor, and in my judgment it is essential that such authority be given the Coroner.

Your Honorable Board has made provision for the compensation of such additional deputy in the budget for 1913-14.

Pursuant to Section 2 of Article XIII of the Charter, the Civil Service Commission has designated such additional position as that of "Assistant Deputy". Therefore, in accordance with Section 35, Article XVI of the Charter, I respectfully recommend to your Honorable Board that this position be created.

Very respectfully yours,
JAMES ROLPH JR.,
Mayor.

Passed for Printing.

Whereupon, the following Bill was introduced under suspension of the rules and *passed for printing*:

Bill No. 2605, Ordinance No. — (New Series), as follows:

Authorizing the appointment of one additional deputy, namely, one assistant deputy, by the Coroner, and fixing the compensation of such deputy.

Be it ordained by the People of the City and County of San Francisco, as follows: :

Section 1. The Coroner is hereby authorized and empowered to appoint in accordance with the designation given by the Civil Service Commission, one assistant deputy in addition to those authorized by the Charter and the ordinances of the City and County of San Francisco.

Section 2. The compensation of said deputy shall be one hundred dollars per month.

Section 3. This ordinance shall take effect and be in force from and after the first day of July, 1913.

VETO.

New French Baking Co., Stable Permit.

The following communication was presented, read by the Clerk, ordered published, and entered at large in the Journal:

San Francisco, Cal.,
June 18th, 1913.

Hon. Board of Supervisors, City Hall,
San Francisco.

Gentlemen: On June 9th, 1913, there was passed by your Honorable Board Resolution No. 10212 ((New Series)) and sent to me for approval, a revocable permit granting to the New French Baking Company permission to maintain a stable for twenty-two horses on the north side of Tehama street, between Eighth and Ninth streets, at a point one hundred feet west of Eighth street.

I hereby disapprove said Resolution, and, pursuant to the provisions of Section 16, Chapter 1, Article 2, of our Charter, I herewith return the same to you, with my objections thereto.

A large stable already exists in the same street and block, and, to inflict the property owners with another stable, against their united protest

and detrimental to their interests, would, in my judgment, be neither wise nor just legislation.

Very respectfully yours,
JAMES ROLPH JR.,
Mayor.

Telegrams in re Hetch Hetchy Permit.

The following matters were presented by his Honor the Mayor, *read by the Clerk*, ordered spread at length in the Journal and copies ordered sent to members:

Washington, D. C., June 23, 1913.

Jas. Rolph, Jr., Mayor, and Board of Supervisors, San Francisco:

Revised Hetchy bill goes in today. Hearings before Land Committee proceed this morning. Bill provides for 2350 feet to irrigationists as city proposed last December and allow larger irrigable area without increasing demand for water power provisions leave city in full control but require development of just ten thousand units in three years after first installation from early intake. No forfeiture clause, but if city fails to develop as per schedule on order Interior Department then United States will have right to lease to others. Secretary may lessen development if unforeseen conditions arise. This protects city. We think it a good bill and all city could ask.

O'SHAUGHNESSY.

LONG.

DUNNIGAN.

San Francisco, June 20th, 1913.

Hon. James D. Phelan, New Willard Hotel, Washington, D. C.

Will you kindly appear with Long and O'Shaughnessy in representing city before the House and Senate committees, and other departments national government, pleading for Hetch Hetchy grant.

JAMES ROLPH JR.,
Mayor.

Washington, D. C., June 21.
James Rolph, Jr., Mayor, City Hall,
San Francisco, Cal.

Accept Hetch Hetchy service with pleasure. Situation so serene that I am frightened. Dunnigan, Long, O'Shaughnessy indefatigable.

JAS. D. PHELAN.

Motion.

Supervisor Vogelsang moved that Clerk wire to Washington for twenty-five copies of Hetch Hetchy bill.

So ordered.

NEW BUSINESS (Out of Order).

Increasing Height of Frame Structures to be Erected on Sloping Ground.

The following Bill, laid over from last meeting, was taken up *out of order*:

Bill No. 2594, Ordinance No. — (New Series), as follows: Amending Section 78 of Ordinance No. 1008 (New Series), approved December 22, 1909.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Section 78 of Ordinance No. 1008 (New Series), approved December 22, 1909, is hereby amended to read as follows:

Section 78. Frame or wooden buildings may be constructed to a height not exceeding forty (40) feet and may be built anywhere in the City and County except within the fire limits, and shall contain not more than three (3) stories and basement.

ON SLOPING GROUND: In the case of a frame or wooden building on a lot with the ground sloping downward from the facade at which the measurement is taken, the height of the building shall not at any point exceed forty (40) feet above the curb line measured on the facade facing the street, nor shall the height of the building at any point of the grade exceed fifty (50) feet above the adjoining curb in case of corner lots, or above the level of the ground in case of inside lots, provided, however, in the case of a frame or wooden building to be used only for the residence of a single family on a lot with the grade sloping downward from the facade at which the measurement is taken the height, except at the front facade, may exceed fifty (50) feet, but there shall not be at any point more than fifty (50) feet of frame construction above the foundation. Said foundation shall be of masonry, steel frame construction or reinforced concrete construction,

and no part of the area within said foundation shall be in any way occupied. And provided further that in no event shall the total height of construction at any point on the lot built upon exceed seventy (70) feet above the footings.

Privilege of the Floor.

W. H. Gorrill was granted the privilege of the floor and opposed the passage of the above ordinance. He declared that there was no general demand for such an ordinance and that it would benefit only a few wealthy property owners on Broadway. He stated that its effect would be to increase the fire hazard and to shut off sunlight from those living in adjacent property but on a lower elevation.

Edgar A. Mathews declared that there were more and higher wooden buildings in San Francisco than any other place in the world. The tendency in Europe is to restrict the height of buildings—that is what is being done in Germany. There are no wooden buildings within the city limits of Denver and have not been for a great many years. He alleged that the fire hazard would be increased and other residents deprived of sunlight.

W. W. Sanderson stated that there is no place in the world where they have such liberal laws with regard to wooden buildings as they have in San Francisco. He believed that in this city where we have received such a severe lesson that any increase in the fire hazard should be given serious consideration. He declared that at the present time in insurance circles the San Francisco fire hazard is considered far greater than that of Chicago. He opposed the passage of the ordinance.

Hon. Leon Sloss also addressed the Board and spoke in favor of the passage of the ordinance. He said the bill had received the careful consideration of the Building Committee of the Chamber of Commerce and the sub-committee of the Building Committee of the Board of Supervisors. It had received the indorsement of the chief of the Fire Department and others in authority who had been consulted. He offered this as an indication of the soundness of the position he was taking in the matter. He declared that the fire hazard argument was only a makeshift, and that the sunlight argument would also apply to any other type than the wooden type of building that might be erected on sloping land. There is no such restriction as to height of concrete or brick buildings which would also shut out sunlight and against which adjacent residents would have no

recourse. He mentioned an instance where under the present ordinance a building only eight feet in height could be legally constructed in a certain section of San Francisco.

Passed for Printing.

Whereupon, the question being taken, the above Bill was *passed for printing* by the following vote:

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—18.

Garage Permit.

The following resolution, heretofore *passed for printing*, was taken up:

Resolution No. —, Granting the following revocable permit:

Garage.

Stefano Arata, north side of Post street, 137 feet 6 inches west of Jones street; the building to be of Class "A" or Class "B" construction.

Privilege of the Floor.

Geo. M. Caesar, property owner, opposed the permit on the ground that a garage in that neighborhood would impair the value of the property. He said that if the permit is granted a \$250,000 building which he contemplated would not be constructed in the neighborhood.

Mr. Schmeidell stated that his investment of \$400,000 would be impaired by a garage in the neighborhood. The noises and smells, he said, incidental to the conduct of a garage makes such a business undesirable in a business district. The district is now improved with high class apartment houses and he requested that the permit be denied.

Geo. Welch also addressed the Board. He presented endorsements from members of the Olympic Club, from the Riverside apartments, Hotel Bellevue and the Bohemian Club. He declared that the garage proposed by Arata would be up-to-date in every respect, equipped with fire proof stalls and signals to notify pedestrians when machines were coming in or going out.

Jas. A. Bacigalupi, attorney representing Stefano Arata, was granted the privilege of the floor and urged the final passage of the resolution.

Refused Final Passage.

Whereupon, the question being taken, the foregoing resolution was refused final passage by the following vote:

Ayes—Supervisors Caglieri, Andrew J. Gallagher, Giannini, Hayden, Koshland, McCarthy, Murphy, Payot, Vogelsang—9.

Noes—Supervisors Bancroft, George E. Gallagher, Hilmer, Hocks, Jennings, Mauzy, McLeran, Nolan—8.

Absent—Supervisor Murdock—1.

Reconsideration.

Whereupon Supervisor Giannini, before the result was announced, changed his vote from aye to no and gave notice of reconsideration next week.

Action Deferred.

Whereupon, the following resolution was laid over one week and to be taken up at next meeting under reconsideration of the Arata permit by the following vote:

Denying Garage Permit.

J. R. No. —.

Resolved, That in the exercise of the sound and reasonable discretion of the Board of Supervisors, permission is hereby denied Charles A. Lyon to maintain and conduct a garage on the south side of Post street 137 feet 6 inches west of Jones street.

Ayes—Supervisors Caglieri, Giannini, Hayden, Koshland, Mauzy, McCarthy, Murphy, Payot, Vogelsang—9.

Noes—Supervisors Bancroft, Andrew J. Gallagher, George E. Gallagher, Hilmer, Hocks, Jennings, McLeran, Nolan—8.

Absent—Supervisor Murdock—1.

WATER RATES, 1913-1914.

The following bill, heretofore passed for printing was taken up:

Bill No. 2592, Ordinance No. — (New Series). Regulating the monthly rate of compensation to be collected by any person, company or corporation engaged in the business of supplying water to the inhabitants of the City and County of San Francisco for family uses, for private purposes, for municipal uses and for all public purposes of said City and County for the year commencing July 1, 1913, and ending June 30, 1914.

Be it Ordained by the People of the City and County of San Francisco as follows:

Fire Pipes.

Section 9. Meters shall be applied to all pipes used specially for fire protection, and monthly bills shall be charged for the same at regular meter rates, provided, however, that the monthly bill shall not be less than fifty (50) cents for each one-half ($\frac{1}{2}$) inch of diameter of pipe used.

Meter Rates.

Section 10. Water furnished for any and all purposes not embraced in the above shall be supplied by meter at the following rates:

The first 2,000 cubic feet used (between 0 and 2,000 cubic feet) shall be charged for at the rate of twenty-five (25) cents per 100 cubic feet.

The next 2,000 cubic feet used (between 2,000 and 4,000 cubic feet) shall be charged for at the rate of twenty-four (24) cents per 100 cubic feet.

The next 2,000 cubic feet used (between 4,000 and 6,000 cubic feet) shall be charged for at the rate of twenty-two (22) cents per 100 cubic feet.

The next 2,000 cubic feet used (between 6,000 and 8,000 cubic feet) shall be charged for at the rate of twenty-one (21) cents per 100 cubic feet.

The next 2,000 cubic feet used (between 8,000 and 10,000 cubic feet) shall be charged for at the rate of twenty (20) cents per 100 cubic feet.

The next 5,000 cubic feet used (between 10,000 and 15,000 cubic feet) shall be charged for at the rate of nineteen (19) cents per 100 cubic feet.

The next 5,000 cubic feet used (between 15,000 and 20,000 cubic feet) shall be charged for at the rate of eighteen (18) cents per 100 cubic feet.

The next 5,000 cubic feet used (be-

tween 20,000 and 25,000 cubic feet) shall be charged for at the rate of seventeen (17) cents per 100 cubic feet.

The next 5,000 cubic feet used (between 25,000 and 30,000 cubic feet) shall be charged for at the rate of sixteen (16) cents per 100 cubic feet.

The next 10,000 cubic feet used (between 30,000 and 40,000 cubic feet) shall be charged for at the rate of fifteen (15) cents per 100 cubic feet.

The first 10,000 cubic feet used (between 40,000 and 50,000 cubic feet) shall be charged for at the rate of fifteen (15) cents per 100 cubic feet.

The next 10,000 cubic feet used (between 50,000 and 60,000 cubic feet) shall be charged for at the rate of fourteen (14) cents per 100 cubic feet.

The next 10,000 cubic feet used (between 60,000 and 70,000 cubic feet) shall be charged for at the rate of thirteen (13) cents per 100 cubic feet.

All water used in excess of 70,000 cubic feet per month to be charged for at the rate of twelve (12) cents per 100 cubic feet.

No monthly meter bill to be less than one and 80/100 dollars (\$1.80), except as hereinafter provided.

Upon application of any ratepayer the Board of Supervisors shall reserve the right, upon a proper showing of cause, to require the company to put in a meter and charge meter rates for any consumer of water, on such conditions as the Board may impose as to the rental when meter is not actually used.

Meter Rates for Shipping.

Water shall be furnished and delivered by meter measurement to shipping lying alongside of the bulkhead or any of the wharves on the water front where water pipes or mains are laid, between the hours of 6 o'clock a. m. and 6 o'clock p. m., daily, upon application being made therefor, at the following rates: When supplied by reel and hose cast, \$1.50 per 1000 gallons. When supplied by connection with water pipes, at rates that shall not exceed double the regular meter rates established by Section 10. The minimum charge for each separate delivery to be fifty (50) cents.

No water boat furnishing and supplying water to shipping lying at anchor within the limits of the wharves of the City and County of San Francisco shall charge a rate to exceed three dollars (\$3.00) per 1000 gallons.

Hydrant Rates.

Section 11. The rates of compensation to be collected for water supplied by and through hydrants to the City and County of San Francisco shall be two dollars and fifty cents (\$2.50) per month for each hydrant for fire purposes and flushing of sewers.

Prevention of Waste.

Section 12. Prevention of waste or excessive use:

In no case where the fixed rates above provided other than meter rates, are applicable, shall any charge for water be made by meter rates, it being the purpose of this ordinance to provide for all dwelling houses a fixed monthly rate which shall not be increased by the person, company or corporation supplying water.

Provided, nowever, that for the purpose of discovering and repressing waste or excessive use, all persons, companies or corporations shall have the right in all cases to apply and maintain meters to measure the water used or consumed, and to charge and collect for waste or excessive use under the condition and to the extent hereafter provided in this section, and not otherwise.

No consumer shall be deemed guilty of waste or excessive use unless the water used or consumed upon his premises in any month shall exceed by fifty (50) per cent the number of cubic feet which at regular meter rates amount to his rated bill, in which case such excess shall be deemed waste or excessive use.

Immediately after the discovery of any waste or excessive use, the consumer shall be notified thereof by the person, company or corporation supplying water by notice mailed to his address or to the agent or person to whom his water bills are presented for collection.

After such notice the consumer may be charged and there may be collected from him for any waste or excessive use thereafter occurring upon his premises at regular meter rates, but such charge or collection shall not exceed for the first month the sum of two dollars (\$2.00), for the second month the sum of four dollars (\$4.00), or for any following month the sum of five dollars (\$5.00).

Board of Public Works to Examine Complaints, Etc.

It shall be the duty of the Board of Public Works, by its Gas, Water and Electrical Inspector of this City and County, to inquire into all cases of complaints by water consumers as to charges made against them for waste or excessive use under the foregoing provisions of this section, and to adjust such charge as follows::

Any water consumer against whom a water bill is presented containing a charge for waste or excessive use of water may within five days after such bill is presented to him (provided that he first pay the fixed rate charged on such bill, exclusive of the charge made for said alleged waste or excessive

use) make complaint to said inspector that such charge is incorrect, whereupon the said inspector shall promptly inspect the premises of the consumer so complaining and cause a test to be made of the water meter upon said premises, and from such inspection and test and subsequent inspection and test as said inspector may see fit and proper to make, shall determine as near as can be the amount of water used, consumed or wasted upon said premises during the period covered by said bill. As soon as such determination is made and within twenty (20) days after the said complaint is made said inspector shall make a certificate stating the amount of water so determined to have been used, consumed or wasted, and showing the true and correct amount, if anything, which may be charged against and collected from said consumer under the foregoing provisions of this section for waste or excessive use, and shall immediately transmit such certificate to the person, company or corporation supplying water, and also a copy thereof by mail to the water consumer.

The said certificate shall be conclusive between the water consumer and said person, company or corporation as to the amount, if anything, which said person, company or corporation shall be entitled to collect from the consumer for waste or excessive use of water during the period covered by the bill of which complaint is made, provided, however, that if either the consumer or the water company is dissatisfied with the certificate of the water inspector appeal may be taken within five (5) days to the Committee on Water Rates of the Board of Supervisors, which shall, within five (5) days after such appeal, hear and finally determine the matter in dispute.

The said inspector shall keep in his office a proper record or records, showing the date of each complaint made to him, the name of the consumer complaining, the location of his premises, and stating briefly the inspection made by him of the premises and the tests applied to the meter, the time or times of such inspection and tests and the results thereof, with the reading of the meter at each test or inspection and all other material facts connected therewith. Such records so kept to be open for public examination in his office.

Rates—When Payable.

Section 13. All water rates, except meter rates and City and County rates, are due and payable monthly in advance.

Meter and City and County rates are due and payable at the end of each month, and upon meter rates a deposit not exceeding three-fourths ($\frac{3}{4}$) of the

value of the estimated quantity of water to be consumed may be required.

Notice of Discontinuance.

Section 14. Any consumer may at any time, upon payment of accrued rates, notify the company in writing to cut off or discontinue the water supply upon his premises, after which no charge shall be made for water for said premises until the use of water is resumed.

Maximum Rates Fixed.

Section 15. This ordinance fixes the maximum beyond which no person, company or corporation shall be permitted to charge for water supplied.

Section 16. This ordinance shall take effect and be in force on and from July 1, 1913, to June 30, 1914.

Privilege of the Floor.

Daniel Ryan, representing Board of Harbor Commissioners, was granted the privilege of the floor and protested that there should have been larger reductions in the shipping rate and in the building rate. He instanced rates in other cities for the same service and declared that the rates in San Francisco were exorbitant.

Final Passage.

Whereupon, the question being taken, the foregoing bill was finally passed as Ordinance No. 2326 by the following vote:

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Muddock, Murphy, Nolan, Payot, Vogelsang—18.

Action Deferred on Water Rates Report.

Whereupon, action on the Committee's report was laid over one week.

Prohibiting Untrue Statements in regard to Merchandise Offered for Sale.

Supervisor Payot presented:

Bill No. 2595, prohibiting the making of any untrue statement in relation to merchandise offered for sale, or services offered by means of advertisement, proclamation or conversation, which statement is intended to commend such merchandise or service to the public.

Privilege of the Floor.

Mr. Van Vliet, representing the Chamber of Commerce, was granted the privilege of the floor and urged the passage of the ordinance as submitted. He declared that it was based on the Los Angeles ordinance and had been found to work effectively.

E. C. Marliave, representing Retail Jewelers, also addressed the Board. He stated that the ordinance originated in San Francisco, was brought to Los Angeles and there put in effect. He declared that great fraud especially in the jewelry business is being

perpetrated in this city, and that the ordinance was formed to correct this evil.

Tom Dillon, hatter, and *Mine Solier* also addressed the Board in favor of the passage of the ordinance.

Passed for Printing.

Whereupon, the question being taken, the above bill was passed for printing by the following vote:

Amending Building Laws in Regard to Patent Chimneys.

Bill No. 2567, Ordinance No. 2328 (New Series), as follows: Amending Sections 244 and 245 of Ordinance Number 1008, known as the Building Law, approved December 22, 1909, relating to the regulation of the installation of patent chimneys.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Section 244 of Ordinance Number 1008 (New Series), approved December 22, 1909, is hereby amended to read as follows:

Section 244. In lieu of the brick or stone chimney, as hereinbefore provided, there may be erected a chimney known as a patent chimney, for which a United States patent has been issued, and which has been approved by the Board of Public Works.

Every corporation, copartnership or individual engaged in conducting the business of constructing, erecting, installing or repairing brick, stone or patent chimneys in the City and County of San Francisco, shall appear in person or by duly authorized representative at the office of the Board of Public Works, and shall register with the said Board of Public Works, the name and place of business in said City and County of said corporation, copartnership or individual, and the person so appearing shall make and file with said Board of Public Works, his affidavit that such name and place of business, as thus registered are correctly stated. Upon filing of said affidavit said Board of Public Works shall forthwith issue to said corporation, copartnership or individual a certificate of such registration, provided, that said certificate shall not be granted for more than the period of one fiscal year, or a portion thereof, in any case unexpired at the time of the granting of the certificate. And no corporation, copartnership or individual shall construct, install, erect or repair any patent chimney or fire-place connected with a patent chimney, unless such certificate or registration shall have first been issued to such corporation, copartnership or individual.

No heater, stove or range wherein coal, gas or coal oil or other fuel is consumed shall be used unless the same be connected with a brick, stone or patent chimney, except as provided for in Section 247 of the Building Ordinance.

Upon the completion or the erection or repair of any brick, stone or patent chimney or fire-place connected with a patent chimney, it shall be the duty of the corporation, copartnership or individual who performed said

work to notify the Board of Public Works of such completion, who shall at once cause the same to be inspected, and if found in compliance with this Ordinance shall make and deliver a certificate or report of such inspection to the corporation, copartnership or individual that performed said work, which certificate or report shall specify whether or not said work has been performed in compliance with the provisions of this Ordinance, and if not in compliance therewith shall state wherein said work does not comply with the provisions of this Ordinance. It shall be the duty of the Board of Public Works to keep on file in its office a duplicate of said certificate or report which shall at all times be subject and readily accessible to the inspection of the public.

No patent chimney or fire-place connected with a patent chimney hereafter constructed or repaired shall be used until a certificate or report has been made and filed by said Board of Public Works, as aforesaid, certifying that said work has been done in compliance with the provisions of this Ordinance, nor shall any building hereafter constructed, wherein patent chimneys or fireplaces connected with patent chimneys shall have been installed be plastered until such certificate or report shall have been made and filed.

All patent chimneys shall be built up from the floor on which they are used, and when erected on the inside of a building they shall rest on an iron plate not less than one-quarter of an inch in thickness covered by not less than eight inches of brick-work, and shall contain a smoke proof opening near the bottom for cleaning purposes.

All patent chimneys shall be braced every four feet of their height by substantial iron bands securely fastened to the frame or studding or crosspieces of the building. All joints must be cemented and the bands covering the joints shall be made of the best number 24 iron and filled with cement to make them smoke and spark proof.

All galvanized iron used in the outside covering of patent chimneys shall be of the best number 24 iron, riveted together with rivets not more than three inches apart and may be seamed, and top and bottom of seams secured by rivets, and shall be ventilated by eight holes not less than one inch in diameter, said holes to be made close to the top of the chimney above the roof; there shall be a space of not less than one inch between the clay chimney pipe and the iron covering. No patent chimney shall be erected so that it will be less than one and one-half inches from all wood-

work, and the openings in the roof and through each floor and ceiling through which it passes shall be closed around said chimney with an iron plate or other fireproof material.

All pipe used for patent chimneys shall be composed of pure calcined clay, not less than one inch in thickness.

No patent chimney shall have more than one inlet except that in apartment houses of not less than three stories in height, patent chimneys used or designed as vents, for gas stoves, ranges or heaters may have one inlet for each floor, provided that the sizes of patent chimneys with which such inlets are connected shall be as follows:

In apartment houses three stories in height such patent chimneys shall be not less than six inches in diameter;

In apartment houses four stories in height, such patent chimneys shall be not less than seven inches in diameter;

In apartment houses five stories in height, such patent chimneys shall be not less than eight inches in diameter;

In apartment houses six stories in height, such patent chimneys shall be not less than ten inches in diameter;

In apartment houses seven stories or over in height, such patent chimneys shall be not less than twelve inches in diameter, and no such inlet shall be greater than four (4) inches in diameter.

Section 2. Section 245 of Ordinance Number 1008 (New Series), approved December 22, 1909, is hereby amended to read as follows:

Section 245. The inside dimensions of patent chimneys shall be as follows:

For fireplace of 18-inch opening, 6 inches.

For fireplace of 21-inch opening, 7 inches.

For fireplace of 24-inch opening, 8 inches.

For fireplace of 30-inch opening, 10 inches.

For fireplace of 36-inch opening, 12 inches.

For fireplace of 48-inch opening, 14 inches.

For ordinary stove flues, 6 inches.

For French range flues, 8 inches.

For steel range flues, 8 inches.

For furnace flues, 8, 10 or 12 inches.

No furnace flue shall be smaller in diameter than the opening of the furnace with which it is connected.

Ayes—Supervisors Caglieri, Andrew J. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murphy, Nolan, Payot, Vogelsang—15.

Licensing Patent Chimney Contractors.

Bill No. 2568, Ordinance No. 2329 (New Series), as follows: Imposing a municipal license on patent chimney contractors and all persons engaged in the business of erecting or installing patent chimneys in, on or about buildings or other structures in the City and County of San Francisco.

Section 1. Every person, firm or corporation engaged in the business of erecting or installing patent chimneys in, on or about buildings or other structures in the City and County of San Francisco shall pay a municipal license of one hundred and twenty-five (125) dollars per annum.

Section 2. All licenses provided for under the Ordinance shall be due and payable in advance on or before the first Monday in July of each fiscal year.

Section 3. Any person, firm or corporation violating any of the provisions of this Ordinance shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not to exceed five hundred (500) dollars or by imprisonment in the County Jail for not to exceed six months, or by both such fine and imprisonment.

Section 4. This Ordinance shall take effect and be in full force from and after the first day of July, 1913.

GAS RATES, 1913-1914.

Bill No. 2579, Ordinance No. 2348 (New Series), Fixing the minimum standard quality and illuminating power of gas and the maximum rate and price to be charged therefor, for the year commencing July 1, 1913, and ending June 30, 1914.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The minimum standard quality and illuminating and heating power of gas to be furnished by any person, firm or corporation, to be used in the City and County of San Francisco, is hereby established at nineteen (19) candles, with a minimum heat value of 600 British thermal units.

The pressure shall not be less than two (2) inches nor more than nine (9) inches of water in height against the

atmospheric pressure, said candle and heating power and pressure to be determined by the Board of Public Works of the City and County of San Francisco.

Section 3. The maximum rate and price to be charged and collected therefor from consumers by any such person, firm or corporation for the year commencing July 1, 1913, and ending June 30, 1914, is hereby fixed and established at Seventy-five (75) Cents per one thousand cubic feet.

Section 2. The maximum rate and price to be charged by any person, firm or corporation for furnishing gas for lighting public buildings for the year commencing July 1, 1913, and ending June 30, 1914, is hereby fixed at Seventy-five (75) Cents per one thousand cubic feet.

Section 4. The maximum rate and price to be charged by any person, firm or corporation for furnishing incandescent gas lamps for lighting the public streets, parks or squares for the year commencing July 1, 1913, and ending June 30, 1914, is hereby fixed at Eight (8) Cents per lamp per night, including care, lighting and extinguishment, each lamp to be kept burning from thirty (30) minutes after sunset until thirty (30) minutes before sunrise on the next day, and the number of such gas lamps may be increased or diminished by the Board of Supervisors, and subject to any moonlight schedule the Board may adopt, provided that the price of incandescent gas lamps of three lights each is hereby fixed at Fifteen (15) Cents a cluster lamp per night.

Section 5. The maximum rate and price to be charged by any person, firm or corporation for furnishing gas for heating purposes for the year commencing July 1, 1913, and ending June 30, 1914, is hereby fixed at Seventy-five (75) Cents per one thousand cubic feet.

Section 6. All ordinances and parts of ordinances in conflict with the provisions of this ordinance are hereby repealed.

Ayes—Supervisors Caglieri, Andrew J. Gallagher, George E. Gallagher, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murphy, Nolan, Payot, Vogelsang—15.

ELECTRIC RATES, 1913-1914.

Bill No. 2580, Ordinance No. 2349 (New Series), as follows: Fixing the maximum rate and price to be charged for furnishing electricity for heat, light or power purposes to the City and County of San Francisco and the inhabitants thereof, and prescribing the quality of the service, for the year commencing July 1, 1913, and ending June 30, 1914.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The maximum rate and price to be charged by any person, firm or corporation for furnishing electricity for heat, light or power purposes, to the City and County of San Francisco and the inhabitants thereof, for the year commencing July 1, 1913, and ending June 30, 1914, is hereby fixed on the unit basis of one thousand watt hours, or one kilowatt, as follows:

For electric current when the amount consumed in one month is 40 Kilowatt hours or less, 6 cents per Kilowatt hour.

For electric current when the amount consumed in one month exceeds 40 Kilowatt hours but does not exceed 100 Kilowatt hours, 5 cents per Kilowatt hour.

For electric current when the amount consumed in one month exceeds 100 Kilowatt hours and does not exceed 200 Kilowatt hours, 4 cents per Kilowatt hour.

For electric current when the amount consumed in one month exceeds 200 Kilowatt hours, 3½ cents per Kilowatt hour; provided, that no consumer shall be charged more than would be charged for a greater quantity of electric current at the next lower rate.

Section 2. The maximum rate and price to be charged by any person, firm or corporation for furnishing arc lights of 7 amperes and pressure at each lamp of not less than 70 volts, or lamps of equal wattage, to the City and County of San Francisco and the inhabitants thereof for the year commencing July 1, 1913, and ending June 30, 1914, is hereby fixed as follows:

For each arc light burning twenty-four hours, \$4.25 per week.

For each arc light burning from sunrise to sunset, \$2.50 per week.

For each arc light burning from sunset to sunrise, \$2.00 per week.

For each arc light burning from sunset to midnight, \$1.50 per week.

For each arc light burning for six nights from sunset to 9:30 p. m., \$1.25 per week.

Section 3. A charge of seventy-five (75) cents for the maintenance of a meter during any month may be made to any consumer whose bill for the electric current furnished during such month does not exceed seventy-five (75) cents, but in the event of such charge being made, no further charge shall be made for current furnished during said month to said consumer.

Section 4. All ordinances or parts of ordinances in conflict with the provisions of this ordinance are hereby repealed.

Section 5. Any person, firm or corporation, or any officer or agent of any person, firm or corporation, violating any of the provisions of this Ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine not exceeding five hundred (\$500) dollars, or by imprisonment not exceeding six (6) months, or by both such fine and imprisonment, and such person, firm or corporation shall be guilty of a separate offense for every day that such violation shall continue, and shall be subject to the penalty imposed by this section for each and every separate offense.

Section 6. This Ordinance shall take effect and be in force on the first day of July, 1913.

Ayes—Supervisors Caglieri, Andrew J. Gallagher, George E. Gallagher, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murphy, Nolan, Payot, Vogelsang—15.

Pacific Gas and Electric Company to Furnish Current to Electroliers on Polk Street.

On motion of Supervisor Nolan: J. R. No. 812.

Resolved, That the Pacific Gas and Electric Company is hereby directed to supply electric current for 48 210-watt 12 o'clock electroliers, and 250-watt all night lamps, to be located on Polk street, from Sutter to McAllister streets, at the locations to be selected by the Lighting and Rates Committee, provided that the all night lamps shall be placed upon the corners of the streets in such a position as to make uniform lighting for the cross streets running east and west; and provided further, that the City and County of San Francisco shall be at no expense for the installation, replacement or repairs of said electroliers or lamps or apparatus connected therewith, and that the said electroliers and lamps located on the corners of streets shall have placed thereon without expense to the city suitable signs showing the street names.

Ayes—Supervisors Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murphy, Nolan, Payot, Vogelsang—16.

Favoring the Establishment of a Naval Drydock at Hunter's Point and Pledging the Vacation or Use of Certain Streets therefor If Necessary.

Supervisor Nolan presented:

Resolution No. — (New Series), as follows:

Whereas, The Federal Government has under consideration the establishment of a naval drydock at some point on San Francisco Bay where the physical needs of the dreadnought type of ship, with a present draft of 28½ feet, can be met, and

Whereas, The section of the bay-shore known as Hunters' Point, within the corporate limits of the City of San Francisco, not only affords the necessary depth of water, the open fairway approach thereto, and the rock bottom upon which to rest the cradle of said drydock, but a large unoccupied area which is topographically adapted for exclusive Government uses, and

Whereas, The Honorable Board of State Harbor Commissioners have adopted a resolution expressing the willingness and desire of said Board to co-operate with the Federal Government by the extension of the State Belt Railroad to the San Mateo County line via Hunter's Point in order that all transcontinental railroads may reach said Hunter's Point Drydock in case of the selection of said site by the Federal Government, and

Whereas, The jurisdiction of the State of California, as the owner of the water front and the Belt Railroad for the port of San Francisco, is confined to the bulkhead line now established in about 20 feet of water, along which no seawall or bulkhead has yet been constructed, for a distance of about three miles, thereby necessitating for the extension of the Belt Railroad, the use of certain streets under the jurisdiction of the City of San Francisco shoreward of said seawall or bulkhead line, south of the present southerly terminus of said Belt Railroad at Third street channel waterway; therefore be it

Resolved, That it be, and is hereby declared in accordance with the provisions of the charter, to be the policy of the City and County of San Francisco, to make all lawful grants in the use or vacation of certain streets, and to make all legal adjustments or arrangements through the "common user" clause, or otherwise in all existing, or pending street railway, or steam railroad franchises over or upon such streets as may be found physically necessary for the proposed extension of the State Belt Railroad, as a public utility, in order that the naval needs of the Federal Government, the harbor needs of the State of California for the port of San Francisco, and the commercial and industrial needs of the City and County of San Francisco may be intelligently and economically subserved.

Be It Further Resolved, That a copy of these resolutions be transmitted to the Honorable Secretary of the Navy, to the Federal Representatives of the State of California at Washington, and to the Honorable Board of State Harbor Commissioners at San Francisco.

Privilege of the Floor.

Jno. T. Flynn, representing California River and Harbor League, was granted the privilege of the floor and addressed the Board, favoring the passage of the above resolution.

Substitute Resolution.

Supervisor Andrew J. Gallagher offered the following substitute resolution which was adopted by the following vote:

Relative to Transportation Facilities to Proposed Naval Dry Dock on San Francisco Bay.

On motion of Supervisor Andrew J. Gallagher:

J. R. No. 813.

Whereas, the early completion of the Panama Canal which has cost the Federal Government approximately \$400,000,000 will necessitate the building of docks to accommodate the increased shipping at this port, and

Whereas, the Federal Government has under consideration the establishment of a naval drydock at some point on deep water on San Francisco Bay large enough to accommodate the largest battleships: therefore, be it

Resolved, That this Board of Supervisors expresses its desire and hope that the proposed Federal drydock shall be located at this port and in a spirit of co-operation to that end it tenders to the United States Government officials and the California State Board of Harbor Commissioners its desire and readiness to do all things within its legal powers to provide adequate transportation to such naval drydock when the site is selected.

Approved by the Board of Supervisors June 30, 1913.

Pursuant to Resolution No. 3402 (New Series), of the Board of Supervisors of the City and County of San Francisco, I, John W. Rogers, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the dates thereon stated, and approved as above recited.

Be it further Resolved, That a copy of this resolution be transmitted to the Honorable Secretary of the Navy, to the Federal representatives of the State of California at Washington and to the Honorable Board of State Harbor Commissioners at San Francisco.

Ayes—Supervisors Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murphy, Nolan, Payot, Vogelsang—16.

PRESENTATION OF PROPOSALS.

Municipal Bonds.

The consideration of bids for the following municipal bonds fixed for the hour of 3 p. m. this day was proceeded with, to-wit:

Hospital-Jail Completion Bonds, issue 1913, to the amount of \$850,000, comprising 50 bonds of each year's maturity, 1916 to 1932 inclusive.

Water Bonds, issue 1910, to the amount of \$450,000, comprising 10 bonds of each year's maturity, 1920 to 1964 inclusive.

No bids received.

Hospital-Jail and Water Bonds Placed on Sale at Treasurer's Office.

Thereupon, the following bill was introduced by Supervisor Jennings and passed for printing:

Bill No. 2606, Ordinance No. — (New Series), as follows:

Reciting that certain Hospital-Jail Completion Bonds and Water Bonds remain unsold after having been advertised for sale, no bids therefor having been received, and directing that such unsold bonds be placed on sale at the office of the Treasurer of the City and County of San Francisco, and fixing the price at which such bonds may be sold by the said Treasurer of the City and County;

Be it Ordained by the People of the City and County of San Francisco as follows:

Sec. 1. It is hereby recited and declared that the Board of Supervisors on the 16th day of June, 1913, did adopt a resolution by which resolution the Clerk of said Board was directed to give notice by advertisement as required by the Charter of said City and County, that on the 30th day of June, 1913, said Board would receive and consider bids for the purchase of Hospital-Jail Completion Bonds, issue 1913, to the amount of \$850,000.00, comprising 50 bonds of each year's maturity, 1916 to 1932, inclusive; and Water Bonds, issue 1910, to the amount of \$450,000.00, comprising 10 bonds of each year's maturity, 1920 to 1964, inclusive;

That in compliance with said resolution said Clerk did cause to be published in the official newspaper for a period of ten days prior to said 30th day of June, 1913, an advertisement and notice of sale of said described bonds, and that all of the requirements of the Charter of the City and County in respect thereto were fully complied with;

That no bids whatsoever have been received for the purchase of said described bonds, and that the entire issue of said bonds so advertised for sale remain unbids for and unsold.

Sec. 2. As provided in section 10 of Article XII of the Charter of the City and County of San Francisco, it is hereby ordered that all of the bonds advertised for sale and remaining unsold as above described and set forth, be placed on sale and offered for sale at the office of the Treasurer of the City and County of San Francisco, and the said Treasurer is hereby authorized to sell said de-

scribed bonds to any person desiring to purchase the same. That the price at which said bonds may be sold is the par or face value thereof, together with any and all interest that may have accrued thereon at the time of the delivery of the same to the purchaser.

Sec. 3. This ordinance shall take effect immediately.

Ayes—Supervisors Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Jennings, Koshland, McCarthy, McLeran, Muddock, Murphy, Nolan, Payot, Vogelsang—15.

HEARING OF APPEALS.

Street Assessment, Kansas Street.

The hearing of the appeal of Mrs Rosamond Machabee et al., against decision of the Board of Public Works in issuing Assessment No. 494, for the construction of sewer, etc., in Kansas street, from a point 416 feet southerly from Twentieth street to Twenty-second street; and also crossing of Kansas and Twenty-second streets, fixed for the hour of 3 p. m., this day, was proceeded with.

Privilege of the Floor.

Mrs. Rosamond Machabee was granted the privilege of the floor and addressed the Board, stating that the proposed sewer would be of no benefit to her, as there was no outlet. She declared that her assessment is half of the value of the lot—lot valued at \$600; assessment is \$320.

Whereupon, the above matter, on motion of Supervisor George E. Gallagher, was recommitted to the Streets Committee.

Street Assessment, Peralta Avenue.

The hearing of the appeal of Henry Kruse, 90 Peralta avenue, against decision of the Board of Public Works in issuing Assessment No. 497 to Flinn & Treacy on the 2nd day of June, 1913, for the cost of the improvement of Peralta avenue, between York and Tomasa streets, fixed for the hour of 3 p. m., this day, was proceeded with.

Adopted.

Thereupon, Supervisor George E. Gallagher declared that there was an error in the calculations, and presented the following resolution, which was adopted:

Appeal of Henry Kruse Sustained, and Board of Public Works Directed to Issue New Assessment.

On motion of Supervisor George E. Gallagher:

Resolution No. 10256 (New Series), as follows:

Resolved, That the appeal of Henry Kruse from Assessment No. 497, issued by the Board of Public Works to Flinn & Treacy on June 2, 1913, for the cost

of the work of constructing a 12-inch ironstone pipe sewer with one man-hole, in Peralta avenue, from the center line of York street to the center line of Tomasa street, and recorded in Vol. 5 of Street Assessment Records, at page 49, be sustained, and the Board of Public Works be directed to issue a new assessment to Flinn & Treacy.

Ayes—Supervisors Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Jennings, Koshland, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—15.

Consideration of Mayor's Veto.

The following resolution heretofore finally passed and presented to his Honor the Mayor for his signature was returned by him without his approval and with his objections thereto and laid over for consideration at this meeting.

May 26, 1913—*Passed for printing.*

June 9, 1913—*Finally passed.*

June 18, 1913—*Disapproved by Mayor and returned to Board on June 23, 1913.*

Veto Sustained.

The question being put: "Shall the resolution finally pass, notwithstanding the objections of his Honor the Mayor?" the roll was called and the Mayor's veto sustained by the following vote:

Ayes—Supervisors Caglieri, George E. Gallagher, Jennings, Koshland, McCarthy, Murphy, Vogelsang—7.

Noes—Supervisors Andrew J. Gallagher, Giannini, Hayden, Hilmer, McLeran, Murdock, Nolan, Payot—8.

Absent—Supervisors Bancroft, Hocks, Mauzy—3.

Relating to Ordinance Licensing Master Electricians.

Privilege of the Floor.

Harry Beach, electrical contractor, representing the Beach Construction Company, was granted the privilege of the floor and stated that Ordinance No. 2827, finally passed on June 23, 1913, imposed an additional licence fee of \$50 on master electricians, that electrical contractors generally considered it an injustice to them, and that in as much as they had not been given a hearing in the matter prior to its passage, that the matter be again

opened up in order that their objections could be heard.

Motion.

Supervisor Murphy moved that the entire subject matter be recommitted to the Buildings Committee for consideration at its meeting tomorrow at 2 p. m., and that the Tax Collector be requested to refrain from collecting the license until matter is adjusted.

So ordered.

Weights and Measures Ordinance.

The following Bill heretofore passed for printing was taken up:

Bill No. 2601, Ordinance No. — (New Series), entitled, "Amending Section 1 and repealing Section 8 of Ordinance No. 1650 (New Series), entitled, 'An Ordinance relating to weights and measures, establishing a standard thereof, creating the office of Sealer of Weights and Measures, providing for the appointing of a Sealer of Weights and Measures and his deputies and fixing their compensation,' approved August 29, 1911."

Privilege of the Floor.

H. Chick was granted the privilege of the floor and declared that the ordinance as presented was inadequate in the number of sealers it provided to properly carry out the work of the Bureau. He declared that fully 60 per cent of the scales in San Francisco are false.

Mrs. Schussler, representing the Housewife's League, opposed the passage of the proposed ordinance. She said that an adequate force should be employed to properly enforce the provisions of the bill.

Richard Welch, State Senator, declared that the passage of the ordinance in its present form would be an evasion of the provisions of the Tyrrell act.

Frank B. Connolly, representing the Retail Grocers, favored any weights and measures ordinance that would be effective.

J. Johnson, representing the Labor Council, explained his understanding of the Tyrrell bill, and requested that the ordinance be amended to conform with said bill.

Motion.

Supervisor Vogelsang moved the reference of the bill to the City Attorney.

Motion *lost* by the following vote:

Ayes—Supervisors Caglieri, Andrew J. Gallagher, Hayden, Murdock, Nolan, Vogelsang—6.

Final Passage.

Whereupon, the question being taken, the foregoing bill was *finally passed* by the following vote:

Ayes—Supervisors Caglieri, George E. Gallagher, Giannini, Hayden, Hilmer, Jennings, Koshland, McCarthy, McLeran, Murdock, Murphy, Payot—12.

Noes—Supervisors Andrew J. Gallagher, Nolan, Vogelsang—3.

Absent — Supervisors Bancroft, Hocks, Mauzy—3.

Explanation of Vote.

Supervisor Vogelsang explained his vote by saying he considered the ordinance a perversion of the law and the spirit of the statute of the state on this subject.

Supervisor Andrew J. Gallagher explained his vote in same manner.

Motion.

Supervisor Andrew J. Gallagher moved that the Clerk be directed to obtain for him the opinion of the City Attorney as to the legality of the ordinance.

So ordered.

Board of Public Works to Receive Bids For Furnishing Cast Iron Pipe.

Also, Bill No. 2608, Ordinance No. — (New Series), entitled, Authorizing the Board of Public Works to receive sealed proposals for the furnishing and delivering of castiron water pipe in accordance with specifications No. 9603 on file in the office of the Board of Public Works and in the office of the Board of Supervisors; approving said specifications; authorizing and directing the Board of Public Works to enter into contract for the purchase of said pipe and permitting progressive

payments to be made according to said specifications; the cost thereof to be borne out of Water Construction Fund, bond issue 1910, and repealing Ordinance No. 2317 (New Series).

Board of Fire Commissioners to Lay Off One Fire Boat, by Reason of Failure of State to Provide Its Portion of Expense.

Supervisor Jennings presented:

J. R. No. —.

Whereas, his Excellency, the Governor, in the exercise of his judgment, has seen fit to veto the items in the Appropriation Bill providing for the State's portion of the cost of the maintenance of the fire boats in San Francisco harbor, and

Whereas, The Finance Committee in the preparation of the Budget for the fiscal year 1913-1914, which was subsequently adopted by the Board of Supervisors, counted on the State appropriating its customary half of the cost of maintaining these two fire boats, and made its appropriation accordingly, therefore be it,

Resolved, That the Board of Fire Commissioners be and they are hereby directed to lay off one fire boat to make the necessary retrenchment occasioned by the Governor's action.

Privilege of the Floor.

W. H. Hammer, President Board of Fire Commissioners, was granted the privilege of the floor, and protested against the adoption of the resolution. He called attention to the growing needs of the port, the extra fire protection needed during the Exposition, declaring that more fire boats rather than a less number were required to meet actual conditions.

W. M. Johnson, in charge of electrical work at the Exposition, also urged that the fire boat be retained.

Mr. Campbell, representing the San Francisco Chamber of Commerce, requested that the Supervisors make up the deficiency occasioned by the failure of the State to provide for its portion for the maintenance of the fire boats.

T. Murphy, Chief Engineer, Fire Department, also addressed the Board opposing the adoption of the resolution. He stated that in the beginning the city itself provided all the money for the maintenance of the boats, but that subsequently the State furnished one-half of the necessary amount.

Motion.

Supervisor Vogelsang moved that the matter be laid over one week.

Motion lost by the following vote:

Ayes—Supervisors Giannini, Koshland, McLeran, Murdock, Vogelsang—5.

Noes—Supervisors Caglieri, Andrew J. Gallagher, George E. Gallagher,

Hayden, Hilmer, Jennings, McCarthy, Murphy, Nolan, Payot—10.

McKillop Bros., west side of Taylor street, 115 feet north of Clay street, 1500 gallons capacity.

Bruce Cornwall, north side of Market street, 110 feet east of Gough street, capacity 1500 gallons.

Privilege of the Floor.

P. S. O'Rourke was granted the privilege of the floor and addressed the Board in opposition to the permit of Won Yick. He declared that there was already one Chinese laundry in the block and another would further depreciate his property.

J. Hanley, attorney representing Won Yick, favored the granting of the permit, and stated that the business would be housed in a first-class brick building.

Nicolas Brass, property owner, declared that he had erected two new flats in the neighborhood, and that their value should not now be injured by the granting of a permit for a Chinese laundry in the vicinity.

Won Yick Permit.

Whereupon, the question was taken on Won Yick's permit with the following result:

Calling and Providing for Special Election for Incurring Bonded Indebtedness of \$3,500,000 for Extension of Municipal Railways.

On motion of Supervisor Vogelsang: Bill No. 2611, Ordinance No. — (New Series), Calling and providing for a special election to be held in the City and County of San Francisco, on Tuesday, the 26th day of August, 1913, for the purpose of submitting to the electors of said City and County a proposition to incur a bonded indebtedness of said City and County of \$3,500,000 for the purpose of the acquisition or construction of a public utility, to-wit: A system of municipal street railways over and along the public streets, or rights of way from The Embarcadero to terminals at the Panama-Pacific International Exposition grounds, and the Presidio Military Reservation; from various points in Market street, and in and through Stockton street to the same terminals; from Market street to a terminal in the Potrero District; on Van Ness avenue, and from such avenue along connecting streets to Church street, and along Church street to convenient terminals; along California street from Thirty-third avenue to First avenue, and over connecting streets to Geary street, and for such extensions and additions to the system as may be deemed necessary, and to include equipment thereof, appurtenances thereto, and purchase of necessary lands.

Whereas, The Board of Supervisors did, on the 12th day of May, 1913, finally pass Ordinance No. 2278 (New Series) determining and declaring that the public interest and necessity de-

mand the acquisition or construction of a public utility, to-wit: A system of municipal street railways over and along the public streets, or rights of way from The Embarcadero to terminals at the Panama-Pacific International Exposition grounds, and the Presidio Military Reservation; from various points in Market street, and in and through Stockton street to the same terminals; from Market street to a terminal in the Potrero District; on Van Ness avenue, and from such avenue along connecting streets to Church street, and along Church street to convenient terminals; along California street from Thirty-third avenue to First avenue, and over connecting streets to Geary street, and for such extensions and additions to the system as may be deemed necessary, and to include equipment thereof, appurtenances thereto, and purchase of necessary lands.

Also by said Ordinance it was directed that the Board of Public Works procure through the City Engineer, and file with the Board of Supervisors, plans and estimates of cost of original construction and completion of the herein described street railways; and

Whereas, Pursuant to the direction of Ordinance No. 2278 (New Series), said Board of Public Works did procure and on the 29th day of May, 1913, did file with the Board of Supervisors plans and estimates of cost of original construction and completion of the system of street railways named; therefore

Be it Ordained by the People of the City and County of San Francisco as follows:

Section 1. A special election is hereby called and ordered to be held in the City and County of San Francisco on Tuesday, the 26th day of August, 1913, for the purpose of submitting to the electors of said City and County the following propositions, to-wit:

Proposition to incur a bonded indebtedness by the City and County of San Francisco to the amount of three million five hundred thousand dollars for the purpose of the acquisition or construction of a public utility, to-wit: A system of municipal street railways over and along the public streets or rights of way from The Embarcadero to terminals at the Panama-Pacific International Exposition grounds, and the Presidio Military Reservation; from various points in Market street and in and through Stockton street to the same terminals; from Market street to a terminal in the Potrero District; on Van Ness avenue, and from such avenue along connecting streets to Church street, and along Church street to convenient ter-

minals; along California street from Thirty-third avenue to First avenue and over connecting streets to Geary street, and for such extensions and additions to the system as may be deemed necessary, and to include equipment thereof, appurtenances thereto, and purchase of necessary lands.

Section 2. The estimated cost of the acquisition or construction of the system of street railways described in the preceding section is three million five hundred thousand dollars.

Section 3. That the method and manner of payment of the estimated costs of said street railways described in said proposition is by the issuance of bonds of the City and County of San Francisco to the amount of three million five hundred thousand dollars and the application of the proceeds arising from the sale thereof to defray the cost of the acquisition or construction of the system of street railways described in the proposition herein set forth.

Section 4. The special election hereby called and ordered to be held shall be held and conducted, and the votes thereat received and canvassed, and the returns thereof made, and the results thereof ascertained, determined and declared as herein provided and according to the laws of the State of California providing for and governing elections in the City and County of San Francisco and the polls for such election shall be and remain open during the time required by said laws.

The ballots to be used at said special election shall be such as may be required by law to be used thereat, and, in addition to any other matter required by law to be printed thereon, shall appear thereon the following:

MUNICIPAL TICKET.

To vote for the proposition, and thereby authorize the incurring of a bonded indebtedness for the amount of, and for the purpose stated in such proposition, stamp a cross (X) in the blank space to the right of the word "YES."

To vote against the proposition and thereby refuse to authorize the incurring of a bonded indebtedness for the amount of, and for the purpose stated in such proposition, stamp a cross (X) in the blank space of the right of the word "NO."

Also said ballot shall have printed thereon the following:

Proposition to incur a bonded indebtedness of the City and County of San Francisco to the amount of three million five hundred thousand dollars for the purpose of the acquisition or construction of a public utility, to-wit: A system of municipal street railways over and along the public streets or rights of way from The Embarcadero to terminals at the Panama-Pacific

International Exposition grounds and the Presidio Military Reservation; from various points in Market street and in and through Stockton street to the same terminals; from Market street to a terminal in the Potrero District; on Van Ness avenue, and from such avenue along connecting streets to Church street, and along Church street to convenient terminals; along California street from thirty-third avenue to First avenue and over connecting streets to Geary street, and for such extensions and additions to the system as may be deemed necessary, and to include equipment thereof, appurtenances thereto, and purchase of necessary lands.

YES	
NO	

Bonds issued for such purpose shall bear interest at the rate of five per centum per annum, payable semi-annually.

Sample ballots containing the above matter required to be printed thereon shall be supplied to the electors of said City and County by the Board of Election Commissioners, but a failure on the part of any elector to receive such sample ballot shall not be held to invalidate the election or affect in any manner the legality of any bonds that may be authorized thereat.

Section 5. Any qualified elector of the City and County of San Francisco may vote at said special election for or against the proposition herewith submitted. To vote in favor of and authorize the incurring of a bonded debt for the purpose set forth in the proposition herein set forth he shall stamp a cross (X) in the square to the right of the word "Yes" printed opposite to the proposition, and to vote against and refuse to authorize the incurring of a bonded debt for the purpose set forth in the proposition herein set forth, he shall stamp a cross (X) in the square to the right of the word "No" printed opposite the proposition.

Each cross (X) stamped in the square to the right of the word "Yes" shall be counted as a vote in favor of, and to authorize, the incurring of a bonded indebtedness for the purpose set forth in the proposition opposite to which such cross (X) is stamped; and each cross (X) stamped in the square to the right of the word "No" shall be counted as a vote not in favor of, and a refusal to authorize the incurring of, a bonded indebtedness for the purpose

set forth in the proposition opposite to which such cross (X) is stamped.

The election precincts and the numbers, names and boundaries thereof for said special election, and the places of voting, and the officers to conduct such election, and all other necessary proceedings in that behalf, shall be respectively defined, designated, selected, appointed and had by the Board of Election Commissioners of the City and County of San Francisco, and said Board is hereby authorized and directed to procure and provide all supplies that may be necessary to properly and lawfully conduct said special election.

When the polls are closed the officers of election shall count the ballots cast at such election, and canvass the votes cast respectively for and against the proposition herein set forth, make return thereof in time, form and manner required for the counting, canvassing and returning of votes cast at other municipal elections held in the City and County of San Francisco. The Board of Election Commissioners shall, as soon as the said returns and ballots have been received by said Board, canvass said returns and declare the result thereof in the manner provided by law for canvassing returns and declaring results in other elections, and shall also certify said results to the Board of Supervisors.

Section 6. If, at such special election, it shall appear that two-thirds of all the votes cast thereat were in favor of and authorized the incurring of a bonded debt for the purpose set forth in the proposition, then such proposition shall be deemed to have been accepted by the electors and bonds will be issued to defray the cost of the system of street railways specified in such proposition and to the amount stated therein. Such bonds shall be of the form and character known as "serials." All of said bonds shall be dated December 1, 1913, shall bear interest at the rate of five per centum per annum, payable semi-annually, and the principal and interest thereof shall be payable in gold coin of the United States at the office of the Treasurer of said City and County, or at the option of the holder, at the fiscal agency of said City and County in the City and State of New York. Said bonds shall be called "Municipal Street Railway Bonds," and shall be of the following denominations:

Five thousand two hundred and fifty bonds, amounting to five hundred and twenty-five thousand dollars shall be of the denomination of one hundred dollars each, and shall be numbered from one to five thousand two hundred and fifty, both numbers included.

Section 7. Said bonds and coupons shall be substantially in the following form:

UNITED STATES OF AMERICA.
State of California.

City and County of San Francisco.

No. \$.....

For value received, the City and County of San Francisco, a municipal corporation organized and existing under the laws of the State of California, hereby acknowledges itself indebted and promises to pay to the bearer on the first day of December, 19, dollars, with interest thereon at the rate of five per centum per annum, payable semi-annually December 1 and June 1, and on presentation and surrender of the coupons hereto attached as they respectively become due, both principal and interest being payable in gold coin of the United States at the office of the Treasurer of said City and County or at the option of the holder at the fiscal agency of the City and County of San Francisco, in the City and State of New York.

This bond is issued under and pursuant to the constitution and statutes of the State of California and the charter of said City and County of San Francisco and amendments thereto, and under and pursuant to ordinances and proceedings of said City and County duly adopted and taken and a vote and assent of more than two-thirds of all the qualified electors of said City and County voting at a special election duly and legally called and held for that purpose.

It is hereby certified, recited and declared that all acts, conditions and things required by law to exist, happen and be performed precedent to and in the issuance of this bond have existed, happened and been performed in due time, form and manner as required by law, and that the amount of this bond, together with all other indebtedness of said City and County, does not exceed any limit prescribed by the constitution or statutes of said State or charter of said City and County, and that provision has been

made as required by the constitution and statutes of said State and the charter of said City and County for the collection of an annual tax sufficient to pay the interest on this bond as it falls due, and also provision to constitute a sinking fund for the payment of the principal of this bond on or before maturity. The full faith and credit of said City and County are hereby pledged for the punctual payment of the principal and interest of this bond.

This bond may be converted into a registered bond upon presentation to the Treasurer of the City and County of San Francisco, in which event such Treasurer shall cut off and cancel the coupons of this bond, and shall sign a statement stamped, printed or written upon the back or face of the bond to the effect that this bond is registered in the name of the owner and that thereafter the interest and principal of this bond are payable to the registered owner. Thereafter and from time to time this bond may be transferred by such registered owner in person or by attorney duly authorized on presentation of this bond to the Treasurer, and the bond be again registered as before, a similar statement being stampel, printed or written thereon.

This bond is exempt from all taxation within the State of California.

IN WITNESS WHEREOF, said City and County of San Francisco has caused this bond to be executed under its corporate seal, signed by its Mayor and Treasurer, and countersigned by its Auditor, and has caused the interest coupons hereto attached to be signed with the engraved or lithographed signature of its Treasurer, and this bond to be dated the first day of December, 1913.

Section 8. Said three million five hundred thousand dollars bonds to be issued for the purpose stated in the proposition herein set forth shall be payable one hundred thousand dollars thereof, comprising one hundred and fifty bonds of the denomination of one hundred dollars, sixty bonds of the denomination of five hundred dollars and fifty-five bonds of the denomination of one thousand dollars, five years from the date of said bonds, beginning with the lowest numbers of each denomination of said bonds, and one hundred thousand dollars thereof comprising the same amount of the next higher numbers of each of said denominations on the same day in each succeeding year until all of said bonds shall be paid:

Section 9. The amount of tax levy to be made for the payment of said three million five hundred thousand dollars bonds issued under said proposition shall be the sum of one hundred and seventy-five thousand dollars each year for the first five years from the date of said bonds to pay the annual interest on said bonds, and in season to pay such interest as it becomes due and for the sixth year after the date of said bonds the sum of one hundred and seventy thousand dollars to pay and in season to pay the interest on such of said bonds as remain outstanding after the one hundred thousand dollars thereof due five years from their date have been paid and for the seventh year after the date of said bonds the sum of one hundred and sixty-five thousand dollars to pay and in season to pay the interest on such of said bonds as remain outstanding after the one hundred thousand dollars thereof due six years from their date have been paid, and so on a sum each year for thirty-three succeeding years and until said bonds are all paid, sufficient for interest and in season to pay interest on all of said bonds outstanding, which sum for interest will diminish each year by the amount of five thousand dollars by reason of the payment each year beginning five years from the date of said bonds of one hundred thousand dollars of said bonds, and the sum of one hundred thousand dollars each year beginning four years from the date of said bonds to pay and in season to pay the prin-

cipal of such bonds as they respectively become due, and continuing each succeeding year for thirty-four years until the principal of all of said bonds has been paid.

The purpose and intent of the foregoing tax provisions are, and it is hereby expressly provided, that at the time of levying the municipal tax, and in the manner provided for such tax levy, the Supervisors shall levy and collect annually a tax sufficient to pay the annual interest on such bonds and also such part of the bonded indebtedness as will fall due within the succeeding fiscal year. Such taxes shall be in addition to all other taxes levied for municipal purposes, and shall be collected at the same time and in the same manner as other municipal taxes are collected.

Section 10. This Ordinance shall be published for ten days in the Official Newspaper and shall take effect immediately.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Adopted.

The following resolutions were introduced under suspension of the rules and adopted:

City Engineer to Report on the Elimination of Spring Valley Water Shed Lands.

On motion of Supervisor Andrew J. Gallagher:

J. R. No. 816.

Resolved, That the City Engineer is hereby requested to make a detailed investigation and report to this Board, as to what lands of the Laguna de la Merced, the Crystal Springs Water Sheds, and such other unnecessary lands as may be safely eliminated from the properties of the Spring Valley Water Company, now used as a basis of valuation for rate fixing purposes; the purpose being to eliminate lands unnecessary for water supply purposes, in fixing a basis of valuation for determining rates in the future.

In view of the necessity of releasing this unnecessary land, and the urgency of securing to the consumer the rate advantage resulting therefrom, the City Engineer is requested to submit said report at the very earliest date possible.

Ayes—Supervisors Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Jennings, Koshland, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogel-sang—15.

City Engineer to Report on Extensions of Water Service to Newcomb Avenue, Between Railroad Avenue and Keith Street.

On motion of Supervisor Andrew J. Gallagher:

J. R. No. 817.

Resolved, That the City Engineer be requested to consider the feasibility and to report at his earliest convenience, a proposition to extend the mains of the Municipal Water System to Newcomb avenue from Railroad

avenue to Keith street, for the purpose of affording to property owners in said street adequate water service for fire protection and domestic service. The cost of said extension to be made out of appropriation of \$15,000 in Budget for fiscal year 1913-1914, for extension of the Municipal Water System.

Ayes—Supervisors Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Jennings, Koshland, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogel-sang—15.

Attorney-General to Prevent Filling in of Cove at Foot of Van Ness Avenue.

On motion of Supervisor Giannini:

J. R. No. 818.

Whereas, It has been brought to our attention that certain individuals, firms or corporations are filling in the block of tide land property in the City and County of San Francisco, bounded by Beach street, Polk street, Larkin street and Jefferson street, and which block is almost completely covered by the waters of the bay of San Francisco at all stages of the tide; and

Whereas, We are informed that it is intended to fill in and reclaim the entire cove situated at the foot of Van Ness avenue, and bounded on the west by Black Point, on the south by Beach street, on the east by Hyde street and on the north by the Bay of San Francisco, which filling and reclamation would absolutely ruin the said cove for navigation or aquatic purposes and prevent the same from ever being used for such purposes; and

Whereas, The said cove is the only place in the City and County of San Francisco suitable or that could possibly be used for aquatic purposes, and, notwithstanding the fact that San Francisco is a seaport town and almost entirely surrounded by water there is not within its boundaries a single place where citizens can safely enjoy boating or swimming or aquatic sports except in the said cove; and

Whereas, Under recent decisions of the Supreme Court of the State of California, and the decision of Judge Bordwell of the Superior Court of the County of Los Angeles, it has been held that the State has no power to alienate or divest itself of the title of any of its tide lands, the title to such lands being in the State in trust for its citizens, that they may enjoy the same for the purposes of navigation, etc.

It is therefore resolved, that the Attorney-General of the State of California, be and he is hereby invited and requested to take immediate pro-

ceedings to prevent the filling in and reclamation of said cove, or any part thereof, and to take such other and further proceedings on behalf of the people of the State of California as may be necessary to have it declared that the title to the tide lands covered by the waters of said cove remain in the State of California, as trustee for the citizens thereof, and prevent the construction or encroachment upon said cove or the tide lands covered by the waters thereof by private owners.

Policing of Van Ness Avenue, Panama-Pacific Road Race.

On motion of Supervisor Hayden:
J. R. No. 819.

Resolved, That the Chief of Police is hereby requested to arrange for the policing of Van Ness avenue between Golden Gate avenue and Bush street on the afternoon of July 4, 1913, between the hours of 2 o'clock and 5 o'clock, so as to afford protection to the spectators who may gather to witness the close of the Panama-Pacific Road Race from Los Angeles to this City and County; and be it

Further Resolved, That the Western Auto Association is granted permission to erect a score board, 15 x 50 feet, at Bush street and Van Ness avenue, for the purpose of showing the results of said road race.

Ayes—Supervisors Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Jennings, Koshland, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogel-sang—15.

Validating Appointment of Gas and Water Inspector.

On motion of Supervisor Nolan:
Resolution No. 10266 (New Series).

Whereas, By an Act of the Legislature, approved March 4, 1878, Section 2, the Mayor of the City and County of San Francisco was authorized to appoint a gas inspector, such appointment to be confirmed by the Board of Supervisors of said City and County, said Board to also fix the salary of said gas inspector; and

Whereas, After the position had been filled by several appointees, on the 16th day of January, 1899, O. M. Tupper was appointed by the Mayor and his appointment confirmed by the Board of Supervisors, as Gas Inspector and ex-officio Water Inspector; and

Whereas, Subsequent to the taking effect of the Charter of the City and County of San Francisco, and prior to the earthquake of April 18th, 1906,

Frank O'Leary was appointed by the Board of Supervisors, Assistant Gas and Water Inspector; and

Whereas, On the 28th day of May, 1906, by Resolution No. 58 (New Series), Stephen A. Byrne was appointed Gas and Water Inspector in place of O. M. Tupper, such appointment to take effect July 1, 1906; and

Whereas, The Board of Supervisors, February 26, 1912, appointed Robert W. Hampton Gas and Water Inspector in the place of the said Stephen A. Byrne, and Edward Ellison Assistant Gas and Water Inspector, in the place of the said Frank O'Leary (Journal Resolution No. 94), said appointees to take office March 1, 1912; and

Whereas, the said Robert W. Hampton and Edward Ellison assumed the duties of said officers as required by law on said March 1, 1912, and have served in said positions for the period of one year continuously, prior to the 27th day of March, 1913, and were actually employed in said offices at such time; now, therefore, be it

Resolved, That it is hereby declared that the position of Gas and Water Inspector has existed since the taking effect of the Charter as a continuation of the office created by said Act of the Legislature approved March 4, 1878, and that the position of Assistant Gas and Water Inspector has likewise existed since on or about January 1, 1906, the records of the creation of said office having been destroyed, and it is

Further Resolved, That the action of the Board of Supervisors of February 26, 1912, in appointing said Robert W. Hampton to the position of Gas and Water Inspector, and Edward Ellison to the position of Assistant Gas and Water Inspector, is hereby approved and confirmed.

Surplus in Lighting Fund to Apply to Extensions of Service.

Supervisor Nolan presented the following resolution, under suspension of the rules, and moved its adoption:

Whereas, A large portion of the City and County of San Francisco has been without adequate lighting for the past two months, owing to labor troubles; and

Whereas, The residents of the City have been very patient in being deprived of necessary lighting; and

Whereas, A large surplus has accumulated in the Lighting Fund, caused

by outages in the said districts; now, therefore, be it

Resolved, That \$15,000.00 be set aside and appropriated out of the appropriation in the budget for the fiscal year 1912-13, for "Lighting Streets and Public Buildings," for additional and improved street lighting in the following districts of San Francisco, to-wit:

Potrero, Visitacion Valley, South San Francisco, San Bruno avenue, Ocean View, Ingleside, Excelsior Homestead, Glen Park, Parkside, Mission, Market Street Homestead Association, Noe Valley and Richmond.

Amendment.

Adopted.

The following resolution was introduced, under suspension of the rules, by Supervisor Vogelsang, and *adopted:*

Endorsement of Raker's Hetch Hetchy Bill.

Resolution No. 10267 (New Series), as follows:

Whereas, There has been forwarded to the Board of Supervisors of the City and County of San Francisco a copy of the proposed H. R. 6281, introduced by Congressman Raker on June 23, 1913, in the House of Representatives, granting to the City and County of San Francisco certain rights of way in, over and through certain public lands in the Yosemite National Park and the Stanislaus National Forest and certain lands in the Yosemite National Park, the Stanislaus National Forest and the public lands of the State of California, and

Whereas, It does appear to this Board of Supervisors that the terms of the said bill are eminently fair and just to the Federal government, to the City, to the Modesto and Turlock Irrigation Districts and to all parties interested; now, therefore, be it

Resolved, By the Board of Supervisors that this Board does respectfully urge upon Congress the early passage of said H. R. 6281; and further, be it

Resolved, By this Board, that the earnest and immediate attention of Congress be specially urged on account of the water shortage at present prevailing in San Francisco and the danger of an increased shortage in the

water supply of this city in the near future on account of the recent years of light rainfall in California, and to guard against a recurrence of a similar series of dry seasons, and the Clerk of the Board of Supervisors is hereby directed to transmit copies of this resolution to the Public Lands Committee of the House of Representatives.

Ayes—Supervisors Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Jennings, Koshland, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogel-sang—15.

Explanation of Vote.

Supervisor Giannini explained his vote by saying that he did not understand the reason for the increase to 4000 second feet allowed irrigation-ists during certain periods, and that he voted with the reservation to object to such a condition.

Leave of Absence, Supervisor Alexander T. Vogelsang.

The following matter was presented and read by the Clerk:

San Francisco, Cal., June 30, 1913.

On motion of Supervisor Vogelsang:
J. R. No. 821.

Whereas, The City and County of San Francisco owns in fee simple, various lands situated in Tuolumne County, State of California, which will ultimately be used in connection with the development of the Hetch Hetchy water supply project, and

Whereas, It appears that some of these lands are fenced and are valuable for hay and feed purposes, but that said lands are not at present put to any beneficial use, and will not be required for use in connection with said water supply project for some period of time, except for fodder purposes, and

Whereas, It appears that contracts may profitably be let for the planting and cutting of crops of hay in said pasture lands on the basis of allowing a percentage of the crop to the contractor, now therefore, be it

Resolved, That the Board of Public Works be and is hereby authorized and directed to ascertain the area and location of such lands owned by the city, or held by the city under agricultural permits from the Forestry Department, as it will be practicable to utilize for this purpose and thereupon to advertise for bids and enter, in the usual manner, into a contract or contracts with the planting, harvesting and disposal of crops of hay upon such lands, on the basis of a percentage of the crop or proceeds from the sale thereof to the contractor, said contract or contracts to contain the further provision that the contractor shall maintain all existing fences on said lands in good repair and exclude stray cattle and sheep from the said pastures.

Improvement of Terminal Facilities at Ferry.

On motion of Supervisor Vogelsang:
J. R. No. 822.

Whereas, Improved street railway terminal facilities are urgently needed for public convenience and safety upon The Embarcadero at the foot of Market street; and

Whereas, Bion J. Arnold, in Chapter 13 of his "Report on Transportation Facilities of San Francisco", states that the capacity of Market street, as a street railway thoroughfare, is practically limited to its present capacity because of inadequate terminal facilities at the Ferry Depot; therefore be it

Resolved, That the Board of Public Works and the City Engineer are hereby instructed and authorized to confer with the Board of State Harbor Commissioners of San Francisco, and to determine and report to this Board the most feasible and practicable plan for improvement of the ferry terminal of railway lines operating on Market street and such other lines now terminating at the ferry.

Recess.

Whereupon, the Board, at the hour of 6:30 p. m., took a recess until Wednesday, July 2, 1913, at 2 p. m., at which time it is to consider the confirmation of the sale of Relief Home Lands and such other matters as may come before it.

JOHN W. ROGERS,
Acting Clerk.

WEDNESDAY, JULY 2, 1913.

In Board of Supervisors, San Francisco, Wednesday, July 2, 1913, 2:30 p. m.

The Board of Supervisors re-assembled, having taken a recess from the meeting of June 30, 1913, for the purpose of considering the matter of the confirmation of the sale of the Relief Home Lands and such other matters as may come before it.

CALLING THE ROLL.

The Roll was called and the following Supervisors were noted present:

Supervisors Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Jennings, Koshland, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—15.

Quorum present.

His Honor, Mayor Rolph, presiding.

Passed for Printing.

The following bill was presented by Supervisor McLeran and *passed for printing*:

Master Electricians' and Contractors' License.

Bill No. 2620, Ordinance No. — (New Series), Amending Section 1 of Ordinance No. 2327 (New Series), entitled "Imposing Municipal License on Master Electricians and Contractors engaged in the business of installing or constructing electrical wires, appliances or apparatus, in, on or about buildings or other structures, in the City and County of San Francisco".

Section 1 of Ordinance No. 2327 (New Series), the title of which is

recited in the title of this ordinance, is hereby amended to read as follows:

Section 1. Every person, firm or corporation engaged in the business of master electrician, or of contracting to install or construct electric wires, appliances or apparatus in, on or about buildings or structures in the City and County of San Francisco, shall pay a license fee of twenty (\$20.00) dollars per annum.

Section 2. This Ordinance shall take effect immediately.

CONFIRMATION OF SALE OF RELIEF HOME LANDS.

The following communication was presented and read by the Clerk:

City Attorney's Opinion on Sale of Relief Home Tract Lands.

June 23, 1913.

Gentlemen: I am in receipt of your request under date of June 17th with reference to the sale of the Relief Home Tract as follows:

"Certain proceedings have been taken by the Board of Supervisors for the sale of real estate owned by the City and County, known as a part of the Relief Home Tract, which sale and proceedings therefor are authorized by Sections 9 and 10 of Chapter II, Article 11 of the Charter. The matter of confirming the sale is now before the Board and has been set for July 2, 1913.

"Your attention is called to the language of Section 9 aforesaid, reciting that 'At such meeting the Board of Supervisors may, by an Ordinance passed by an affirmative vote of at least fifteen of its members, confirm such sale'.

"In this connection, your attention is called to the provisions of Section 13, Chapter I of Article II, requiring the publication for five days of bills disposing of public property.

"Your opinion is respectfully requested as to the procedure in adopting the ordinance referred to, and particularly—shall it be published five days prior to final passage.

"I am enclosing a draft of the proposed ordinance, confirming the sale of this land, which will be before the Board for passage at the meeting to be held July 2, 1913. Will you also advise the Board of Supervisors as to the sufficiency of this proposed ordinance and as to whether or not it is in proper legal form."

OPINION:

Section 9, of Chapter II, of Article II of the Charter requires that, when the Supervisors hold their meeting in accordance with the requirements of said Section, to confirm or refuse to confirm the sale of property sold, that "at such meeting, if it appears to the Supervisors that the sum bid is not

disproportionate to the value of the property sold, and that a greater sum cannot be obtained, or if an increased bid, as hereinbefore mentioned, be made and accepted the Board of Supervisors may, by an ordinance, passed by an affirmative vote, of at least fifteen of its members, confirm such sale, and direct conveyance to be executed by the Mayor. A certified copy of such ordinance shall be recorded in the County Recorder's office in the county in which the property is situated".

The natural construction of the above would seem to mean that the opening words "at such meeting" are to be read directly in connection with the language which follows, "the Board of Supervisors may, by an ordinance, etc." That is, it would thus be read: "At such meeting (if the Board makes the necessary finding thereat as to the reasonableness of the bid) the Board of Supervisors may, by an ordinance, passed by an affirmative vote, of at least fifteen of its members, confirm such sale, and direct conveyances to be executed by the Mayor. A certified copy of such ordinance shall be recorded in the County Recorder's office in the county in which the property is situated."

The question then arises whether this may be considered a final passage of the ordinance, the section thus waiving the necessity of being passed to print for five days as required by Section 13 of Chapter 1, Article II, which requires that "every bill or resolution * * * involving the lease, appropriation or disposition of public property * * * shall, after its introduction, be published in the official newspaper with the ayes and noes, for at least five successive days (Sundays and legal holidays excepted), before final action upon the same".

Of course, any requirement that a certain number of votes are needed for the passage of an ordinance, would still leave that ordinance not finally passed until the five days' publication, if the ordinance be one included under the above Section 13. But it might be argued that the above Section 9 of Chapter 1, Article I, having been adopted subsequent to the other section and dealing with a particular subject, and providing that "at such meeting", the ordinance shall be passed, by a certain vote, that it was intended to make an exception in the case of the sale of lands provided for in this section.

In my opinion, the safest course to pursue, in a matter of such great importance, is for the Board of Supervisors to follow both procedures.

That is, first, on July 2nd pass the ordinance finally, with the necessary fifteen votes.

And second, pass the identical ordinance to print, with the necessary fifteen votes, and then, after five days' publication, pass it finally, again with fifteen votes. And record a certified copy of each of these ordinances. The mere passage to print would not satisfy the section if we assume that but one passage is necessary, as the members of the Board would not then be voting on final passage. They must intend their votes to be on final passage, no matter how we construe the section, before their action can be taken as final.

With reference to the proposed draft of ordinance, which you have submitted, I would suggest that at the end of the first "whereas" clause there be added "in accordance with Section 9, Chapter II of the Charter", and that the third paragraph thereof commencing "Whereas the Mayor filed," etc., be changed to read as follows: "Whereas, the Mayor filed a report in regular session of this Board of Supervisors on Monday, June 9th, 1913, which session was the next meeting of the Board of Supervisors held after the aforesaid auction sale and which report set forth that an auction sale of the said hereinafter described real property of this City and County was held on Monday, June 2, 1912, in the chambers of this Board and before the Board of Supervisors and that the highest bid offered at said sale was the sum of \$120,000 by Walter H. Leimert, and requested that the sale of the said hereinafter described land to said Walter H. Leimert for the sum as hereinabove stated be confirmed subject to the provisions of Section 9, Chapter II, Article II of the Charter."

In the last "Whereas" clause, starting "Whereas ———— this day presented," etc., in the third line thereof, strike out the words "and over and above" and insert in lieu thereof "more in amount than".

Add another "whereas" clause—as follows:

"And whereas, it appears to this Board of Supervisors that the above sum of \$——— so bid by ———— is not disproportionate to the value of the property sold, and that a greater sum cannot be obtained."

At the close of Section 1 change the word "requested", with reference to the request upon the Mayor, to "directed" and after the words "to make" add "and execute".

Also, as there are two Sections 10 of Article II, Chapter II of the Charter, I would suggest that in the first "whereas" clause, line 5, after the words "Section 10, Article II, Chapter II of the Charter of this City and County" you add "which reads as follows:

"The Board of Supervisors, in the manner provided in the preceding section, may sell a portion of the Relief Home Tract not adapted to public use, being a portion of the Rancho San Miguel and generally described as lying southerly and westerly from the lands of the Spring Valley Water Company. The proceeds arising from such sale shall be used exclusively for the purchase of other lands adjoining such Relief Home Tract."

Respectfully,

PERCY V. LONG,

City Attorney.

By JESSE H. STEINHART,
Assistant City Attorney.

Bill No. —, Ordinance No. —
(New Series).

An Ordinance confirming and ratifying the sale of lands belonging to the City and County of San Francisco, the said lands being a portion of the Rancho San Miguel and a portion of the Relief Home Tract, which sale was authorized and held in conformity with Sections 9 and 10 of Chapter II, Article II of the Charter of the City and County of San Francisco.

Whereas, An auction sale of the certain hereinafter described lands belonging to the City and County of San Francisco, being a portion of the Rancho San Miguel, and that portion of the Relief Home Tract not adapted to public use and referred to in Section 10, Article II, Chapter II of the Charter of this City and County which reads as follows:

"The Board of Supervisors, in the manner provided in the preceding section, may sell a portion of the Relief Home Tract not adapted to public use, being a portion of the Rancho San Miguel and generally described as lying southerly and westerly from the lands of the Spring Valley Water Company. The proceeds arising from such sale shall be used exclusively for the purchase of other lands adjoining such Relief Home Tract", and determined not adapted to public use by Ordinance No. 2265 (New Series), approved the fifth day of May, 1913, was held on Monday, the second day of June, 1913, by the Mayor of this City and County, in accordance with Section 9 of Article II, Chapter II of the Charter, and in accordance with the Notice of Auction Sale of said real property which notice was published commencing May 6, 1913, in accordance with Section 9, Chapter II, Article II of the Charter, and

Whereas, the Mayor filed a report in regular session of this Board of Supervisors on Monday, June 9th, 1913, which session was the next meeting of the Board of Supervisors held after the aforesaid auction sale and

which report set forth that an auction sale of the said hereinafter described real property of this City and County was held on Monday, June 2nd, 1913, in the chambers of this Board and before the Board of Supervisors, and that the highest bid offered at said sale was the sum of \$120,000 by Walter H. Leimert, and requested that the sale of the said hereinafter described land to said Walter H. Leimert for the sum as hereinabove stated be confirmed subject to the provisions of Section 9, Chapter II, Article II of the Charter, and

Whereas, This day, Wednesday, July 2, 1913, has been fixed by notice duly published in conformity with Section 9, Chapter II of Article II of the Charter, for consideration of the confirmation of the sale of said hereinafter described real property, and

Whereasthis day presented a written bid in the sum of \$..... the amount being 10 per cent more in amount than the sum of \$120,000 heretofore bid by Walter H. Leimert on Monday, June 2, 1913, and the said..... being a responsible person, and

Whereas, It appears to this Board of Supervisors that the above sum of \$..... so bid by is not disproportionate to the value of the property sold, and that a greater sum cannot be obtained, therefore

Be it ordained by the people of the City and County of San Francisco, as follows:

Section 1. The sale of the following described real property belonging to the City and County of San Francisco, to-wit:

(Here include description of property.)

to..... for the sum of \$..... is hereby confirmed and ratified, and the Mayor is hereby directed to make and execute conveyance of the said described real property of the City and County of San Francisco to said..... in accordance with Section 9, Chapter II, Article II of the Charter.

Section 2. This ordinance shall take effect and be in force immediately.

Privilege of the Floor.

Frank English, Assistant City Attorney, was granted the privilege of the floor and declared that it was the opinion of the City Attorney's office that it was sufficient to pass the ordinance once, but in order to be certain, and in an excess of caution, it is suggested that a bill to the same effect be passed for printing, which may later on be finally passed, if such action is deemed advisable. He also suggested that when the Board adjourns, that it does so

to again meet in special session on July 11 or 12, 1913, in order to complete the proceedings within the thirty day limit as required by the Charter.

No Further Bids and No Objections to Sale.

Whereupon, his Honor, the Mayor, asked if there were any bidders present who wished to bid, or if there were any citizens present who objected to the sale, if so, he announced, such objections would now be heard.

No response.

Ordinance Passed.

Thereupon, the following ordinance was presented and *passed* by the following vote:

Bill No. 2621, Ordinance No. 2361 (New Series).

An Ordinance confirming and ratifying the sale of lands belonging to the City and County of San Francisco, the said lands being a portion of the Rancho San Miguel and a portion of the Relief Home Tract, which sale was authorized and held in conformity with Sections 9 and 10 of Chapter II, Article II of the Charter of the City and County of San Francisco.

Whereas, An auction sale of the certain hereinafter described lands belonging to the City and County of San Francisco, being a portion of the Rancho San Miguel, and that portion of the Relief Home Tract not adapted to public use and referred to in Section 10, Article II, Chapter II of the Charter of this City and County which reads as follows:

"The Board of Supervisors, in the manner provided in the preceding section, may sell a portion of the Relief Home Tract not adapted to public use, being a portion of the Rancho San Miguel and generally described as lying southerly and westerly from the lands of the Spring Valley Water Company. The proceeds arising from such sale shall be used exclusively for the purchase of other lands adjoining such Relief Home Tract," and determined not adapted to public use by Ordinance No. 2265 (New Series), approved the fifth day of May, 1913, was held on Monday, the second day of June, 1913, by the Mayor of this City and County, in accordance with Section 9 of Article II, Chapter II of the Charter, and in accordance with the Notice of Auction Sale of said real property, which notice was published commencing May 6, 1913, in accordance with Section 9, Chapter II, Article II of the Charter, and

REPORTS OF COMMITTEES.

The following committees by their respective chairmen presented reports on various matters referred, which reports were received, read and ordered filed:

Public Efficiency and Civil Service Committee, by Supervisor Murdock, Chairman.

Fire Committee, by Supervisor Giannini, Chairman.

Streets and Sewers Committee, by Supervisor George E. Gallagher, Chairman.

Supplies Committee, by Supervisor Koshland, Chairman.

Health Committee, by Supervisor Caglieri, Chairman.

Award of Contract for Cement.

The following matters were presented and read:

Special Report of Supplies Committee to Accompany Resolution Awarding Contract for Cement.

San Francisco, Cal., July 7, 1913.

To the Honorable, the Board of Supervisors, City and County of San Francisco—Gentlemen:

Your Supplies Committee, after extending a full hearing to all cement

bidders, has decided to recommend that the award of contract be made to the Standard Portland Cement Corporation, except for carload lots in Delivery District No. 2; for this district we recommend the Western Lime and Cement Co., they being five cents per barrel lower.

Your Committee, in selecting the Standard from amongst the five concerns who submitted bids—all said bids being the same—was, that the Superintendent of Street Repairs reports that he used their product during the past year and found it was very satisfactory; that the cement sets promptly, that the deliveries are as required, and that bag credits (a very important item) run over 96 per cent.

Respectfully submitted,

FRED L. HILMER.

CHAS. A. MURDOCK.

Minority Report.

I find myself unable to agree with my distinguished colleagues in the above report. In the first place, the Western Lime and Cement Co., being the low bidder in one item in one district, is therefore the actual low bidder and entitled to the contract. The Western, in addition, offers to accept the decision of the Superintendent of Street Repairs on bag credits, offers to sign an affidavit that there has been no collusion in bidding, offers to supply any brand of cement the city may select, and offers to give the city the benefit of any decline in the market price of cement.

I join my associates in commending the Standard for its service during the past year, but feel we have no right to let any firm enjoy a monopoly of city business for that reason; every merchant should know that the door is wide open to him and that bids will be disposed of upon their merits, the best goods at the lowest competitive prices—that no man need feel handicapped in bidding, simply because he has not had contracts heretofore.

If it should be found that the Western is not actually the low bidder then the custom of the Committee should prevail, awarding tie bids by lot. Respectfully submitted,

ADOLF KOSHLAND.

Communications.

The following were presented and read by the Clerk:

From Western Lime and Cement Company, protesting against award of contract for cement to any firm other than itself, alleging that its bid is the lowest presented.

From Standard Portland Cement Corporation, stating that its bid for cement is regular in all particulars and if awarded the contract it will agree to the insertion of a clause agree-

ing to cancel the unfilled portion of the contract should there be a refusal on their part to meet a reduction offered the city at any point named for delivery in the contract.

From Pacific Portland Cement Company, Consolidated, protesting against award of contract to Standard Portland Cement Corporation on the ground that their bid is irregular and not in order, and stating that its bid is in due legal form and requesting that contract be awarded to them.

From Henry Cowell Lime and Cement Company, protesting against award of contract for cement to Santa Cruz or Standard Portland Cement Companies on the ground that there should be no discrimination in the case of tie bids.

Privilege of the Floor.

O. M. Tupper, representing Western Lime and Cement Company, was granted the privilege of the floor and opposed the award of contract for cement to any firm but the one he represented. He declared that the specifications called for bids in sixteen different ways, that he made a tie bid in fifteen ways with his competitors and was 5 cents a barrel less on one. He considered that he was on this account the lowest bidder and entitled to the entire contract.

Mr. Durbrow, representing Cowell Lime and Cement Company, also opposed the award of contract to any of the tie bidders unless matter is decided by lot.

Motion.

Supervisor Koshland moved that all bids be thrown out and Committee be directed to purchase in open market until such time as it is able to report conditions favorable for making contract.

Motion lost by the following vote:

Ayes—Supervisors Caglieri, Gianini, Hayden, Hilmer, Jennings, Koshland, McCarthy, Murphy—8.

Noes—Supervisors Andrew J. Gallagher, McLeran, Murdock, Nolan, Vogensang—5.

Absent—Supervisors Bancroft, Geo. E. Gallagher, Hocks, Mauzy, Payot—5.

Referred.

Ordering the performance of certain street work to be done in the City and County of San Francisco, approving and adopting specifications therefor and authorizing the Board of Public Works to enter into contract for doing the same.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Public Works in written communication filed in the office of the Clerk of the Board of Supervisors July 3, 1913, having recommended the ordering of the following street work, the same is hereby ordered to be done in the City and County of San Francisco in conformity with the provisions of Chapter 2, Article VI of the Charter, said work to be performed under the direction of the Board of Public Works, and to be done in accordance with the specifications prepared therefor by said Board of Public Works, and on file in its office, which said plans and specifications are hereby approved and adopted:

That Woolsey street, from the easterly line of Somerset street to the westerly line of Dartmouth street, be improved by grading to official line and grade.

Adopted.

The following resolutions were *adopted*:

Property Owners to Contribute for Construction of Sewer in Westerly Side of Kansas Street, from Twentieth to Twenty-second Streets.

On motion of Supervisor George E. Gallagher:

J. R. No. 824.

Whereas, Mrs. Rosamond Machabee et al. appealed from Assessment No. 494, issued by the Board of Public Works for the construction of a sewer, etc., on the westerly side of Kansas street, from a point 416 feet southerly from Twentieth street to Twenty-second street, and crossing of Twenty-second and Kansas streets, for the reason that only the property on the westerly side of the street is assessed for the cost of the work; therefore, be it

Resolved, That the Board of Public Works is directed to request all property owners who will have the use of said sewer to contribute a reasonable

amount for such use, so that the cost of the construction of said sewer will not be so burdensome upon the property owners on the westerly side of Kansas street.

Ayes—Supervisors Caglieri, Andrew J. Gallagher, Giannini, Hayden, Hilmer, Jennings, Koshland, McCarthy, McLeran, Murdock, Murphy, Nolan, Vogelsang—13.

Correction of Assessment for Street Work at Kansas and Twenty-second Streets.

Also Resolution No. 10243 (New Series), as follows:

Whereas, Mrs. Rosamond Machabee et al., feeling aggrieved at the decision of the Board of Public Works in issuing Assessment No. 494 for the construction of sewer, etc., in Kansas street, from a point 416 feet southerly from Twentieth street to Twenty-second street, and crossing of Kansas and Twenty-second streets, appealed from said decision of the Board of Public Works; therefore, be it

Resolved, That the Board of Public Works is hereby directed to correct said Assessment No. 494, by cancelling the assessment against lot No. 1 in the sum of eleven dollars and twenty-five cents for the work done on the crossing of Kansas and Twenty-second streets.

Ayes—Supervisors Caglieri, Andrew J. Gallagher, Giannini, Hayden, Hilmer, Jennings, Koshland, McCarthy, McLeran, Murdock, Murphy, Nolan, Vogelsang—13.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Resolved, That this Board recommends that such use be granted by the Board of Education.

Campaign for Municipal Railway Extension Bonds.

Supervisor Murphy announced that at its meeting the Public Utilities Committee on Tuesday the Public Utilities Committee would consider the question of outlining a campaign for Municipal Railway Bonds. He pointed to the success of the Geary Street Road and its steadily increasing receipts and urged the importance of inaugurating a vigorous campaign.

DELIVERY OF ASSESSMENT ROLL, 1913-1914.

The Clerk announced that the assessor had this day delivered to the clerk of the Board of Supervisors the Assessment Roll for the fiscal year 1913-1914, consisting of 61 volumes, describing real estate and secured personal property; 18 volumes describing unsecured personal property, and 4 volumes of indexes. Also, that the Assessor had filed on the first day of July, 1913, the list of arbitrary assessments, separate from the Assessment Book, as required by Section 3633 of the Political Code of the State of California.

Report of the Assessor on Assessment Roll for 1913-1914.

Thereupon the following report was presented and read:

San Francisco, July 7, 1913.

Honorable Board of Supervisors, City and County of San Francisco—Gentlemen:

I have this day delivered to the clerk of your Board the Assessment Rolls of the City and County of San Francisco, to-wit: Sixty-one volumes of assessed real estate and personal property secured by real estate, and 18 volumes of assessment of unsecured personal property. The assessment for city purposes is as follows, to-wit:

Assessment of lands.....	\$303,705,852
Assessment of improvements ..	157,400,255
Assessment of personal property ..	64,422,120
Total ..	\$525,528,227

taxed exclusively for city and county purposes.

This is an increase over last year's assessment of \$2,509,712, on land; \$10,819,158 on improvements, and \$1,770,004 on personal property; total increase \$15,098,874, or about two and nine-tenths per cent increase on non-operative property.

The increased assessment on land has been almost entirely confined to property adjacent to the new Civic Center, the Panama-Pacific International Exposition grounds acreage tracts and new subdivisions of acreage property. The increase in improvements is due to the construction of new buildings, especially hotels, apartment houses and business blocks. The increase in personal property is due to increased values returned on merchants' statements and goods stored in warehouses.

The total assessment on operative property which is taxed exclusively for State purposes as provided in Article XIII, Section 14 of the State Constitution, commonly known as

Amendment No. 1, which was ratified by the voters November 8th, 1910, is \$97,594,298, an increase of \$3,213,150, or about three and four-tenths per cent over last year's assessment.

The total assessed value of operative and non-operative property is \$623,122,525, or a total increase over last year's assessment of \$18,312,061.

Had the tax rate for city purposes been levied on the total assessment of \$623,122,525, it would have been \$1.85543 instead of \$2.20 to raise the same amount of revenue for the city purposes.

When Amendment No. 1 was ratified by the voters its workings were not generally understood. Whenever the City and County rate of taxation is increased, or when the assessment of operative property is increased due to new construction or other causes, the amendment works against the city or county's interests, and does not increase the State's revenue.

During the last year the State Board of Equalization and the public service corporation very thoroughly investigated county assessments throughout the State, endeavoring to find figures to settle the contention that operative property pays a higher or lower proportion of taxes than non-operative property, the same to be used as evidence before the Legislature. This city was complimented by the State officers who reported that the assessments were more uniform and equal than that of most of the counties of the State. The State Controller employed his own men and compared all probate sales with the assessed value in 1912. He checked the appraisements made by the State Insurance Commissioner in investigating mortgage loans made by insurance companies on San Francisco property. He employed one of the largest real estate firms to appraise a large amount of downtown property, and compared it with assessed values and checked all recorded sales of property of \$3000 or over during 1911 and 1912 with the assessed values and found the basic figures used by the City of San Francisco for assessing purposes to be from 1 to 3 per cent lower than the figures compiled by his men from all other sources. The comparison of the sales recorded in 1911 and 1912 as compared with the assessed value of each lot sold did not vary over one per cent from the Assessor's basic valuations.

Assessors from other cities and tourists, who are interested in taxation systems, who have visited this office, declare the methods used in San Francisco to arrive at an equitable assessment, are up to date in the science of

assessing and equaled by few cities in the United States. Respectfully yours,
JOHN GINTY,
Assessor.

PROCEEDINGS OF BOARD OF EQUALIZATION.

The Board then proceeded to and examined the Assessment Roll as received from the Assessor.

Resolutions Adopted.

Whereupon the following resolutions were introduced and adopted:

Sessions of Board of Equalization.

Resolution No. 10270 (New Series), as follows:

Resolved, That the Board of Supervisors, having met on this (Monday) afternoon, July 7, 1913, and examined the Assessment Books of Real and Personal Property for the year 1913, will thereafter be in session as a Board of Equalization from time to time until Monday, July 21, 1913, at 12 o'clock noon, for the purpose of hearing applications, verified by oath, for the correction of assessments on said assessment books.

Ayes—Supervisors Caglieri, Andrew J. Gallagher, Giannini, Hayden, Hilmer, Jennings, Koshland, McCarthy, McLeran, Murdock, Murphy, Nolan, Vogelsang—13.

Board of Equalization to Hear Applicants for Reductions on July 11, 1913.

Resolution No. 10271 (New Series), as follows:

Resolved, That this Board shall meet on Friday, July 11, 1913, at 1:45 o'clock p. m., as a Board of Equalization, to examine applicants for reduction of assessments who have filed sworn applications as required by law, and to perform such other duties as may come before said Board.

Ayes—Supervisors Caglieri, Andrew J. Gallagher, Giannini, Hayden, Hil-

mer, Jennings, Koshland, McCarthy, McLeran, Murdock, Murphy, Nolan, Vogelsang—13.

Adopting Rule for Serving Notices.

Resolution No. 10272 (New Series), as follows:

Adopting a rule as to the manner in which persons, firms, companies and corporations are to be notified why their assessments for the fiscal year 1913-14 should not be increased by the Board of Supervisors sitting as a Board of Equalization.

Resolved, That it is hereby adopted as a rule of this Board that the notice required to be given under the provisions of Section 3673 of the Political Code to corporations or persons to show cause why their assessments on the assessment book of real and personal property for the fiscal year 1913-14 shall not be increased, will be as follows:

To Corporations: A written or printed notice addressed to the President, Secretary or managing agent of each corporation, and delivered by the sergeant at arms of this Board at the office of each corporation in this city.

To persons, firms or companies: A written or printed notice, postage prepaid and mailed to their address.

The Clerk is hereby directed to cause to be delivered or mailed to the several corporations, persons, firms or companies, when designated by this Board, the said notice at least twelve (12) hours prior to the time set for hearing said parties as aforesaid.

Ayes—Supervisors Caglieri, Andrew J. Gallagher, Giannini, Hayden, Hilmer, Jennings, Koshland, McCarthy, McLeran, Murdock, Murphy, Nolan, Vogelsang—13.

ADJOURNMENT.

There being no further business the Board at the hour of 4:15 p. m. adjourned.

JOHN W. ROGERS,
Acting Clerk.

Approved by the Board of Supervisors July 14, 1913.

Pursuant to Resolution No. 3402 (New Series), of the Board of Supervisors of the City and County of San Francisco, I, John W. Rogers, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the dates thereon stated, and approved as above recited.

JOHN W. ROGERS,
Acting Clerk of the Board of Supervisors.
City and County of San Francisco.

MONDAY, JULY 14, 1913.

In Board of Supervisors, San Francisco, Monday, July 14, 1913, 2:30 p. m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The Roll was called and the following Supervisors were noted present:

Ayes—Supervisors Caglieri, Andrew J. Gallagher, Giannini, Hayden, Hilmer, Jennings, Koshland, Mauzy, McCarthy, Murdock, Murphy, Nolan, Payot—13.

Quorum present.

His Honor Mayor Rolph being absent Supervisor Murdock was called to the chair.

READING AND APPROVAL OF MINUTES.

The Journal of the meeting of July 7, 1913, was read and approved.

ROLL CALL FOR PETITIONS FROM MEMBERS.

Relative to Naval Dry Dock on San Francisco Bay.

The following matters were presented, read and ordered filed:

Communication—From Secretary of the Navy Daniels, acknowledging receipt of Journal Resolution No. 813, relative to transportation facilities to proposed naval dry dock on San Francisco Bay.

Communication—From Hon. E. A. Hayes, Congressman, stating that he will be very glad to do all in his power to secure success of project of establishing naval dry dock on San Francisco Bay.

Communication—From Hon. J. R. Knowland, Congressman, stating that it is his understanding that matter of naval dry dock on San Francisco Bay will be fully gone into by Secretary of the Navy on his visit to California this month.

Communication—From Hon. John I. Nolan, Congressman, transmitting copy of communication from Secretary of Navy relative to the establishment of a government dry dock on San Francisco Bay.

Communication — From Southern Promotion Association, requesting that all State and City officials present to Honorable Secretary of the Navy every possible advantage of Hunter's Point as the site for proposed naval dry dock.

Protest Against Prison Labor.

Communication—From United Laborers' Union No. 1, transmitting resolutions looking to permanently estopping use of prisoners to do work that will be in competition with free labor.

Referred to the Public Welfare Committee.

Protest Against Amendment to Electrical Installation Ordinance.

Communication—From San Francisco Electrical Development and Jovian League, protesting against proposed amendment to electrical installation ordinance.

Referred to the Public Buildings Committee.

Second-Class Mail Privilege for Municipal Record.

Communication—From J. S. Dunnigan, Clerk of the Board of Supervisors, stating that Third Assistant Postmaster-General and Mr. Wood, Chief of Division of Classification, has ruled that Municipal Record must first establish a *bona fide* paid circulation list before second-class privilege can be granted, and that granting of privilege is not dependent upon the number of subscribers; also, requesting that Supervisors place subscription price on said publication.

Referred to Publicity Committee.

Endorsement of Municipal Railway Extension Bond Issue.

Communication — From Peralta Heights Improvement Club, endorsing proposed bond issue for municipal railway extensions, provided routes be not segregated.

Referred to Public Utilities Committee.

Mayor's Veto—Weights and Measures Ordinance.

The following communication was presented, read by the Clerk, ordered published and entered at length in the Journal, and *referred to the Judiciary Committee*:

San Francisco, Cal., July 10, 1913.
The Honorable Board of Supervisors,
City Hall, San Francisco.

Gentlemen: On June 30, 1913, there was passed by your Honorable Board, Bill No. 2601, Ordinance No. 2355 (New Series), and sent to me for approval, providing for an amendment to Section 1 of Ordinance No. 1650 (New Series), which provides for the creation of the office of Sealer of Weights and Measures, and providing for the appointment of a Sealer of Weights and Measures and his deputies, and fixing their compensation, etc.

I hereby disapprove said resolution and, pursuant to the provisions of Section 16, Chapter 1, Article II of our Charter, I herewith return the same to you with my objections thereto.

The last State Legislature passed what is known as the "Tyrell Bill," providing for the appointment of a Sealer of Weights and Measures and his deputies for San Francisco as well as the other counties of the State, and also providing for the enforcement of regulations in the matter of the use of weights and measures.

I have conferred with the City Attorney in the matter of the ordinance which you have sent to me for approval or disapproval, and he advises me that the "Tyrell Bill" goes into effect on August 10th of this year. When that bill becomes operative the ordinance of the Board of Supervisors will, in most of its provisions, become void and of no effect. Thereafter, the Board of Supervisors must enforce weights and measures regulations; they can only do so under the "Tyrell Bill."

The City Attorney advises that the salary of the Sealer of Weights and Measures of San Francisco must be \$2,400 per year, when the "Tyrell Bill" becomes operative, and he shall also be entitled to four deputies at \$1,800 per year. Under these conditions it would be useless at this time, in my judgment, to pass an ordinance which, under the opinion of the City Attorney, will become inoperative and void on the 10th of August next.

Under the provisions of the "Tyrell Bill" it would be compulsory on the part of the Sealer of Weights and Measures to inspect and seal all the weights and measures in use in the city within a period of three months. Manifestly, it is impossible for one sealer and one deputy to accomplish this great task within this period.

I am in favor of an effective weights and measures bill, and my disapproval of the ordinance adopted by your Honorable Board is solely for the reason that, in my judgment, it is useless at this time to pass an ordinance which on August 10th would be superseded by the State bill nullifying the ordinance passed by your Honorable Board.

Very respectfully yours,

JAMES ROLPH, JR., Mayor.

Leave of Absence, Public Administrator.

The following communication was presented and read:

San Francisco, Cal., July 7, 1913.

Honorable Board of Supervisors, City Hall, San Francisco.

Gentlemen: Application having been made by Hon. Wm. J. Hynes, Public Administrator, for permission to leave the State of California for a period of two weeks, beginning July 17, 1913, I respectfully request that you concur with me, in accordance with the language of Section 3, Article XVI of the Charter, in granting such leave of absence. Yours respectfully,

JAMES ROLPH, JR., Mayor.

See J. R. 836 under Roll Call.

REPORTS OF COMMITTEES.

The following committees by their respective chairmen presented reports on various matters referred, which reports were received, read and ordered filed:

Fire Committee, by Supervisor Giannini, Chairman.

Streets and Sewers Committee, by Supervisor Giannini, Acting Chairman.

Supplies Committee, by Supervisor Koshland, Chairman.

Public Utilities Committee, by Supervisor Murphy, Acting Chairman.

Lighting and Rates Committee, by Supervisor Nolan, Chairman.

Report of Public Health Committee.

San Francisco, Cal., July 14, 1913.

To the Honorable, the Board of Supervisors of the City and County of San Francisco—Gentlemen:

After full consideration of the complaint made by Philip Guardino against the Public Pound, your Committee on Public Health finds that while said Public Pound acted in conformity with the law, great hardship has been worked upon the complainant by the sale of a horse lost by him. The horse was kept the required length of time and sold at auction after due notice of intended sale had been published in the official newspaper as required by the ordinance regulating the Public Pound.

Secretary McCurrie of the Pound has promised to take up the matter with the purchaser of the horse in the hope that he may secure the return of the animal to Guardino upon reimbursing the purchaser.

To prevent a recurrence of the Guardino incident, your committee will present, at an early date, several amendments to the existing ordinance.

Your committee recommends that the application of Frank Fischer for a permit to maintain a stable for one horse at 1614 Turk street, be granted.

Respectfully submitted,

GUIDO E. CAGLIERI,

ADOLPH KOSHLAND,

HENRY PAYOT,

Public Health Committee.

Privilege of the Floor.

Stephen Byrne, representing Philip Guardino and the Precita Valley Improvement Club, was granted the privilege of the floor and requested that the Board do something to reimburse Mr. Guardino for the loss of his horse or the restoration of the animal to him.

Motion.

Whereupon, on motion the entire subject matter was *recommitted to the Public Health Committee.*

UNFINISHED BUSINESS.

Recommitted.

The following bills, heretofore passed for printing, were taken up and on motion *recommitted to Building Committee:*

Bill No. 2620, Ordinance No. — (New Series), Amending Section 1 of Ordinance No. 2327 (New Series), entitled "Imposing Municipal License on Master Electricians and Contractors engaged in the business of installing or constructing electrical wires, appliances or apparatus, in, on or about buildings or other structures, in the City and County of San Francisco".

Section 1 of Ordinance No. 2327 (New Series), the title of which is recited in the title of this ordinance, is hereby amended to read as follows:

Section 1. Every person, firm or corporation engaged in the business of master electrician, or of contracting to install or construct electric wires, appliances or apparatus in, on or about buildings or structures in the City and County of San Francisco, shall pay a license fee of twenty (\$20.00) dollars per annum.

Section 2. This Ordinance shall take effect immediately.

Amendment to Electrical Installation Ordinance.

On motion of Supervisor McCarthy: Bill No. 2628, Ordinance No. — (New Series), amending Section V of Ordinance No. 2350 (New Series), entitled: Regulating the installation, construction, operation and inspection of electrical wires, appliances and apparatus in, on or about buildings or other structures in the City and County of San Francisco, fixing a standard therefor, providing for the granting of permits to master electricians and for the revocation thereof; and providing for the condemnation of electrical work or installation of apparatus not in conformity herewith and forbidding the furnishing of electrical current to said condemned electrical installation and fixing penalties therefor, and repealing all ordinances and parts of ordinances in conflict herewith.

Be it Ordained by the People of the City and County of San Francisco as follows:

Section 1. Section V of Ordinance No. 2350 (New Series), the title to which is recited in the title to this Ordinance, is hereby amended to read as follows:

Section V. This ordinance shall take effect and be in full force from and after January 1, 1914.

Hospital-Jail and Water Bonds Placed on Sale at Treasurer's Office.

Bill No. 2606, Ordinance No. 2364 (New Series), as follows:

Reciting that certain Hospital-Jail Completion Bonds and Water Bonds remain unsold after having been advertised for sale, no bids therefor having been received, and directing that such unsold bonds be placed on

sale at the office of the Treasurer of the City and County of San Francisco, and fixing the price at which such bonds may be sold by the said Treasurer of the City and County;

Be it Ordained by the People of the City and County of San Francisco as follows:

Sec. 1. It is hereby recited and declared that the Board of Supervisors on the 16th day of June, 1913, did adopt a resolution by which resolution the Clerk of said Board was directed to give notice by advertisement as required by the Charter of said City and County, that on the 30th day of June, 1913, said Board would receive and consider bids for the purchase of Hospital-Jail Completion Bonds, issue 1913, to the amount of \$850,000.00, comprising 50 bonds of each year's maturity, 1916 to 1932, inclusive; and Water Bonds, issue 1910, to the amount of \$450,000.00, comprising 10 bonds of each year's maturity, 1920 to 1964, inclusive;

That in compliance with said resolution said Clerk did cause to be published in the official newspaper for a period of ten days prior to said 30th day of June, 1913, an advertisement and notice of sale of said described bonds, and that all of the requirements of the Charter of the City and County in respect thereto were fully complied with;

That no bids whatsoever have been received for the purchase of said described bonds, and that the entire issue of said bonds so advertised for sale remain unbid for and unsold.

Sec. 2. As provided in section 10 of Article XII of the Charter of the City and County of San Francisco, it is hereby ordered that all of the bonds advertised for sale and remaining unsold as above described and set forth, be placed on sale and offered for sale at the office of the Treasurer of the City and County of San Francisco, and the said Treasurer is hereby authorized to sell said described bonds to any person desiring to purchase the same. That the price at which said bonds may be sold is the par or face value thereof, together with any and all interest that may have accrued thereon at the time of the delivery of the same to the purchaser.

Sec. 3. This ordinance shall take effect immediately.

Calling and Providing for Special Election for Incurring Bonded Indebtedness of \$3,500,000 for Extension of Municipal Railways.

Bill No. 2611, Ordinance No. 2367 (New Series), Calling and providing for a special election to be held in the City and County of San Francisco, on Tuesday, the 26th day of August, 1913, for the purpose of submitting to the electors of said City and County a proposition to incur a bonded indebtedness of said City and County of \$3,500,000 for the purpose of the acquisition or construction of a public utility, to-wit: A system of municipal street railways over and along the public streets, or rights of way from The Embarcadero to terminals at the Panama-Pacific International Exposition grounds, and the Presidio Military Reservation; from various points in Market street, and in and through Stockton street to the same terminals; from Market street to a terminal in the Potrero District; on Van Ness avenue, and from such avenue along connecting streets to Church street, and along Church street to convenient terminals; along California street from Thirty-third avenue to First avenue, and over connecting streets to Geary street, and for such extensions and additions to the system as may be deemed necessary, and to include equipment thereof, appurtenances thereto, and purchase of necessary lands.

Whereas, The Board of Supervisors did, on the 12th day of May, 1913, finally pass Ordinance No. 2278 (New Series) determining and declaring that the public interest and necessity demand the acquisition or construction of a public utility, to-wit: A system of municipal street railways over and along the public streets, or rights of way from The Embarcadero to terminals at the Panama-Pacific International

Exposition grounds, and the Presidio Military Reservation; from various points in Market street, and in and through Stockton street to the same terminals; from Market street to a terminal in the Potrero District; on Van Ness avenue, and from such avenue along connecting streets to Church street, and along Church street to convenient terminals; along California street from Thirty-third avenue to First avenue, and over connecting streets to Geary street, and for such extensions and additions to the system as may be deemed necessary, and to include equipment thereof, appurtenances thereto, and purchase of necessary lands.

Also by said Ordinance it was directed that the Board of Public Works procure through the City Engineer, and file with the Board of Supervisors, plans and estimates of cost of original construction and completion of the herein described street railways; and

Whereas, Pursuant to the direction of Ordinance No. 2278 (New Series), said Board of Public Works did procure and on the 29th day of May, 1913, did file with the Board of Supervisors plans and estimates of cost of original construction and completion of the system of street railways named; therefore

Be it Ordained by the People of the City and County of San Francisco as follows:

Section 1. A special election is hereby called and ordered to be held in the City and County of San Francisco on Tuesday, the 26th day of August, 1913, for the purpose of submitting to the electors of said City and County the following propositions, to-wit:

Proposition to incur a bonded indebtedness by the City and County of San Francisco to the amount of three million five hundred thousand dollars for the purpose of the acquisition or construction of a public utility, to-wit: A system of municipal street railways over and along the public streets or rights of way from The Embarcadero to terminals at the Panama-Pacific International Exposition grounds, and the Presidio Military Reservation; from various points in Market street and in and through Stockton street to the same terminals; from Market street to a terminal in the Potrero District; on Van Ness avenue, and from such avenue along connecting streets to Church street, and along Church street to convenient terminals; along California street from Thirty-third avenue to First avenue and over connecting streets to Geary street, and for such extensions and additions to the system as may be deemed necessary, and to include equip-

ment thereof, appurtenances thereto, and purchase of necessary lands.

Section 2. The estimated cost of the acquisition or construction of the system of street railways described in the preceding section is three million five hundred thousand dollars.

Section 3. That the method and manner of payment of the estimated costs of said street railways described in said proposition is by the issuance of bonds of the City and County of San Francisco to the amount of three million five hundred thousand dollars and the application of the proceeds arising from the sale thereof to defray the cost of the acquisition or construction of the system of street railways described in the proposition herein set forth.

Section 4. The special election hereby called and ordered to be held shall be held and conducted, and the votes thereat received and canvassed, and the returns thereof made, and the results thereof ascertained, determined and declared as herein provided and according to the laws of the State of California providing for and governing elections in the City and County of San Francisco and the polls for such election shall be and remain open during the time required by said laws.

The ballots to be used at said special election shall be such as may be required by law to be used thereat, and, in addition to any other matter required by law to be printed thereon, shall appear thereon the following:

MUNICIPAL TICKET.

To vote for the proposition, and thereby authorize the incurring of a bonded indebtedness for the amount of, and for the purpose stated in such proposition, stamp a cross (X) in the blank space to the right of the word "YES."

To vote against the proposition and thereby refuse to authorize the incurring of a bonded indebtedness for the amount of, and for the purpose stated in such proposition, stamp a cross (X) in the blank space of the right of the word "NO."

Also said ballot shall have printed thereon the following:

Proposition to incur a bonded indebtedness of the City and County of San Francisco to the amount of three million five hundred thousand dollars for the purpose of the acquisition or construction of a public utility, to-wit: A system of municipal street railways over and along the public streets or rights of way from The Embarcadero to terminals at the Panama-Pacific International Exposition grounds and the Presidio Military Reservation; from various points in Market street and in and through Stockton street to the same terminals; from Market street to a terminal in the Potrero Dis-

trict; on Van Ness avenue, and from such avenue along connecting streets to Church street, and along Church street to convenient terminals; along California street from Thirty-third avenue to First avenue and over connecting streets to Geary street, and for such extensions and additions to the system as may be deemed necessary, and to include equipment thereof, appurtenances thereto, and purchase of necessary lands.

YES	
NO	

Bonds issued for such purpose shall bear interest at the rate of five per centum per annum, payable semi-annually.

Sample ballots containing the above matter required to be printed thereon shall be supplied to the electors of said City and County by the Board of Election Commissioners, but a failure on the part of any elector to receive such sample ballot shall not be held to invalidate the election or affect in any manner the legality of any bonds that may be authorized thereat.

Section 5. Any qualified elector of the City and County of San Francisco may vote at said special election for or against the proposition herewith submitted. To vote in favor of and authorize the incurring of a bonded debt for the purpose set forth in the proposition herein set forth he shall stamp a cross (X) in the square to the right of the word "Yes" printed opposite to the proposition, and to vote against and refuse to authorize the incurring of a bonded debt for the purpose set forth in the proposition herein set forth, he shall stamp a cross (X) in the square to the right of the word "No" printed opposite the proposition.

Each cross (X) stamped in the square to the right of the word "Yes" shall be counted as a vote in favor of, and to authorize, the incurring of a bonded indebtedness for the purpose set forth in the proposition opposite to which such cross (X) is stamped; and each cross (X) stamped in the square to the right of the word "NO" shall be counted as a vote not in favor of, and a refusal to authorize the incurring of, a bonded indebtedness for the purpose set forth in the proposition opposite to which such cross (X) is stamped.

The election precincts and the numbers, names and boundaries thereof for said special election, and the places of voting, and the officers to conduct such election, and all other necessary

proceedings in that behalf, shall be respectively defined, designated, selected, appointed and had by the Board of Election Commissioners of the City and County of San Francisco, and said Board is hereby authorized and directed to procure and provide all supplies that may be necessary to properly and lawfully conduct said special election.

When the polls are closed the officers of election shall count the ballots cast at such election, and canvass the votes cast respectively for and against the proposition herein set forth, make return thereof in time, form and manner required for the counting, canvassing and returning of votes cast at other municipal elections held in the City and County of San Francisco. The Board of Election Commissioners shall, as soon as the said returns and ballots have been received by said Board, canvass said returns and declare the result thereof in the manner provided by law for canvassing returns and declaring results in other elections, and shall also certify said results to the Board of Supervisors.

Section 6. If, at such special election, it shall appear that two-thirds of all the votes cast thereat were in favor of and authorized the incurring of a bonded debt for the purpose set forth in the proposition, then such proposition shall be deemed to have been accepted by the electors and bonds will be issued to defray the cost of the system of street railways specified in such proposition and to the amount stated therein. Such bonds shall be of the form and character known as "serials." All of said bonds shall be dated December 1, 1913, shall bear interest at the rate of five per centum per annum, payable semi-annually, and the principal and interest thereof shall be payable in gold coin of the United States at the office of the Treasurer of said City and County, or at the option of the holder, at the fiscal agency of said City and County in the City and State of New York. Said bonds shall be called "Municipal Street Railway Bonds," and shall be of the following denominations:

Five thousand two hundred and fifty bonds, amounting to five hundred and twenty-five thousand dollars shall be of the denomination of one hundred dollars each, and shall be numbered from one to five thousand two hundred and fifty, both numbers included.

Two thousand one hundred bonds, amounting to one million and fifty thousand dollars shall be of the denomination of five hundred dollars each and shall be numbered from one to two thousand one hundred, both numbers included.

One thousand nine hundred and

twenty-five bonds, amounting to one million nine hundred and twenty-five thousand dollars shall be of the denomination of one thousand dollars each and shall be numbered from one to one thousand nine hundred and twenty-five, both numbers included.

Section 7. Said bonds and coupons shall be substantially in the following form:

UNITED STATES OF AMERICA.

State of California.

City and County of San Francisco.

No. \$.....

For value received, the City and County of San Francisco, a municipal corporation organized and existing under the laws of the State of California, hereby acknowledges itself indebted and promises to pay to the bearer on the first day of December, 19 , dollars, with interest thereon at the rate of five per centum per annum, payable semi-annually December 1 and June 1, and on presentation and surrender of the coupons hereto attached as they respectively become due, both principal and interest being payable in gold coin of the United States at the office of the Treasurer of said City and County or at the option of the holder at the fiscal agency of the City and County of San Francisco, in the City and State of New York.

This bond is issued under and pursuant to the constitution and statutes of the State of California and the charter of said City and County of San Francisco and amendments thereto, and under and pursuant to ordinances and proceedings of said City and County duly adopted and taken and a vote and assent of more than two-thirds of all the qualified electors of said City and County voting at a special election duly and legally called and held for that purpose.

It is hereby certified, recited and declared that all acts, conditions and things required by law to exist, happen and be performed precedent to and in the issuance of this bond have existed, happened and been performed in due time, form and manner as required by law, and that the amount of this bond, together with all other indebtedness of said City and County, does not exceed any limit prescribed by the constitution or statutes of said State or charter of said City and County, and that provision has been made as required by the constitution and statutes of said State and the charter of said City and County for the collection of an annual tax sufficient to pay the interest on this bond as it falls due, and also provision to constitute a sinking fund for the pay-

ment of the principal of this bond on or before maturity. The full faith and credit of said City and County are hereby pledged for the punctual payment of the principal and interest of this bond.

This bond may be converted into a registered bond upon presentation to the Treasurer of the City and County of San Francisco, in which event such Treasurer shall cut off and cancel the coupons of this bond, and shall sign a statement stamped, printed or written upon the back or face of the bond to the effect that this bond is registered in the name of the owner and that thereafter the interest and principal of this bond are payable to the registered owner. Thereafter and from time to time this bond may be transferred by such registered owner in person or by attorney duly authorized on presentation of this bond to the Treasurer, and the bond be again registered as before, a similar statement being stamped, printed or written thereon.

This bond is exempt from all taxation within the State of California.

IN WITNESS WHEREOF, said City and County of San Francisco has caused this bond to be executed under its corporate seal, signed by its Mayor and Treasurer, and countersigned by its Auditor, and has caused the interest coupons hereto attached to be signed with the engraved or lithographed signature of its Treasurer, and this bond to be dated the first day of December, 1913.

Section 8. Said three million five hundred thousand dollars bonds to be issued for the purpose stated in the proposition herein set forth shall be payable one hundred thousand dollars thereof, comprising one hundred and fifty bonds of the denomination of one hundred dollars, sixty bonds of the denomination of five hundred dollars and fifty-five bonds of the denomination of one thousand dollars, five years from the date of said bonds, beginning with the lowest numbers of each denomination of said bonds, and one hundred thousand dollars thereof comprising the same amount of the next higher numbers of each of said denominations on the same day in each succeeding year until all of said bonds shall be paid:

Section 9. The amount of tax levy to be made for the payment of said three million five hundred thousand dollars bonds issued under said proposition shall be the sum of one hundred and seventy-five thousand dollars each year for the first five years from the date of said bonds to pay the annual interest on said bonds, and in season to pay such interest as it becomes due and for the sixth year after the date of said bonds the sum of one hundred and seventy thousand dollars to pay and in season to pay the interest on such of said bonds as remain outstanding after the one hundred thousand dollars thereof due five years from their date have been paid and for the seventh year after the date of said bonds the sum of one hundred and sixty-five thousand dollars to pay and in season to pay the interest on such of said bonds as remain outstanding after the one hundred thousand dollars thereof due six years from their date have been paid, and so on a sum each year for thirty-three succeeding years and until said bonds are all paid, sufficient for interest and in season to pay interest on all of said bonds outstanding, which sum for interest will diminish each year by the amount of five thousand dollars by reason of the payment each year beginning five years from the date of said bonds of one hundred thousand dollars of said bonds, and the sum of one hundred thousand dollars each year beginning four years from the date of said bonds to pay and in season to pay the principal of such bonds as they respectively become due, and continuing each succeeding year for thirty-four years until the principal of all of said bonds has been paid.

The purpose and intent of the foregoing tax provisions are, and it is

hereby expressly provided, that at the time of levying the municipal tax, and in the manner provided for such tax levy, the Supervisors shall levy and collect annually a tax sufficient to pay the annual interest on such bonds and also such part of the bonded indebtedness as will fall due within the succeeding fiscal year. Such taxes shall be in addition to all other taxes levied for municipal purposes, and shall be collected at the same time and in the same manner as other municipal taxes are collected.

Section 10. This Ordinance shall be published for ten days in the Official Newspaper and shall take effect immediately.

The following Resolutions were introduced under suspension of the rules and *adopted*:

Board of Supervisors to Co-operate with Board of State Harbor Commissioners in Extending Official Invitation to Secretary of Navy Daniels to Visit Hunter's Point Drydocks.

On motion of Supervisor Nolan:

J. R. No. 835.

Whereas, Hon. Josephus Daniels,

Secretary of the Navy, is to visit the City of San Francisco on or about July 21st, on an official tour of inspection of the navy yards of the Pacific Coast for the purpose of noting the needs and making recommendations for the betterment of said service; and

Whereas, The Board of Supervisors of the City and County of San Francisco by resolutions adopted on December 21, 1912, and June 27, 1913, called attention to the necessity of establishing a naval dry dock at Hunter's Point, through which resolutions pledges of the use of certain streets for the extension of the State Belt Railroad by the Harbor Commission to Hunter's Point were made, in case of the selection of said site for a naval dry dock; and

Whereas, The receipt of said resolutions was promptly and favorably acknowledged by the Hon. Josephus Daniels, Secretary of the Navy, by letter of July 3rd, 1913, thereby indicating a desire to fully investigate said Hunter's Point site in pursuance of said resolutions; therefore be it

Resolved, That the Board of Supervisors of the City and County of San Francisco hereby expresses its desire to co-operate as a Committee of the Whole with the Hon. Board of State Harbor Commissioners in extending an official invitation to the Hon. Josephus Daniels to visit the Hunter's Point dry docks.

Resolved, That a copy of these resolutions be transmitted to the Hon. Josephus Daniels, Secretary of the Navy, Washington, D. C.; Captain Sellers, Naval Aid at San Francisco, and to the Hon. Board of State Harbor Commissioners at San Francisco.

Ayes—Supervisors Caglieri, Andrew J. Gallagher, Giannini, Hayden, Hilmer, Jennings, Koshland, Mauzy, McCarthy, Murdock, Murphy, Nolan, Payot—13.

Leave of Absence, M. J. Hynes, Public Administrator.

J. R. No. 836.

Resolved, That in accordance with the recommendation of his Honor the Mayor, filed July 8, 1913, M. J. Hynes, Public Administrator, be and he is hereby granted leave of absence from the State for a period of two weeks from July 17, 1913.

Ayes—Supervisors Caglieri, Andrew J. Gallagher, Giannini, Hayden, Hilmer, Jennings, Koshland, Mauzy, McCarthy, Murdock, Murphy, Nolan, Payot—13.

Relative to Reduction of Assessments on Rincon Hill.

The following communication was presented and read by the Clerk:

San Francisco, Cal., July 9, 1913.

To the Board of Equalization of the City and County of San Francisco, State of California—Gentlemen:

The East End District Improvement Club, whose members are owners of property on and around Rincon Hill, respectfully apply to your honorable body for a reduction of the assessment upon the land and other property on and around Rincon Hill, and in support thereof respectfully set forth the following facts and circumstances:

Ever since the fire of 1906 this district has not only been neglected by the municipality, but on the contrary many things have been done under the guise of public improvement and for the alleged public benefit which have resulted in great damage and loss to property owners, and have greatly reduced their values on Rincon Hill. Briefly, we refer to a few of these things:

1st. After the fire of 1906 the bridge on Harrison street, across Second, was removed, although the same could have been repaired at a comparatively trifling cost. This removal was made primarily at the request of a few land

speculators who promised to regrade Harrison street, from Second up to Essex street, within six months after the granting of certain spur track privileges requested in connection with the grading of Harrison street, between Second and Third streets.

This promise has not been kept even to this day. Until quite recently Harrison street at Second was a chasm. Within the last six months or so the street has been partially graded from Second up to Essex, but only partially, and no attempt has been made to put the street in any kind of condition suitable for traffic.

At our own expense we have constructed a board walk along the side of the cut for the use of pedestrians.

2d. Water pipes, sewer pipes, etc., were all to be restored according to the promise of these people to whom the city granted these privileges. They have not been restored, with the result that property valuations on Harrison street, from Essex to Second street, have practically been completely and thoroughly wiped out.

Before the fire Rincon Hill was blessed with a plentiful supply of water under a good pressure. Since the fire the water service has been so poor that it has become necessary for some of our property owners to install a pumping plant on their properties in order to pump water from the pipes into the flats and residences. The initial expense for such a pumping plant has been heavy, to say nothing of the continuous monthly expense of electric power to run the pump.

3d. After the bridge across Second street was removed the street railroad company was persuaded to build tracks down Stanley place and in this way street car traffic was restored over the hill.

We had just about adjusted ourselves to the adverse conditions which confronted us when the Beale street cut was proposed and carried through under a promise that within twelve months the bridge over Beale street would be completed and street car traffic restored. The Beale street cut was started over three years ago, and street car traffic was thereby necessarily stopped. Immediately thereafter a large number of tenants moved from the hill and in order to keep the balance the rents had to be greatly reduced.

In spite of the promise to complete the work within one year, which promise was vouched for and guaranteed by this municipality, the work was not completed for over three years and it is only a few weeks since that we celebrated the running of the first car over the hill, this being made possible by the completion at that time, and

not until that time, of the Beale street bridge.

4th. It is now proposed to cut be cut through, it means that street car through Main street, and the Board of Supervisors have passed a resolution of intention to that effect. Of course, if Main street should actually be cut through, it means that street car traffic will again be stopped, with the result that again it will be almost impossible to obtain tenants for our property except by making the rents so ridiculously low, so low in fact that after taxes and insurance are paid there is actually nothing left for the property owners. In fact we sometimes consider ourselves lucky that we do not have a deficit to make up from other sources.

5th. The continued agitation for the cutting through of the streets in and around the hill, and the proposal to cut down the entire hill, the time for which and the plan under which it shall be done being still absolutely uncertain and indefinite, involve the entire hill and its future in uncertainty to the end that values are today tremendously reduced.

All of these things are not only not of our making but in spite of us. They all come from the municipality. Whether the motives that have inspired these conditions are justified or not, praiseworthy or not, the fact remains that we property owners on Rincon Hill have been given practically nothing in the way of public conveniences for which we are supposed to pay in the form of taxes. But worse than all that, our conveniences when once restored have been actually taken away from us by the city, supposedly, of course, at all times for the public good.

Under these circumstances, we believe that it is adding insult to our injuries to compel us to pay any taxes at all for supposed conveniences that we have not received, in addition to the tremendous losses that the city has inflicted upon us.

We therefore, representing the property owners in and around Rincon Hill, as an act of simple justice to them ask of your honorable body a large and substantial reduction in the assessed valuation of this property. We believe that this reduction should be at least seventy-five (75%) per cent of the present valuations. Very respectfully yours,

EAST END DISTRICT IMPROVEMENT CLUB,

By GEO. M. AHRENS,
President.

By E. W. HAUGHY,
Secretary, 365 First St.

Privilege of the Floor.

Robt. Dennis, representing Mr. Lehr-

man, property owner on Rincon Hill, was granted the privilege of the floor and stated that by reason of the neglect of the municipality many things have been done under the guise of public improvement and for the alleged public benefit which have resulted in a great reduction in value of property on Rincon Hill. He believed that the real estate assessment was all right, but he thought that inasmuch as the income on the improvements had greatly decreased that there should be some decrease in the assessment on improvements.

Whereupon, on motion, the above matter was taken *under advisement*.

Applications Denied.

Supervisor Murphy moved that all applications taken under advisement at last meeting be *denied*.

So ordered.

ADJOURNED.

Whereupon, the Board at the hour of 4 p. m. adjourned to meet as a Board of Equalization on Monday, July 21, 1913, at 10 p. m., to complete its labors.

JOHN W. ROGERS,
Acting Clerk.

Approved by the Board of Supervisors July 21, 1913.

Pursuant to Resolution No. 3402 (New Series), of the Board of Supervisors of the City and County of San Francisco, I, John W. Rogers, hereby certify that the foregoing are true and correct copies of the Journal of Proceedings of said Board of the dates thereon stated, and approved as above recited.

REPORT ON CONSTRUCTION OF TWIN PEAKS TUNNEL.

The following communication was presented, read by the clerk, referred to the Lands and Tunnels Committee and ordered spread in the Journal:

July 28, 1913.

To the Honorable, the Board of Supervisors of the City and County of San Francisco.

Gentlemen: We are transmitting herewith for your approval report on the construction of the Twin Peaks tunnel, in five parts, which was approved by the Board of Public Works by Resolution No. 25076 (Second Series).

The communication from the City Engineer accompanying said report is herewith enclosed. Yours very truly,

BOARD OF PUBLIC WORKS.

By F. J. CHURCHILL,

Secretary.

July 28, 1913.

To the Honorable, the Board of Public Works of the City and County of San Francisco.

Gentlemen: I transmit herewith a report in the matter of the construction of a tunnel with approaches and appurtenances through Twin Peaks ridge in the City and County of San Francisco pursuant to Resolution No. 10020 (New Series) of the Board of Supervisors, approved March 7, 1913, in five parts as follows:

Part I. Containing plans, profiles, cross-sections and general specifications of the work required for the completion of such tunnel and appurtenances thereto.

Part II. Containing an itemized estimate of the cost of the proposed tunnel including damages that may result therefrom to property and all incidental expenses. Also including damages and compensation to be allowed to the owner or owners or persons interested in the parcels of land affected by the acquisition or acquisitions provided for in said Resolution No. 10020 (New Series).

Part III. A map showing the districts benefited by and to be assessed

to pay for the damages, costs and expenses for the construction of tunnel under Twin Peaks ridge, including acquisitions and the lands, property and easements or right of way to be acquired therefor as specified in said Resolution No. 10020 (New Series).

Part IV. A list referring to the subdivisions on the map (Part III hereof) by the respective numbers thereof and showing the names of the persons to whom the property represented thereby is assessed. Also the approximate areas and an estimate of the benefits which each of the representative subdivisions or parcels will receive from and by the construction of such tunnel and such acquisitions. Providing for the cost and expenses of said tunnel and all incidental expenses, and also all damages and compensation awarded to the owner and owners or persons interested in lands affected by said acquisition or acquisitions.

Part V. Containing a description of each piece of property which will be affected by said acquisition or acquisitions provided for by said Resolution No. 10020 (New Series), stating the name of the owner as the same appears upon the last assessment roll of the City and County of San Francisco, stating whether the fee simple title of said property is to be taken or acquired or whether an easement is to be taken or acquired therein, describing the same and stating the amount of damages or compensation which has been awarded and allowed to the owner or owners or persons interested in said property for said taking and acquisition.

I recommend that this report be adopted and that it be forwarded to the Board of Supervisors pursuant with their resolution. Respectfully,

W. M. O'SHAUGHNESSY,
City Engineer.

On motion of Supervisor Vogelsang: Bill No. 2643, Ordinance No. — (New Series), Giving notice of a special election to be held in the City and County of San Francisco, on Tuesday, the 26th day of August, 1913, for the purpose of submitting to the electors of said City and County a proposition to incur a bonded indebtedness of said City and County of \$3,500,000 for the purpose of the acquisition or construction of a public utility, to-wit: A system of municipal street railways over and along the public streets, or rights of way from The Embarcadero to terminals at The Panama-Pacific International Exposition grounds, and the Presidio Military Reservation; from various points in Market street, and in and through Stockton street to the same terminals; from Market street

to a terminal in the Potrero district; on Van Ness avenue, and from such avenue along connecting streets to Church street, and along Church street to convenient terminals; along California street, from Thirty-third avenue to First avenue, and over connecting streets to Geary street, and for such extensions and additions to the system as may be deemed necessary, and to include equipment thereof, appurtenances thereto, and purchasing of necessary lands.

Ayes—Supervisors Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogel-sang—16.

Adopted.

The following resolution was *adopted*:

Board of Works to Negotiate Transfer Privileges Between United Railroads and Municipal Railway.

On motion of Supervisor Vogelsang: J. R. No. 846.

Resolved, That the Board of Public Works be authorized and directed to negotiate with the United Railroads of San Francisco for an exchange of transfers with the Municipal Railway at Kearny street and Larkin street, in accordance with the stipulations contained in the contract set forth in Resolution No. 2096 (New Series), and to submit to this Board the agreement covering the details of such transfer system, the same to be effective upon the confirmation thereof by the Mayor and Board of Supervisors.

Ayes—Supervisors Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogel-sang—16.

ROLL CALL FOR INTRODUCTION OF RESOLUTIONS, BILLS AND ORDINANCES NOT CONSIDERED OR REPORTED ON BY A COMMITTEE.

Adopted.

The following resolutions were introduced under suspension of the rules and *adopted*:

Celebration of Completion of Municipal Railway.

On motion of Supervisor Hayden: J. R. No. 847.

Resolved, That the Public Utilities, Publicity and Public Welfare committees arrange for appropriate ceremonies to formally celebrate the completion of the Municipal Railway from the Ferry to the Ocean; said celebration to take place at the terminus of the Municipal Railway at the Ocean Beach on a Sunday to be determined later by aforesaid committees.

Reaffirming Approval of Raker's Hetch Hetchy Bill.

On motion of Supervisor Vogelsang: J. R. No. 848.

Whereas, there is now pending in the Sixty-third Congress of the United States a bill granting to the City and County of San Francisco certain rights of way in, over and through certain public lands, the Yosemite National Park, and Sanislaus National Forest, and certain lands in the Yosemite National Forest, and the public lands in the State of California, and for other purposes, introduced by Representative John E. Raker, and known as "H. R. 6914"; and

Whereas, after exhaustive hearings held before the Committee on Public Lands, said bill has been by said committee unanimously recommended to the House of Representatives for passage; and

Whereas, the terms and conditions of said bill have been approved by this Board by our City Engineer, our City Attorney, the Secretary of the Interior and by all our Representatives in Congress; and

Whereas, the acquisition of a permanent, everlasting and adequate supply of pure water, for the City of San Francisco and adjacent cities of the bay region, is a matter of the utmost present urgency and necessity, and that there is a great shortage of water in San Francisco and adjacent cities, and that this bill is, in the highest and truest sense, an emergency measure; and

Whereas, a caucus of the Democratic members of the House of Representatives has been called for Thursday, July 31st, 1913, to consider the presentation of emergency matters for immediate consideration by the House of Representatives;

Therefore, be it Resolved, That this Board hereby re-affirms its approval of said bill as amended and presented, and urges upon all our Representatives in Washington to exert every effort and resource to the end that said bill may be recommended by said caucus for immediate consideration and passage to the House of Representatives;

Be it Further Resolved, That the Mayor be, and he is hereby, authorized to immediately transmit by telegraph these resolutions to Oscar Underwood, chairman of the Democratic caucus, and to add thereto any further appeal or suggestion in the premises that to him may seem meet and proper.

Ayes—Supervisors Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogel-sang—16.

Reception to Hon. Franklin K. Lane.

On motion of Supervisor Vogelsang:
J. R. No. 849.

Whereas, we are advised by press dispatches that Hon. Franklin K. Lane, Secretary of the Department of the Interior, in the Cabinet of Woodrow Wilson, President of the United States, is now engaged in a tour of investigation of various departments of his office, and will, in the discharge of such duties, soon visit the State of California; and

Whereas, for many years said Franklin K. Lane has been the foremost of California's citizens, and has ever, in public and in private station, fostered and advanced the interests of our beloved State and City; and

Whereas, in the high and exalted position which he now most honorably fills, he is still ever mindful and watchful of the best interests of the welfare of our people, our State and our City; and

Whereas, it is meet and proper and appropriate that in some befitting and substantial manner this city shall give due recognition to his commanding talents and abilities, and shall do appropriate honor to him and the administration which he represents;

Therefore, Be It Resolved, That upon the arrival of said Franklin K. Lane within the borders of the State of California, the freedom of the City of San Francisco shall by the Mayor be extended to him, and that under the auspices of the government of the City of San Francisco a public banquet or reception shall be tendered to him;

Be It Further Resolved, That the Mayor be, and he is hereby authorized to immediately enter into communication with said Franklin K. Lane, to the end that his consent to participate in such ceremonies may be had at the earliest moment;

Be It Further Resolved, That the Mayor and the Publicity Committee of the Board of Supervisors be, and they are hereby authorized, immediately upon receipt of such consent, to make all necessary preparations and arrangements in order that the spirit and purpose of this resolution may be thoroughly and generously fulfilled.

Ayes—Supervisors Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—16.

City Attorney to Request Permission From Attorney-General to Exclude United Railroads from Maintaining Tracks at Post and Market Streets.

Resolution No. 10303 (New Series).
Whereas, in and by Order No. 1890,

passed December 27th, 1886, certain street railway franchise rights were granted A. W. Rose and others, which rights were subsequently assigned to and are now held by the United Railroads of San Francisco, "commencing at the intersection of Post Street with Market Street, and thence along and upon Post Street to Leavenworth Street", and over other streets, and

Whereas, such rights were granted expressly upon the terms, conditions and restrictions imposed by section 502 of the Civil Code, which provides that any street railway must be completed throughout the entire length of the right of way granted in any franchise within not more than three years after such grant, under penalty of forfeiture, and

Whereas, the United Railroads did in March, 1908, but not prior thereto, assert a claim to extend its Post street tracks into Market street to connect with its tracks in the center of the latter street, and surreptitiously constructed a single track to make such connection, and is resisting in the courts the efforts of the City to remove the same, and

Whereas, the failure of the United Railroads and its predecessors to construct the intersecting track between Post street and Market street within three years from December 27th, 1886, worked a forfeiture of its rights so to do, if any such right in fact existed, and its present efforts, if successful, will result in the loss to the City of valuable franchise rights, now therefore,

Be It Resolved, That the City Attorney be, and he is hereby directed to file an application with the Attorney-General of this State for permission to institute proceedings to exclude the United Railroads from maintaining tracks at the intersection of Market and Post streets.

Adopted—Board of Supervisors, San Francisco, July 28, 1913.

Ayes—Supervisors Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—16.

Absent—Supervisors Bancroft, Cagliari—2.

United Railroads to Place Danger Marks at Curves on Fillmore and Hayes Streets and Parnassus avenue and Stanyan Street.

Resolution No. 10304 (New Series), as follows:

Resolved, That the United Railroads of San Francisco be and are hereby requested to paint a white line to denote the outside swing of fenders on cars rounding the curve at Hayes and Fill-

more streets, and Parnassus and Stanyan streets, and the Police Department is requested to see that vehicles do not obstruct traffic at the southwest corner of Hayes and Fillmore streets; and be it

Further Resolved, That the United Railroads of San Francisco are also requested to establish for all inbound Haight street cars a terminal at Haight and Stanyan streets, the stopping of cars in front of the United Railroads car barn in the block between Shrader and Stanyan streets and compelling passengers to walk from Stanyan street to that point being a source of annoyance and complaint.

Ayes Supervisors Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogel-sang—16.

Referred.

The following resolution was introduced under suspension of the rules and referred to the *Efficiency and Civil Service Committee*:

Preference of Old Employees of Geary Street Road on Municipal Railways.

J. R. No. —.

Resolved, That the Committee on Efficiency and Civil Service of the Board is requested to advise the Superintendent of the Municipal Railway on an interpretation of Amendment No. 3 recently adopted, insofar as it applies to preference of employment of old Geary Street Railway employees.

Approved by the Board of Supervisors August 4, 1913.

Pursuant to Resolution No. 3402 (New Series), of the Board of Supervisors of the City and County of San Francisco, I, John W. Rogers, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the dates thereon stated, and approved as above recited.

Adopted.

The following resolution was introduced under suspension of the rules and *adopted*:

City Attorney to Contest Right of Spring Valley Water Company to Charge Consumer for Service Connection.

On motion of Supervisor Andrew J. Gallagher:

J. R. No. 850.

Whereas, in the recent Glendale Water Case the State Railroad Commission has decided that the cost of installing service pipes from mains to water consumers is a proper charge against the water company; and

Whereas, it has been the uniform policy of the Spring Valley Water Company to place the burden of this cost on the consumer, and continues to do so: therefore be it

Resolved, That all complaints filed in this office against such charge be referred to the City Attorney, and that said official be directed to commence an action to determine as soon as possible where the responsibility for this charge lies.

Ayes—Supervisors Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogel-sang—16.

ADJOURNMENT.

There being no further business the Board at the hour of 3:45 p. m. adjourned.

Electrical Conduit Permit.

On motion of Supervisor Vogelsang:
Resolution No. — (New Series),
as follows:

Resolved, That the City Electric
Company, a corporation, is hereby
granted permission to open streets
and lay electrical underground con-
duits for the purpose of extending its
distribution system in the City and
County of San Francisco, in the places
and in the manner as follows, to wit:

From a present manhole on the
west side of Polk street, corner of
Cedar street, easterly to a point 95
feet east of Polk street, to install one
6x6 ft. manhole and one 10-way duct;
also ten three and one-half inch pipes
from the proposed manhole to the
company's new sub-station; and be it

Further provided, that the City
Electric Company shall strictly com-
ply with all the provisions of Ordinance
No. 2201 (New Series), in the
installation of these conduits.

Also, further provided, that the City
and County may at any time take
over the conduits and any extensions
and service connections thereto con-
structed under this permit at the ap-
praised value at the time of taking
over.

Also, further provided, that these
underground conduit extensions shall
be subject to provisions or ordinances,
constitutional amendments or City
Charter franchise provisions which
may be hereafter adopted.

Also provided, that the City Elec-
tric Company shall, on completion of
the work permitted under this permit,
file with the Board of Public Works
a verified statement of the actual cost
of construction of the extension.

Also provided, that the service and
equipment of these extensions be
maintained at the highest practicable
standard of efficiency.

Also provided, that in determining
the value no allowances be made for
going concern, franchise value or good
will.

ROLL CALL FOR INTRODUCTION OF
RESOLUTIONS, BILLS AND ORDINANCES
NOT CONSIDERED OR REPORTED ON BY A COMMITTEE.

Adopted.

The following Resolution was introduced under suspension of the rules and *adopted*:

Permit to Open Streets for Installation of Water Pipes.

On motion of Supervisor Andrew J. Gallagher:

Resolution No. 10311 (New Series), as follows:

Resolved, That the Hillcrest Water Consumers' Association be and it is hereby granted permission to open the following streets for the purpose of installing pipes for delivering water to the residents and property owners in that district, to wit: Portions of Schiller street, San Diego avenue, Merced avenue, San Luis avenue and Niantic avenue.

Further Resolved, That the deposit required under ordinance to cover restoration of the streets be remitted, inasmuch as the streets are unimproved and the amount required is so large as to be prohibitive and an unreasonable burden on the property owners who are paying for the pipes and for their installation.

Ayes—Supervisors Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—17.

Relative to Purchase of Land at Junction of Market Street and Embarcadero for Future Street Railway Terminal.

On motion of Supervisor Andrew J. Gallagher:

J. R. No. 851.

Resolved, That the Public Utilities and Lands and Tunnels Committee is requested to consider the purchase by bond issue or other means, the property in the block bounded by Market, Mission, Steuart and The Embarcadero, and also the northwest corner of The Embarcadero and Market street for future street railway terminal facilities.

Ayes—Supervisors Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—17.

City Attorney to Report on Claim for Damages of Granfield Company Against Municipal Railway.

Supervisor Andrew J. Gallagher presented the following and moved that representative of Granfield and Company be granted the privilege of the floor:

J. R. No. —

Resolved, That the City Attorney be requested to report to the Finance Committee his opinion as requested in the case of Granfield and Company against the Municipal Railroad.

Privilege of the Floor.

Whereupon Mr. Crowley, attorney representing Granfield and Company, was granted the privilege of the floor and requested some action on the part of the Board, even a denial of the claim that would enable him to bring an action to determine damage sustained.

Referred.

Whereupon on motion of Supervisor Murdock the above Resolution was referred to the *Judiciary Committee* by the following vote:

Ayes—Supervisors Caglieri, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Payot, Vogelsang—15.

Noes—Supervisors Andrew J. Gallagher, Nolan—2.

Absent—Supervisor Bancroft—1.

Relative to Alleged Deficit in Geary Street Railway Fund.

Supervisor Jennings announced that the newspaper account alleging the existence of a report by Wm. Dolge showing a deficit of \$18,000 in the Geary Street Railway Fund and that he had suppressed it was erroneous, as no such report was in existence. He declared that the Geary Street Railway was a splendid investment and was paying a handsome return. He added that it was his opinion that the proposed extensions would be equally as profitable.

Adopted.

The following Resolutions were introduced under suspension of the rules and *adopted*:

Children's Playground at Municipal Railway Terminal.

On motion of Supervisor McCarthy:

J. R. No. 852.

Resolved, That the Board of Park Commissioners is hereby requested to install, out of its own funds, swings, chutes and apparatuses sufficient to provide for a Children's Playground at the Beach terminal of the Municipal Railway, similar to that now maintained at the junction of the Great Highway and the Sloat Boulevard; and be it

Further Resolved, That the Board of Park Commissioners is also requested to provide out of its own Budget, allowance for the immediate construction of a convenience station similar to that now maintained at the junction of the Great Highway and Sloat boulevard.

Ayes—Supervisors Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—17.

Removal of Street Lamp.

On motion of Supervisor Nolan:

J. R. No. 853.

Resolved, That the Pacific Gas & Electric Company is hereby instructed to remove street gas lamp situate on the east side of Stockton street, 131 feet south of Sacramento street.

Ayes—Supervisors Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—17.

Referred.

The following matter was introduced by Supervisor McLeran and referred to Finance Committee:

Relating to Bonds of Smaller Denominations.

J. R. No. —

Resolved, That the Finance Committee of this Board be requested to report to this Board an ordinance providing for the printing of bonds of the denomination of ten, twenty-five and fifty dollars to take the place of the thousand dollar bonds which are now difficult to dispose of.

Additional Employees, Department of Elections.

The following matters were presented, read by the Clerk and referred to the Finance Committee:

San Francisco, Cal., August 4, 1913.
Honorable Board of Supervisors of the City and County of San Francisco, City Hall, San Francisco.
Gentlemen:

The Board of Election Commissioners has made application to me for the creation of certain positions in that department. The positions proposed to be created are those that have been filled for many years past, but only in a temporary manner by appointments from month to month. It is the desire of the Election Commission to make these positions permanent so that responsibility may be established.

I have investigated the need of these positions, and find them necessary. Therefore, in accordance with Section 35, Article XVI of the Char-

ter, I recommend to your Honorable Board the passage of an ordinance, a copy of which is hereto attached, authorizing the Board of Election Commissioners to make appointments to the following positions:

One general registration clerk at an annual salary of \$1,800.

Five additional deputy registrars at an annual salary of \$1,800 each.

One stenographer-typewriter at an annual salary of \$1,200.

Respectfully yours,

JAMES ROLPH, JR.,
Mayor.

Bill No. —, Ordinance No. — (New Series).

An Ordinance to authorize the Board of Election Commissioners to appoint certain additional employees in the Department of Elections and creating and defining such positions of such employees and fixing the compensation thereof.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Election Commissioners of the City and County of San Francisco is hereby authorized and empowered to appoint subject to the provisions of Article XIII of the Charter of the City and County of San Francisco, the following employees in the positions hereinafter specified, in the Department of Elections, in addition to those authorized by the Charter or previous ordinances: one General Registration Clerk at an annual salary of eighteen hundred (\$1800.00) dollars per annum, five additional Deputy Registrars at an annual salary of eighteen hundred (\$1800.00) dollars each per annum, one Stenographer-Typewriter at an annual salary of twelve hundred (\$1200.00) dollars per annum.

Section 2. This ordinance shall take effect immediately.

ADJOURNMENT.

There being no further business the Board at the hour of 4:00 p. m. adjourned.

JOHN W. ROGERS,
Acting Clerk.

Approved by the Board of Supervisors August 11, 1913.

Pursuant to Resolution No. 3402 (New Series), of the Board of Supervisors of the City and County of San Francisco, I, John W. Rogers, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the dates thereon stated, and approved as above recited.

Relating to Height of Billboards.

The following reports were presented and read by the Clerk:

MAJORITY REPORT.

San Francisco, August 11, 1913.

To the Honorable, the Board of Supervisors of the City and County of San Francisco.

Gentlemen:

Your Committee on Public Welfare begs leave to report upon the applications for permits for 20 foot bill boards as follows:

There seems to be some misapprehension on the part of the press and protesting citizens as to the terms of the ordinance regulating the height of bill boards. By its terms bill boards are restricted to ten feet in height, excepting where permission is given by the Board of Supervisors for a second ten feet; said permission when given to follow application for the privilege.

The theory of the ordinance was that ten feet was to be the usual height, but in special instances, where no protests were made, and there seemed no good grounds or reasonable objections to a board double the height, the Supervisors, at their discretion, should have power to grant a permit therefor.

It is obvious that under the ordinance the bill-posters have the right to apply for these special permits. It was supposed, however, that applications would be confined to special instances, and not be made by wholesale. The surprising blanket applications referred to us for action, while contrary to our understanding of the spirit of the law, is in regular form and is entitled to careful consideration and report. The Committee by delegated members has visited the locations embraced, and hereby announces its decision.

By a careful tabulation of the applications of the J. Charles Green Company and the Schroeder & Herzog Company we find that they ask;

First: For a continuance of all the 20 foot boards now in use or erected ready for use, in the case of the Green Company aggregating 15,172 lineal feet (nearly three miles).

Secondly: For new boards to the

extent of 13,525 feet (over two and one-half miles).

Adding the 2276 feet applied for by Schroeder & Herzog we have as a grand total, 30,973 feet, or about six miles.

To grant such a demand for special privileges seems not only ridiculous, but absolutely preposterous. It would make an ordinance adopted in good faith, with the purpose of being just and fair, an absurdity.

The fact that in our tour of investigation we found men at work painting signs on the upper ten feet of bill boards, has impressed us unfavorably, seeming to imply assumption that they would get whatever they asked for.

When the ordinance was passed the date of its enforcement was placed several months in the future, that the business of bill posting might be adjusted to the new order of things, but instead of curtailing the boards then up, preparations for extension seem to have been made, and we are coolly asked to practically double the amount of space covered at the date of passage.

It is the judgment of the Committee that the plain purpose of the ordinance must be carried out. It must be understood that any 20 foot board is exceptional and must be covered by a special permit. That the Board may have a basis of action, we submit the following recommendations:

1. That the applications of the J. Charles Green Company and the Schroeder & Herzog Company, so far as they apply to additional space for 20 foot boards, be denied.

2. That the application for a continuance of 20 foot boards now up, be denied, with the exception of the following instances where the boards extend from building to building:

MINORITY REPORT.

August 11, 1913.

To the Honorable Board of Supervisors, City and County of San Francisco.

Gentlemen:

As a member of the Public Welfare Committee, I herewith submit the following minority report in the matter of the application of J. Chas. Green Co. and Schroeder & Herzog, for permission to maintain at various locations throughout the City and County of San Francisco 20 foot billboards, which report was submitted by me to the Public Welfare Committee but not concurred in:

ANDREW J. GALLAGHER,
Supervisor.

San Francisco, August 5, 1913.

To Members Public Welfare Committee.

Gentlemen:

Pursuant to your instructions at the last meeting of the Public Welfare Committee, accompanied by Supervisor Payot, I have visited every billboard upon which a permit was requested to either maintain a twenty foot sign or to erect a new sign.

It is not my purpose to deal here with the question of policy involved, rather is it, I think, my duty to report merely upon what I found and the impressions I formed from this investigation.

In a great many instances I have found that permits are requested for so-called double deckers already in existence. In the matter of a good many of the requested permits I found that there was a desire to close up

gaps in fences or to make a given billboard uniform. In many others, new space on top of ten foot sign boards is requested. I found also that probably a good deal of the antipathy to billboards is based, not upon billboards themselves, but upon the tendency very evident to paint the side of every building all sorts of conceivable striking colors to attract the eye.

I find that in the following signs there ought not to be any objection to their being retained as in these cases they are up already and the space requested is the same as that now maintaining:

In reference to some other signs, take for instance Hyde and Ellis streets, northeast, which is in the rear of the Cornelia Hotel or apartment house, there is 450 feet requested and 110 now up. In that case I should recommend the matter be permitted to remain as at present.

In the case of the sign at Taylor and Ellis streets, southwest, 270-190, I think about 50 feet of this requested space on Taylor street should be left without the upper deck.

In the case of the sign at Turk and Leavenworth streets, I make no report at present, my desire being to view it again.

In the matter of Lincoln way and Eleventh avenue, southeast, 120 asked and 30 up, I think 50 more feet is all that should be allowed.

In the matter of Sixth avenue, west side, and Clement street, there is a mistake. The figures are 160 asked, 96 up, when it should mean that 60 feet more is requested, which I think might be allowed.

In the matter of the sign at Eighth and Mission streets. This would be a good opportunity for the Committee to view from the window of the City Hall and decide the question and policy involved in those requests for large space.

On our visit we were informed that a permit would be requested for an upper deck sign at Sutter and Hyde streets, southwest, 125 requested, 50 up. If that is requested I think same should be disallowed.

Three signs—Market street, south side, east of Fifteenth street, No. 1; Market street, south side, east of Fifteenth street, No. 2; Market street, south side, east of Fifteenth street, No. 3; there being 165 feet up and 110 additional requested. These I think might be granted, but if this space is not granted the upper deck on these should come down.

In the matter of the requested permits for Schroeder and Herzog, I beg to say that Supervisor Payot and myself also covered every sign upon which a permit was requested and my idea on these permits is as follows, as I understand these are up:

Third street, southwest, corner Bryant street, 55 feet allowed.

Montgomery and Pine streets, 80 feet allowed.

Bush street, south side, west of Larkin street, 25 feet allowed.

Geary and Larkin streets, south-west, 84 feet allowed.

Ellis street, north side, east of Larkin street, 40 feet allowed.

Ellis and Mason streets, southeast, Mason and Ellis streets, northeast, 50 feet allowed.

Golden Gate avenue and Polk street, 100 feet allowed.

Van Ness avenue and McAllister street, northeast, 65 feet allowed.

Market street, south side, west of Twelfth street, 115 feet allowed.

Mission street, north side, west of Twelfth street, 75 feet allowed.

Valencia street, west side, south of Duboce avenue, 50 feet allowed.

Valencia street, east side, north of Sixteenth street, 50 feet allowed.

Bryant street, east side, north of Sixteenth street, 30 feet allowed.

Bryant street, west side, north of Sixteenth street, 30 feet allowed.

Mission street, northwest, corner of West Park street, 60 feet allowed.

Market street and Clinton Park, north of Dolores street, 35 feet allowed.

Divisadero street and Golden Gate avenue, southwest, 90 feet allowed.

Fell street, north side, east of Stanyan street, 50 feet allowed.

Lincoln way, southeast corner of Tenth avenue, 30 feet allowed.

Sixth avenue, west side, north of Clement street, 30 feet allowed.

Pt. Lobos avenue, southeast corner of Second avenue, 40 feet allowed.

Sacramento street, north side, west of Lyon street, 20 feet allowed.

California and Hyde streets, northwest, 172 feet allowed.

The following I would refuse:

Stockton and Sutter streets, northwest, 50; Powell and Sutter streets, northwest, 100; Sutter and Leavenworth streets, southeast, 40; Hyde and Sutter streets, northeast, 50; O'Farrell and Hyde streets, northeast, 25; Lincoln way, southeast corner Second avenue, 25; Gough and Sutter streets, 155.

The diagonal sign at Mason and Ellis streets, northeast, belonging to a lot the property of the Y. M. C. A., 50 feet. I would permit to remain, because I am informed that the Y. M. C. A. will not allow a sign which runs parallel with the street sides of the lot. Generally speaking I should recommend that all diagonal signs except a few special ones which run with the lines of the lot, be refused and that the companies be obliged to remove same and also to remove billboards on stilts.

I beg to say further that there was only one sign of all those requested which I did not see and that was the sign at Pine and Montgomery streets, northwest—240 asked and 220 up. We covered over 115 miles of ground and the situation in the premises is up to your Committee.

Respectfully submitted,

ANDREW J. GALLAGHER.

Member Public Welfare Committee.

Motion.

Supervisor Caglieri moved the adoption of the majority report.

Motion.

Supervisor Andrew J. Gallagher moved as an amendment that the minority report be substituted for the majority report.

Substitute.

Supervisor Vogelsang moved as a substitute for the whole that printed copies of both reports and a copy of the ordinance be sent to each member and that the subject matter be made a special order of business for 3 p. m. August 18, 1913.

Motion carried by the following vote:

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—18.

Supervisor Payot requested that pending the hearing that bill boards illegally maintained over ten feet in height be removed.

Privilege of the Floor.

Edward I. Wolfe, attorney representing Schroeder and Herzog, was granted the privilege of the floor and stated that his firm had not erected any new bill boards since the passage of the ordinance, but that it had exercised its right of petition to ask that the boards already erected be permitted to remain and that the Police Department be advised of such permission.

J. Chas. Green, also addressed the Board, stating that no new signs had been erected by him since the passage of the ordinance, but that those already up have not been disturbed pending the hearing. He declared that the newspapers' interest in the question was purely a selfish one and that they hoped to gain additional advertising for their papers if the bill boards were put out of business.

UNFINISHED BUSINESS.

NEW BUSINESS.

Adopted.

The following resolution was adopted:

Extension of Time.

On motion of Supervisor Bancroft: Resolution No. 10315 (New Series), as follows:

Resolved, That the Pacific Drilling and Prospecting Company is hereby granted an extension of thirty days' time from and after August 21, 1913, within which to complete contract for boring the first well in the Relief Home Tract.

This extension of time is granted upon recommendation of the Board of Public Works, for the reason that the work was delayed by reason of formations having been encountered much harder than expected.

(Communication filed July 26, 1913.)

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—18.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. It is hereby recited and declared that the Board of Supervisors on the 10th day of March, 1913, did adopt a resolution, by which resolution the Clerk of said Board was directed to give notice by advertisement, as required by the Charter of said City and County, that on the 31st day of March, 1913, up to the hour of 3 p. m. of said day, said Board would

receive and consider bids for the purchase of sewer bonds, issue of 1908, amounting to \$400,000 and comprising ten bonds of each year's maturity from 1915 to 1954 inclusive; school bonds, issue of 1908, amounting to \$300,000 and comprising twelve bonds of each year's maturity from 1914 to 1938 inclusive; hospital bonds, issue of 1908, amounting to \$300,000 and comprising fifteen bonds of each year's maturity from 1913 to 1932 inclusive; garbage system bonds, issue of 1908, amounting to \$144,000 and comprising eight bonds of each year's maturity from 1913 to 1930 inclusive; city hall bonds, issue of 1912, amounting to \$3,960,000 and comprising ninety bonds of each year's maturity from 1917 to 1960 inclusive; Polytechnic High School bonds, issue of 1910, amounting to \$144,000 and comprising six bonds of each year's maturity from 1914 to 1937 inclusive.

That in compliance with said resolution said Clerk has caused to be published in the official newspaper for a period of ten days prior to said 31st day of March, 1913, an advertisement and notice of such sale of said described bonds, and that all of the requirements of the Charter of the City and County in respect thereto were fully complied with.

That no bids whatsoever submitted in accordance with such resolution and notice have been accepted for the purchase of any of the bonds above described and that all bids received have been rejected, and that the entire amount of said bonds so advertised for sale remain unsold, except as otherwise herein recited.

That thereafter Ordinances Nos. 2250 and 2262 (New Series) were adopted by the Board of Supervisors authorizing the Treasurer to sell all of said bonds remaining unsold and prescribing the conditions under which such sale could be had. That under the provisions and authority of said Ordinances two million two hundred thousand dollars City Hall bonds, comprising fifty bonds of each year's maturity 1917 to 1960 inclusive have been sold and delivered, and that of the \$300,000 Hospital bonds offered for sale \$15,000 thereof matured July 1, 1913, and have been paid; that the remaining portion of the bonds herein described remain unsold.

Section 2. As provided in Section 10 of Article XII of the Charter of the City and County of San Francisco, it is hereby ordered that of the bonds advertised for sale and remaining unsold as above described and set forth, two hundred and eighty-five thousand dollars Hospital bonds, comprising 15 bonds of each year's maturity, 1914 to 1932 inclusive; one hundred and fifty thousand dollars school bonds, com-

prising six bonds of each year's maturity, 1914 to 1938 inclusive, and five five hundred and twenty-eight thousand dollars City Hall bonds, comprising twelve bonds of each year's maturity, 1917 to 1960 inclusive, be placed on sale and offered for sale at the office of the Treasurer of the City and County of San Francisco, and the said Treasurer is hereby authorized to sell said described bonds to any person desiring to purchase the same. That the price at which said bonds may be sold is the par or face value thereof, together with any and all interest that may have accrued thereon at the time of the delivery of the same to the purchaser.

Section 3. All provisions contained in Ordinances Nos. 2250 and 2262 (New Series) that conflict with the provisions of this Ordinance are hereby repealed.

Section 4. This Ordinance shall take effect immediately.

lieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—18.

Also, Resolution No. 10328 (New Series), as follows:

Resolved, That it is the intention of the Board of Supervisors to change and establish grades on the following named streets, at the points hereinafter specified and at the elevations above City base, as hereinafter stated, in accordance with the written recommendation of the Board of Public Works filed July 18, 1913, to wit:

On Joost avenue, between Circular avenue and a point 400 feet easterly from Acadia street.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—18.

Extension of Time.

Also, Resolution No. 10329 (New Series), as follows:

Resolved, That the Barber Asphalt Paving Company is hereby granted an extension of ninety days' time from and after July 28, 1913, within which to complete the improvement of San Jose avenue, between Sherman and Sickles avenues, under private contract.

This extension of time is granted upon recommendation of the Board of Public Works, for the reason that the City Engineer's office was unable to furnish the contractor with a diagram showing lines and grades for the work.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—18.

Extension of Time.

Also, Resolution No. 10330 (New Series), as follows:

Resolved, That Williams & Finnigan are hereby granted an extension of sixty days' time from and after June 29, 1913, within which to complete contract for grading of San Bruno avenue, between Dwight street and Railroad avenue, under public contract.

This extension of time is granted upon recommendation of the Board of Public Works, for the reason that contractors were delayed by the failure of the Pacific Gas and Electric Company to lower high wire poles, which failure was caused by strike of employees of said company.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E.

Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—18.

Confirming Assessment for Polk Street Change of Grade.

City Attorney to Advise Relative to Union Label on City Printing.

Supervisor Koshland presented:

J. R. No. 856.

Whereas, in pursuance of a Resolution adopted March 6, 1899, the Board of Supervisors has since that time insisted on the union label on all city printing, and

Whereas, on June 21, 1913, the contracts for the printing supplies for the current fiscal year were awarded to various firms, being in each instance the lowest bidder as required by the Charter, and all holding the union label and entitled to the use thereof, and

Whereas, by reason of a strike on the part of the press feeders, the label has been taken from these offices, although the members of the Typographical Union and of the Bookbinders' Union, not joining in the strike, are still employed in all these shops, and

Whereas, on the assumption that the label cannot be supplied, requisitions for necessary printing are not being signed, and the supplies contracted for and urgently needed are not being called for, and

Whereas, the City is seriously suffering from the lack of these supplies, therefore be it

Resolved, That the City Attorney be requested at his earliest convenience, to advise the Board of its legal rights and obligations in the matter.

Has the City the right to demand that the union label be furnished by a contractor who had the right to use it when the contract was made, but who for any reason subsequently forfeited that right?

In case the contractor, from inability to furnish the label, tenders the goods without it, has the City the right to refuse them?

Has the City in the case of refusal to furnish supplies with the label, the right to go into the market and secure

the supplies from those able to furnish the label, and if so can the contractor be required to pay the difference in cost?

Does the resolution adopted in 1899 deprive the City of the right to accept supplies without the Union label, it being understood that the requirement of the same was not a part of the contract or included in the specifications?

Motion.

Supervisor George E. Gallagher moved *recommittal to Supplies Committee*:

The following resolution, introduced by Supervisor Caglieri, together with substitute offered by Supervisor Koshland, were ordered referred to the Public Welfare Committee by the following vote:

Danger Signs at Ocean Beach.

J. R. No. —.

Resolved, That the Park Commissioners be requested to place danger signs at points along the Ocean Beach where, owing to the presence of the strong undertow, it would be dangerous for bathers to enter the water at those points.

Substitute Resolution.

J. R. No. —.

Resolved, That the Board of Park Commissioners is hereby requested to install bath houses, floats and life lines on the Ocean front to provide safe swimming facilities for school children and the general public.

Ayes—Supervisors Bancroft, George E. Gallagher, Giannini, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Payot, Vogelsang—12.

Noes—Supervisors Caglieri, Andrew J. Gallagher, Hayden, Hilmer, Hocks, Nolan—6.

Adopted.

The following resolution was introduced by Supervisor Vogelsang under suspension of the rules and *adopted*: Approving, Ratifying and Confirming Mayor's Action in Executing Stipulations Required by the Forestry Service in Matter of City's Application for Cherry Valley Reservoir Site.

Resolution No. 10333 (New Series), as follows:

Whereas, The Mayor of the City and County of San Francisco did, on the 6th day of August, 1913, execute on behalf of said City and County, stipulations required by the Forestry Service of the United States Department of Agriculture in the matter of the City's application for Cherry Valley Reservoir site rights (Sacramento 04524) within the Stanislaus National Forest, as shown by certain tracings executed by Marsden Manson, City Engineer, on May 10, 1912, and filed in the United States Land Office at Sacramento, California, on May 16, 1912: now therefore,

Resolved, That the aforesaid action of the said Mayor in so executing said stipulations for and on behalf of the City and County of San Francisco be and the same hereby is, by the Board of Supervisors of the said City and County, approved, ratified and confirmed.

Report of Fourth of July Committee.

The following report was presented by Supervisor Hayden and read by the Clerk:

335 First St.,
San Francisco.

To His Honor the Mayor and Honorable Board of Supervisors, City and County of San Francisco.

Your Fourth of July Committee respectfully submit their final report, attaching all vouchers, receipts to the following recommendation:

That hereafter your committee particularly feature parades on the Fourth of July as it tends to keep our people in this city and helps to stir the spirit of patriotism that should exist on this day.

That fireworks display be made one of the principal features as the enormous crowds participating in this part of the celebration has demonstrated beyond a doubt their desire for this class of exhibition.

That literary exercises in various parts of the city be made a very important feature.

Your committee held exercises in many districts of the city and of a

varied nature and desire at this time to lay particular stress on the kindness of the army and navy in co-operating with us in making the Fourth of July parade a decided success.

And they further recommend that some provision be made in future to increase the yearly appropriation to the sum of \$4000.00.

Our city is growing and spreading over a vast area and it is somewhat of a task to equally divide the sum of \$2500.00 so that all of our people may have, as near as possible, equal benefit and distribution of the last named amount.

We again recommend that every effort be made in future to exemplify the patriotic spirit on July 4th as much as possible by a general celebration.

Thanking your Honorable Board and the Mayor,

Very truly yours,

FOURTH OF JULY COMMITTEE
1913.

J. C. KORTICK, Chairman.

Adopted.

Whereupon, the following resolution was introduced under suspension of the rules by Supervisor Hayden and *adopted*:

Appreciation of Services of Fourth of July Committee.

J. R. No. 857.

Resolved, That the Board of Supervisors hereby expresses its appreciation of the able and conscientious manner in which the Committee appointed by his Honor the Mayor to conduct the exercises incident to the celebration of the anniversary of our National independence discharged its arduous and multifarious duties.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—18.

Adopted.

The following resolution was introduced under suspension of the rules by Supervisor Hocks and *adopted* by the following vote:

Attorney-General and City Attorney to Render Opinion as to Interpretation of New State Liquor Law in Its Relation to Fraternal Organizations.

J. R. No. 858.

Whereas, Several Fraternal Organizations who in the past held their annual masquerade balls in the different halls of this City are desirous of knowing whether or not the new State law, which became effective at midnight, August 10th, requiring that no liquor be sold or given away between the

hours of 2 a. m. and 6 a. m. would apply to them, be it

Resolved, That the Attorney-General and the City Attorney be asked to render an opinion as soon as possible, if this law would affect bonafide Fraternal Organizations.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giaunini, Hayden, Hilmer,

Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—18.

ADJOURNMENT.

There being no further business the Board at the hour of 5:30 p. m. adjourned.

JOHN W. ROGERS,
Acting Clerk.

Approved by the Board of Supervisors August 18, 1913.

Pursuant to Resolution No. 3402 (New Series), of the Board of Supervisors of the City and County of San Francisco, I, John W. Rogers, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the dates thereon stated, and approved as above recited.

SPECIAL ORDER OF BUSINESS, 3 P. M.

Regulating of Bill Boards.

Pursuant to motion made at last meeting, the question of the adoption of either the majority report of Supervisor Payot or the minority report of Supervisor A. J. Gallagher of the Welfare Committee, was taken up at the hour of 3 p. m.

Motion.

Supervisor Payot moved the adoption of the majority report.

Motion.

Supervisor Andrew J. Gallagher moved that the minority report be substituted for the majority report.

Privilege of the Floor.

Whereupon, W. B. Fennimore, president of the Downtown Association, was granted the privilege of the

floor and stated that he hoped the majority report would be adopted. He thought it particularly fair to labor and that the enforcement of the ordinance as passed would work no hardship on the men engaged in the business.

W. G. Gerhardt, representing the Civic League of Improvement Clubs, declared that the Civic League was strongly in favor of the majority report and just as strongly opposed to any violations of the ten-foot bill board ordinance. He declared that the twenty-foot sign was dangerous to life and limb and that in the past many had been injured by falling signs. High bill boards also tended, he said, to hold back the improvement of adjoining property and were responsible for many unrented flats adjoining them. He did not believe labor would be affected in the least by the enforcement of the ordinance.

Chas. Adams, representing Civic League, also addressed the Board, stating that the bill board men were not telling the truth when they declared in their argument that many workmen would be left without means of support if the bill board ordinance was rigidly enforced. He charged the bill board people with erecting a number of signs without even having first secured the consent of the owners of the property upon which the sign was placed. He said that in many instances the men in the bill board advertising game paid for the privilege of erecting fences with theater tickets.

Mrs. Ida Finney Mackrille, representing the San Francisco Center of the California Civic League, stated that she represented 1000 women, most of them voters, and urged the Board to adopt the majority report of the Public Welfare Committee. She declared that she and those she represented stood for all those things that make for civic pride and civic beauty and that they were opposed to twenty-foot bill boards.

Mrs. George Marsh, representing the Out Door Art League and Mrs. A. P. Black of the California Club also addressed the Board favoring and urging the adoption of the majority report.

Adolph Uhl, also addressed the Board, stating that if the majority recommendations of the Welfare Committee were approved that labor would not be affected for the reason that there is no limit to the number of ten-foot fences that might be constructed and used for signs.

John O'Connell, representing San Francisco Labor Council, favored the minority report and spoke against any drastic action in the regulation

of bill boards. He declared that it was the practical question of "Bread" against the aesthetical one of "Beauty". He declared that the unemployed question was a serious one in this city and that a great wrong would be done if more men were forced in the ranks.

Frank C. McDonald, representing the Building Trades Council, declared that he was not here to speak in the name of "Art" but in the name of "Humanity". He believed that the bill board agitation was calculated to give a monopoly of the advertising business to the newspapers. He urged that nothing be done at this time to deprive men working at the bill board business of their employment.

Chas. Nelson, representing the Building Trades Council, also addressed in opposition to the majority report. He favored a beautiful and clean city, but not at the expense of the workingman and his family. He declared that the adoption of the majority report would throw out of work from 60 to 100 men and he was strenuously opposed to such legislation.

Chas. Radebold, representing the United Printing Trades Council, also opposed the proposed legislation. He declared that men in the lithographing business, printers and poster painters would be seriously affected.

John Mullen, Editor of the *San Francisco Labor Clarion*, declared that any drastic bill board legislation would drive out of San Francisco nearly 500 people, workmen and their families, who are now happy and contented citizens—not a very beautiful or practical thing to do. He stated that the Supervisors should not tear down the bill boards on the argument presented by those favoring such legislation, as no good reason had been advanced. He favored more twenty-foot bill boards if it meant employment to those in need of work.

Edward I. Wolfe, attorney representing J. Chas. Green Co., declared that he did not question right to regulate height of bill boards to be hereafter erected, but did question right to interfere, except in the interest of health or safety, with those already constructed. He stated that referendum elections in Oakland and Ohio in which the bill board question had been submitted to the people resulted in victories to those engaged in the bill board industries.

Arthur J. Hill, solicitor for J. Chas. Green Co., and *Mr. O'Reilly*, cashier for the same firm, opposed the proposed legislation on the

ground that men would be deprived of employment.

J. Chas. Green also addressed the Board and declared that perhaps Mr. Uhl knew more about the wall paper business than he, but he did not know more about the bill posting business. He declared that Uhl's proposition to increase the number of ten-foot signs as an offset to the twenty-foot signs to be removed was impracticable because advertisers would only pay for signs in desirable locations—at congested centers of traffic. He said that he stood for art as well as the ladies and had now in his employ poster artists who had received their education in the art centers of Europe.

Substitute Resolution Adopted.

Thereupon, Supervisor Vogelsang presented the following resolution as a substitute for the motions heretofore made and the same was adopted by the following vote:

Relating to Regulation of Billboards.

J. R. No. 859.

Whereas, The Public Welfare Committee of this Board has made its report in which it recommends that certain applications for erecting and maintaining bill boards be granted in part and denied in part; and

Whereas, It is provided in Section 3 of Ordinance No. 2107 relating to bill boards as follows:

"If the Board of Supervisors deems that such bill board or other board may be erected or maintained on the proposed location of the same without danger to the public health or safety, the Board of Supervisors shall grant the application."

Whereas, It is not stated in said report whether or not the 20-foot bill boards now in existence are dangerous to the public health or safety; and

Whereas, The question of maintenance of existing 20-foot boards should be determined before consideration of permits for new boards of said dimensions:

Therefore, be it

Resolved, That the applications for continuance of 20-foot boards now in use be, and the same are, granted as recommended by the Committee on Public Welfare, to-wit:

School and Hospital Bonds Placed on
Sale at Treasurer's Office.

Bill No. 2646, Ordinance No. 2402
(New Series), as follows:

Reciting that certain school bonds
and hospital bonds of the issue of
1908 and City Hall bonds of the issue
of 1912, remain unsold after having
been advertised for sale, no bids there-
for having been accepted, and direct-
ing that a portion of such unsold
bonds be placed on sale at the office
of the Treasurer of the City and
County of San Francisco, and fixing
the price for which such bonds may
be sold by the said Treasurer of the
City and County, and repealing con-
flicting provisions of Ordinances Nos.
2250 and 2262 (New Series).

Be it ordained by the People of the
City and County of San Francisco as
follows:

Section 1. It is hereby recited and
declared that the Board of Supervisors
on the 10th day of March, 1913, did
adopt a resolution, by which resolu-
tion the Clerk of said Board was di-
rected to give notice by advertisement,
as required by the Charter of said
City and County, that on the 31st day
of March, 1913, up to the hour of 3
p. m. of said day, said Board would
receive and consider bids for the pur-
chase of sewer bonds, issue of 1908,
amounting to \$400,000 and comprising
ten bonds of each year's maturity from
1915 to 1954 inclusive; school bonds,
issue of 1908, amounting to \$300,000
and comprising twelve bonds of each
year's maturity from 1914 to 1938 in-
clusive; hospital bonds, issue of 1908,
amounting to \$300,000 and comprising
fifteen bonds of each year's maturity
from 1913 to 1932 inclusive; garbage
system bonds, issue of 1908, amounting
to \$144,000 and comprising eight bonds
of each year's maturity from 1913 to
1930 inclusive; city hall bonds, issue of
1912, amounting to \$3,960,000 and com-
prising ninety bonds of each year's
maturity from 1917 to 1960 inclusive;
Polytechnic High School bonds, issue
of 1910, amounting to \$144,000 and
comprising six bonds of each year's
maturity from 1914 to 1937 inclusive.

That in compliance with said reso-
lution said Clerk has caused to be
published in the official newspaper for
a period of ten days prior to said 31st
day of March, 1913, an advertisement
and notice of such sale of said de-
scribed bonds, and that all of the re-
quirements of the Charter of the City
and County in respect thereto were
fully complied with.

That no bids whatsoever submitted
in accordance with such resolution and
notice have been accepted for the pur-
chase of any of the bonds above de-
scribed and that all bids received have
been rejected, and that the entire
amount of said bonds so advertised for
sale remain unsold, except as other-
wise herein recited.

That thereafter Ordinances Nos.
2250 and 2262 (New Series) were
adopted by the Board of Supervisors
authorizing the Treasurer to sell all
of said bonds remaining unsold and
prescribing the conditions under
which such sale could be had. That
under the provisions and authority of
said Ordinances two million two hun-
dred thousand dollars City Hall bonds,
comprising fifty bonds of each year's
maturity 1917 to 1960 inclusive have
been sold and delivered, and that of
the \$300,000 Hospital bonds offered for
sale \$15,000 thereof matured July 1,
1913, and have been paid; that the re-

maining portion of the bonds herein described remain unsold.

Section 2. As provided in Section 10 of Article XII of the Charter of the City and County of San Francisco, it is hereby ordered that of the bonds advertised for sale and remaining unsold as above described and set forth, two hundred and eighty-five thousand dollars Hospital bonds, comprising 15 bonds of each year's maturity, 1914 to 1932 inclusive; one hundred and fifty thousand dollars school bonds, comprising six bonds of each year's maturity, 1914 to 1938 inclusive, and five five hundred and twenty-eight thousand dollars City Hall bonds, comprising twelve bonds of each year's maturity, 1917 to 1960 inclusive, be placed on sale and offered for sale at the office of the Treasurer of the City and County of San Francisco, and the said Treasurer is hereby authorized to sell said described bonds to any person desiring to purchase the same. That the price at which said bonds may be sold is the par or face value thereof, together with any and all interest that may have accrued thereon at the time of the delivery of the same to the purchaser.

Section 3. All provisions contained in Ordinances Nos. 2250 and 2262 (New Series) that conflict with the provisions of this Ordinance are hereby repealed.

Section 4. This Ordinance shall take effect immediately.

Ayes—Supervisors Bancroft, Cagli-
eri, Andrew J. Gallagher, George E.
Gallagher, Giannini, Hayden, Hilmer,
Hocks, Jennings, Koshland, Mauzy,

Accepting Deed of Easement from Dimond Estate Company for Sewer Right of Way in Visitacion Valley.

Bill No. 2647, Ordinance No. 2403 (New Series), as follows:

Approving and accepting a deed of easement from Dimond Estate Company to the City and County of San Francisco (a municipal corporation), of a sewer right of way for a portion of Visitacion Valley sewer.

Be it ordained by the people of the City and County of San Francisco, as follows:

Section 1. The City and County of San Francisco hereby approves, accepts and agrees to receive, subject to the conditions therein, the following deed from the Dimond Estate Company to the City and County of San Francisco (a municipal corporation), of a sewer right of way for a portion of Visitacion Valley sewer, to-wit:

"This Indenture, Made this 16th day of July, 1913, by and between the Dimond Estate Company, a corporation duly organized and existing under and by virtue of the laws of the State of California, the party of the first part,

and the City and County of San Francisco, a municipal corporation, the party of the second part;

"Witnesseth, That the said party of the first part does by these presents grant, convey and confirm unto the said party of the second part and to its successors and assigns forever, a right of way for a six-foot six-inch concrete sewer through that certain tract of land situate, lying and being in the County of San Mateo, State of California, and more particularly described as follows, to-wit: All of that certain strip or parcel of land twenty-five (25) feet in width lying twelve (12) feet six (6) inches on each side of the following described center line:

"Commencing at the point of intersection of the boundary line between the properties of the Martin Investment Company and the Dimond Estate Company with a line passing through the point of intersection of the center line of Sunnydale avenue and the easterly line of Temple street in the City and County of San Francisco, and bearing south seventy-nine degrees, thirty-four minutes and fifty seconds (79° 34' 50") east (true bearing); thence southeasterly along a line bearing south seventy-nine degrees, thirty-four minutes and fifty second (79° 34' 50") east (true bearing), for a distance of two hundred and fifty-five (255) feet, more or less, to the boundary line between the properties of the Dimond Estate Company and the Crocker Estate Company.

"To have and to hold unto the said party of the second part forever, including the right to enter upon said strip or parcel of land to excavate therein and to construct, reconstruct, maintain and operate a six-foot six-inch concrete sewer beneath the same and to have entry on the same at all times necessary to repair, replace, inspect and maintain the said sewer, reserving nevertheless to the grantor, its successors and assigns the fee simple title to said strip and the right to use the surface thereof in such manner as it may see fit; provided, however, that this grant is made upon the condition that said sewer shall be laid within a reasonable time in a workmanlike manner and maintained in a sanitary condition, and that the earth removed in excavating for the sewer shall be replaced in such manner as to leave the surface of the ground in the same condition as that in which it now is, and upon the further condition that should the said sewer or the use thereof at any time be abandoned then and in that event all right, title or interest of grantor hereby conveyed shall immediately revert to the party of the first part hereto, its successors or assigns.

"In Witness Whereof, The said party of the first part has caused its corporate name to be transcribed and its corporate seal to be affixed by the hands of its President and Secretary first hereunto duly authorized by resolution of the Board of Directors thereof.

"DIMOND ESTATE COMPANY,
(Signed): By E. B. Dimond,

President;
(Signed): By Hugh S. Dimond,
Secretary."

"State of California, City and County of San Francisco, ss.

Surplus of Geary Street Railway Bonds to Be Used in Purchase of Hospital and School Bonds.

On motion of Supervisor Jennings: Resolution No. 10342 (New Series), as follows:

Whereas, A sum amounting to nearly \$300,000.00 remains unappropriated and unexpended in the Geary Street Railway Construction Fund, which sum is not required for immediate expenditure, and upon which sum the city and county is paying interest upon bonds sold, the proceeds of which sale was paid into said fund, which interest will be a charge upon the Municipal Railway, and

Whereas, Such bonds will not become due or payable until July 1, 1915, and such fund cannot be used for redemption purposes until said date, and

Whereas, It is desirable that as large a portion of said fund as possible shall be invested in interest-bearing obligations to the end that a revenue shall be derived therefrom, therefore be it

Resolved, And it is declared that two hundred thousand dollars, constituting a part of the Geary Street Railway Construction Fund, remaining unappropriated and unexpended therein constitutes surplus moneys not needed for immediate expenditure, and that the said sum be invested in bonds of the City and County of San Francisco in accordance with the provisions of Chapter 39 of the Statutes of California of the year 1913. That the Treasurer of the City and County is hereby authorized to purchase \$12,000.00 School Bonds, issue of 1908, maturing in 1914 and 1915, and \$30,000.00 Hospital Bonds, issue of 1908, maturing in 1914 and 1915, which bonds will be offered for sale by virtue of an ordinance this day adopted; that said Treasurer be authorized to purchase any other bonds outstanding against said City and County that mature on or before July 1, 1914, provided that the price to be paid therefor shall not exceed par and accrued interest thereon at the time of the delivery thereof to the purchaser. All interest collected on bonds thus purchased shall be credited to and become a part of the Geary Street Railway Bond Interest Fund.

Margaret Nesfield Appointed to Investi-
gate Applications for Relief Under
Mothers' Pension Bill.

On motion of Supervisor Jennings:
Resolution No. 10343 (New Series),
as follows:

Whereas, Sections 2283, 2285, 2286,
2287 and 2289 of the Political Code
of California, appropriating certain
moneys for the support and mainte-
nance of needy minor orphans, half-
orphans or abandoned children has
been amended, and

Whereas, No provision has been
made in said code sections as amend-
ed, for the administration of the pro-
visions contained therein, and

Whereas, There is great necessity
of determining the need of applicants
for relief thereunder,

Therefore be it Resolved, by the
Board of Supervisors of the City and
County of San Francisco, that Mar-
garet Nesfield be and she is hereby
appointed and selected as the person
to make all such investigations in
order that this Board may determine
the need of the applicants for relief
under the hereinbefore mentioned
code sections. There is hereby grant-
ed to and vested in said Margaret
Nesfield full power and authority to
make all such investigations as to her
seems necessary.

Be it Further Resolved, That the
result of any investigation made by
her as to the need of any applicant
for relief under said code sections
be reported to this Board in writing
and that thereupon this Board shall
take such action as it seems wise and
proper, provided, however, that no
relief shall be granted except upon the
written recommendation of the in-
vestigating officer.

Amending Pound Ordinance.

On motion of Supervisor Caglieri: Bill No. 2671, Ordinance No. — (New Series), as follows: Amending Section 6 of Ordinance No. 115, approved July 17, 1900, entitled "An Ordinance to provide a Public Pound and to make necessary rules and regulations in the matter of animals running at large, and for the custody and destruction of the same."

Be it ordained by the People of

the City and County of San Francisco as follows:

Section 1. Section 6 of Ordinance 115 is hereby amended as follows:

Section 6. All animals, except dogs, not thus destroyed, if not reclaimed or redeemed within forty-eight hours, shall be advertised for sale by written notice conspicuously posted at the entrance of the Public Pound for five days; provided, that colts, calves, and asses shall also be advertised for sale in the official newspaper for one day, and further provided that horses, mares, cows, bulls, oxen or mules not reclaimed or redeemed within forty-eight hours shall be advertised as impounded, in a daily newspaper, for three days and advertised for sale by written notice conspicuously posted at the entrance of the Public Pound for twelve days. If not reclaimed or redeemed within twelve days, said animals shall then be advertised for sale in the official newspaper for one day. Immediately after due advertisement, as provided in this Ordinance, the Poundkeeper shall sell all animals so advertised at public auction to the highest bidder for cash.

Section 2. This Ordinance shall take effect immediately.

The following bill was introduced by Supervisor George E. Gallagher and referred to the City Engineer:

Spur Track Permit.

On motion of Supervisor George E. Gallagher:

Bill No. —, Ordinance No. — (New Series), as follows:

Granting permission, revocable at will of the Board of Supervisors, to the Southern Pacific Company (a corporation) to construct, maintain and operate a spur track along and upon the following described route, to wit:

Commencing at a point on the existing freight train track of said Southern Pacific Company (a corporation) between Division and Alameda streets, at or near the intersection of said track with the westerly line of Bryant street; thence southwesterly on a curve to the left crossing Florida street, between Division and Alameda streets, with two tracks, across Alameda street between Florida and Alabama streets with five tracks and across Fifteenth street between Florida and Alabama streets with nine tracks, and thence into private property.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Permission, revocable at will of the Board of Supervisors, is hereby granted the Southern Pacific

Company (a corporation) to construct, maintain and operate a spur track as follows:

Commencing at a point on the existing freight train track of said Southern Pacific Company (a corporation) between Division and Alameda streets, at or near the intersection of said track with the westerly line of Bryant street; thence southwesterly on a curve to the left crossing Florida street, between Division and Alameda streets with two tracks, across Alameda street between Florida and Alabama streets with five tracks and across Fifteenth street between Florida and Alabama streets with nine tracks, and thence into private property.

Said permission is granted subject to the provisions of Ordinance No. 69 (New Series), of the Board of Supervisors, approved October 12, 1906, and particular reference is hereby made to Section 8 of this Ordinance, reading as follows:

"The railway operating any spur track on any public street or property hereafter constructed in the City and County shall, upon demand of the person, firm or corporation for the use or benefit of which such spur track is operated, place upon such spur track the freight cars of any railway which has, in this City and County, track connections with the operating railway, such cars so placed to be used for the receipt and delivery of freight in carloads only. And the operating railway shall receive and deliver the cars of the connecting railway over, at and upon such connecting track in the performance of such switching service for such persons, firm or corporation; and such railway shall perform such service without undue delay or discrimination. The operating railway shall perform such service for the same charge or rate that it charges for corresponding service for its own cars upon the track for like purpose. The provisions of this section shall apply only to such portions of such spur tracks as are not constructed, maintained or operated upon or across private land, and no permit for a spur track shall hereafter be granted by the Board of Supervisors which does not specifically contain the provisions and conditions of this section."

Provided, That said spur track shall be laid under the supervision and to the lines and grades as furnished by the City Engineer's Office; and that any and all expense connected with the installation of the track, restoration of the pavement, and any additional requirements for the surface drainage, be paid for by

Southern Pacific Company (a corporation).

Provided, That the permission hereby granted shall be without prejudice to the rights of the City and County of San Francisco to claim at any time hereafter that the Southern Pacific Company or their successors shall have no right and never had any right to operate cars over the route described in section 1 of this Ordinance.

Provided, No car or cars shall at any time be allowed to stand on said track so as to block or obstruct a street or street crossing to exceed five minutes.

Provided, That the Southern Pacific Company (a corporation) shall erect and maintain all night arc lamps at the following locations:

1 arc Bryant and Division streets.

3 arcs on Florida street between Division and Alameda streets.

3 arcs on Alameda street between Florida and Alabama streets.

3 arcs on Fifteenth street between Florida and Alabama streets.

Section 2. This Ordinance shall take effect immediately.

Accepting Deed From Martin Investment Company for Sewer Right of Way in Visitacion Valley.

Also, Bill No. 2674, Ordinance No. — (New Series), as follows:

Approving and accepting a deed of easement from Martin Investment Company (a corporation) to the City and County of San Francisco (a municipal corporation) of a sewer right of way for a portion of Visitacion Valley Sewer.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The City and County of San Francisco hereby approves, accepts and agrees to receive, subject to the conditions therein, the following deed from the Martin Investment

Company (a corporation) to the City and County of San Francisco (a municipal corporation) of a sewer right of way for a portion of Visitacion Valley Sewer, to wit:

This Indenture, made this 17th day of July, 1913, by and between the Martin Investment Company, a corporation, duly organized and existing under and by virtue of the laws of the State of California, the party of the first part, and the City and County of San Francisco, a municipal corporation, the party of the second part;

Witnesseth: That the said party of the first part does, by these presents grant, convey and confirm unto the said party of the second part and to its successors and assigns forever, a right of way for a six-foot, six-inch concrete sewer through that certain tract of land situate, lying and being in the County of San Mateo, State of California, and more particularly described as follows, to wit: All that strip or parcel of land twenty-five (25) feet in width lying twelve (12) feet, six (6) inches on each side of the following described center line:

Commencing at the point of intersection of the boundary line between the properties of Richard Tobin and Martin Investment Company, with a line passing through the point of intersection of the center line of Sunnydale avenue and the easterly line of Temple street in the City and County of San Francisco and bearing south seventy-nine degrees, thirty-four minutes and fifty seconds (79° 34' 50") East (true bearing); thence southeasterly along a line bearing south seventy-nine degrees, thirty-four minutes and fifty seconds (79° 34' 50") East (true bearing) for a distance of two hundred and eighty-five (285) feet, more or less, to the boundary line between the properties of Martin Investment Company and Diamond Estate Company.

To have and to hold unto said party of the second part forever, including the right to enter upon said strip or parcel of land to excavate therein and to construct, reconstruct, maintain and operate a six-foot six-inch concrete sewer beneath the same and to have entry on the same at all times necessary to repair, replace, inspect and maintain the said sewer, reserving nevertheless to the grantors, their successors and assigns the fee simple title to said strip and the right to use the surface thereof in such manner as it may see fit, and the further right to connect with said concrete sewer at its own expense and to use said sewer for the purpose of carrying off sewage matter.

Provided, however, that this grant is made upon the condition that said sewer shall be laid within a reasonable time in a workmanlike manner and maintained in a sanitary condition and that the earth removed in excavating for the sewer shall be replaced in such manner as to leave the surface of the ground in the same condition as that in which it now is, and upon the further condition that should the said sewer, or the use thereof, at any time be abandoned, then and in that event all right, title or interest of defendant hereby conveyed shall immediately revert to the party of the first part hereto, its successors or assigns.

In witness whereof, the said party of the first part has caused its corporate name to be transcribed and its corporate seal to be affixed by the hands of its President and Secretary first hereunto duly authorized by resolution of the Board of Directors thereof.

JOURNAL OF PROCEEDINGS

BOARD OF SUPERVISORS

MONDAY, AUGUST 25, 1913.

In Board of Supervisors, San Francisco, Monday, August 25, 1913, 2:30 p. m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The Roll was called and the following Supervisors were noted present:

Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—18.

His Honor, Mayor Rolph, presiding.

READING AND APPROVAL OF MINUTES.

The Journal of the meetings of August 18 and July 21, 1913, were read and approved.

ROLL CALL FOR PETITIONS FROM MEMBERS.

Appointees, Auxiliary Water Supply System.

The following matters were presented and read by the Clerk:

San Francisco, Cal., August 22, 1913.

Honorable Board of Supervisors, City and County of San Francisco, City Hall, San Francisco—Gentlemen:

The Board of Fire Commissioners having made application to me for authority to appoint certain additional employees for the maintenance of the High Pressure Fire Protection system, I, therefore, in accordance with Section 35, Article 16, of the Charter, recommend to your Honorable Board the passage of an ordinance, the copy of which is hereto attached.

I have investigated the need of these additional positions, and find them to be necessary. The additional positions recommended to you by the amendment to Section I of Ordinance 1889 (New Series), are as follows:

One chief engineer, at a compensation of \$175 per month.

Two assistant chief engineers, at a compensation each of \$125 per month.

Three firemen, at a compensation each of \$100 per month.

One superintendent of the distributing system, at a compensation of \$200.

One assistant superintendent, at a compensation of \$150 per month.

Two gatemen, at a compensation each of \$100 per month.

Three laborers, at a compensation each of \$3 per day.

One caulker, at a compensation of \$4 per day.

Owing to the immediate necessity for the proper maintenance of the High Pressure Fire Protection system, I recommend to your Honorable Board the passage of this ordinance at once. I attach hereto a letter addressed to me by City Engineer M. M. O'Shaughnessy, bearing today's date.

Yours very respectfully,

JAMES ROLPH, Mayor.

San Francisco, August 22, 1913.

Honorable James Rolph, Jr., Mayor, San Francisco.

Dear Sir:

I beg to advise you that the High Pressure Fire System will be completed and ready to turn over for operation to the Fire Department by the first of the coming month. The Twin Peaks Reservoir has been repaired, the new Jones street tank at Sacramento and Jones streets has been finished, and the final tests have been made of the new pumping station at Fort Mason this week. The 72 miles of pipe line are laid. This is as far as the funds will now permit construction.

The operation of this system should be in charge of the Fire Department, but some misunderstanding has arisen between that Department and the Board of Supervisors as to the designation and employment of the few men that will be necessary to operate same, so that nothing has been done towards preparing for the operation of this system.

I need not impress upon you the great danger to property owners in the city from action by the insurance people in raising rates if this system is not properly operated. They are watching every detail of our operations, getting ready to put up a defense line to maintain high insurance rates. I have fully advised your Mr. McAtee of my views on this subject

and I beg to impress on you the great necessity for the interests of the citizens in your taking prompt and immediate action for a solution of this controversy.

This Department will feel released from all responsibility on the first day of September in connection with any disasters or consequences that take place to the system from the neglect in following our recommendations.

Very respectfully yours,

(Signed)

M. M. O'SHAUGHNESSY,
City Engineer.

Whereupon, the following Bill was presented:

Bill No. 2677, Ordinance No. — (New Series), as follows:

Amending Section 1 of Ordinance No. 1889 (New Series), entitled, "Authorizing an appointment of ten additional employes by the Board of Fire Commissioners and fixing and providing for their compensation," and creating and defining such positions of such employes as required by Section 2 of Article XIII of the Charter, and fixing the compensation thereof.

It is ordained by the people of the City and County of San Francisco as follows:

Section 1. Section 1 of Ordinance No. 1889 (New Series), the title of which is recited in the title of this Ordinance is hereby amended so as to read as follows:

Section 1. The Board of Fire Commissioners is hereby authorized and empowered to appoint for the purpose of operating the High Pressure Fire Protection System, the following additional employes at the compensation set opposite their respective designations, as follows:

Two Chief Engineers, at a compensation each of \$175.00 per month.

Four Assistant Chief Engineers, at a compensation each of \$125.00 per month.

Six Firemen, at a compensation each of \$100.00 per month.

One Superintendent, at a compensation of \$200.00 per month.

One Assistant Superintendent, at a compensation of \$150.00 per month.

Five Gatemen, at a compensation each of \$100.00 per month.

Three laborers, at a compensation each of \$3.00 per day.

One caulker, at a compensation of \$4.00 per day.

Said employment is authorized under the provisions of Section 35 of Article XVI of the Charter, application therefor having been made by the Board of Fire Commissioners and the Mayor having recommended the

same to the Board of Supervisors, and the designations thereof having been provided by the Civil Service Commission as required by Section 2 of Article XIII of the Charter, said positions being additional to those authorized by the Charter or previous ordinances.

Section 2. This Ordinance shall take effect immediately.

Motion.

Supervisor Koshland moved to amend by fixing salary of superintendent of distributing system at \$150 instead of \$200 per month, and by the omitting one assistant superintendent at \$150 per month.

Amendment.

Supervisor Bancroft moved as a substitute that the entire matter be referred to the Efficiency Committee.

Motion lost by the following vote:

Ayes—Supervisors Bancroft, George E. Gallagher, Giannini, Koshland, Mauzy, McLeran, Payot, Vogelsang—8.

Noes—Supervisors Caglieri, Andrew J. Gallagher, Hayden, Hilmer, Hocks, Jennings, McCarthy, Murdock, Murphy, Nolan—10.

Whereupon, *Supervisor Koshland's* motion was divided as follows and voted upon with the following result:

(a) *Fixing Salary of Superintendent at \$150 Per Month.*

Ayes—Supervisors Bancroft, Giannini, Jennings, Koshland, McCarthy, Murphy, Payot—7.

Whereupon the following Resolution was introduced by Supervisor McCarthy and *adopted*:

Resolution No. 10348 (New Series), as follows:

Whereas, The government of France has at all times shown its friendship and affection for the people and the City of San Francisco, and

Whereas, This was particularly evident when after the disaster of 1906, Ambassador Jusserand was sent here to present a special medal to show the sympathy of France with us in our misfortune and to fittingly commemorate the wonderful rehabilitation of our city, and

Whereas, The government of France was the first foreign country to accept the invitation of the President of the United States and of the directors of the Panama-Pacific International Exposition Company to participate in our nineteen fifteen exposition, and

Whereas, The government of France has appointed Messieurs Tirman, G. Roger Sandoz, De Pellerin de Latouche and A. H. Savy as its official delegation to select and take possession of the French site on the grounds of the Panama-Pacific International Exposition, and

Whereas, The Consul-General of France, the Honorable B. Monnet, has on behalf of the local French colony extended an invitation to the Mayor and members of the Board of Supervisors of the City and County of San Francisco to join with them in expressing their appreciation of the honor and courtesy shown by the visit of this delegation; therefore be it

Resolved, That the Mayor and the Board of Supervisors of the City and County of San Francisco hereby officially accept the invitation of the Consul-General of France to attend a banquet to be given in honor of the members of this delegation, and be it

Further Resolved, That the Mayor and members of the Board of Supervisors hereby express on behalf of the entire citizenship of San Francisco their welcome to and appreciation of the visit of this delegation, and be it further

Resolved, That a copy of this resolution be sent to the Consul-General

of France and to each of the members of the delegation.

Accepting Deed From Martin Investment Company for Sewer Right of Way in Visitacion Valley.

Bill No. 2674, Ordinance No. 2429 (New Series), as follows:

Approving and accepting a deed of easement from Martin Investment Company (a corporation) to the City and County of San Francisco (a municipal corporation) of a sewer right of way for a portion of Visitacion Valley Sewer.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The City and County of

San Francisco hereby approves, accepts and agrees to receive, subject to the conditions therein, the following deed from the Martin Investment Company (a corporation) to the City and County of San Francisco (a municipal corporation) of a sewer right of way for a portion of Visitacion Valley Sewer, to wit:

This Indenture, made this 17th day of July, 1913, by and between the Martin Investment Company, a corporation, duly organized and existing under and by virtue of the laws of the State of California, the party of the first part, and the City and County of San Francisco, a municipal corporation, the party of the second part;

Witnesseth: That the said party of the first part does, by these presents grant, convey and confirm unto the said party of the second part and to its successors and assigns forever, a right of way for a six-foot, six-inch concrete sewer through that certain tract of land situate, lying and being in the County of San Mateo, State of California, and more particularly described as follows, to wit: All that strip or parcel of land twenty-five (25) feet in width lying twelve (12) feet, six (6) inches on each side of the following described center line:

Commencing at the point of intersection of the boundary line between the properties of Richard Tobin and Martin Investment Company, with a line passing through the point of intersection of the center line of Sunnydale avenue and the easterly line of Temple street in the City and County of San Francisco and bearing south seventy-nine degrees, thirty-four minutes and fifty seconds (79° 34' 50") East (true bearing); thence southeasterly along a line bearing south seventy-nine degrees, thirty-four minutes and fifty seconds (79° 34' 50") East (true bearing) for a distance of two hundred and eighty-five (285) feet, more or less, to the boundary line between the properties of Martin Investment Company and Diamond Estate Company.

To have and to hold unto said party of the second part forever, including the right to enter upon said strip or parcel of land to excavate therein and to construct, reconstruct, maintain and operate a six-foot six-inch concrete sewer beneath the same and to have entry on the same at all times necessary to repair, replace, inspect and maintain the said sewer, reserving nevertheless to the grantors, their successors and assigns the fee simple title to said strip and the right to use the surface thereof in such manner as it may see fit, and the further right

to connect with said concrete sewer at its own expense and to use said sewer for the purpose of carrying off sewage matter.

Provided, however, that this grant is made upon the condition that said sewer shall be laid within a reasonable time in a workmanlike manner and maintained in a sanitary condition and that the earth removed in excavating for the sewer shall be replaced in such manner as to leave the surface of the ground in the same condition as that in which it now is, and upon the further condition that should the said sewer, or the use thereof, at any time be abandoned, then and in that event all right, title or interest of defendant hereby conveyed shall immediately revert to the party of the first part hereto, its successors or assigns.

In witness whereof, the said party of the first part has caused its corporate name to be transcribed and its corporate seal to be affixed by the hands of its President and Secretary first hereunto duly authorized by resolution of the Board of Directors thereof.

MARTIN INVESTMENT COMPANY,
(Seal)

By WALTER S. MARTIN,
President.

By A. E. WALLIS,
Secretary.

State of California, City and County of San Francisco.—ss.

On the nineteenth day of July in the year one thousand nine hundred and thirteen (1913) before me, Eugene W. Levy, a Notary Public in and for the said City and County, residing therein, duly commissioned and sworn, personally appeared Walter S. Martin and A. E. Wallis, known to me to be the President and Secretary respectively of Martin Investment Company, the corporation described in, and that executed the within and annexed instrument, and acknowledged to me that such corporation executed the same.

In witness whereof, I have hereunto set my hand and affixed my official seal, at my office in the City and County of San Francisco, the day and year in this certificate first above written.

(Seal) EUGENE W. LEVY,

Notary Public in and for the City and County of San Francisco, State of California.

Closing and Abandoning Portion of Thirty-seventh Avenue.

On motion of Supervisor George E.
Gallagher:

Resolution No. 10372 (New Series),
as follows:

Closing and Abandoning Portion of Thirty-seventh Avenue Between Geary and Clement Streets.

Whereas, This Board has by Reso-
lution No. 10220 (New Series) de-
clared its intention to close and aban-
don a portion of Thirty-seventh ave-
nue between Geary and Clement
streets hereinafter more particularly
described; and

Whereas, Proper notice of said Res-
olution and of said proposed closing
and abandonment of said portion of
said street was duly given by the
Board of Public Works of said City
and County by publication and posting
in the manner provided by Section 3,
Chapter III, Article VI of the Charter
of this City and County; and

Whereas, More than ten (10) days
have elapsed after the expiration of
the time of publication of said notice;
and

Whereas, No objections to the said
closing and abandonment of said por-
tion of said street were made or de-
livered to the Clerk of this Board

within said period of ten (10) days or at all; and

Whereas, It is the opinion of this Board that the public interest and convenience will be conserved by the closing and abandonment of said portion of said street; and

Whereas, The said work is for closing up said portion of said street and it appears to this Board that no assessment is necessary therefor;

Now Therefore, Be It Resolved, That the said closing and abandonment of said portion of said street be and the same is hereby closed and abandoned as a public street.

That said portion of said street hereinabove referred to is more particularly bounded and described as follows, to wit:

Commencing at a point on the easterly line of Thirty-seventh avenue, distant thereon three hundred and twenty-five (325) feet northerly from the point of intersection of the northerly line of Geary street (formerly Point Lobos avenue) with the easterly line of Thirty-seventh avenue; running thence northerly along said line of Thirty-seventh avenue two hundred and seventy-five (275) feet to the southerly line of Clement street; thence at a right angle westerly seventy (70) feet to the point of intersection of the said westerly line of Thirty-seventh avenue with the southerly line of Clement street; thence southerly along the said westerly line of Thirty-seventh avenue two hundred and seventy-five (275) feet, and thence at a right angle easterly seventy (70) feet to the point of commencement.

Be it Further Resolved, That the Clerk of this Board transmit a certified copy of this resolution to the Board of Public Works and that the Board of Public Works be instructed to proceed thereafter as required by law and the Clerk is hereby directed to advertise this resolution in the "Daily Journal of Commerce" as required by law.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Referred.

The following Resolution was introduced by Supervisor Bancroft and referred to the Public Utilities Committee:

Street Railway Extension to Mail Dock.

J. R. No. —.

Whereas, The Board of Supervisors of the City and County of San Francisco has for several years been attempting to secure from the United Railroads transportation to the Pacific Mail Dock, and

Whereas, Such transportation has been repeatedly urged by the Chamber of Commerce and other interested parties, and

Whereas, Such transportation is badly needed at the present time for the convenience of the traveling public, and will be of much more necessity during the year 1915, and

Whereas, It was stated at a meeting of the Public Utilities Committee of the Board of Supervisors on January 29, 1913, by a representative of the United Railroads that "the cost of constructing a single track which would serve the necessary purposes would be about \$5,000", and

Whereas, The United Railroads has hitherto refused to make said necessary extension even at the cost of such a comparatively small amount of money, and

Whereas, It has been reported in the public press that there has been a change in the presidency, and that there will be a change in the management of the United Railroads, and it is to be hoped likewise a change in their policy towards the City;

Now, Therefore, Be It Resolved, That the Board of Supervisors hereby renew its request of the United Railroads that they immediately extend their service so as to provide transportation to the Pacific Mail Dock.

Adopted.

The following Resolutions were introduced under suspension of the rules and adopted:

Referred.

The following Resolution was introduced by Supervisor Murdock and referred to the Judiciary Committee:

Assessor to Assess Advertisements on Buildings.

Resolution No. — (New Series),
as follows:

Whereas, The disfiguring of buildings through painting on their sides or ends glaring advertisements is recognized as effective in securing business and becomes a source of income to the property owner, therefore be it

Resolved, That the Assessor is asked to consider such advertisement, as in the eyes of the law an improvement subject to taxation, and that he assesses the same, that the community which confers the value through the maintenance of street and otherwise, may receive all possible return from an objectionable practice that it is apparently powerless to prevent;

Resolved, That the maintenance of bill-boards, for which payment is made, be also considered, for taxation purposes an improvement, and that the Assessor be asked to add to the roll the highest valuation that capitalized income will justify.

ADJOURNMENT.

There being no further business the Board at the hour of 4:30 p. m. adjourned.

JOHN W. ROGERS,
Acting Clerk.

Approved by the Board of Supervisors September 2, 1913.

Pursuant to Resolution No. 3402 (New Series), of the Board of Supervisors of the City and County of San Francisco, I, John W. Rogers, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the dates thereon stated, and approved as above recited.

ROLL CALL FOR PETITIONS FROM MEMBERS.

Relating to Appointment of An Additional Assistant to City Attorney in Matter of Condemnation Proceedings Against Spring Valley Water Company.

The following matters were presented and read by the Clerk:

August 29, 1913.

Hon. James Rolph, Jr., Mayor of the City and County of San Francisco.

Dear Sir:

As the time for commencing an action in Eminent Domain against the Spring Valley Water Company is approaching I find it necessary to secure additional legal assistance in the prosecution of that suit. I desire the creation of the position of Special Assistant City Attorney for the period commencing September 1, 1913, and ending June 30, 1914, with the compensation of One Thousand (\$1,000) Dollars per month.

I hereby request that you recommend to the Board of Supervisors the adoption of an ordinance creating such position in the City Attorney's office.

Yours truly,

PERCY V. LONG,
City Attorney.

San Francisco, Cal., August 29, 1913.

Hon. Board of Supervisors of the City

and County of San Francisco, San Francisco, Cal.

Gentlemen:

Upon application of the City Attorney for an additional assistant, I have made investigation and find necessity for such additional assistance. I, therefore, recommend to your honorable body that you authorize the appointment, by the City Attorney, of the assistant requested by him.

This is in accordance with Section 35, Article 16, of the Charter.

Very respectfully yours,

JAMES ROLPH,
Mayor.

SPECIAL ORDER OF BUSINESS. 3 P. M.

Hearing of Protests, Twin Peaks Tunnel.

The following resolution was introduced by Supervisor Mauzy and adopted:

Resolution No. 10380 (New Series).

In the matter of the construction and completion of a tunnel with approaches and appurtenances thereto, and of the acquisitions of lands and easements therefor, under the elevation known as the Twin Peaks Ridge in the City and County of San Francisco, State of California, pursuant to the Resolution of Intention of the Board of Supervisors of said City and County in that behalf, being Resolution No. 10020 (New Series), approved March 7, 1913.

The Board of Supervisors of the City and County of San Francisco, having by resolution duly fixed this 2nd day of September, 1913, at 3 o'clock p. m., in the chambers or meeting room of said Board of Supervisors, in the City Hall, No. 1231 Market street, in said City and County of San Francisco, as the time and place for the hearing of all protests and objections filed to the report of the Board of Public Works heretofore filed in the above entitled matter, and for the hearing of all protests filed with the Clerk of the Board of Supervisors to the said tunnel construction, or to the plans or specifications therefor, or to the extent of the assessment districts defined in the said Resolution of Intention of the Board of Supervisors, or to the amount of damages determined by the Board of Public Works and shown by its said report as the result of the said tunnel construction, or to the omission of said Board of Public Works to determine or award any

damages with respect to any property claimed to be damaged as the result of said tunnel construction, or to the award of damages or compensation for the acquisitions shown by the said report of said Board of Public Works, or to any act, determination or proceeding of the Board of Supervisors or of the Board of Public Works in relation to such construction, or to any other matter in connection therewith as to which any person would have a legal right of protest, and for the hearing of any and all protests as to any or all of said matters or things:

And there having been filed in said matter with the Board of Supervisors before said hearing pursuant to the provisions of Section 9 of the Tunnel Procedure Ordinance of said City and County of San Francisco certain affidavits showing that the said Resolution of Intention of the Board of Supervisors, the notice of the completion of the posting of the notices provided for in Section 4 of the Tunnel Procedure Ordinance, the notice of the filing of the said report of the Board of Public Works and of the time within which all objections thereto should be filed as required by Section 7 of said ordinance, and the notice of the time and place of the hearing of protests as provided for by Section 8 of said ordinance, have and each of them has been published as in said ordinance required, and also an affidavit showing that the notices required by Section 3 of said the Tunnel Procedure Ordinance have been posted in accordance with the requirements of said Section 3;

And the Board of Supervisors before proceeding with the said hearing having received and considered said affidavits;

Now, therefore, it is ordered, found and recited that the publications and the posting referred to in Section 9 of said the Tunnel Procedure Ordinance have been made in the above entitled matter as required by said the Tunnel Procedure Ordinance, and that this order be entered in the minutes of this Board.

Ayes—Supervisors Bancroft, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—17.

Absent—Supervisor Caglieri—1.

Thereupon, it was determined by the Board that all persons who wished to protest would be heard whether or not their protests had been filed within the legal time. The names of those who had filed written protests were then

called and the protestants advised that they had the privilege of the floor to voice their objections. The following persons addressed the Board:

Privilege of the Floor.

Otto tum Suden, property owner, was granted the privilege of the floor and addressed the Board, protesting against the assessment on his property on the ground that the proposed tunnel was an underground railway and could not be used for general purposes of vehicular traffic. It cannot be used by automobiles or pedestrians.

The following named property owners entered protests on the same grounds: A. F. Magrane, Jacob Vits, Hannah O'Connell, T. K. Tyndall, John J. Callahan, Mary Norton, Mary Lynch, Mrs. Hannah McManus, Stephan Flahavan, John W. Maher, Carl G. Larsen, Mrs. Anna Schaub, Rev. P. E. Mulligan, James Bresnahan, A. Cuneo, Catherine Reingpah, Thos. Twohig, Antonio Cuneo, Joseph H. Heck, F. M. Rollins, Benedict Schaub, Agathe Braun, John Arandes, Chas M. Dowling, Margaret A. Dowling, Catherine J. Truman, Geo. E. Ramm, Gustave Harschall, O'Neil Estate Company, Alexander Malireski, C. Meyer Estate Company, Mrs. M. Drumm.

Andrew J. Brannagan, representing South Central Improvement Club, protested that the property owners south of Market street, west of Sixth would not be benefited by the tunnel and were assessed for the benefit of real estate speculators at Parkside, Ingleside Terraces and Forest Hill.

E. C. Harrison, representing C. Larsen, was granted the privilege of the floor and stated that the assessment stands his client \$60,000. He objected in the first place that the Board had no jurisdiction, and stated that sufficient notice had not been given. He also offered the same objection as Mr. tum Suden, that the tunnel was for street railway purposes only, and added that no provision had been made for the construction of such railway. He declared that the United Railroads had refused to make any further extensions and that it cannot be assumed that the people will vote bonds for such purpose. He stated that the tunnels in Los Angeles were built by the city and that two railway tunnels were built by the railway company. He believed that a tunnel similar to the Stockton street tunnel would be valuable—valuable to all the people, who should stand the assessment—not to adjacent property owners only. He declared that the southeasterly portal of the tunnel should be at Laguna Honda station

and that there was no good reason for the dip from that station to proposed portal. If this was eliminated it would cut off 334,000 feet and reduce the cost to \$2,500,000.

F. Joseph Theisen, property owner, said that his property in the City Land Association was two miles from the southeasterly portal and would not be benefited except in a general way. He objected to the assessment on the ground that it violated the provisions of the Charter, which declares that no property shall be assessed for improvements for more than 50 per cent of its assessed value. Assessments for improvements now pending are \$43.75 for tunnels and \$16 for street extensions. Assessor's value of lot for taxation purposes last year was \$50. On these grounds protestant declares assessment to be confiscatory.

Andrew J. Brannagan, representing Matthew V. Brady, protested on the same grounds advanced by E. C. Harrison. He declared that the tunnel assessment exceeded 50 per cent of the Assessor's value of his client's property.

Geo. E. Ramm, property owner, declared that the tunnel would be a detriment rather than a benefit to his property. He believed that the tunnel would create a flume that would carry bad air and dirt into his neighborhood. He also endorsed the objections advanced by E. C. Harrison.

E. De Los Magee, representing Gustave Harshall, protested that the assessment district was the same as that outlined for tunnel extended to Valencia and McCoppin streets. He believed that assessment district was arbitrary and should be altered to meet change in plan. He declared that his client in the outside districts was assessed for more than 50 per cent of the assessed value of the land.

J. E. Green, president of the Parkside Realty Company, protested the assessment for 424,000 square feet in Trocadero Gulch. This property is under water and known as Laguna Puerco. He declared that his property was in same condition as Spring Valley Water Company properties.

No other protestants appeared nor protested the proceedings.

Motion.

Thereupon, *Supervisor Mauzy* moved that when the Board adjourns it does so to meet again Friday at 10 a. m. for the purpose of continuing the hearing.

So ordered.

UNFINISHED BUSINESS—(Continued).

Appointment of Police Protective Women.

Bill No. 2682, Ordinance No. 2436 (New Series), as follows:

Authorizing the Police Commission to appoint three women protective officers, creating the positions therefor and fixing the compensation thereof and repealing Ordinance No. 2396 (New Series).

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. It is hereby recited that the Police Commission on the third day of June, 1913, did request the Mayor of the City and County of San Francisco to recommend that the Board of Supervisors authorize the appointment of three women to perform certain services connected with the administration of the Police Department and that on the fourth day

of June, 1913, the Mayor did recommend such appointment to the Board of Supervisors; that thereafter the Civil Service Commission did by resolution designate the positions for the appointment of which authority was sought as Women Protective Officers.

Section 2. In accordance with the provisions of the Charter the Police Commission of the City and County of San Francisco is hereby authorized to appoint three women to be Women Protective Officers, which positions are hereby created and that the compensation for each of such Women Protective Officers shall be one hundred (\$100) a month.

Section 3. Ordinance No. 2396 (New Series), is hereby repealed, and this Ordinance shall take effect immediately.

Amending Ordinance Licensing Public Roller Skating Rinks, Etc.

Bill No. 2684, Ordinance No. 2438 (New Series), as follows:

Amending Section 4a of Ordinance

No. 777 entitled, "Imposing a license on Public Roller Skating Rinks, Revolving Wheels, Chutes, Toboggan Slides, Museums, Kinetoscope and Phonograph Parlors, Panorama and Cyclorama," by including the words "Children's Playgrounds," and repealing Ordinance No. 627 (New Series).

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That Section 4a of Ordinance No. 777 be amended to read as follows:

Section 4a. The Tax Collector shall not issue a license to any person, firm or corporation to conduct a public roller skating rink, revolving wheel, chutes, toboggan slide, museum, kinetoscope and phonograph parlor, panorama or cyclorama, under the provisions of this Ordinance unless the applicant therefor shall have first obtained from the Board of Police Commissioners a permit to conduct, such public roller skating rink, revolving wheel, chutes, toboggan slide, museum, kinetoscope and phonograph parlor, panorama or cyclorama; such permits shall be issued annually, and may be revoked at any time by the Board of Police Commissioners, and upon the revocation of such permit such license issued thereon shall immediately terminate and expire.

The Board of Police Commissioners shall not issue any permit and the Tax Collector shall not issue any license to any person, firm or corporation to conduct a public roller skating rink, revolving wheel, chutes, toboggan slide, kinetoscope and phonograph parlor, panorama or cyclorama, within a distance of two hundred (200) feet from the front line of any church or school, or within one hundred (100) feet of the property line on the sides or rear of any church, school lot, or children's playground; provided, however, that this restriction shall not apply to buildings already erected or in the course of erection, and especially designed to be used for any of the above purposes; provided further, that no other restrictions as to the location of such places shall be considered by the Board of Police Commissioners or the Tax Collector.

Section 2. Ordinance No. 627 (New Series) is hereby repealed.

Section 3. This Ordinance shall take effect immediately.

Authorizing Appointment of Additional Assistant for City Attorney.

Also, Bill No. —, Ordinance No. — (New Series), as follows:

Authorizing the appointment of an additional special assistant to the City Attorney, and fixing and providing for his compensation.

Be it ordained by the people of the City and County of San Francisco, as follows:

Section 1. The City Attorney is hereby authorized and empowered to appoint an additional special assistant for his office for the purpose of aiding in and prosecuting condemnation proceedings against the Spring Valley Water Company.

Section 2. The salary of the additional special assistant to the City Attorney authorized to be appointed under the provisions of this ordinance is hereby fixed at the sum of one thousand (\$1,000) dollars per month.

Section 3. The sum of ten thousand (\$10,000) dollars is hereby set aside and authorized to be expended out of the fund for legal expenses connected with the condemnation of Spring Valley Water System for Municipal Water Supply, for the purpose of providing for the compensation of the said additional special assistant city attorney for the balance of the fiscal year ending June 30, 1914.

Section 4. This ordinance shall take effect and be in force from and after its passage.

her—1.

Privilege of the Floor.

Percy V. Long, City Attorney, was granted the privilege of the floor in the foregoing matter and stated that the above appointment was on no solicitation on his part, but had been suggested by certain members of the Board. If the Board saw fit to refuse the additional assistant, he would do his best to conduct the case of the condemnation of the properties of the Spring Valley Water Company with his present office force, but that it would be a gigantic task.

Providing \$60,000 for Repairing and Re-
constructing Certain Streets During

Weights and Measures Ordinance.

Bill No. 2688, Ordinance No. — (New Series), entitled Appointing a Sealer of Weights and Measures and providing for the appointment of four

Deputy Sealers of Weights and Measures; providing for the compensation of such Sealer of Weights and Measures and such Deputy Sealers of Weights and Measures; defining the powers and duties of said Sealer of Weights and Measures and said Deputy Sealers of Weights and Measures, and repealing all ordinances and parts of ordinances in conflict with this ordinance.

Taxicab Ordinance.

Supervisor Hocks presented:

Bill No. —, Ordinance No. — (New Series), entitled, "Amending Sections 2, 7, 8, 9, 10, 12, 14 and 20, and adding a new section to be known as Section 5, to Ordinance No. 1898 (New Series), entitled, 'Regulating the use of hackney carriages, automobiles, taxicabs, and other public passenger vehicles, fixing the rates to be charged for the transportation of persons and personal baggage, regulating the use of boats in the waters of the bay, providing a punishment for any violation thereof and repealing Order No. 1611, Ordinance Nos. 446, 1033 and 514 (New Series)'."

Be it ordained by the people of the City and County of San Francisco, as follows:

Section 1. That Section 2 of Ordinance No. 1898 (New Series) be amended to read as follows:

Section 2. Public Vehicle Stands:

The following are hereby designated as stands for licensed hacks, taxicabs, automobiles and sight-seeing automobiles:

A. Around Portsmouth, Union and Washington Squares, United States Postoffice and United States Mint, and other public squares or grounds as may be designated by the Mayor of the City and County of San Francisco from time to time, but not in front of the gates thereof during the time such gates are open, or on the street crosswalks, or in double lines.

B. At the Ferries.

C. Steamboat landings.

D. Railway depots.

E. Managers of each hotel may designate a passenger coach or automobile with the name of the hotel conspicuously placed thereon, and of capacity of six or more passengers inside, to stand at all times in front of such hotel, and may also designate carriages, not more than two of which at any time may stand at the main entrance of such hotel.

All the above public vehicle stands, except those under paragraph "E," shall be open to all public vehicles,

the first occupant holding the place until he vacates it, and the next in line succeeding him; provided that not more than three vehicles belonging to one person, firm or corporation or association, shall occupy space at any public stand.

Section 2. That a new section be added to Ordinance No. 1898 (New Series), to be known as Section 5, and to read as follows:

Section 5. Charges for taxicabs, automobiles or hacks to or from railway depots, ferries, steamboat landings or docks and hotels or other points in the following described district:

Downtown Hotel District.

The district within the City and County of San Francisco hereinafter described shall, for the purpose of this ordinance, be known as the Downtown Hotel District. Such district is bounded and more particularly described as follows, to wit:

taxicab shall elect whether he will
employ it by taximeter or hour rates.

Section 6. That Section 10 of
Ordinance No. 1898 (New Series) be
amended to read as follows:

Section 10. Taximeters.

The use of any inaccurate taximeter
or other measuring instrument for
the purpose of gauging or indicating
distance traveled, or waiting time, or
for the purpose of fixing fares to be
collected from the public is hereby
prohibited, and it shall be the duty
of the owner or lessee in possession,
including any corporation or officer or
agent thereof responsible therefor of
any vehicle mentioned in this Ordinance,
using any taximeter or other
measuring instrument, to at all times
keep said taximeter or other measuring
instrument accurate.

No taximeter or other measuring in-
strument shall be used on any such
vehicle mentioned in this ordinance
until the same shall have been in-
spected, sealed and approved by the
Hack Inspector, or his authorized as-
sistants, as to accuracy, whose certi-
ficate or seal of such accuracy shall be
plainly posted on the face of said
taximeter for the information of the
public. Every instrument in use or
intended for use on any vehicle shall
be subject to inspection at all times
by the Hack Inspector or his assist-
ants. Any police officer of the San
Francisco Police Department is further
authorized and directed, upon the com-
plaint of any persons, to investigate
such complaint or upon discovery by
him that a taximeter or other meas-
uring instrument is inaccurate to at
once notify the Hack Inspector, whose
duty it shall be to cause said taxi-
meter to be at once inspected, and
it shall be unlawful for any company,
person or corporation to use such
taximeter, after notification through
him by the said Hack Inspector, until
said taximeter has been reinspected,
approved and sealed by the Hack In-
spector.

For the inspection of taximeters on
taxicabs a fee of one dollar a year
shall be charged for each taximeter,
which shall be inspected at least once
a year.

Each taxicab while in use in the
City and County of San Francisco,
for the transportation of passengers
for hire, shall be equipped with an
efficient illuminating device, either
flexible or fixed, so arranged as to

enable the passenger or passengers to
conveniently observe the state of the
meter and schedule of rates therein.

It shall be unlawful for any driver
or operator of any automobile, in
soliciting trade from the public, to
represent his vehicle as a taxicab un-
less it is equipped with a taximeter
in working order, and duly inspected
and approved, as in this section pro-
vided.

Section 7. That Section 12, of Or-
dinance No. 1898 (New Series), be
amended to read as follows:

Section 12. In any case of disagree-
ment between the driver and passen-
ger of a public vehicle relative to the
legal fare to be paid, the driver shall
convey the passenger to the nearest
police station, where the officer in
charge shall immediately decide the
case, and if the decision is in favor of
the passenger, the driver shall convey
the passenger from the police station
to his original destination without
additional charge; if the passenger is
about to leave the city by railroad,
steamboat or otherwise, the police offi-
cer on duty at the depot or wharf shall
decide the case.

All drivers or operators of public
vehicles, upon the demand of any pas-
senger, shall give a printed receipt
for fare paid, such receipt to be in a
form satisfactory to the Chief of Po-
lice.

Such receipt shall state the State
license number of the vehicle, or in
the case of hacks or coupes, the Tax
Collector's license number.

Section 8. That Section 14 of Or-
dinance No. 1898 (New Series), be
amended to read as follows:

Section 14. A. It shall be unlawful
for any driver or operator of a taxicab
while carrying passengers or under
employment to display the signal or
flag attached to the taximeter or other
similar device in such a position as to
denote that such vehicle is not em-
ployed.

B. It shall be unlawful for any
driver or operator of a taxicab to
throw the flag of the taximeter in a
recording position when such vehicle
is not actually employed.

C. It shall be unlawful for any
driver or operator of any taxicab to
fail to throw the flag of such taxi-
meter to the non-recording position at
the termination of each and every
service, and to call the attention of
the passenger to the amount regis-
tered.

D. It shall be unlawful for any
driver or operator of a taxicab, while
carrying passengers or under employ-
ment, to display the flag affixed to
such taximeter in such position as to
denote such taxicab is not employed,

or in such position as to denote that he is employed at a rate of a fare different from that to which he is entitled under the provisions of this Ordinance.

The taximeter flag shall not be changed until after the fare is paid.

Section 9. That Section 20 of Ordinance No. 1898 (New Series) be amended to read as follows:

Section 20. Every hack, vehicle, motor vehicle, automobile, taximeter vehicle and sight-seeing automobile shall have permanently affixed to the interior thereof in a place readily to be seen by passengers a frame covered with glass, enclosing a card not less than six inches square, upon which shall be printed in plain, legible letters the schedule of rates prescribed in this Ordinance, applicable to every such vehicle.

The said frame and enclosed card must be approved by the Chief of Police.

Section 10. This Ordinance shall take effect immediately.

Privilege of the Floor.

T. P. Dozier was granted the privilege of the floor and addressed the Board, protesting against the adoption of the flat rate recommended by the Committee for the Downtown District. If it is adopted he wanted it increased from seventy-five cents to one dollar and the city districted. He requested that the Bill be laid over one week in order to permit him to prepare statistical data showing the effect of the proposed ordinance.

Action Deferred.

Whereupon the above Bill was on motion *laid over one week*.

Recommitted.

The following matters were introduced by Supervisor Vogelsang and on his motion ordered *recommitted to the Public Utilities Committee*:

Pacific Telephone Company to Agree to Operate Under Terms of Home Telephone Company's Franchise.

J. R. No.

Whereas, There is now pending on appeal in the Supreme Court of the State of California an action entitled, "The People of the State of California upon the complaint of Daniel S. O'Brien, Appellants, vs. Pacific Telephone and Telegraph Co. et al, Appellee," wherein there is sought to be determined the validity of the transfer heretofore made by the Bay Cities Home Telephone Company to the Pacific Telephone and Telegraph Company of all the physical properties of said former company; and

Whereas, By reason of said transfer, it is contended that the bond of the Bay Cities Home Telephone Company, given in the sum of \$250,000 to secure

performance of the terms and conditions of its franchise, has become forfeited by reason of the non-performance of such terms and conditions resulting from the transfer of all its properties as aforesaid; and

Whereas, The Pacific Telephone and Telegraph Company is now operating in this City under a franchise which does not require the payment to the City and County of any portion or percentage of its income; and

Whereas, The franchise under which the Bay Cities Telephone Company formerly operated required the payment to the City and County of two (2) per cent of the gross receipts from operation of its telephone system under franchise; now, therefore, be it

Resolved, That the City Attorney be and is hereby requested and directed to confer with the representatives of the said telephone companies with a view to ascertaining whether they would be willing to enter into a compromise agreement with the City, the terms of which should embody, among other mutually conceded provisions, a requirement that the Pacific Telephone and Telegraph Co. shall, from and after the date of ratification of such compromise, operate its telephone system within the City and County of San Francisco under the terms of the Bay Cities Home Telephone franchise with particular reference to the requirement that the holder of said franchise pay to the City two (2) per cent of the gross receipts from operation thereunder; and be it further

Resolved, That the City Attorney be requested to inform this Board as to the result of such conference and to suggest in his report such other terms and stipulations as in his opinion should be included in such a compromise agreement.

City Attorney to Advise as to Legality of Order No. 2186, Granting Franchise to Pacific Telephone and Telegraph Company.

J. R. No.

Resolved, That the City Attorney be requested to advise this Board as to the legality of Order No. 2186, granting a franchise to the Pacific Telephone & Telegraph Company to construct a telephone system in this City.

Adopted.

The following Resolutions were *adopted*:

Spur Track Permit.

On motion of Supervisor George E. Gallagher:

Bill No. 2690, Ordinance No. — (New Series), as follows:

Granting permission revocable at will of the Board of Supervisors to the Southern Pacific Company (a corporation) to construct, maintain and operate a spur track along and upon the following described route, to wit:

Commencing at a point on the existing freight train track of said Southern Pacific Company (a corporation), between Division and Alameda streets, at or near the intersection of said track with the westerly line of Bryant street; thence southwesterly on a curve to the left crossing Florida street between Division and Alameda streets, with two tracks, across Alameda street between Florida and Alabama streets with five tracks, and across Fifteenth street between Florida and Alabama streets with nine tracks, and thence into private property.

Section 1. Permission revocable at will of the Board of Supervisors is

hereby granted the Southern Pacific Company (a corporation) to construct, maintain and operate a spur track as follows:

Commencing at a point on the existing freight train track of said Southern Pacific Company (a corporation) between Division and Alameda streets, at or near the intersection of said track with the westerly line of Bryant street; thence southwesterly on a curve to the left crossing Florida street, between Division and Alameda streets with two tracks, across Alameda street between Florida and Alabama streets with five tracks and across Fifteenth street between Florida and Alabama streets with nine tracks, and thence into private property.

Said permission is granted subject to the provisions of Ordinance No. 69 (New Series), of the Board of Supervisors, approved October 12, 1906, and particular reference is hereby made to Section 8 of this Ordinance, reading as follows:

"The railway operating any spur track on any public street or property hereafter constructed in the City and County shall, upon demand of the person, firm or corporation for the use or benefit of which such spur track is operated, place upon such spur track the freight cars of any railway which has, in this City and County, track connections with the operating railway, such cars so placed to be used for the receipt and delivery of freight in carloads only. And the operating railway shall receive and deliver the cars of the connecting railway over, at and upon such connecting track in the performance of such switching service for such persons, firms or corporations; and such railway shall perform such service without undue delay or discrimination. The operating railway shall perform such service for the same charge or rate that it charges for corresponding service for its own cars upon the track for like purpose. The provisions of this section shall apply only to such portions of such spur tracks as are not constructed, maintained or operated upon or across private land, and no permit for a spur track shall hereafter be granted by the Board of Supervisors which does not specifically contain the provisions and conditions of this section."

Provided, That said spur track shall be laid under the supervision and to the lines and grades as furnished by the City Engineer's office; and that any and all expense connected with the installation of the track, restoration of the pavement, and any additional requirements for the surface drainage, be paid for by Southern Pacific Company (a corporation).

Provided no car or cars shall at

any time be allowed to stand on said track so as to lock or obstruct a street or street crossing to exceed five minutes.

Provided, That the Southern Pacific Company (a corporation) shall erect and maintain all night arc lamps at the following locations:

One arc light at crossing of Florida and Division streets.

One arc light at crossing of Alameda and Alabama streets.

One arc light at crossing of Alameda and Florida streets.

One arc light on Alabama street between Alameda and Fifteenth streets.

Section 2. This ordinance shall take effect immediately.

Conditional Acceptance, Certain Streets.

Also, Bill No. 2691, Ordinance No. — (New Series), as follows:

Providing for conditional acceptance of the roadway of Forty-fourth avenue between Geary and Anza streets; Forty-fourth avenue between Geary street and Pt. Lobos avenue; crossing of Anza street and Twelfth avenue; crossing of Geary street and Forty-fourth avenue.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The roadways of the following named streets, including the curbs on both sides thereof, having been constructed to the satisfaction of the Board of Public Works, and of the Board of Supervisors, are hereby conditionally accepted by the City and County of San Francisco (except those portions required by law to be kept in order by the railroad company having tracks thereon), in accordance with the provisions of Section 23, Chapter 2, Article VI of the Charter, said roadways having been paved with asphaltum and basalt blocks, and granite curbs laid thereon, and are in good condition throughout, to-wit:

The roadway of Forty-fourth avenue between Geary and Anza streets, paved with asphaltum with a 14-foot central strip of basalt blocks; sewers and gas mains have been laid therein, but no water mains have been laid therein.

The roadway of Forty-fourth avenue between Geary street and Pt. Lobos avenue, paved with asphaltum; sewers and gas mains have been laid therein, but no water mains have been laid therein.

The roadway of the crossing of Anza street and Twelfth avenue, paved with asphaltum; sewers and gas mains have been laid therein, but no water mains have been laid therein.

The roadway of the crossing of Geary street and Forty-fourth avenue, paved with asphaltum; sewers and gas mains have been laid therein and an

8-inch water main has been laid in Geary street, but there are no water mains in Forty-fourth avenue.

Full Acceptance, Piedmont Street and Masonic Avenue.

Also, Bill No. 2692, Ordinance No. — (New Series), as follows:

Providing for full acceptance of the roadway of the intersection of Piedmont street and Masonic avenue.

Adopted.

The following Resolution was adopted:

Intention to Change Grades.

On motion of Supervisor George E. Gallagher:

Resolution No. 10384 (New Series), as follows:

Resolved, That it is the intention of the Board of Supervisors to change and establish grades on the following named streets, at the points hereinafter specified and at the elevations above city base, as hereinafter stated, in accordance with the written recommendation of the Board of Public Works, filed March 27, 1913, to-wit:

At the intersection of Fourteenth and Shotwell streets, at 8 feet. (The same being the present official grade.)

The crossing of Fifteenth and Shotwell streets, be raised 1.50 feet and established at 8.50 feet.

The crossing of Sixteenth and Shotwell streets be changed and established at 9 feet.

The crossing of Seventeenth and Shotwell streets at 10.25 feet. (The same being the present official grade.)

The crossing of Fifteenth and Howard streets at 10 feet. (The same being the present official grade.)

On Fifteenth street, on a line parallel with and 122 feet 6 inches easterly from Howard street at 8.50 feet. (The same being the present official grade.)

On Shotwell street between Fourteenth and Seventeenth streets, and on Sixteenth street between Howard and Folsom streets, and on Fifteenth street between a point on a line parallel with and 122 feet 6 inches easterly from Howard street, and Folsom street be changed and established to conform to true gradients between the grade elevations above given therefor and the present official grade of Sixteenth street at Howard street and at Folsom street, and of Fifteenth street on a line parallel with and 122 feet 6 inches easterly from Howard street, and of Fifteenth and Folsom streets.

It is further declared to be the intention of the Board of Supervisors to perform the hereinafter named street work at an estimated cost of sixteen thousand four hundred and seventy-seven and 50-100 (\$16,477.50) dollars to be paid out of Budget Item No. 73, to-wit:

Regrading, repaving, curbing, reconstruction of catchbasins, ironstone pipe culverts, manholes, etc., on Shotwell street between Fourteenth and Sixteenth streets and Fifteenth street between a point one hundred and twenty-two and one-half (122 feet 6 inches) feet easterly from Howard and Folsom streets.

The property owners will have to relay their artificial stone walks on all of the four blocks, except on the north side of Fifteenth street for a distance of sixty-four and one-half feet (64 feet 6 inches) westerly from Folsom street, and on the south side of Fifteenth street for a distance of seventy (70 feet) feet westerly from Folsom street.

The district to be benefited by such changes or modifications of such grade and such regrading, sewerage, curbing and other improvements and to be assessed for the damages caused thereby and the cost of making the same as above specified, is hereby defined and established as follows:

Those certain tracts, pieces or parcels of land, situate, lying and being in the City and County of San Francisco, State of California, and bounded and particularly described as follows, to-wit:

Commencing at a point on the southerly line of Fourteenth street twenty-five (25) feet westerly from the westerly line of Shotwell street; thence at right angles southerly seventy-three (73) feet distant; thence at right angles westerly twenty-five (25) feet distant; thence at right angles southerly twenty-seven (27) feet distant; thence at right angles westerly seventy (70) feet distant; thence at right angles southerly three hundred and forty (340) feet distant; thence at right angles westerly thirty (30) feet distant; thence at right angles southerly fifty-five (55) feet distant; thence at right angles westerly ninety-five (95) feet distant to the easterly line of Howard street; thence at right angles southerly along the easterly line of Howard street to a point seventy-five (75) feet southerly from the southerly line of Fifteenth street; thence at right angles easterly ninety-five (95) feet distant; thence at right angles southerly thirty-five (35) feet distant; thence at right angles easterly thirty (30) feet distant; thence at right angles southerly four hundred and ten (410) feet to the northerly line of Sixteenth street; thence at right angles easterly along the northerly line of Sixteenth street to a point one hundred and twenty-two and a half (122 feet 6 inches) feet easterly from the easterly line of Shotwell street; thence at right angles northerly four hundred and twenty (420) feet distant;

thence at right angles easterly twelve feet and six inches (12 feet 6 inches) distant; thence at right angles northerly seventy-five (75) feet distant; thence at right angles easterly one hundred and ten (110) feet to the westerly line of Folsom street; thence at right angles northerly along the westerly line of Folsom street to a point thirty-five (35) feet northerly from the northerly line of Fifteenth street; thence at right angles westerly eighty-five (85) feet distant; thence at right angles northerly fifty (50) feet distant; thence at right angles westerly thirty-seven feet and six inches (37 feet 6 inches) distant; thence at right angles northerly three hundred and twenty-five (325) feet distant; thence at right angles westerly fifty-two feet and six inches (52 feet 6 inches) distant; thence at right angles northerly one hundred and ten (110) feet to the southerly line of Fourteenth street; thence at right angles westerly along the southerly line of Fourteenth street to point of commencement and being a portion of Mission Blocks Nos. 32 and 33.

The Board of Supervisors reserves the right in its discretion to order by ordinance that the whole or any part of the cost and expense of the work aforesaid or the damages resulting therefrom be paid out of the treasury of the City and County from such funds as the Board of Supervisors may designate.

Any person owning property fronting upon said portions of the street or streets where such grade is to be changed and such street work is to be done may file a petition with the Board of Public Works within sixty (60) days after the first publication of this resolution of intention, showing the fact of such ownership, a description and situation of the property claimed to be damaged, its market value and the estimated amount of damages over and above all benefits which the property would sustain by the proposed change if completed. Such petition shall be verified by the oath of the petitioner, or the agent, and failure so to petition shall be deemed and treated as a waiver of any claim for such damage or damages. The Board of Public Works shall cause to be conspicuously posted along all streets within the district defined in this resolution notice of the passage of this resolution in the manner and in the form as required by the Charter of the City and County of San Francisco.

The Board of Public Works is hereby directed to cause to be conspicuously posted along the street or streets upon which such change or modification of grade or grades is contemplated

plated, notice of the passage of this Resolution of Intention.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—18.

Refund of Portion of Police Court Fines to Pacific Humane Society.

The following report, laid over from last week, was taken up:

San Francisco, September 2, 1913.

To the Hon. Board of Supervisors, San Francisco—

Gentlemen:

Your Finance Committee begs leave

to report as follows in the matter of Journal Resolution No. 866, authorizing the Finance Committee to remit to the Pacific Humane Society a proportionate amount of fines collected in the Police Courts, introduced in the Board of Supervisors by Andrew J. Gallagher August 18, 1913, and referred to the Finance Committee.

That it has considered this matter most carefully, and, as a result of its investigation, it is unanimously of the opinion that this request should be denied, and therefore recommends that the proposed resolution be not adopted.

THOMAS JENNINGS,
D. MURPHY,
WM. MCCARTHY.
Committee.

Privilege of the Floor.

O. C. Wilson, attorney, and Matthew McCurrie, representing the Pacific Humane Society, were granted the privilege of the floor and addressed the Board in support of the Society's petition for a portion of fines collected in Police Courts in cruelty to animals cases.

Adopted.

Whereupon, the question being taken the above report was *adopted* by the following vote:

Ayes—Supervisors Bancroft, Caglieri, George E. Gallagher, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—16.

Water Mains and Wells in Richmond District to be Provided for by Sale of Bonds to Property Owners.

The following communication was received, read, ordered spread in Journal and referred to *Public Utilities Committee*:

Department of Public Works, City Hall—Secretary's Office.

To the Honorable Board of Supervisors, San Francisco—
Gentlemen:

There is herewith transmitted a report prepared by the City Engineer on the advisability of laying water mains and sinking wells in the Richmond District out of the proceeds of the sale of Hetch Hetchy bonds. This report was approved by Resolution No. 25791, Second Series.

Respectfully,

BOARD OF PUBLIC WORKS.

By RICHARD F. CLINE, Secretary,
Bureau of Engineering, Department
of Public Works.

San Francisco, September 5, 1913.

To the Honorable, the Board of Public Works of the City and County of San Francisco—

Gentlemen:

A number of property owners in the westerly end of the Richmond District, where over 80 per cent of the streets are graded, have requested that a number of the water mains which will eventually be needed in that district as part of the distribution system of the Hetch Hetchy water supply be constructed at once, and that arrangements be made to connect these mains when constructed with some convenient source of water supply.

The funds available in the treasury of the City and County from the sale of bonds authorized for the construction of the Hetch Hetchy water supply system are so limited that their use for this purpose at the present time might delay the prosecution of the necessary work and jeopardise the City's rights in the protection and development of water sources on the Tuolumne River. The aforesaid property owners have, however, intimated that they are willing to make arrangements for the purchase at par of a sufficient number of 4½ Hetch Hetchy bonds to provide the money necessary for the construction of this part of the system. If such an arrangement can be made with these property owners, the construction of this part of the distributing system at once will render service to a district which is at the present time practically without water supply and so encourage the building of residences in that district, and the pipes which it is proposed to lay at the present time can be incorporated in the Hetch Hetchy system when it is completed.

An estimate has accordingly been made of the cost of sinking a well and constructing a pumping station in the school lot owned by the City between Forty-second and Forty-third avenues and Balboa and Cabrillo streets, erecting four fifty-thousand-gallon tanks in Lincoln Park and constructing pipe lines in the following streets:

Fulton street, from the Great Highway to Twenty-sixth avenue.

Cabrillo street, from the Great Highway to Thirtieth avenue.

Balboa street, from the Great Highway to Thirty-third avenue.

Anza street, from Forty-fourth avenue to Thirty-fifth avenue.

Clement street, from Fortieth avenue to Thirty-second avenue.

Thirty-ninth avenue, from Fulton street to the tanks in Lincoln Park.

Forty-second avenue, from the pumping station to Balboa street.

Forty-fourth avenue, from Fulton street to Anza street.

With the exception of a 10-inch pipe which is to connect the pumping station to the fifty-thousand-gallon tanks in Lincoln Park and is to run on Forty-second, Balboa and Thirty-ninth avenue, all of these pipes are to be 8 inches in diameter. They are intended only as the main supply pipes. The distribution pipes to the various houses which may be constructed in their vicinity will have to be constructed by the private property owners at their own expense. The cost of this portion of the Hetch Hetchy water supply system is estimated at \$75,000.00.

It is hereby recommended that a copy of this letter be forwarded to the Board of Supervisors with the recommendation that if the property owners can arrange for the purchase of seventy-five thousand dollars' worth of $4\frac{1}{2}$ Hetch Hetchy bonds, that portion of the Hetch Hetchy water supply system described above be constructed immediately.

Respectfully submitted,

W. M. O'SHAUGHNESSY,
City Engineer.

Leave of Absence, City Engineer
O'Shaughnessy.

His Honor, Mayor Rolph, requested that the Board give its approval to a request made upon him that City Engineer O'Shaughnessy be permitted to visit San Diego for a few weeks in order to assist the officials of that city in some of their problems.

Request granted.

Whereas, a special election was held in the City and County of San Francisco on the 26th day of August, 1913, in accordance with the provisions and requirements of Ordinance No. 2367 (New Series) calling and providing for such election, and Ordinance No. 2397 (New Series), giving notice thereof, reference to said ordinances for further particulars being here made and

Whereas, It has been determined, by Resolution No. — (New Series), reference thereto for further particulars being here made, that at such special election more than two-thirds of the votes cast thereat were cast and counted as being in favor of and to authorize the incurring of a bonded indebtedness for the purposes, and in the amount stated in the proposition submitted thereat.

Now, therefore, Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That bonds of the City and County of San Francisco will be issued in accordance with the result of the special election held in said City and County on the 26th day of August, 1913, and the provisions of the charter of said City and County and with Ordinances Nos. 2367 (New Series) and 2397 (New Series) as follows, to-wit:

That bonds will be issued as aforesaid to the amount of three million five hundred thousand dollars for the purpose of the acquisition or construction of a public utility, to-wit: A system of municipal street railways over and along the public streets or rights of way from The Embarcadero to terminals at the Panama-Pacific International Exposition grounds and the Presidio Military Reservation; from various points in Market street and in and through Stockton street to the same terminals; from Market street to a terminal in the Potrero District; on Van Ness avenue, and from such avenue along connecting streets to Church street, and along Church street to convenient terminals; along California street from Thirty-third avenue to First avenue and over connecting streets to Geary street, and for such extensions and additions to the system as may be deemed necessary and to include equipment thereof, appurtenances thereto and purchase of necessary lands, and shall be payable one hundred thousand dollars thereof, comprising one hundred and fifty bonds of the denomination of one hundred dollars, sixty bonds of the denominations of five hundred dollars and fifty-five bonds of the denomination of one thousand dollars, five years from the date of said

bonds, beginning with the lowest numbers of each denomination of said bonds, and one hundred thousand dollars thereof comprising the same amount of the next higher numbers of each of said denominations on the same day in each succeeding year until all of said bonds shall be paid.

Section 2. Such bonds shall be of the form and character known as "serials". All of said bonds shall be dated December 1, 1913, shall bear interest at the rate of five per centum per annum, payable semi-annually, and the principal and interest thereof shall be payable in gold coin of the United States at the office of the Treasurer of said City and County, or at the option of the holder, at the fiscal agency of said City and County in the City and State of New York. Said bonds shall be called "Municipal Street Railway Bonds," and shall be of the following denominations:

Five thousand two hundred and fifty bonds, amounting to five hundred and twenty-five thousand dollars, shall be of the denomination of one hundred dollars each, and shall be numbered from one to five thousand two hundred and fifty, both numbers included.

Two thousand one hundred bonds, amounting to one million and fifty thousand dollars, shall be of the denomination of five hundred dollars each and shall be numbered from one to two thousand one hundred, both numbers included.

One thousand nine hundred and twenty-five bonds, amounting to one million nine hundred and twenty-five thousand dollars, shall be of the denomination of one thousand dollars each and shall be numbered from one to one thousand nine hundred and twenty-five, both numbers included.

Section 3. Said bonds and coupons shall be substantially in the following form:

UNITED STATES OF AMERICA.
State of California.

City and County of San Francisco.
MUNICIPAL STREET RAILWAY
BOND.

No. \$.

For value received, the City and County of San Francisco, a municipal corporation organized and existing under the laws of the State of California, hereby acknowledges itself indebted and promises to pay to the bearer on the first day of December, 19...., dollars, with interest thereon at the rate of five per centum per annum, payable semi-annually December 1 and June 1, and on presentation and surrender of the coupons hereto attached as they re-

spectively become due, both principal and interest being payable in gold coin of the United States at the office of the Treasurer of said City and County or at the option of the holder at the fiscal agency of the City and County of San Francisco, in the City and State of New York.

This bond is issued under and pursuant to the Constitution and statutes of the State of California and the charter of said City and County of San Francisco and amendments thereto, and under and pursuant to ordinances and proceedings of said City and County duly adopted and taken and a vote and assent of more than two-thirds of all the qualified electors of said City and County voting at a special election duly and legally called and held for that purpose.

It is hereby certified, recited and declared that all acts, conditions and things required by law to exist, happen and be performed precedent to and in the issuance of this bond have existed, happened and been performed in due time, form and manner as required by law, and that the amount of this bond, together with all other indebtedness of said City and County, does not exceed any limit prescribed by the Constitution or statutes of said State or charter of said City and County, and that provision has been made as required by the Constitution and the statutes of said State and the charter of said City and County for the collection of an annual tax sufficient to pay the interest on this bond as it falls due, and also provision to constitute a sinking fund for the payment of the principal of this bond on or before maturity. The full faith and credit of said City and County are hereby pledged for the punctual payment of the principal and interest of this bond.

This bond may be converted into a registered bond upon presentation to the Treasurer of the City and County of San Francisco, in which event such Treasurer shall cut off and cancel the coupons of this bond, and shall sign a statement stamped, printed or written upon the back or face of the bond to the effect that this bond is registered in the name of the owner and that thereafter the interest and principal of this bond are payable to the registered owner. Thereafter and from time to time this bond may be transferred by such registered owner in person or by attorney duly authorized on presentation of this bond to the Treasurer, and the bond be again registered as before, a similar statement being stamped, printed or written thereon.

This bond is exempt from all taxation within the State of California.

In witness whereof, said City and County of San Francisco has caused this bond to be executed under its corporate seal, signed by its Mayor and Treasurer, and countersigned by its Auditor, and has caused the interest coupons hereto attached to be signed with the engraved or lithographed signature of its Treasurer, and this bond to be dated the first day of December, 1913.

Declaring Result of Special Election, Municipal Railway Extension Bonds.

Resolution No. 10387 (New Series), as follows:

Declaring the result of special election, held on the 26th day of August, 1913, for the purpose of authorizing the incurring of bonded indebtedness to the amount of \$3,500,000 for the purpose of constructing a system of Municipal Street Railways in the City and County of San Francisco.

Whereas, Pursuant to the provisions of Ordinance No. 2367 (New Series), calling a special election, and Ordinance No. 2397 (New Series), giving notice of the same, a special election was held in the City and County of San Francisco, State of California, on the 26th day of August, 1913, whereat was submitted to and determined by the qualified voters of said City and County, the following proposition:

Proposition to incur a bonded indebtedness of the City and County of San Francisco to the amount of three million five hundred thousand dollars for the purpose of the acquisition or construction of a public utility, to wit:

A system of municipal street rail-

ways over and along the public streets or rights of way from The Embarcadero to terminals at the Panama-Pacific International Exposition grounds and the Presidio Military Reservation; from various points in Market street and in and through Stockton street to the same terminals; from Market street to a terminal in the Potrero District; on Van Ness avenue, and from such avenue along connecting streets to Church street and along Church street to convenient terminals; along California street from Thirty-third avenue to First avenue and over connecting streets to Geary street, and for such extensions and additions to the system as may be deemed necessary, and to include equipment thereof, appurtenances thereto, and purchase of necessary lands; and

Whereas, Said election was held and conducted in form and manner and in every respect as required by law, and the returns thereof canvassed, and the result thereon determined and declared as required by law; and

Whereas, The Board of Election Commissioners of said City and County filed on September 4, 1913, in the office of the Clerk of the Board of Supervisors its certificate showing the facts above recited, and setting forth in detail the total number of votes cast at such election and the number of votes cast and counted for and against the aforesaid proposition; now, therefore, be it

Resolved, By the Board of Supervisors as follows:

1. It is hereby declared that the special election held on the 26th day of August, 1913, was held and conducted, and the votes cast and counted thereat, and the returns thereof made and the result thereof determined and declared, in all respects, and in time, form and manner as required by the laws of the State of California and the Charter and Ordinances of the City and County of San Francisco.

2. It is hereby declared that the total number of votes cast at said special election was 65,522.

3. It is hereby declared that of the votes so cast 51,452 votes were cast and counted as being in favor of the proposition, and that 13,782 votes were cast and counted as being against and not in favor of the proposition submitted as herein stated.

4. It is hereby declared and determined that more than two-thirds of all of the votes cast at said special election were cast and counted as being in favor of said proposition, and were sufficient to authorize and did authorize the incurring of a bonded indebtedness to the amount of and

for the purpose stated in said proposition.

Approving and Accepting Deed for Sewer Right of Way in Visitacion Valley.

Also, Bill No. 2701, Ordinance No. — (New Series), as follows:

Approving and accepting a deed of easement from the Crocker Estate Company (a corporation) to the City and County of San Francisco (a municipal corporation) of a sewer right of way for a portion of Visitacion Valley sewer.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The City and County of San Francisco hereby approves, accepts and agrees to receive, subject to the conditions therein, the following deed to the Crocker Estate Company (a corporation) of a sewer right of way, described as follows, to wit:

This Indenture, made this 28th day of August, 1913, between the Crocker Estate Company, a corporation organized and existing under and by virtue of the laws of the State of

California, the party of the first part, and the City and County of San Francisco, a municipal corporation, the party of the second part,

WITNESSETH:

That the said party of the first part, for and in consideration of the sum of One Dollar (\$1.00), Gold Coin of the United States of America, to it in hand paid by the said party of the second part, the receipt whereof is hereby acknowledged, has granted and by these presents does grant unto the said party of the second part, and to its successors and assigns forever, an easement for a sewer right of way in, under and through all that certain lot, piece or parcel of land situated, lying and being in the County of San Mateo, State of California, and bounded and particularly described as follows, to wit:

A strip of land ten (10) feet in width, lying five (5) feet on each side of the center line of said right of way from the point of commencement thereof, as hereinafter described, to a point distant on said center line 50 feet northwesterly from the waters of the Bay of San Francisco; and twelve (12) feet in width lying 6 feet on each side of said center line of said right of way, for said distance of fifty (50) feet northwesterly from said waters of the Bay of San Francisco, said center line of said right of way being more particularly described as follows, to wit:

Commencing at the point of intersection of the boundary line between the properties of the Dimond Estate Company and the Crocker Estate Company with a line passing through the point of intersection of the center line of Sunnysdale avenue and the easterly line of Temple street in the City and County of San Francisco and bearing south 79 degrees 34' 50" (true bearing); thence southeasterly along the line bearing south 79 degrees 34' 50" east (true bearing) for a distance of 860 feet, more or less, to the waters of the Bay of San Francisco.

Together with the right of said party of the second part to construct, reconstruct and maintain a sewer and its appurtenances therein, the greatest inside dimension of such sewer to be not more than seven (7) feet; and also the right of free ingress to and egress from said described right of way at all times by said party of the second part through its duly authorized representatives; but without hindrance to the use of, and without damage to any buildings or structures which may now or at any time hereafter be erected or constructed upon the surface of said right of way.

The use to said surface of said right of way, and also the right to

remove all rock, earth or other material above said sewer, is hereby reserved unto said party of the first part, and any manhole or other appurtenance of said sewer, which may obstruct any building or improvement by first party, shall be changed and moved by said second party at its cost and expense.

Said party of the first part also hereby reserves to itself, and the said second party grants to said first party the right to connect with said sewer to be constructed and maintained by said party of the second part through said right of way, for drainage and sewage purposes for the benefit of any adjacent lands or buildings now or hereafter owned by said party of the first part.

In the event said sewer to be constructed and maintained by said party of the second part through said right of way, or the discharge of drainage and sewage therefrom, shall at any time interfere with any wharf now or hereafter constructed or maintained by said party of the first part upon or from its lands through which said right of way is granted; or should the same constitute or develop an obstruction to any open, private or public waterway or canal now, or hereafter, connecting with said lands or said party of the first part; or should the discharge of drainage and sewage from such sewer be or develop into a nuisance or a menace to health, said party of the second part, in consideration of the granting to it of said right of way, hereby covenants and agrees that it will so alter or extend the location of said sewer or the outlet thereof so that neither said sewer nor the drainage or sewage discharged therefrom will create or constitute a nuisance in, on or about said property of said party of the first part, or interfere with or obstruct any such wharf, waterway or canal connecting therewith, as aforesaid.

To have and to hold all and singular the said premises, together with the appurtenances, unto the said party of the second part, and to its successors and assigns, forever for the purposes aforesaid.

All reservations made by the said first party and all rights granted to it by said second party shall inure to the successors and assigns of said first party.

In witness whereof, said parties hereto have, the day and year first above written, caused these presents to be executed in duplicate under their respective corporate names and seals, by their respective proper officers thereunto duly authorized.

duced by Supervisor George E. Gal-
lagher and ordered *referred to City
Attorney*:

Intention to Extend Vulcan Street.

Resolution No. — (New Series),
as follows:

Resolved, That it is the intention of
the Board of Supervisors of the City
and County of San Francisco to order
the extension of Vulcan street, as fol-
lows:

That said Vulcan street be produced
and extended from its present easterly
termination through Horner's Addi-
tion, Block No. 201, to a uniform width
of forty-one and sixty-seven hun-
dredths (41.67) feet to the westerly
line of Ord street in the City and
County of San Francisco, as said
street is laid out and delineated upon
the official map of the City and County
of San Francisco:

The lands and property deemed nec-
essary to be taken for said extension
of said street are described as follows:

All those certain lots, pieces or par-
cels of land situate, lying and being in
the City and County of San Francisco
and particularly described as follows,
to-wit:

*Description of Property to be Acquired
for the Extension of Vulcan Street
from the Present Easterly Termination
of Ord Street.*

Commencing at a point on the west-
erly line of Ord street, distant thereon
424 feet 7¾ inches northerly from the
northerly line of Seventeenth street;
thence northerly and along said west-

erly line of Ord street 41 feet 8 inches; thence at right angles westerly 136 feet to the easterly boundary of the Park Lane Tract; thence at right angles southerly and along said easterly boundary of the Park Lane Tract 41 feet 8 inches; thence at right angles easterly 136 feet to the westerly line of Ord street and the point of commencement, being a portion of Horner's Addition, Block No. 201.

And said Board of Supervisors does hereby determine and declare that said proposed extension of Vulcan street is of more than local or ordinary public benefit and will affect and benefit the lands and district hereinafter described and which said district is hereby declared to be the district affected and benefited by said extension and that therefore the entire damages, costs and expenses of said extension shall be and are hereby made chargeable against and shall be assessable upon said lands and district, which lands and district are within the City and County of San Francisco, State of California, and the exterior boundaries of said lands and district affected and benefited by said extension are particularly described as follows:

Description of Lands Benefited by and to be Assessed for the Opening of Vulcan Street from Its Present Easterly Termination to Ord Street.

Commencing at the intersection of the westerly line of Ord street with the southerly boundary of San Miguel Rancho; thence westerly and along said southerly boundary of the San Miguel Rancho 415 feet, more or less, to the easterly line of Juno street; thence southerly and along said easterly line of Juno street 205 feet 1½ inches to the northerly line of Lower Terrace; thence easterly and along said northerly line of Lower Terrace 122 feet 2¼ inches; thence easterly and along the southerly line of Lot No. 11, Block "U," Park Lane Tract, 105 feet 4¾ inches to the westerly line of Lot No. 13; thence southerly and along said westerly line of Lot No. 13, 74 feet, more or less; thence easterly 75 feet; thence northerly 67 feet, more or less; thence easterly 136 feet to the westerly line of Ord street; thence northerly and along said westerly line of Ord street 100 feet, more or less, to the southerly boundary of the San Miguel Rancho and the point of commencement.

Said extension of Vulcan street shall be done in pursuance of Chapter III of Article VI of the Charter of the City and County of San Francisco and shall be done in the manner and in accordance with the provisions of Section 2 and the sections following Section 2 of said Chapter III of Article VI of said Charter of the City and County of San Francisco.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Adopted.

The following resolutions were introduced under suspension of the rules and *adopted*:

Extension of Time.

On motion of Supervisor George E. Gallagher:

Resolution No. 10390 (New Series), as follows:

Resolved, That the Sunset Construction Company is hereby granted an extension of sixty days' time from and after September 11, 1913, within which to complete contract for the grading of Balboa street, between Forty-fifth and Forty-sixth avenues, under public contract.

This extension of time is granted upon recommendation of the Board of Public Works, for the reason that there was a doubt in the contractor's mind as to his being paid sufficiently for the work, as the contract price exceeded his 50 per cent limitation required by the Charter.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot—16.

Accepting Bond of C. S. Allred Covering Taxes on Subdivision of West End Map No. 1.

Resolution No. 10391 (New Series), as follows:

Resolved, That the bond filed with this Board by C. S. Allred in the sum of five hundred (\$500.00) dollars, which sum is hereby fixed by this Board and conditioned for the payment of all taxes which are now a lien but not yet payable against "The C. S. Allred Subdivision of Blocks 17 and 18, West End Map No. 1," in this city and county, is hereby approved, and the Clerk of this Board is hereby directed to endorse a certificate of the map of said subdivision that a bond has been filed with this Board as provided in Section 3 of an Act entitled, "An Act to amend Sections one, two, three, four, six, eight and nine of an Act entitled, 'An Act requiring the recording of maps of subdivisions of land into lots for the purpose of sale and prescribing the conditions on which such maps be recorded, and prohibiting the selling or offering for sale of land by reference to said maps unless the same are recorded.'" Approved March 15th, 1907, and repealing conflicting Acts. Approved June 11, 1913; in effect August 10, 1913.

Board of Public Works to Investigate Dangerous Condition of Great Highway.

On motion of Supervisor Hayden:
J. R. No. 883.

Resolved, That the Board of Public Works is hereby directed to investigate the dangerous condition of the roadway in front of private property abutting on the Great Highway, between Balboa and Fulton streets; said roadway is supposed to take the place of what would otherwise be sidewalk space that should be set apart for pedestrians.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot—16.

J. R. No. 884.

Whereas, Many residents of the Richmond District are deprived of direct access to the eastern portion of the city, there being no through streets from Geary to California street; these five blocks also blocking city travel toward the Ocean, therefore, be it

Resolved, That the Committee on Streets be requested to consider the feasibility and desirability of extending Post street westerly from its terminus at Presidio avenue to connect with Clement street at its easterly terminus at First avenue, a distance of approximately 3600 feet. This would give a practically straight street available for pedestrians, vehicles and automobiles from Montgomery street to the Ocean. Should they favor the plan they are asked to report probable cost and plan of procedure.

eri, Andrew J. Gallagher, George E. Gallagher, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy,

McLeran, Murdock, Murphy, Nolan, Payot—16.

Appreciation of Plaque of Raymond Poincare, President of France.

On motion of Supervisor Payot:

J. R. No. 885.

Resolved, That the Mayor and the Board of Supervisors of the City and County of San Francisco gratefully acknowledge the gift from M. G. Roger Sandoz, member of the official delegation to the Panama-Pacific Exposition of 1915, of the artistic and valuable plaque of Raymond Poincare, President of France, the last work of the distinguished sculptor, J. C. Chaplain.

The gift is of signal beauty and significance. It constitutes an additional tie to the many that bind us in mutual respect and affection. It shall be placed in our public museum by the side of the great medal that testifies to the profound sympathy of the people of France at the time of our great disaster.

The Mayor and the members of the Board would assure the generous donor of their personal regard and bespeak for him long life and happiness.

Ayes—Supervisors Bancroft, Cagli-
eri, Andrew J. Gallagher, George E. Gallagher, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot—16.

So ordered.

NEW BUSINESS (Out of Order).

Supervisor Mauzy presented:

Abandonment of Fillmore Street Tunnel.

Resolution No. — (New Series), as follows:

Whereas, many months ago the Board of Supervisors were petitioned by various improvement clubs to build a street wide tunnel in Fillmore street, from Sutter to Filbert streets, proceedings were commenced and had to

be abandoned on account of the Charter not being applicable; and

Whereas, on December 10, 1912, Charter Amendments Nos. 18, 19 and 21 were adopted by the people; and

Whereas, on or about February 1, 1913, at the earnest solicitation of many improvement clubs and citizens and on the recommendation of Bion J. Arnold, who believed the building of the Fillmore street tunnel would, in a measure, solve the problem of transportation to the Exposition, the Board of Supervisors commenced proceedings by enacting the necessary ordinances, directing the Board of Public Works to prescribe an assessment district, make the necessary borings, plans and estimates for same, all of which proceedings have been carried out and the same have been filed; and

Whereas, it is doubtful whether the proposed Fillmore street tunnel could be completed before the opening of the Panama-Pacific Exposition, and practically certain that transportation could not be provided through the tunnel to serve the Exposition; and

Whereas, since the commencement of these proceedings other measures of transportation have been formed and bonds voted for the same; and

Whereas, the assessment will now be burdensome and confiscatory to many, the same embracing too small an area, and it will seriously interfere with the plans of the Panama-Pacific International Exposition, in that they will not be able to derive any benefits from the same, and this large expenditure would accrue to the benefit of those whose lands are held under leasehold; therefore, be it

Resolved, That no further steps be now taken leading towards the construction of the proposed Fillmore street tunnel, but that the completion of the Stockton street tunnel and the construction of the Twin Peaks tunnel, with possible changes or modifications, be forwarded with all possible expedition.

Protest of Proponents of Fillmore Street Tunnel.

The following communication was then presented and read by the Clerk: September 13, 1913.

Hon. James Rolph, Mayor of San Francisco, San Francisco, Cal.

The Tunnel Committee of the Board of Supervisors without hearing interested parties has recommended to the Board that the Fillmore street tunnel proceedings be summarily dropped. This despite the fact that out of ten thousand parcels of land assessed only one hundred and twenty-four have so far filed protests. We address you on behalf of eleven hundred signed property owners representing several thousand parcels of assessed property. We resent any such attempted barreling

of the Fillmore street tunnel project without the formal hearing prescribed by law and we beseech your earnest co-operation in preventing the consummation of this plan by the Board.

J. W. TREADWELL,
ARTHUR JOEL,
LAURENCE I. SCOTT,
FRED L. HANSEN,
WARREN HILTON,

Joint Committee representing the Fillmore Street Improvement Association, Fillmore Street Tunnel Property Owners' Association and Golden Gate Valley Improvement Club.

Privilege of the Floor.

Theo. Savage, representing Fillmore Street Improvement Association, Fillmore Street Tunnel Property Owners' Association and Golden Gate Valley Improvement Club, was granted the privilege of the floor and stated that there was no reason at this time for such a resolution. He declared that as yet the procedure required by law had not been carried out and until the time for filing protests had expired it would be impossible to determine the full force of the protest offered. He requested that the Board delay action until time for filing protests had expired.

Herbert E. Law, property owner, was also granted the privilege of the floor and stated that any value that might attach to the docks to be constructed by the Law Bros. would revert to City. In case City wanted to take them over Law Bros. will sell on basis of present value. Mr. Law filed a written communication offering to release Exposition company from assessment on his property for tunnel if it withdrew its opposition and co-operated with those favoring its construction.

Lucius Solomon, Arthur Joel, M. Swartz, J. W. Treadwell, Mrs. Lowrie and H. Scholar also addressed the Board, favoring the construction of the Fillmore street tunnel.

Jos. Rothchild, attorney, representing property owners, was granted the privilege of the floor and addressed the Board, declaring that the assessment was unjust, unfair and unequal. He requested that the entire proceedings be abandoned.

S. Adelstein, Jas. A. Devoto, H. W. Hutton, A. W. Felt, M. Herman, Mr. Herman, W. White and Mr. Diggan also addressed the Board, requesting that proceedings for Fillmore street tunnel be abandoned.

City Engineer M. M. O'Shaughnessy was also heard on the above subject.

Motion.

Supervisor George E. Gallagher moved to amend the resolution by striking out the last "whereas."

Amendment accepted.

Motion.

Supervisor Mauzy moved to amend

by striking out reference to Stockton street and Fillmore street Tunnels in the "Resolve" and providing for *abandonment* of present proceedings.

Amendment carried.

Substitute Resolution.

Supervisor Hayden introduced the following resolution as a substitute for the whole:

Resolved, That no further action be taken by the Board of Supervisors in the Fillmore street tunnel construction until after September 28, on which date all protests must have been filed.

Resolution *refused passage* by the following vote:

Ayes—Supervisors Hayden, Koshland, Murphy, Vogelsang—4.

Nocs—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hilmer, Jennings, Mauzy, McCarthy, McLeran, Murdock, Nolan, Payot—13.

Absent—Supervisor Hocks—1.

Adopted.

Whereupon, Supervisor Mauzy's resolution, amended as follows, was adopted by the following vote:

Resolution No. 10392 (New Series), as follows:

Whereas, many months ago the Board of Supervisors was petitioned by various improvement clubs to build a street wide tunnel in Fillmore street, from Sutter to Filbert streets; proceedings were commenced and had to be abandoned on account of the Charter not being applicable; and

Whereas, on December 10, 1912, Charter Amendments Nos. 18, 19 and 21 were adopted by the people; and

Whereas, since the commencement of these proceedings other measures of transportation have been formed and bonds voted for the same; and

Whereas, the assessment will be burdensome and confiscatory to many

property owners having small holdings within the assessment district as outlined; therefore, be it

Resolved, That the present proceedings leading towards the construction of the proposed Fillmore street tunnel be abandoned.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot—16.

No—Supervisor Vogelsang—1.

Absent—Supervisor Hocks—1.

Motion.

Whereupon, Supervisor Mauzy moved that the printing relative to Fillmore street tunnel be discontinued.

So ordered.

J. Brennan, attorney, was granted the privilege of the floor and addressed

the Board, opposing the granting of the above permit. He declared that the laundry was a nuisance and objectionable to the neighbors and that the present building was constructed before a laundry permit had been applied for. He therefore believed that the responsibility for any loss caused by a denial of the permit rested with the applicants.

J. Healy, attorney, representing the applicant, was granted the privilege of the floor and stated that his client had conducted business at the same location for the past eighteen years, that he was engaged in a legitimate business and had spent a large amount of money to erect a building and improve the premises. He requested that the resolution be adopted.

David Kraemer and Miss Hanagan were also granted the privilege of the floor and opposed the granting of the permit.

Refused Passage.

Whereupon, the above resolution was refused passage by the following vote:

Ayes—Supervisors Mauzy, McLeran, Murdock, Murphy, Vogelsang—5.

Noes—Supervisors Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Jennings, Koshland, McCarthy, Nolan—8.

Absent—Supervisors Bancroft, Caglieri, Hilmer, Hocks, Payot—5.

Boiler Permit, Mercury Laundry.

The following resolutions recommended by the majority of the Fire Committee, were presented by Supervisor Giannini:

Resolution No. — (New Series), as follows:

Resolved, That permission, revocable at will of the Board of Supervisors to Mercury Laundry to erect and maintain a boiler of twenty horsepower at premises 515-517 Turk street, for furnishing steam and hot water for laundry. Said permit is granted on the express condition that the frame structure at 515-517 Turk street be replaced by a building of brick construction.

Oil Permit.

Resolution No. — (New Series), as follows:

Resolved, That permission, revocable at will of the Board of Supervisors, is hereby granted to the Mercury laundry to install and maintain an oil storage tank, 1500 gallons capacity, at 515-517 Turk street.

Minority Report—Fire Committee.

The following report was presented by Supervisor McLeran and read by Clerk:

San Francisco, Cal., Sept. 15, 1913.

To the Honorable, the Board of Supervisors of the City and County of San Francisco—

Gentlemen: As a member of the

Fire Committee, I respectfully report against granting the application of the Mercury Laundry for an oil storage tank, 1500 gallons capacity, at 515-517 Turk street, for the reasons given in my report filed on September 8, 1913, against granting said applicant a boiler permit.

I am firm in the opinion that it is against public policy to permit the maintenance and operation of a wash-house in proximity to the Civic Center.

Respectfully submitted,

RALPH McLERAN,
Member of Fire Committee.

Privilege of the Floor.

Louis Ferrari, attorney, representing the applicants, was granted the privilege of the floor and addressed the Board in favor of the passage of the above resolutions. He declared that his client was engaged in a legitimate business and that the building would be of such a character as not to be a detriment to the Civic Center.

Passed for Printing.

Whereupon, the above resolutions were *passed for printing* by the following vote:

Ayes—Supervisors George E. Gallagher, Giannini, Hayden, Jennings, Koshland, Mauzy, McCarthy, Murdock, Murphy, Vogelsang—10.

Noes—Supervisors Andrew J. Gallagher, McLeran, Nolan—3.

Absent—Supervisors Bancroft, Cagliari, Hilmer, Hocks, Payot—5.

Spur Track Permit.

Bill No. 2690, Ordinance No. 2444 (New Series), as follows:

Granting permission revocable at will of the Board of Supervisors to the Southern Pacific Company (a corporation) to construct, maintain and operate a spur track along and upon the following described route, to wit:

Commencing at a point on the existing freight train track of said Southern Pacific Company (a corporation), between Division and Alameda streets, at or near the intersection of said track with the westerly line of Bryant street; thence southwesterly on a curve to the left crossing Florida street between Division and Alameda streets, with two tracks, across Alameda street between Florida and Alabama streets with five tracks, and across Fifteenth street between Florida and Alabama streets with nine tracks, and thence into private property.

Section 1. Permission revocable at will of the Board of Supervisors is hereby granted the Southern Pacific Company (a corporation) to construct, maintain and operate a spur track as follows:

Commencing at a point on the existing freight train track of said Southern Pacific Company (a corporation) between Division and Alameda streets, at or near the intersection of said track with the westerly line of Bryant

street; thence southwesterly on a curve to the left crossing Florida street, between Division and Alameda streets with two tracks, across Alameda street between Florida and Alabama streets with five tracks and across Fifteenth street between Florida and Alabama street with nine tracks, and thence into private property.

Said permission is granted subject to the provisions of Ordinance No. 69 (New Series), of the Board of Supervisors, approved October 12, 1906, and particular reference is hereby made to Section 8 of this Ordinance, reading as follows:

"The railway operating any spur track on any public street or property hereafter constructed in the City and County shall, upon demand of the person, firm or corporation for the use or benefit of which such spur track is operated, place upon such spur track the freight cars of any railway which has, in this City and County, track connections with the operating railway, such cars so placed to be used for the receipt and delivery of freight in carloads only. And the operating railway shall receive and deliver the cars of the connecting railway over, at and upon such connecting track in the performance of such switching service of such persons, firms or corporations; and such railway shall perform such service without undue delay or discrimination. The operating railway shall perform such service for the same charge or rate that it charges for corresponding service for its own cars upon the track for like purpose. The provisions of this section shall apply only to such portions of such spur tracks as are not constructed, maintained or operated upon or across private land, and no permit for a spur track shall hereafter be granted by the Board of Supervisors which does not specifically contain the provisions and conditions of this section."

Provided, That said spur track shall be laid under the supervision and to the lines and grades as furnished by the City Engineer's office; and that any and all expense connected with the installation of the track, restoration of the pavement, and any additional requirements for the surface drainage, be paid for by Southern Pacific Company (a corporation).

Provided no car or cars shall at any time be allowed to stand on said track so as to lock or obstruct a street or street crossing to exceed five minutes.

Provided, That the Southern Pacific Company (a corporation) shall erect and maintain all night arc lamps at the following locations:

One arc light at crossing of Florida and Division streets.

One arc light at crossing of Alameda and Alabama streets.

One arc light at crossing of Alameda and Florida streets.

One arc light on Alabama street between Alameda and Fifteenth streets.

Section 2. This ordinance shall take effect immediately.

Ayes—Supervisors Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Vogelsang—13.

School and Sewer Bonds Placed on Sale at Treasurer's Office.

Bill No. 2704, Ordinance No. — (New Series), Reciting that certain School Bonds and Sewer Bonds of the issue of 1908, and City Hall Bonds of the issue of 1912, remain unsold after having been advertised for sale, no bids therefor having been accepted, and directing that a portion of such unsold bonds be placed on sale at the office of the Treasurer of the City and County of San Francisco, and fixing the price for which such bonds may be sold by the said Treasurer of the City and County, and repealing conflicting provisions of Ordinances Nos. 2250 and 2262 (New Series).

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. It is hereby recited and declared that the Board of Supervisors, on the 10th day of March, 1913, did adopt a resolution, by which resolution the Clerk of said Board was directed to give notice by advertisement, as required by the Charter of said City and County, that on the 31st day of March, 1913, up to the hour of 3 p. m. of said day, said Board would receive and consider bids for the purchase of sewer bonds, issue of 1908, amounting

to \$400,000 and comprising ten bonds of each year's maturity from 1915 to 1954 inclusive; school bonds, issue of 1908, amounting to \$300,000 and comprising twelve bonds of each year's maturity from 1914 to 1938 inclusive; hospital bonds, issue of 1908, amounting to \$300,000 and comprising fifteen bonds of each year's maturity from 1913 to 1932 inclusive; garbage system bonds, issue of 1908, amounting to \$144,000 and comprising eight bonds of each year's maturity from 1913 to 1930 inclusive; city hall bonds, issue of 1912, amounting to \$3,960,000 and comprising ninety bonds of each year's maturity from 1917 to 1960 inclusive; Polytechnic High School Bonds, issue of 1910, amounting to \$144,000 and comprising six bonds of each year's maturity, from 1914 to 1937 inclusive.

That in compliance with said resolution said clerk has caused to be published in the official newspaper for a period of ten days prior to said 31st day of March, 1913, an advertisement and notice of such sale of said described bonds, and that all of the requirements of the Charter of the City and County in respect thereto were fully complied with.

That no bids whatsoever submitted in accordance with such resolution and notice have been accepted for the purchase of any of the bonds above described and that all bids received have been rejected, and that the entire amount of said bonds so advertised for sale remain unsold, except as otherwise herein recited.

That thereafter Ordinances Nos. 2250 and 2262 (New Series), were adopted by the Board of Supervisors authorizing the Treasurer to sell all of said bonds remaining unsold and prescribing the conditions under which such sale could be had. That under the provisions and authority of said Ordinances two million two hundred thousand dollars City Hall bonds, comprising fifty bonds of each year's maturity, 1917 to 1960 inclusive, have been sold and delivered, and that of the \$300,000 Hospital Bonds offered for sale \$15,000 thereof matured July 1, 1913, and have been paid; that by Ordinance No. 2402 (New Series), certain bonds therein described were placed on sale at the office of the Treasurer, and that the remaining portion of the bonds herein described remain unsold.

Section 2. As provided in Section 10 of Article XII of the Charter of the City and County of San Francisco, in addition to the bonds placed on sale by the provisions of Ordinance No. 2402 (New Series), it is hereby ordered that the bonds advertised for sale and remaining unsold as above described and set forth one hundred and sixty thousand dollars Sewer Bonds,

comprising four bonds of each year's maturity, 1915 to 1954 inclusive, one hundred and fifty thousand dollars School Bonds, comprising six bonds of each year's maturity, 1914 to 1938 inclusive, and eight hundred and eighty thousand dollars City Hall Bonds, comprising twenty bonds of each year's maturity, 1917 to 1960 inclusive, be placed on sale and offered for sale at the office of the Treasurer of the City and County of San Francisco, and the said Treasurer is hereby authorized to sell said described bonds to any person desiring to purchase the same. Amending Street Specifications Ordinance.

On motion of Supervisor George E. Gallagher:

Bill No. 2708, Ordinance No. — (New Series), entitled, "Amending Section No. 33 and repealing Sections Nos. 34 and 38 of Ordinance No. 240, entitled, 'Ordinance No. 240, prescribing general rules and standard specifications for street and sidewalk work and limiting the use of various kinds of pavements and sidewalks in the City and County of San Francisco,' approved March 1, 1901, and repealing Ordinance No. 2209 (New Series)."

Adopted.

The following resolutions were adopted:

Extension of Time.

Resolution No. 10401 (New Series), as follows:

Resolved, That the Sunset Construction Company is hereby granted an extension of fifteen days' time from and after September 18, 1913, within which to complete contract for the grading of Balboa street between Forty-fifth and Forty-sixth avenues, under public contract.

This extension of time is granted

upon recommendation of the Board of Public Works, for the reason that there was a doubt in the contractor's mind as to his being paid sufficiently for the work, as the contract price exceeded his 50 per cent limitation required by the Charter.

Report of City Engineer on Protests Against Twin Peaks Tunnel.

The following report was presented, read by the Clerk, and ordered spread in the Journal and referred to the Lands and Tunnels Committee:

September 10, 1913.
To the Honorable Board of Supervisors, San Francisco.

Gentlemen: I have seen the protests filed in the matter of the Twin Peaks tunnel and have heard the arguments of the protestants on the hearing. It is significant that the protestants represent less than 2 per cent of the assessment, both in area and in amount.

The consensus of public opinion is, I think, almost a unit so far as the need for this tunnel. The transbay cities have been growing at the expense of San Francisco, and until rapid transit is provided for our vast unsettled area they will continue to draw home-seekers that we might have in San Francisco.

The great object of this project is to restore to the city of San Francisco some of the population it is now losing through commuters who cross the bay for want of transportation facilities inside the city, and the construction of this bore will be the most desirable means to accomplish this object.

In the history of all public undertakings, I have never before seen such unanimity as to the desirability of this tunnel project, and in my year of experience in official life I have not heard one logical objection to the same.

The Southwest District.

The assessment against this district is \$3,398,972.67. The protests filed represent assessments amounting to only \$85,706.32, and of this amount \$60,443.99 is represented by the protest of Mr. Carl G. Larsen. After hearing this gentleman's argument, I have conferred with him and his attorney regarding the objections which they raise against the project.

First—That no railroad is provided through this tunnel.

Answer: It would not be fair to the property owners to ask them to build a railroad through the tunnel. Once the project is completed it will be comparatively easy for the municipality to build its own line or else lease the right to a private company or companies to operate a line through the tunnel. The city can do only one thing at a time. Without doubt, the city will build its own line through this tunnel; if private concerns are allowed to operate through the tunnel they will only be allowed to do so upon terms advantageous to the city.

Second—That the western portal should be at Laguna Honda.

Answer: This will tend to shorten the tunnel about one-half mile at its western extremity by bringing the tunnel sooner to the surface in the

Laguna Honda Valley. To operate on work was undertaken by the city at

the ground surface from Laguna Honda southwesterly would compel excessive grades which are not desirable for rapid transit, and the adoption of which would defeat the object of the undertaking. It would also compel the increasing of the grades in the remaining portions of the tunnel from 3 to 4 per cent, which would render it undesirable for rapid transit, and all the different phases of this proposition were carefully considered, not only by Mr. Arnold, but by myself, before recommending the project.

The Union Pacific Railroad has had recently to spend over \$100,000,000 in building its lines on easy grades and eliminating objectionable ones. Los Angeles made a serious blunder in building a tunnel on a steep grade, and inside of five years they are now determined to reconstruct same at a very heavy expense and sacrifice much of the work that was previously done in constructing the first tunnel on a steep, undesirable grade.

San Francisco, as far as possible, should avoid errors in engineering, and conform to good principles in its future construction. The bump in Golden Gate avenue, near Market street, and the hump on Market street southwest of Valencia, illustrate very well the effects of improper gradients for main arteries.

Third—That there should be a separate bore made for vehicles and foot passengers.

Answer: The Twin Peaks bore is essentially intended for a rapid transit conveyance of people who are doing business and living in San Francisco who cannot afford automobiles, or who have not the time to spend walking three or four miles to and from their business.

In my judgment there is no compelling necessity at this time for making a bore for pedestrians and vehicles which would double the expense of the project. In addition to the present avenues which are now being graded south of the park, this office is studying the location of a contour street from the present terminus of Market and Seventeenth streets, part of which will be over the tunnel right of way, and thence running by an easy gradient to the crest of the hill where Corbett Road crosses the divide. This route will provide all the surface accommodations necessary for this district, and should be undertaken at an early date, and will be about one-fourth the cost of a tunnel bore.

S. J. Theisen: This gentleman complains that a recent assessment for extending streets of the City Land Association into the Ingleside Tract. This

the request of the property owners in the vicinity where there has been no visible improvement for the last forty years. The paving of streets and opening up of the neighboring tract of Ingleside in a first-class manner has had the effect of enhancing the values of property in this locality, so that while the property mentioned has only borne \$12 to \$14 a lot expense, where lots are comparatively cheap, they will be enhanced in value at least ten times by free connection with the improved Ingleside property.

So far as the contribution for the tunnel assessment is objected to, the same objection might be made for every lot in the assessment district. It is extraordinary how very few objections have been made, considering the magnitude of the district.

Parkside Realty Company: I believe there is no merit in the protest of this company, as the land which is now a lake and hollow, can be filled in and will derive immediate benefit from the construction of the project.

Lakeview and Oceanview Districts.

A number of property owners from what is known as the Lakeview and Oceanview districts, have filed protests, I think under a misapprehension. This district has no communication at all except by means of the present Ingleside car, which does not—and cannot—give satisfactory service. This property will be brought in direct communication by means of the tunnel, and will be benefited very largely, whereas the assessments run from \$43.75 per lot to \$56.25.

The Northeast District.

As to the protests filed in the northeastern district, it must be observed:

First—that only about 348 parcels in this entire district are represented by protests. Furthermore, the total assessment on the northeastern district is only \$595,316.58, and that of the money collected from the entire assessment \$511,098 are being expended in the northeastern district for the acquisition of lands in fee simple. This strip of land can without any additional cost be opened as an extension of Market street, and connect with the contour extension of that street leading to the west of the Twin Peaks ridge, providing means for vehicular traffic.

It will thus be seen that almost the entire amount of the assessment on this district is being spent in the district itself for a purpose which, independent of the tunnel, would justify the assessment levied and benefit the property accordingly.

As to the objection that we are constructing a tunnel for street railroad traffic exclusively, there are several

answers heretofore noted, in addition to which it may be said:

1. This was precisely the recommendation of Mr. Bion J. Arnold in his report to the Board of Supervisors, which after a hearing was adopted by the Board of Supervisors on May 13th, 1912, by Resolution 9439 (New Series).

2. To provide also for vehicular traffic would merely double the cost of the construction of the tunnel.

3. A tunnel 11,200 feet long would not be desirable for vehicles or foot passengers.

4. The object of the tunnel is to provide rapid transit to the district on the other side of Twin Peaks.

Respecting the protests from the district in the vicinity of Elgin Park avenue and Pearl street, this section is near Market street, and is certainly benefited, and the assessments are very light, running from \$37.50 to \$70.00, which could be met by annual payments of from \$3.75 to \$7.00 per annum.

As to the protest of Gustave Harshall, it must be said that the district must end somewhere, and those on the edge of the district would be quite apt to complain at being included. His assessment on a 55-foot lot is only \$151.00.

The same may be said of the protest of the O'Neil Estate Company.

The protest of Mr. George E. Raum, at Fourteenth and Valencia streets, that the tunnel would result in injury because of the bad air that would be blown on his property through the tunnel and the dust that it would create, does not call for extended answer.

A number of protests emanating from the South Central Improvement Association in the district north and west of Fifth and Folsom streets, are against being included in the district, but this district will certainly feel the impetus and benefit of tunnel construction to a large extent, and the assessments are very low, ranging from \$18.75 to \$45.00 for an ordinary sized lot. The annual installments in these cases would be a trifling sum.

The Assessment Plan.

It is urged by some of the protestants that the cost of the Twin Peaks tunnel should be borne by the city at large. In my opinion this is a moot question, as this tunnel must be constructed on the assessment plan or not at all. Other projects of the city, including the Civic Center, the water supply, and the municipal railroads, to say nothing about ordinary requirements, will exhaust all the bonded indebtedness which the city is authorized to incur, so it is useless to discuss the construction of this tunnel by

bond issue. The assessment plan is eminently fair. The experience of every city that has undertaken plans of this nature is that not only is the community benefited, but that the property more directly affected is so largely benefited by the work, and the benefits are so great in comparison to the cost that it may be safely said that the payment of this assessment will constitute the best investment which the property owners could possibly make. Respectfully submitted,

M. M. O'SHAUGHNESSY,
City Engineer.

Adopted.

Whereupon, the following resolution was introduced by Supervisor Mauzy and adopted by the following vote:

Postponement of Hearing, Twin Peaks Tunnel.

On motion of Supervisor Mauzy:
J. R. No. 899.

Resolved, That the hearing of protests in the matter of the Twin Peaks tunnel assessment be postponed to Monday, September 29, 1913, at 3 o'clock p. m., at which time it shall be the Special Order of Business.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, Murdock, Murphy, Nolan, Payot—16.

Relief for Families of Deceased Employees of Sewer Department.

The following matter was presented and read by the Clerk:

Communication—From Board of Public Works, transmitting resolution recommending an appropriation to be made for the relief of the families of the late James Conlon and Patrick Lynch, who were overcome by poisonous gas in sewer.

Motion.

Supervisor Nolan moved that the matter be referred to the Finance Committee, and suggested that \$5,000 or more be provided for each family.

Motion.

Supervisor McCarthy moved, as an amendment, that each member of the Board donate \$20, and every city employee be asked to give \$1 each.

Substitute.

Supervisor Hayden moved, as a substitute for the whole, that the entire matter be referred to the Finance Committee, with instructions to report at next meeting.

Substitute carried.

Relative to Sandoz Medal.

The following matters were presented and read by the Clerk:

Communication—From R. Monnet, Consul-General of France, acknowl-

edging receipt of resolution expressing appreciation of the gift of Mr. Roger Sandoz, and renewing the expression of his gratitude for the courtesy extended to the French delegation to the Exposition.

Ordered filed.

Assessment by Block and Lot Numbers.

Also, *Communication*—From Civic League of Improvement Clubs, indorsing plan of Assessor to assess all real estate by block and lot numbers instead of by metes and bounds as heretofore.

Ordered filed.

Reciprocal Transfer Privileges.

Also, *Communication*—From North Beach Promotion Association, requesting that arrangements be made for transfer privileges between Municipal Street Railway and the United Railroads at Kearny and at Larkin streets.

Ordered filed.

Relative to Mayor's Criticism of San Francisco Chapter, American Institute of Architects.

Also, *Communication*—From San Francisco Chapter, American Institute of Architects, complaining of the undignified, intemperate and unwarranted language of his Honor the Mayor in a newspaper interview criticising the San Francisco Chapter of the American Institute of Architects.

Ordered filed.

Improvement of Revere Avenue.

Supervisors Hayden and Hilmer presented:

Communication—From Wm. Taaffe Tanning Company, complaining of the torn-up condition of Revere avenue from Railroad avenue to the Bay, and requesting that said avenue be placed in good condition before winter sets in.

Referred to Streets Committee.

Vacation of Philip Heim, Assistant Engineer, City Hall.

Supervisor Hayden presented:

Communication—From Philip Heim, Assistant Engineer, requesting that provision be made for giving him a vacation with pay.

Referred to Public Buildings Committee.

Petition for Adequate Water Service.

Supervisor Andrew J. Gallagher presented:

Communication—From Hugh Ross, complaining of the inadequacy of his water supply in the vicinity of 631 Mangels avenue.

Referred to Water Rates Committee.

Suggested Amendment to Taxicab Ordinance.

Also, *Communication*—From North Central Improvement Association, requesting that boundaries of taxicab

district be changed so that the northerly line will be as follows: Commencing at the Embarcadero running up Broadway to Kearny and along Kearny to Bush street.

Referred to Police Committee.

Relative to Sale of Portola Souvenirs.

Also, *Communication*—From Newman Manufacturing Company and various other firms, against enactment of a proposed ordinance regulating sale of badges, flags, pennants, etc., during the Portola Festival.

Referred to Police Committee.

Invitation to Exhibit at Land Show and Home Industry Exhibit.

Supervisor Heyden presented:

Communication—From the Civic League of Improvement Clubs of San Francisco, requesting that a municipal exhibit be made at the coming land show and home industry exhibit, and suggesting that a replica of the civic center buildings be shown.

Privilege of the Floor.

Charles Kendrick was granted the privilege of the floor and stated that the land show had the endorsement of the Chamber of Commerce, the California Development Board and thirty-one counties of northern and central California. He declared that in his work in the country districts he was surprised to find great opposition to San Francisco, a feeling that had been engendered by the alleged aloofness and self-sufficiency of San Francisco. He believed that the land show afforded this city an opportunity to demonstrate its interest in the interior counties and prove that the interest of each and all are identical.

Invitation Accepted.

Whereupon, on motion of Supervisor Hayden, the above invitation to exhibit was accepted and the following resolution adopted:

San Francisco's Participation in the California Land Show.

On motion of Supervisor Hayden:
J. R. No. 900.

Whereas, about thirty counties of California, through their Boards of Supervisors, have made appropriations to hold in San Francisco, October 11 to 25 inclusive, a great California land show, it being their intention to hold this show annually as a method of showing to the center of population the resources and opportunities of their various districts, and

Whereas, the development of the agricultural resources of California is of most vital importance to San Francisco in that it develops the business and commerce of our city; therefore, be it

Resolved, That the Board of Supervisors of San Francisco direct the various departments of this city, par-

ticularly the architectural, engineering, electrical, power, Board of Public Works and Park Commission to get together an exhibit from the various departments worthy and representative of San Francisco, same to be placed in the California Land Show in space reserved therein for this purpose.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, Murdock, Murphy, Nolan, Payot—16.

Hearing of Appeal Against Street Assessment.

Consideration of the appeal of W. B. Walkup against the assessment issued by the Board of Public Works for the paving of the intersection of Stanyan and Rivoli streets was taken up at 3 p. m.

A. J. Donovan, representing Board of Public Works, appeared and stated that the assessment was erroneous.

Adopted.

Whereupon Supervisor Geo. E. Gallagher presented the following resolution, which was adopted by the following vote:

Appeal Sustained and Board of Public Works Directed to Make New Assessment.

Resolution No. 10421 (New Series), as follows:

Resolved, That the appeal of W. B. Walkup, 119 Stanyan street, from the assessment issued by the Board of Public Works for the cost of paving the intersection of Stanyan and Rivoli streets be sustained, and the Board of Public Works is hereby directed to issue a new assessment to Fay Improvement Company.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, Murdock, Nolan, Payot—15.

NEW BUSINESS (Out of Order).

Referred.

Festival Souvenir Ordinance.

The following Bill was taken up out of order and on motion of Supervisor Hayden referred to the Police Committee to be taken up by said committee on Friday at 3 p. m.:

School and Sewer Bonds Placed on Sale at Treasurer's Office.

Bill No. 2704, Ordinance No. 2447 (New Series), Reciting that certain School Bonds and Sewer Bonds of the issue of 1908, and City Hall Bonds of the issue of 1912, remain unsold after having been advertised for sale, no bids therefor having been accepted, and directing that a portion of such unsold bonds be placed on sale at the office of the Treasurer of the City and County of San Francisco, and fixing the price for which such bonds may be sold by the said Treasurer of the City and County, and repealing conflicting provisions of Ordinances Nos. 2250 and 2262 (New Series).

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. It is hereby recited and declared that the Board of Supervisors,

on the 10th day of March, 1913, did adopt a resolution, by which resolution the Clerk of said Board was directed to give notice by advertisement, as required by the Charter of said City and County, that on the 31st day of March, 1913, up to the hour of 3 p. m. of said day, said Board would receive and consider bids for the purchase of sewer bonds, issue of 1908, amounting to \$400,000 and comprising ten bonds of each year's maturity from 1915 to 1954 inclusive; school bonds, issue of 1908, amounting to \$300,000 and comprising twelve bonds of each year's maturity from 1914 to 1938 inclusive; hospital bonds, issue of 1908, amounting to \$300,000 and comprising fifteen bonds of each year's maturity from 1913 to 1932 inclusive; garbage system bonds, issue of 1908, amounting to \$144,000 and comprising eight bonds of each year's maturity from 1913 to 1930 inclusive; city hall bonds, issue of 1912, amounting to \$3,960,000 and comprising ninety bonds of each year's maturity from 1917 to 1960 inclusive; Polytechnic High School Bonds, issue of 1910, amounting to \$144,000 and comprising six bonds of each year's maturity, from 1914 to 1937 inclusive.

That in compliance with said resolution said clerk has caused to be published in the official newspaper for a period of ten days prior to said 31st day of March, 1913, an advertisement and notice of such sale of said described bonds, and that all of the requirements of the Charter of the City and County in respect thereto were fully complied with.

That no bids whatsoever submitted in accordance with such resolution and notice have been accepted for the purchase of any of the bonds above described and that all bids received have been rejected, and that the entire amount of said bonds so advertised for sale remain unsold, except as otherwise herein recited.

That thereafter Ordinances Nos. 2250 and 2262 (New Series), were adopted by the Board of Supervisors authorizing the Treasurer to sell all of said bonds remaining unsold and prescribing the conditions under which such sale could be had. That under the provisions and authority of said Ordinances two million two hundred thousand dollars City Hall bonds, comprising fifty bonds of each year's maturity, 1917 to 1960 inclusive, have been sold and delivered, and that of the \$300,000 Hospital Bonds offered for sale \$15,000 thereof matured July 1, 1913, and have been paid; that by Ordinance No. 2402 (New Series), certain bonds therein described were placed on sale at the office of the Treasurer, and that the remaining portion of the bonds herein described remain unsold.

Section 2. As provided in Section 10 of Article XII of the Charter of the City and County of San Francisco, in addition to the bonds placed on sale by the provisions of Ordinance No. 2402 (New Series), it is hereby ordered that the bonds advertised for sale and remaining unsold as above described and set forth one hundred and sixty thousand dollars Sewer Bonds, comprising four bonds of each year's maturity, 1915 to 1954 inclusive, one hundred and fifty thousand dollars School Bonds, comprising six bonds of each year's maturity, 1914 to 1938 inclusive, and eight hundred and eighty thousand dollars City Hall Bonds, comprising twenty bonds of each year's maturity, 1917 to 1960 inclusive, be placed on sale and offered for sale at the office of the Treasurer of the City and County of San Francisco, and the said Treasurer is hereby authorized to sell said described bonds to any person desiring to purchase the same. That the price at which said bonds may be sold is the par or face value thereof, together with any and all interest that may have accrued thereon at the time of the delivery of the same to the purchaser.

Section 3. All provisions contained in Ordinances Nos. 2250 and 2262 (New Series) that conflict with the provisions of this Ordinance are hereby repealed.

Section 4. This Ordinance shall take effect immediately.

**Providing for Issuance of Municipal Rail-
way Bonds.**

Bill No. 2695, Ordinance No. 2451 (New Series), Providing for the issuance and redemption of bonds of the City and County of San Francisco to the amount of \$3,500,000 for the purpose of the acquisition or construction of a public utility, to-wit: A system of municipal street railways over and along the public streets, or rights of way from The Embarcadero to terminals at the Panama-Pacific International Exposition grounds, and the Presidio Military Reservation; from various points in Market street, and in and through Stockton street to the same terminals; from Market street to a terminal in the Potrero District; on Van Ness avenue, and from such avenue along connecting streets to Church street, and along Church street to convenient terminals; along California street from Thirty-third avenue to First avenue, and over connecting streets to Geary street, and for such extensions and additions to the system as may be deemed necessary, and to include equipment thereof, appurtenances thereto, and purchase of necessary lands.

Whereas, a special election was held in the City and County of San Francisco on the 26th day of August, 1913, in accordance with the provisions and requirements of Ordinance No. 2367 (New Series) calling and providing for such election, and Ordinance No. 2397 (New Series), giving notice thereof, reference to said ordinances for further particulars being here made and

Whereas, It has been determined.

by Resolution No. 10387 (New Series), reference thereto for further particulars being here made, that at such special election more than two-thirds of the votes cast thereat were cast and counted as being in favor of and to authorize the incurring of a bonded indebtedness for the purposes, and in the amount stated in the proposition submitted thereat.

Now, therefore, Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That bonds of the City and County of San Francisco will be issued in accordance with the result of the special election held in said City and County on the 26th day of August, 1913, and the provisions of the charter of said City and County and with Ordinances Nos. 2367 (New Series) and 2397 (New Series) as follows, to-wit:

That bonds will be issued as afore-
said to the amount of three million
one hundred thousand dollars for the
purpose of the acquisition or con-
struction of a public utility, to-wit:
A system of municipal street rail-
ways over and along the public
streets or rights of way from The
Embarcadero to terminals at the Pan-
ama-Pacific International Exposition
grounds and the Presidio Military
Reservation; from various points in
Market street and in and through
Stockton street to the same termi-
nals; from Market street to a ter-
minal in the Potrero District; on Van
Ness avenue, and from such avenue
along connecting streets to Church
street, and along Church street to
convenient terminals; along Califor-
nia street from Thirty-third avenue
to First avenue and over connecting
streets to Geary street, and for such
extensions and additions to the sys-
tem as may be deemed necessary and
to include equipment thereof, ap-
purtenances thereto and purchase of
necessary lands, and shall be payable
one hundred thousand dollars thereof,
comprising one hundred and fifty
bonds of the denomination of one
hundred dollars, sixty bonds of the
denominations of five hundred dol-
lars and fifty-five bonds of the de-
nomination of one thousand dollars,
five years from the date of said
bonds, beginning with the lowest
numbers of each denomination of
said bonds, and one hundred thou-
sand dollars thereof comprising the
same amount of the next higher
numbers of each of said denomina-
tions on the same day in each suc-
ceeding year until all of said bonds
shall be paid.

Section 2. Such bonds shall be of
the form and character known as
"serials". All of said bonds shall be

dated December 1, 1913, shall bear interest at the rate of five per centum per annum, payable semi-annually, and the principal and interest thereof shall be payable in gold coin of the United States at the office of the Treasurer of said City and County, or at the option of the holder, at the fiscal agency of said City and County in the City and State of New York. Said bonds shall be called "Municipal Street Railway Bonds," and shall be of the following denominations:

Five thousand two hundred and fifty bonds, amounting to five hundred and twenty-five thousand dollars, shall be of the denomination of one hundred dollars each, and shall be numbered from one to five thousand two hundred and fifty, both numbers included.

Two thousand one hundred bonds, amounting to one million and fifty thousand dollars, shall be of the denomination of five hundred dollars each and shall be numbered from one to two thousand one hundred, both numbers included.

One thousand nine hundred and twenty-five bonds, amounting to one million nine hundred and twenty-five thousand dollars, shall be of the denomination of one thousand dollars each and shall be numbered from one to one thousand nine hundred and twenty-five, both numbers included.

Section 3. Said bonds and coupons shall be substantially in the following form:

UNITED STATES OF AMERICA.

State of California.

City and County of San Francisco.

MUNICIPAL STREET RAILWAY
BOND.

No. \$.....

For value received, the City and County of San Francisco, a municipal corporation organized and existing under the laws of the State of California, hereby acknowledges itself indebted and promises to pay to the bearer on the first day of December, 19...., dollars, with interest thereon at the rate of five per centum per annum, payable semi-annually December 1 and June 1, and on presentation and surrender of the coupons hereto attached as they respectively become due, both principal and interest being payable in gold coin of the United States at the office of the Treasurer of said City and County or at the option of the holder at the fiscal agency of the City and County of San Francisco, in the City and State of New York.

This bond is issued under and pursuant to the Constitution and statutes of the State of California and

the charter of said City and County of San Francisco and amendments thereto, and under and pursuant to ordinances and proceedings of said City and County duly adopted and taken and a vote and assent of more than two-thirds of all the qualified electors of said City and County voting at a special election duly and legally called and held for that purpose.

It is hereby certified, recited and declared that all acts, conditions and things required by law to exist, happen and be performed precedent to and in the issuance of this bond have existed, happened and been performed in due time, form and manner as required by law, and that the amount of this bond, together with all other indebtedness of said City and County, does not exceed any limit prescribed by the Constitution or statutes of said State or charter of said City and County, and that provision has been made as required by the Constitution and the statutes of said State and the charter of said City and County for the collection of an annual tax sufficient to pay the interest on this bond as it falls due, and also provision to constitute a sinking fund for the payment of the principal of this bond on or before maturity. The full faith and credit of said City and County are hereby pledged for the punctual payment of the principal and interest of this bond.

This bond may be converted into a registered bond upon presentation to the Treasurer of the City and County of San Francisco, in which event such Treasurer shall cut off and cancel the coupons of this bond, and shall sign a statement stamped, printed or written upon the back or face of the bond to the effect that this bond is registered in the name of the owner and that thereafter the interest and principal of this bond are payable to the registered owner. Thereafter and from time to time this bond may be transferred by such registered owner in person or by attorney duly authorized on presentation of this bond to the Treasurer, and the bond be again registered as before, a similar statement being stamped, printed or written thereon.

This bond is exempt from all taxation within the State of California.

In witness whereof, said City and County of San Francisco has caused this bond to be executed under its corporate seal, signed by its Mayor and Treasurer, and countersigned by its Auditor, and has caused the interest coupons hereto attached to be signed with the engraved or lithographed signature of its Treasurer,

and this bond to be dated the first day of December, 1913.

Intention to Extend Vulcan Street.

Resolution No. 10417 (New Series), as follows:

Resolved, That it is the intention of the Board of Supervisors of the City and County of San Francisco to order the extension of Vulcan street, as follows:

That said Vulcan street be produced and extended from its present easterly termination through Horner's Addition, Block No. 201, to a uniform width of forty-one and sixty-seven hundredths (41.67) feet to the westerly line of Ord street in the City and County of San Francisco, as said street is laid out and delineated upon

the official map of the City and County of San Francisco:

The lands and property deemed necessary to be taken for said extension of said street are described as follows:

All those certain lots, pieces or parcels of land situate, lying and being in the City and County of San Francisco and particularly described as follows, to-wit:

Description of Property to be Acquired for the Extension of Vulcan Street from the Present Easterly Termination of Ord Street.

Commencing at a point on the westerly line of Ord street, distant thereon 424 feet $7\frac{3}{4}$ inches northerly from the northerly line of Seventeenth street; thence northerly and along said westerly line of Ord street 41 feet 8 inches; thence at right angles westerly 136 feet to the easterly boundary of the Park Lane Tract; thence at right angles southerly and along said easterly boundary of the Park Lane Tract 41 feet 8 inches; thence at right angles easterly 136 feet to the westerly line of Ord street and the point of commencement, being a portion of Horner's Addition, Block No. 201.

And said Board of Supervisors does hereby determine and declare that said proposed extension of Vulcan street is of more than local or ordinary public benefit and will affect and benefit the lands and district hereinafter described and which said district is hereby declared to be the district affected and benefited by said extension and that therefore the entire damages, costs and expenses of said extension shall be and are hereby made chargeable against and shall be assessable upon said lands and district, which lands and district are within the City and County of San Francisco, State of California, and the exterior boundaries of said lands and district affected and benefited by said extension are particularly described as follows:

Description of Lands Benefited by and to be Assessed for the Opening of Vulcan Street from Its Present Easterly Termination to Ord Street.

Commencing at the intersection of the westerly line of Ord street with the southerly boundary of San Miguel Rancho; thence westerly and along said southerly boundary of the San Miguel Rancho 415 feet, more or less, to the easterly line of Juno street; thence southerly and along said easterly line of Juno street 205 feet $1\frac{1}{2}$ inches to the northerly line of Lower Terrace; thence easterly and along said northerly line of Lower Terrace 122 feet $2\frac{1}{4}$ inches; thence easterly and along the southerly line of Lot No. 11, Block "U," Park Lane Tract, 105 feet $4\frac{3}{4}$ inches to the westerly line of Lot No. 13; thence southerly and along said westerly line of Lot No. 13,

74 feet, more or less; thence easterly 75 feet; thence northerly 67 feet, more or less; thence easterly 136 feet to the westerly line of Ord street; thence northerly and along said westerly line of Ord street 100 feet, more or less, to the southerly boundary of the San Miguel Rancho and the point of commencement.

Said extension of Vulcan street shall be done in pursuance of Chapter III of Article VI of the Charter of the City and County of San Francisco and shall be done in the manner and in accordance with the provisions of Section 2 and the sections following Section 2 of said Chapter III of Article VI of said Charter of the City and County of San Francisco.

Approving and Accepting Deed for Sewer Right of Way in Visitacion Valley.

Bill No. 2701, Ordinance No. 2457 (New Series), as follows:

Approving and accepting a deed of easement from the Crocker Estate Company (a corporation) to the City and County of San Francisco (a municipal corporation) of a sewer right of way for a portion of Visitacion Valley sewer.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The City and County of San Francisco hereby approves, accepts and agrees to receive, subject to the conditions therein, the following deed to the Crocker Estate Company (a corporation) of a sewer right of way, described as follows, to wit:

This Indenture, made this 28th day of August, 1913, between the Crocker Estate Company, a corporation organized and existing under and by virtue of the laws of the State of California, the party of the first part, and the City and County of San Francisco, a municipal corporation, the party of the second part,

WITNESSETH:

That the said party of the first part, for and in consideration of the sum of One Dollar (\$1.00), Gold Coin of the United States of America, to it in hand paid by the said party of the second part, the receipt whereof is hereby acknowledged, has granted and by these presents does grant unto the said party of the second part, and to its successors and assigns forever, an easement for a sewer right of way in, under and through all that certain lot, piece or parcel of land situated, lying and being in the County of San Mateo, State of California, and bounded and particularly described as follows, to wit:

A strip of land ten (10) feet in width, lying five (5) feet on each side of the center line of said right of way from the point of commencement thereof, as hereinafter described, to a point distant on said center line 50 feet northwesterly from the waters of the Bay of San Francisco; and twelve (12) feet in width lying 6 feet on each side of said center line of said right of way, for said distance of fifty (50) feet northwesterly from said waters of the Bay of San Francisco, said center line of said right of way being more particularly described as follows, to wit:

Commencing at the point of intersection of the boundary line between the properties of the Dimond Estate Company and the Crocker Estate Company with a line passing through the point of intersection of the center line of Sunnysdale avenue and the easterly line of Temple street in the City and County of San Francisco and bearing south 79 degrees 34' 50" (true bearing); thence southeasterly along the line bearing south 79 degrees 34' 50" east (true bearing) for a distance of 860 feet, more or less, to the waters of the Bay of San Francisco.

Together with the right of said party of the second part to construct, reconstruct and maintain a sewer and its appurtenances therein, the greatest inside dimension of such sewer to be not more than seven (7) feet;

and also the right of free ingress to and egress from said described right of way at all times by said party of the second part through its duly authorized representatives; but without hindrance to the use of, and without damage to any buildings or structures which may now or at any time hereafter be erected or constructed upon the surface of said right of way.

The use to said surface of said right of way, and also the right to remove all rock, earth or other material above said sewer, is hereby reserved unto said party of the first part, and any manhole or other appurtenance of said sewer, which may obstruct any building or improvement by first party, shall be changed and moved by said second party at its cost and expense.

Said party of the first part also hereby reserves to itself, and the said second party grants to said first party the right to connect with said sewer to be constructed and maintained by said party of the second part through said right of way, for drainage and sewage purposes for the benefit of any adjacent lands or buildings now or hereafter owned by said party of the first part.

In the event said sewer to be constructed and maintained by said party of the second part through said right of way, or the discharge of drainage and sewage therefrom, shall at any time interfere with any wharf now or hereafter constructed or maintained by said party of the first part upon or from its lands through which said right of way is granted; or should the same constitute or develop an obstruction to any open, private or public waterway or canal now, or hereafter, connecting with said lands or said party of the first part; or should the discharge of drainage and sewage from such sewer be or develop into a nuisance or a menace to health, said party of the second part, in consideration of the granting to it of said right of way, hereby covenants and agrees that it will so alter or extend the location of said sewer or the outlet thereof so that neither said sewer nor the drainage or sewage discharged therefrom will create or constitute a nuisance in, on or about said property of said party of the first part, or interfere with or obstruct any such wharf, waterway or canal connecting therewith, as aforesaid.

To have and to hold all and singular the said premises, together with the appurtenances, unto the said party of the second part, and to its successors and assigns, forever for the purposes aforesaid

All reservations made by the said

first party and all rights granted to it by said second party shall inure to the successors and assigns of said first party.

In witness whereof, said parties hereto have, the day and year first above written, caused these presents to be executed in duplicate under their respective corporate names and seals, by their respective proper officers thereunto duly authorized.

The following matters were presented and *laid over one week*, the Clerk in the meantime to send copies of the majority and minority reports to the members:

Southern Pacific Franchise.

Bill No. —, Ordinance No. — (New Series), entitled, Providing for a grant and granting to Southern Pa-

cific Company, a railroad corporation, its successors and assigns, the right to construct, maintain and operate certain standard-gauge railroad tracks under, over, along and across certain streets, avenues, alleys, places and properties in the City and County of San Francisco, State of California.

Majority Report.

San Francisco, Calif., September 22, 1913.

To the Honorable the Board of Supervisors of the City and County of San Francisco.

Gentlemen:

Your Joint Committee on Streets and Public Utilities, to whom were referred the application of the Southern Pacific Company for a franchise over certain streets in the vicinity of its depot at Third and Townsend streets, has given what it believes adequate consideration thereto and reports the same back with a recommendation that it be adopted as presented.

The majority of the Committee believes that it has imposed all the necessary conditions to properly safeguard the public interest in connection therewith, in view of the fact that additional terminal facilities are now required for convenience of the traveling public, and will become urgently necessary during the year of the Exposition. These facilities are promised by the Southern Pacific Company, by the erection of a new depot at Third and Townsend streets, and additional yard room for its streets will be secured by the granting of the franchise herewith. As copies of the proposed ordinance have been furnished to the individual members of the Board, it is unnecessary to recite the various conditions and requirements which the Committee believes necessary to be imposed, but recommends that a careful study of the various provisions be made of the same before passage to print.

Respectfully submitted,

A. T. VOGELSANG,
PAUL BANCROFT,
BYRON MAUZY,
E. L. NOLAN,

Majority of Joint Committee.

Minority Report.

The undersigned members of the Joint Committee, while generally concurring in the report, believe and recommend that an additional consideration for the franchise be insisted upon and inserted in the ordinance as an amendment before the same is passed to print. The amendment proposed should form an additional paragraph to Section One and should read as follows:

The said Southern Pacific Company shall, within five years from the date

of taking effect of this Ordinance, construct and thereafter maintain a trunnion bascule bridge across Channel street at or near the present line of Fourth street, according to plans and specifications therefor to be approved by the Board of Public Works or other officer or department of the government of the City and County having control of its public streets.

This amendment was suggested by the City Engineer as being a proper condition to be attached to the franchise.

Respectfully submitted,
GEO. E. GALLAGHER,
A. H. GIANNINI,
Minority of Joint Committee.

Adopted.

The following resolutions were adopted:

Water Mains Installed if Property Owners Purchase Bonds.

On motion of Supervisor Bancroft:
J. R. No. 904.

Resolved, And the Board of Supervisors hereby expresses its intention and willingness to authorize the installation of water mains and appurtenances as a part of the Hetch Hetchy system, in such districts as may need additional water facilities, provided the property owners of such districts secure the purchase of $4\frac{1}{2}$ per cent water bonds to an amount equal to the cost of such installation.

It will also be necessary for the protection of the credit of the city, that the purchasers of such bonds shall stipulate that they will not sell the bonds so purchased at a price lower than a five per cent basis.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, Murdock, Nolan, Payot—15.
City Attorney to Advise as to Legality of Telephone Franchise.

On motion of Supervisor Bancroft:
J. R. No. 905.

Resolved, That the City Attorney be requested to advise this Board as to the legality of Order No. 2186, granting a franchise to the Pacific Telephone and Telegraph Company to construct a telephone system in this city.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, Murdock, Nolan, Payot—15.

Action Deferred.

The following resolution was introduced by Supervisor Bancroft and *laid over one week*:

United Railroads Requested to Extend Its Service to Mail Dock.

On motion of Supervisor Bancroft:

J. R. No. —.

Whereas, the Board of Supervisors of the City and County of San Francisco has for several years been attempting to secure from the United Railroads of San Francisco transportation to the Pacific Mail Dock; and

Whereas, such transportation has been repeatedly urged by the Chamber of Commerce and other interested parties; and

Whereas, such transportation is badly needed at the present time for the convenience of the traveling public, and will be of much more necessity during the year 1915; therefore, be it

Resolved, That the United Railroads of San Francisco be requested to extend its tracks to a convenient terminal near the Mail Dock and operate its street railway cars thereon without delay, and that the Board of Public Works give such permission as may be necessary to allow the laying of tracks in the public streets as will enable said United Railroads of San Francisco to comply with this request.

Adopted.

The following resolution was adopted:

Extension of Water Service for Bay View District.

On motion of Supervisor Bancroft:

J. R. No. 906.

Resolved, That the Board of Public Works be requested to prepare plans and specifications, and advertise for bids, for the extension of the Municipal Water Works at present in use, into and for the services of the residents of the Bay View District now without such service, and that this Board will authorize the necessary expenditure therefor out of the appropriation in the budget provided for such extension.

Report of Finance Committee.

Whereupon, the following report was presented by Supervisor Jennings and read by the Clerk:

San Francisco, September 29, 1913.
To the Honorable, the Board of Supervisors, San Francisco:

Gentlemen—Your Finance Committee begs to report as follows in the matter of relief for the families of James Conlon and Patrick Lynch:

In view of the opinion of the City Attorney your Finance Committee, appreciating the distress of the families of the deceased James Conlon and Patrick Lynch, and in view of the extreme, unusual and unfortunate circumstances of these cases, recommends that it be the declared policy of the Mayor and the Board of Supervisors that relief be granted these families; provided, however, that the City Attorney shall in conformity with his opinion determine the legal liability of the city, and that the proper method of procedure outlined in his opinion be followed; and, provided further, that the amount to be allowed these families shall not be in excess of the amount which they

would be entitled to under the terms of the "Workmen's Compensation Act." Respectfully submitted,

THOS. JENNINGS,
D. C. MURPHY,
W. H. MCCARTHY.
Finance Committee.

Privilege of the Floor.

Edward I. Wolfe, attorney representing the families of the deceased, was granted the privilege of the floor and addressed the Board. He requested that some procedure be found whereby the relief could be given the bereaved families without the expense and delay involved in having the matter go through probate and other court proceedings. He suggested that if Board would determine this to be a question of urgent necessity it would solve the matter.

Adopted.

Whereupon, on motion of Supervisor McCarthy the Finance Committee's report was *adopted* by the following vote:

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock Murphy, Nolan, Payot—17.

by Supervisor Hocks and on motion
ordered recommended to the Police
Committee:

Amendment to Taxicab Ordinance.

On motion of Supervisor Hocks:

Bill No. 2711, Ordinance No. —
(New Series), as follows:

Amending Section 5 of Ordinance
No. 1898 (New Series), entitled,
"Regulating the use of hackney car-
riages, automobiles, taxicabs and other
public passenger vehicles, fixing the
rates to be charged for the transpor-
tation of persons and personal bag-
gage, regulating the use of boats in
the waters of the bay, providing a
punishment for any violation thereof
and repealing Order No. 1611, Ordi-
nances Nos. 446, 1033 and 514 (New
Series)", as added by Ordinance No.
2450 (New Series).

Be it ordained by the People of the
City and County of San Francisco as
follows:

Section 1. That Section 5 of Ordi-
nance No. 1898 (New Series), as ad-
ded by Ordinance No. 2450 (New Se-
ries), be amended to read as follows:

Section 5. Charges for taxicabs,
automobiles or hacks to or from rail-
way depots, ferries, steamboat land-
ings or docks and hotels or other
points in the following described dis-
trict:

DOWNTOWN HOTEL DISTRICT.

The district within the City and
County of San Francisco hereinafter
described shall, for the purpose of this
ordinance, be known as the Downtown
Hotel District. Such district is
bounded and more particularly de-
scribed as follows, to wit:

Commencing at the intersection of
The Embarcadero and Broadway, and
running thence westerly along Broad-
way to Grant avenue; thence southerly
along Grant avenue to Bush street;
thence westerly along Bush street to
Taylor street; thence southerly along
Taylor and Sixth streets to Howard
street; thence easterly along Howard
street to Fourth street; thence south-
erly along Fourth street to King
street; thence easterly along King
street to Second street; thence north-
erly along Second street to Howard
street; thence easterly along Howard
street to The Embarcadero, and thence
northerly along The Embarcadero to
Broadway and point of commencement.

The maximum fare for service by
taxicabs, automobiles or hacks to or
from any ferry or railroad depot,
steamboat landing or steamship dock,
and any hotel or other point located
within the aforesaid Downtown Hotel
District, shall be the following flat rate
and it shall be unlawful to charge
any rate in excess thereof:

For exclusive use of taxicab, automobile or hack, containing two passengers or less, 75 cents.

For each additional passenger, 25 cents.

Except for limousines or seven-passenger touring cars not occupying public space for hire, but furnished only upon special call, for which the charge shall be as provided in Section 8 of this Ordinance.

The rates for taxicabs and automobiles to or from any ferry, railroad depot, steamboat landing or steamboat dock and any hotel or other point outside of the Hotel District shall be by the hour or meter rates, as prescribed in Sections 8 and 9 of this Ordinance.

Any building or hotel located on the outer line of the streets bounding said district, even though the entrance thereof is not on said boundary streets, shall be deemed within said Hotel District for the purposes of this Ordinance.

Section 2. This Ordinance shall take effect immediately.

Adopted.

The following resolutions were adopted:

Extension of Time.

On motion of Supervisor Bancroft: Resolution No. 10430 (New Series), as follows:

Resolved, That J. McLaughlin is hereby granted an extension of thirty days' time from and after September 15, 1913, in which to complete his contract for construction of the Hospital located on the Relief Home Tract.

This extension of time is granted for the reason that the contractor was compelled to install extra foundation work owing to the condition of the ground; and be it

Further Resolved, That the advertising charges for printing this resolution be remitted.

Ayes—Supervisors' Bancroft, Cagli-
eri, Andrew J. Gallagher, George E.
Gallagher, Giannini, Hayden, Hocks,
Jennings, Koshland, Mauzy, McCarthy,
McLeran, Murdock, Murphy, Nolan,
Payot—16.

City Attorney to Commence Condemnation Proceedings for Acquisition of Lands Required for Municipal Railway Purposes.

On motion of Supervisor Bancroft: Resolution No. 10431 (New Series), as follows:

Whereas, The price asked by the owner of the land hereinafter described, required by this City and County for municipal railroad purposes, being deemed too high and in excess of the value of said land and land in the vicinity thereof; therefore be it

Resolved, That public interest, necessity and use require the acquisition by the City and County of San Francisco of the following described lots, pieces or parcels of land and all interests therein and rights and claims thereto, to wit:

All those certain lots, pieces or parcels of land situate in the City and County of San Francisco and particularly described as follows, to wit:

Parcel No. 1.

Commencing at the point of intersection of the northerly line of Nineteenth street with the easterly line of Potrero avenue; running thence easterly along said northerly line of Nineteenth street 200 feet to the westerly line of Utah street; thence at a right angle northerly along said westerly line of Utah street 225 feet; thence at a right angle westerly 100 feet; thence at a right angle northerly 75 feet; thence at a right angle westerly 100 feet to the said easterly line of Potrero avenue; and thence southerly along said easterly line of

Potrero avenue 300 feet to the northerly line of Nineteenth street and point of commencement. Being a portion of Potrero Nuevo Block No. 75.

Parcel No. 2.

Commencing at the point of intersection of the southerly line of Nineteenth street with the easterly line of Potrero avenue; running thence easterly along said southerly line of Nineteenth street 200 feet to the westerly line of Utah street; thence at a right angle southerly along said westerly line of Utah street 400 feet to the northerly line of Twentieth street; thence at a right angle westerly along said northerly line of Twentieth street 200 feet to the easterly line of Potrero avenue; and thence northerly along said easterly line of Potrero avenue 400 feet to the southerly line of Nineteenth street and point of commencement. Being a portion of Potrero Nuevo Block No. 6.

Parcel No. 3.

Commencing at the point of intersection of the southerly line of Twentieth street with the easterly line of Potrero avenue; running thence easterly along said southerly line of Twentieth street 200 feet to the westerly line of Utah street; thence at a right angle southerly along said westerly line of Utah street 153 feet; thence at a right angle westerly 200 feet to the easterly line of Potrero avenue; thence at a right angle northerly along said easterly line of Potrero avenue 153 feet to the southerly line of Twentieth street and point of commencement. Being a portion of Potrero Nuevo Block No. 77.

That said lots, pieces or parcels of land are suitable, adaptable and necessary for a public use, to wit:

For Municipal Railway purposes.

The City Attorney is hereby instructed to commence proceedings in eminent domain against the owner or owners of said parcels, lots, tracts and pieces of land and any and all interest in and rights and claims thereto for the condemnation thereof, for the uses of the City and County of San Francisco as aforesaid.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot—17.

Mechanics' Tools on Street Cars.

On motion of Supervisor Bancroft:
J. R. No. 919.

Resolved, That the United Railroads be requested to so modify its rules regarding the operation of its service as will permit mechanics carrying kits of tools to enter its cars from its front platform, deposit such tools upon the front platform and immediately pass

to the rear platform for the payment of fare; that the number of tool kits to be entered as herein provided may be limited to two.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot—16.

Rerouting City Hall Avenue Cars.

On motion of Supervisor Bancroft:
J. R. No. 920.

Whereas, The Board of Supervisors is about to close City Hall avenue, between Larkin and McAllister streets; and

Whereas, It is necessary to provide for the removal of all car tracks thereon, for the purpose of creating the Civic Center; and

Whereas, The design of the Civic Center forbids the installation of new railway tracks therein; therefore be it

Resolved, That the United Railroads of San Francisco be requested to abandon its franchise and remove its railway tracks from Grove street and City Hall avenue, and in lieu thereof to route its cars from Polk street along Hayes street to Larkin street, along Larkin street to McAllister street, and along McAllister street to Leavenworth street; that permission is hereby given to said United Railroads of San Francisco to make connections between existing tracks at the intersection of Polk and Hayes streets, Hayes and Larkin streets, Larkin and McAllister streets and McAllister and Leavenworth street; also, that the City Engineer be requested to furnish an estimate of the cost of making track connections.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot—16.

United Railroads Requested to Extend Its Service to Mail Dock.

On motion of Supervisor Bancroft:
J. R. No. 921.

Whereas, The Board of Supervisors of the City and County of San Francisco has for several years been attempting to secure from the United Railroads of San Francisco transportation to the Pacific Mail Dock; and

Whereas, Such transportation has been repeatedly urged by the Chamber of Commerce and other interested parties; and

Whereas, Such transportation is badly needed at the present time for the convenience of the traveling public, and will be of much more necessity during the year 1915; therefore be it

Resolved, That the United Rail-

roads of San Francisco be requested to extend its tracks to a convenient terminal near the Mail Dock and operate its street railway cars thereon without delay, and that the Board of Public Works give such permission as may be necessary to allow the laying of tracks in the public streets as will enable said United Railroads of San Francisco to comply with this request.

Ayes—Supervisors Bancroft, Cagli-
eri, Andrew J. Gallagher, George E.
Gallagher, Giannini, Hayden, Hocks,
Jennings, Koshland, Mauzy, McCarthy,
McLeran, Murdock, Murphy, Nolan,
Payot—16.

ACTION DEFERRED.

The following Bill was taken up
and on motion *laid over one week*:

Underground Pipe and Wire Ordinance.

Bill No. —, Ordinance No. —
(New Series), Granting the privilege
of laying down underground pipes,
wires and conduits, in the City
streets, upon certain terms and con-
ditions herein specified.

Be it ordained by the People of the
City and County of San Francisco as
follows:

Section 1. The privilege is hereby
granted to any person, firm or cor-
poration, organized under the laws of
the State of California, to lay down
in the public streets and thorough-
fares of the City and County of San
Francisco, pipes, wires and conduits,
and connections therewith, so far as
may be necessary for introducing into
and supplying said City and its in-
habitants with gas and electricity for
lighting, heating and power purposes,
upon the following terms and condi-
tions:

First: The privileges hereby granted
are subject to the provisions of all
ordinances of the Board of Super-
visors of said City and County and
all regulations of the Board of Public
Works relating to the opening of
streets, and the grantees hereunder
in accepting said privileges expressly
consent to regulation by such ordi-
nances and rules.

Second: When the Board of Public
Works shall deem it necessary to
pave or repave any public street it
shall serve notice upon every person,
firm or corporation having pipes and
conduits within the City and County
used for the purposes herein specified,
of its intention to so pave or repave
such street.

Such person, firm or corporation,
within ten days thereafter may exer-
cise the rights herein granted as to
the roadway of such streets upon
written notice given to said Board
of its intention to do so. The
right to use the roadway for such

purpose shall continue for thirty days
after the service of the notice afore-
said, but not longer unless the time
shall be extended by a resolution of
the Board of Public Works. No street
pavement laid after the passage of this
ordinance shall be opened for a greater
length than one hundred yards for the
purpose of laying pipes and conduits
in the street for supplying gas or
electricity for a period of one year
after the construction of such pave-
ment, except with the consent of the
Board of Public Works.

Third: The Board of Supervisors
shall fix and determine by ordinance
in accordance with law, all rates or
compensation to be charged or col-
lected from consumers by said persons,
firms or corporation, for supplying
the heating, lighting or power service
herein described and to prescribe the
quality of such service. No greater
rates shall ever be charged the City
and County for service supplied to the
municipality than are charged for like
service when supplied to private con-
sumers. Whenever the Board of Super-
visors shall advertise for bids for street
lighting or for other service to the
municipal government within the pur-
view of this Ordinance, all persons,
firms or corporations exercising privi-
leges granted hereunder within three
hundred feet of the location for which
such service is sought shall submit
bids for furnishing such service.

Fourth: The privileges herein con-
ferred are limited to the laying of
underground pipes, wires, conduits
and service connections, and nothing
herein contained shall be construed as
conferring upon the grantee the right
to erect poles or wires or in any way
maintain overhead construction. All
pipes or conduits shall be laid in
accordance with the rules and regula-
tions of the Board of Public Works.

Fifth: In the event that the City
and County of San Francisco shall
elect at any time to take over and
operate as a public utility the business
of supplying gas or electricity for
heating, lighting, power and other
purposes to its inhabitants, and should
acquire by condemnation proceedings
or otherwise, the plant and distri-
buting system of any grantee here-
under, no value whatever shall be
attached, in said proceedings, to the
rights and privileges conferred by this
ordinance, nor shall any value be
attached thereto at any time for rate
fixing purposes.

Sixth: The rights and privileges
granted herein shall not be trans-
ferred except by and with the consent
of the Board of Supervisors.

Seventh: The Board of Supervisors
or repeal this Ordinance, provided that
expressly reserves the right to amend

rights which may have vested hereunder prior to said repeal or amendment through the actual installation of pipes, wires and conduits shall not be affected by such repeal or amendment; Provided, further, however, that the Board of Supervisors may, by a general ordinance, compel the removal of all pipes and conduits used for any of the purposes herein set forth, from the roadways of the streets and their replacement beneath sidewalk areas.

Eighth: No right or privilege herein granted shall be of any force or effect after the expiration of twenty-five years from the date of this Ordinance, unless the grantee shall elect to continue operation under such privilege and shall pay to the City and County of San Francisco as a consideration therefor seven (7) per cent of its annual net profits from such operation.

Ninth: Any person, firm or corporation electing to exercise the privileges herein granted shall, prior to such exercise, file with the Clerk of the Board of Supervisors a written notification that they have accepted the terms of this Ordinance and elect to proceed hereunder.

Tenth: If any person, firm or corporation exercising the privilege or privileges granted by this Ordinance shall fail to fully and faithfully carry out all and any terms or conditions herein imposed upon the exercise of such grant, all such privileges shall thereupon, as to such person, firm or corporation, be terminated and forfeited, and the Board of Supervisors may, by resolution, direct the removal of any or all works of such person, firm or corporation installed under authority of this ordinance.

Action Deferred.

The following bill was presented and laid over one week:

Southern Pacific Franchise.

Bill No. —, Ordinance No. — (New Series), entitled, Providing for a grant and granting to Southern Pacific Company, a railroad corporation, its successors and assigns, the right to construct, maintain and operate certain standard-gauge railroad tracks under, over, along and across certain streets, avenues, alleys, places and properties in the City and County of San Francisco, State of California.

Amendment to Southern Pacific Franchise.

The following amendment to the foregoing bill was presented by Supervisor Jennings and referred to the Joint Committee on Public Utilities and Streets:

Amend Southern Pacific franchise ordinance by adding the following paragraph to Section 2:

(k) No switching charge shall be made against the city and county on

cars loaded for, or to be loaded by it, and all such cars shall be delivered free at any spur or industrial track within the limits of the city and county as may be required by the proper municipal authority.

Section 3. This ordinance shall take effect immediately.

Award of Contract, Lithographing Municipal Street Railway Bonds.

The following Resolution laid over from last meeting was taken up:

Resolution No. — (New Series), as follows:

Resolved, That the contract for lithographing 9,275 Municipal Street Railway Bonds is hereby awarded to the Myself-Rollins Bank Note Company, for the sum of twenty-three hundred (\$2,300.00) dollars, in accordance with their proposal submitted September 15, 1913; and be it further

Resolved, That the bond to be furnished for the faithful performance of this contract is hereby fixed at the sum of one thousand (\$1,000.00) dollars.

All other bids for the foregoing article are hereby rejected.

Substitute Resolution.

Supervisor Koshland offered the following substitute resolution:

J. R. No. —

Resolved, That all bids received on September 15, 1913, for lithographing Municipal Street Railway bonds, to wit:

From H. S. Crocker, \$2,625.00; from Schwabacher-Frey Stationery Co., \$2,375.00; A. Carlisle & Co., \$2,550.00; Myssell-Rollins Bank Note Co., \$2,300.00; Union Lithograph Co., \$2,890.00; are hereby rejected; and be it further

Resolved, That the Supplies Committee is hereby directed to readvertise for bids for said article or to purchase same in the open market, as may best subserve the public interest.

Privilege of the Floor.

Jas. Maguire, representing Myssell-Rollins, was granted the privilege of the floor and stated that the job would necessitate the making of practically three sets of plates; that the specifications called for original borders and other original features. If bonds were to be printed like school bonds price would be same as it is all over the United States. He declared that all the work would be done in San Francisco except the paper, which must be obtained from the East. Mr. Maguire refused to be put under oath to answer questions of Supervisor Koshland.

Referred.

Whereupon Supervisor Mauzy moved that the entire matter be referred to the Supplies Committee.

Motion carried by the following vote:

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hocks, Jennings, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot—15.

No—Supervisor Koshland—1.

Absent—Supervisors Hilmer, Vogel-sang—2.

Report on Replacing Gas with Electric Tumbsten System of Street Lighting.

The following report was presented, read, ordered spread in Journal and referred to *Lighting and Rates Committee*:

September 26, 1913.

To the Honorable the Board of Supervisors of the City and County of San Francisco.

(Attention Lighting Committee.)

Gentlemen: Pursuant to your re-

quest for some data on the cost of replacing existing gas street lighting with electric tungsten lamps, similarly placed and of equal candle power, the following is respectfully submitted.

Several cities have already made similar rearrangement of their lighting, of which Chicago and New Orleans are mentioned. In both of these cases, where gas lighted districts were changed to electric lighted districts, the existing gas standards were converted into electric posts by the removal of the gas top and the substitution of a new top casting and electric lamp and glass globe. In New Orleans some of the posts support one lamp, others two and four lamps. There is attached a picture showing the transformed gas standard used in Chicago. From this it will be seen that their standard is almost the identical design now in use here. The globes used are 14 inches in diameter and contain one lamp of about 100 candle power.

The cost of changing a gas standard into an electric standard would be only nominal, not exceeding \$10.00 to \$12.00 per post over the cost of the standard itself, which in place should not exceed \$25.00 to \$30.00, a total of \$35.00 to \$40.00.

New standards of pleasing design may be purchased and installed for approximately \$35.00 to \$70.00 each, dependent on the standard selected.

There are a number of ways in which such lamp installation may be handled electrically. It has been the idea in working out these figures to arrange a system which could be installed immediately in small units of one or more blocks at a time, securing the current necessary from the Pacific Gas & Electric Co.'s arc wires. When sufficient of these units are installed it will be possible to take it over onto wires to be installed by the city, the necessary power being generated or purchased. If purchased it may be delivered at a substation constructed by the city. For the present, unit installations of twenty or less lamps may be operated directly from the arc lighting circuits. An installation of 100 lamps may be handled on an entirely separate circuit. As small units build up in adjacent streets they may be connected together into groups of 100 and be lighted over city circuits without any change in lamps, cable or other parts, except the connection to the arc circuit which is then available for use in other territory building up.

It is proposed that use be made of steel tape armored cable laid di-

rectly in the ground in place of laying iron pipe conduit. Where there is a strip of grass between the sidewalk and the curb the cable should be laid in this space, otherwise it may be placed most conveniently in the gutter line, where the pavement is of basalt blocks. This method of procedure will entirely eliminate the cutting and replacing of expensive pavements, except at street crossings.

The estimated average cost per lamp post based on the spacing now employed for gas lamps in the district uniformly lighted is as follows:

Gas standard, on parked street, \$125.00 each; gas standard, with cable in gutter, \$135.00 each; new ornamental standard on parked street, \$155.00 each; new ornamental standard, with cable in gutter, \$165.00 each.

These figures include the cost of installation complete and connected to the arc wires. Upon a district building up in number of lamps to the point where a city circuit from our own substation might be employed, there would be a credit of about \$8.00 per lamp for material released.

The cost of operating and maintaining either type of post and with the cable in either location will be about as follows, figuring on 4000 hours of operation per year:

Electric current, @ 3c.....	\$12.00
Lamps	2.00
Globes	2.00
Inspection and maintenance....	5.00

\$21.00

Interest at 6%.....\$9.00

Depreciation 4% 6.00 15.00

Total cost per year, with 3c

power\$36.00

With 2c power 32.00

With 1½c power..... 30.00

If interest and depreciation may be disregarded and current is taken from the Hetch Hetchy supply it seems as though it is reasonable to maintain and operate our street lights for about \$15.00 per year each against \$21.90 now being paid for gas lamps.

It may be of interest to note in closing that in one of the electrical journals of this week, mention is made of the fact that the city of Boston has instructed the Board of Public Works to secure from the local electric company an estimate of the cost of substituting incandescent electric lighting for 11,000 gas lamps now in use there.

Respectfully submitted,

W. M. O'SHAUGHNESSY,

City Engineer.

HEARING OF PROTESTS IN THE MATTER OF TWIN PEAKS TUNNEL.

Supervisor Mauzy stated that the protests of those persons who had filed statements in relation to their claims for greater damages and compensation for the taking of their property were being considered by the appraisers of the Board of Public Works and that a report from them to the Board was not yet ready and they desired further time in which to carefully examine each protest so as to be prepared to testify fully.

He also stated that Mr. Carl G. Larsen, one of the protestants, had appeared before the Tunnel Committee of the Board of Supervisors in advocacy of his protest and that he had put his argument in writing which was on file and a copy of

which had been given to each Supervisor. This protestant also desired leave to file data prepared by his own engineer.

Supervisor Mauzy stated that a continuance would be advisable to enable the members of the Board to carefully consider these matters.

Thereupon, Supervisor Mauzy moved that the hearing of the protests in the matter of the Twin Peaks Tunnel be continued until the next meeting of the Board, October 14, at 3 o'clock p. m., at which time it will be the special order of business.

So ordered.

Amendment to Taxicab Ordinance.

Bill No. 2711, Ordinance No. — (New Series), as follows:

Amending Section 5 of Ordinance No. 1898 (New Series), entitled, "Regulating the use of hackney carriages, automobiles, taxicabs and other public passenger vehicles, fixing the rates to be charged for the transportation of persons and personal baggage, regulating the use of boats in the waters of the bay, providing a punishment for any violation thereof and repealing Order No. 1611, Ordinances Nos. 446, 1033 and 514 (New Series)", as added by Ordinance No. 2450 (New Series).

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That Section 5 of Ordinance No. 1898 (New Series), as added by Ordinance No. 2450 (New Series), be amended to read as follows:

Section 5. Charges for taxicabs, automobiles or hacks to or from railway depots, ferries, steamboat landings or docks and hotels or other points in the following described district:

DOWNTOWN HOTEL DISTRICT.

The district within the City and County of San Francisco hereinafter described shall, for the purpose of this ordinance, be known as the Downtown Hotel District. Such district is bounded and more particularly described as follows, to wit:

Commencing at the intersection of The Embarcadero and Broadway, and running thence westerly along Broadway to Grant avenue; thence southerly along Grant avenue to Bush street; thence westerly along Bush street to Taylor street; thence southerly along Taylor and Sixth streets to Howard street; thence easterly along Howard street to Fourth street; thence south-

erly along Fourth street to King street; thence easterly along King street to Second street; thence northerly along Second street to Howard street; thence easterly along Howard street to The Embarcadero, and thence northerly along The Embarcadero to Broadway and point of commencement.

The maximum fare for service by taxicabs, automobiles or hacks to or from any ferry or railroad depot, steamboat landing or steamship dock, and any hotel or other point located within the aforesaid Downtown Hotel District, shall be the following flat rate and it shall be unlawful to charge any rate in excess thereof:

For exclusive use of taxicab, automobile or hack, containing two passengers or less, 75 cents.

For each additional passenger, 25 cents.

Except for limousines or seven-passenger touring cars not occupying public space for hire, but furnished only upon special call, for which the charge shall be as provided in Section 8 of this Ordinance.

The rates for taxicabs and automobiles to or from any ferry, railroad depot, steamboat landing or steamboat dock and any hotel or other point outside of the Hotel District shall be by the hour or meter rates, as prescribed in Sections 8 and 9 of this Ordinance.

Any building or hotel located on the outer line of the streets bounding said district, even though the entrance thereof is not on said boundary streets, shall be deemed within said Hotel District for the purposes of this Ordinance.

Section 2. This Ordinance shall take effect immediately.

The following Bill was presented, and on motion laid over one week:

Underground Pipe, Wire and Conduit Ordinance.

Bill No. —, Ordinance No. — (New Series), as follows: Granting the privilege of laying down underground pipes, wires and conduits, in the City streets, upon certain terms and conditions herein specified.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The privilege is hereby granted to any person, firm or corporation, organized under the laws of the State of California, to lay down, maintain and operate in the public streets and thoroughfares of the City and County of San Francisco, pipes, wires and conduits, and connections therewith, so far as may be necessary for introducing into and supplying said City and its inhabitants with gas and electricity for lighting, heating and power purposes, upon the following terms and conditions:

First: The privileges hereby granted are subject to the provisions of all ordinances of the Board of Supervisors of said City and County and all regulations of the Board of Public Works relating to the opening of streets, and the grantees hereunder in accepting said privileges expressly consent to regulation by such ordinances and rules now in effect or which may hereafter be adopted.

Second: When the Board of Public Works shall deem it necessary to pave or repave any public street it shall serve notice upon every person, firm or corporation having pipes and conduits within the City and County used for the purposes herein specified, of its intention to so pave or repave such street.

Such person, firm or corporation, within ten days thereafter may exercise the rights herein granted as to the roadway of such streets upon written notice given to said board of its intention to do so. The right to lay down new pipes or conduits in said street for such purpose shall continue for thirty days after the service of the notice aforesaid, but not longer unless the time shall be extended by a resolution of the Board of Supervisors. No street pavement laid after the passage of this ordinance shall be opened for a greater length than one hundred yards for the purpose of laying pipes and conduits in the street for supplying gas or electricity for a period of one year after the construction of such pavement, except with the consent of the Board of Supervisors.

Third: The Board of Supervisors shall fix and determine by ordinance in accordance with law, all rates or compensation to be charged or collected from consumers by said persons, firms or corporations, for supplying the heating, lighting or power service herein described and to prescribe the quality of such service. No greater rates shall ever be charged the City and County for service supplied to the municipality than are charged for like service when supplied to private consumers. Whenever the Board of Supervisors shall advertise for bids for street lighting or for other service to the municipal government within the purview of this Ordinance, all persons, firms or corporations exercising privileges granted hereunder within three hundred feet of the location for which such service is sought shall submit bids for furnishing such service.

Fourth: The privileges herein conferred are limited to the laying of underground pipes, wires, conduits and service connections, and nothing herein contained shall be construed as conferring upon the grantee the right to erect poles or wires or in any way maintain overhead construction. All pipes or conduits shall be laid in accordance with the rules and regulations of the Board of Public Works now in effect or which may hereafter be adopted.

Fifth: In the event that the City and County of San Francisco shall elect at any time to take over and operate as a public utility the business of supplying gas or electricity for heating, lighting, power and other purposes to its inhabitants, and should acquire by condemnation proceedings or otherwise, the plant and distributing system of any grantee hereunder, no value whatever shall be attached, in said proceedings, to the rights and privileges conferred by this ordinance, nor shall any value be attached thereto at any time for rate fixing purposes.

Sixth: The rights and privileges granted herein shall not be transferred except by and with the consent of the Board of Supervisors.

Seventh: The Board of Supervisors expressly reserves the right to amend or repeal this Ordinance, provided that rights which may have vested hereunder prior to said repeal or amendment through the actual installation of pipes, wires and conduits shall not be affected by such repeal or amendment. Provided, further, however, that the Board of Supervisors may, by a general ordinance, compel the removal of all pipes and conduits used for any of the purposes herein set forth, from

the roadways of the streets and their replacement beneath sidewalk areas.

Eighth: Any person, firm or corporation electing to exercise the privileges herein granted shall, prior to such exercise, file with the Clerk of the Board of Supervisors a written notification that they have accepted the terms of this Ordinance and elect to proceed hereunder.

Ninth: If any person, firm or corporation exercising the privilege or privileges granted by the Ordinance shall fail to fully and faithfully carry out all and any terms or conditions herein imposed upon the exercise of such grant, all such privileges shall thereupon, as to such person, firm or corporation, be terminated and forfeited, and the Board of Supervisors may, by resolution, direct the removal of any or all works of such person, firm or corporation installed under authority of this Ordinance.

Southern Pacific Franchise.

The following Bill, laid over from last meeting, and as amended at that meeting, was taken up:

Bill No. —, Ordinance No. — (New Series), as follows: Providing for a grant and granting to Southern Pacific Company, a railroad corporation, its successors and assigns, the right to construct, maintain and operate certain standard-gauge railroad tracks under, over, along and across certain streets, avenues, alleys, places and properties in the City and County of San Francisco, State of California.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That the right of way be and is hereby granted unto the Southern Pacific Company, a railroad corporation incorporated under laws of the State of Kentucky, and having its principal office and place of business in the City and County of San Francisco, State of California, and to its successors and assigns, for the term of forty years from the date of the passage of this Ordinance, except as otherwise herein provided, said corporation having more than fifty miles of railroad actually constructed and in operation—to use the portions of streets, avenues, alleys, places and properties hereinafter mentioned and described, for railroad purposes as hereinafter set forth; and to that end said Southern Pacific Company, its successors and assigns, is hereby granted the right to construct, maintain and operate, by means of steam, electricity or other motive power authorized by law, the following described standard-gauge railroad tracks upon, along, across

and over the portions of said streets, avenues, alleys, places and properties hereinafter described, upon the route of and traversed by said railroad, and the right to construct, maintain and operate all necessary sidetracks, turnouts, switches, crossings, spur-tracks, yard tracks, depot tracks and terminal tracks and facilities, and to connect any or all of the tracks hereinbefore or hereinafter described with the main line or lines of railroad operated by said company, all as hereinafter set forth:

First: Beginning at four points in the existing passenger train double tracks and freight train double tracks of said Southern Pacific Company at or near the intersection of Seventh and Berry streets; thence in a northerly direction, on a curve to the right, crossing Berry street with five tracks, into and across yards and property of the Southern Pacific Company, crossing King street in a northerly direction on a curve to the right with five tracks; crossing Sixth street between Townsend and King streets with twenty-one tracks; crossing Fifth street, between Townsend and King streets, with twenty-two tracks; and crossing Fourth street, between Townsend and King streets, with fourteen tracks.

Second: Beginning at two points in the existing freight train double tracks in the southeasterly line of Berry street near Seventh street; thence in a northerly direction, on a curve to the right, crossing Berry street with two tracks, across the yards and property of the Southern Pacific Company to the southeasterly line of King street, between Sixth and Seventh streets; thence northeasterly along King street; crossing Sixth and Fifth streets with two tracks; thence continuing along King street in a northeasterly direction, crossing Fourth street with three tracks, to the southwesterly line of Third street; also a cross-over track connecting the said tracks on King street with tracks on the property of the Southern Pacific Company in the block bounded by Berry, King, Third and Fourth streets, said cross-over extending in a southwesterly direction across King street from a point near Third street to a point in the southeasterly line of said King street approximately 300 feet southwesterly thereon from the southwesterly line of Third street; also a single or double track cross-over connecting the said tracks on King street with tracks on the property of the Southern Pacific Company in the block bounded by King, Berry, Sixth and Seventh streets, extending in a southwesterly direction across King street and

Sixth street from a point approximately one hundred and seventy feet northeasterly from the northeasterly line of Sixth street to a point near the south corner of King and Sixth streets.
